EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Order 24-11—Filed February 2, 2024, 9:52 a.m., effective February 4, 2024]

Effective Date of Rule: February 4, 2024.

Purpose: The purpose of this emergency rule is to increase the pot limit in Crab Management Subregion 3-2 to 50 pots per license effective February 4, 2024.

Citation of Rules Affected by this Order: Repealing WAC 220-340-47000A; and amending WAC 220-340-470.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The pot limit in Subregion 3-2 has been increased to 50 pots per license following coordination with industry. There is sufficient allocation remaining to accommodate harvest in the Puget Sound commercial crab fishery in Regions 1, 3-1, 3-2, 3-3, and 3-4 until further notice. Crab Management Regions 2-West and 2-East will remain closed due to the attainment of the state share. These provisions are in conformity with the last agreed management plans with applicable tribes. Comanagement plans are entered into as required by court order. The Puget Sound commercial season is structured to meet harvest allocation objectives negotiated with applicable treaty tribes and outlined in the management plans. There is insufficient time to adopt permanent rules. Further adjustment of season structure may be made pending updated harvest data.
