EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE**

[Order 25-18—Filed February 3, 2025, 2:56 p.m., effective February 3, 2025, 2:56 p.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: The purpose of this emergency rule is to amend commercial crab fishing regulations in Puget Sound: WAC 220-340-45500U closes Region 2-West on February 4, 2025, and closes Region 1 on February 15, 2025; and WAC 220-340-47000Q sets pot limits for 2W to 20, pot limits to zero in closed areas, and maintains pot limits in open areas.

Citation of Rules Affected by this Order: Repealing WAC 220-340-45500T and 220-340-47000Q; and amending WAC 220-340-455 and 220-340-470.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Commercial harvest in Region 2-West will be extended through February 4, 2025, due to harvest rates being slower than projected. Region 1 will close to commercial harvest on February 15, 2025, following comanager agreement to adjust the total allocation due to equal sharing and conservation concerns. There is sufficient allocation remaining to allow continued harvest in Puget Sound commercial crab fishery in Regions 1, 3-2, and 3-3, until further notice. These provisions are in conformity with agreed management plans with applicable tribes. Comanagement plans are entered into as required by court order. The Puget Sound commercial season is structured to meet harvest allocation objectives negotiated with applicable treaty tribes and outlined in the management plans. Further adjustments of the season structure may be made pending updated harvest data. There is insufficient time to adopt permanent rules.
