

SENATE BILL REPORT

SB 5873

AS REPORTED BY COMMITTEE ON WAYS & MEANS, MARCH 8, 1991

Brief Description: Providing insurance coverage for retired and disabled school district employees.

SPONSORS: Senators McDonald, Gaspard, Saling, Snyder, L. Smith, Johnson, Bauer, Rasmussen and Barr.

SENATE COMMITTEE ON WAYS & MEANS

Majority Report: That Substitute Senate Bill No. 5873 be substituted therefor, and the substitute bill do pass.

Signed by Senators McDonald, Chairman; Craswell, Vice Chairman; Bailey, Bauer, Bluechel, Cantu, Gaspard, Hayner, Johnson, L. Kreidler, Metcalf, Murray, Newhouse, Niemi, Rinehart, Saling, L. Smith, Talmadge, West, Williams, and Wojahn.

Staff: Terry Wilson (786-7715)

Hearing Dates: March 7, 1991; March 8, 1991

BACKGROUND:

State law provides that state employees who are retired or disabled may continue their participation in any insurance plans and contracts after retirement or disablement. Federal law requires this for 18 months after retirement. These employees bear the full cost of premiums required to provide coverage, and the rates charged for health care are developed from the same experience pool as active employees. Rates for a retired or disabled employee or the employee's dependents who are covered by Medicare are actuarially reduced to reflect the value of that care.

SUMMARY:

Retired and disabled school district employees may continue their participation in any insurance plans and contracts after retirement or disablement in the same manner as state employees. Premiums for coverage shall be deducted by the department of retirement systems from the monthly retirement benefit of the retired or disabled employee and transmitted by the department to the appropriate insurance carrier.

The bill applies to school district employees who retire or are disabled after the effective date of this act, school district employees who retired within the 18-month period ending on the effective date of this act, and school district employees who retired more than 18 months before the effective date of this act if they were covered by a school district's insurance plan on January 1, 1991.

EFFECT OF PROPOSED SUBSTITUTE:

The appropriation of \$50,000 and the emergency clause are removed.

Appropriation: none

Revenue: none

Fiscal Note: available

TESTIMONY FOR:

Retired persons are faced with large insurance premiums without this bill. It would result in only a small increase in premiums for active teachers. The state appropriates the same money for teacher insurance as for state employee insurance so that retired teachers can be covered. Not all school districts use the money for this purpose.

TESTIMONY AGAINST:

The costs would be astronomical if the bill covers all insurance. The active employees would subsidize the retired employees. The bill creates inequity. The issue should be studied.
