HOUSE BILL 2059

Passed Legislature - 1991 Regular Session

State of Washington 52nd Legislature 1991 Regular Session

By Representatives H. Myers, Grant, O'Brien, Wineberry, Orr and Anderson.

Read first time February 20, 1991. Referred to Committee on Energy & Utilities.

1 AN ACT Relating to low-income residential weatherization and energy
2 assistance; amending RCW 35.21.300, 54.16.285, and 80.28.010; and
3 creating a new section.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** The legislature finds that the health
6 and welfare of the people of the state of Washington require that all
7 citizens receive essential levels of heat and electric service
8 regardless of economic circumstance and that rising energy costs have
9 had a negative effect on the affordability of housing for low-income
10 citizens and have made it difficult for low-income citizens of the
11 state to afford adequate fuel for residential space heat. The
12 legislature further finds that level payment plans, the protection
13 against winter heating shutoff, and house weatherization programs have
14 all been beneficial to low-income persons.

1 **Sec. 2.** RCW 35.21.300 and 1990 1st ex.s. c 1 s 1 are each amended
2 to read as follows:

3 (1) The lien for charges for service by a city waterworks, or
4 electric light or power plant may be enforced only by cutting off the
5 service until the delinquent and unpaid charges are paid, except that
6 until June 30, 1991, utility service for residential space heating may
7 be terminated between November 15 and March 15 only as provided in
8 subsections (2) and (~~(3)~~) (4) of this section. In the event of a
9 disputed account and tender by the owner of the premises of the amount
10 he claims to be due before the service is cut off, the right to refuse
11 service to any premises shall not accrue until suit has been entered by
12 the city and judgment entered in the case.

13 (2) (~~Until June 30, 1991:~~
14 ~~(a)~~) Utility service for residential space heating shall not be
15 terminated between November 15 through March 15 if the customer:

16 (~~(i)~~) (a) Notifies the utility of the inability to pay the bill,
17 including a security deposit. This notice should be provided within
18 five business days of receiving a payment overdue notice unless there
19 are extenuating circumstances. If the customer fails to notify the
20 utility within five business days and service is terminated, the
21 customer can, by paying reconnection charges, if any, and fulfilling
22 the requirements of this section, receive the protections of this
23 chapter;

24 (~~(ii)~~) (b) Provides self-certification of household income for
25 the prior twelve months to a grantee of the department of community
26 development which administers federally funded energy assistance
27 programs. The grantee shall determine that the household income does
28 not exceed the maximum allowed for eligibility under the state's plan
29 for low-income energy assistance under 42 U.S.C. 8624 and shall provide

1 a dollar figure that is seven percent of household income. The grantee
2 may verify information in the self-certification;

3 ~~((iii))~~ (c) Has applied for home heating assistance from
4 applicable government and private sector organizations and certifies
5 that any assistance received will be applied to the current bill and
6 future utility bills;

7 ~~((iv))~~ (d) Has applied for low-income weatherization assistance
8 to the utility or other appropriate agency if such assistance is
9 available for the dwelling;

10 ~~((v))~~ (e) Agrees to a payment plan and agrees to maintain the
11 payment plan. The plan will be designed both to pay the past due bill
12 by the following October 15 and to pay for continued utility service.
13 If the past due bill is not paid by the following October 15, the
14 customer shall not be eligible for protections under this chapter until
15 the past due bill is paid. The plan shall not require monthly payments
16 in excess of seven percent of the customer's monthly income plus one-
17 twelfth of any arrearage accrued from the date application is made and
18 thereafter during November 15 through March 15. A customer may agree
19 to pay a higher percentage during this period, but shall not be in
20 default unless payment during this period is less than seven percent of
21 monthly income plus one-twelfth of any arrearage accrued from the date
22 application is made and thereafter. If assistance payments are
23 received by the customer subsequent to implementation of the plan, the
24 customer shall contact the utility to reformulate the plan; and

25 ~~((vi))~~ (f) Agrees to pay the moneys owed even if he or she moves.

26 ~~((b))~~ (3) The utility shall:

27 ~~((i))~~ (a) Include in any notice that an account is delinquent and
28 that service may be subject to termination, a description of the
29 customer's duties in this section;

1 (~~(ii)~~) (b) Assist the customer in fulfilling the requirements
2 under this section;

3 (~~(iii)~~) (c) Be authorized to transfer an account to a new
4 residence when a customer who has established a plan under this section
5 moves from one residence to another within the same utility service
6 area;

7 (~~(iv)~~) (d) Be permitted to disconnect service if the customer
8 fails to honor the payment program. Utilities may continue to
9 disconnect service for those practices authorized by law other than for
10 nonpayment as provided for in this section. Customers who qualify for
11 payment plans under this section who default on their payment plans and
12 are disconnected can be reconnected and maintain the protections
13 afforded under this chapter by paying reconnection charges, if any, and
14 by paying all amounts that would have been due and owing under the
15 terms of the applicable payment plan, absent default, on the date on
16 which service is reconnected; and

17 (~~(v)~~) (e) Advise the customer in writing at the time it
18 disconnects service that it will restore service if the customer
19 contacts the utility and fulfills the other requirements of this
20 section.

21 (~~(3)~~) (4) All municipal utilities shall offer residential
22 customers the option of a budget billing or equal payment plan. The
23 budget billing or equal payment plan shall be offered low-income
24 customers eligible under the state's plan for low-income energy
25 assistance prepared in accordance with 42 U.S.C. 8624(C)(1) without
26 limiting availability to certain months of the year, without regard to
27 the length of time the customer has occupied the premises, and without
28 regard to whether the customer is the tenant or owner of the premises
29 occupied.

1 (~~(4)~~) (5) An agreement between the customer and the utility,
2 whether oral or written, shall not waive the protections afforded under
3 this chapter.

4 **Sec. 3.** RCW 54.16.285 and 1990 1st ex.s. c 1 s 3 are each amended
5 to read as follows:

6 (1) A district providing utility service for residential space
7 heating shall not terminate such utility service between November 15
8 through March 15 if the customer:

9 (a) Notifies the utility of the inability to pay the bill,
10 including a security deposit. This notice should be provided within
11 five business days of receiving a payment overdue notice unless there
12 are extenuating circumstances. If the customer fails to notify the
13 utility within five business days and service is terminated, the
14 customer can, by paying reconnection charges, if any, and fulfilling
15 the requirements of this section, receive the protections of this
16 chapter;

17 (b) Provides self-certification of household income for the prior
18 twelve months to a grantee of the department of community development
19 which administers federally funded energy assistance programs. The
20 grantee shall determine that the household income does not exceed the
21 maximum allowed for eligibility under the state's plan for low-income
22 energy assistance under 42 U.S.C. 8624 and shall provide a dollar
23 figure that is seven percent of household income. The grantee may
24 verify information provided in the self-certification;

25 (c) Has applied for home heating assistance from applicable
26 government and private sector organizations and certifies that any
27 assistance received will be applied to the current bill and future
28 utility bills;

1 (d) Has applied for low-income weatherization assistance to the
2 utility or other appropriate agency if such assistance is available for
3 the dwelling;

4 (e) Agrees to a payment plan and agrees to maintain the payment
5 plan. The plan will be designed both to pay the past due bill by the
6 following October 15 and to pay for continued utility service. If the
7 past due bill is not paid by the following October 15, the customer
8 shall not be eligible for protections under this chapter until the past
9 due bill is paid. The plan shall not require monthly payments in
10 excess of seven percent of the customer's monthly income plus one-
11 twelfth of any arrearage accrued from the date application is made and
12 thereafter during November 15 through March 15. A customer may agree
13 to pay a higher percentage during this period, but shall not be in
14 default unless payment during this period is less than seven percent of
15 monthly income plus one-twelfth of any arrearage accrued from the date
16 application is made and thereafter. If assistance payments are
17 received by the customer subsequent to implementation of the plan, the
18 customer shall contact the utility to reformulate the plan; and

19 (f) Agrees to pay the moneys owed even if he or she moves.

20 (2) The utility shall:

21 (a) Include in any notice that an account is delinquent and that
22 service may be subject to termination, a description of the customer's
23 duties in this section;

24 (b) Assist the customer in fulfilling the requirements under this
25 section;

26 (c) Be authorized to transfer an account to a new residence when a
27 customer who has established a plan under this section moves from one
28 residence to another within the same utility service area;

29 (d) Be permitted to disconnect service if the customer fails to
30 honor the payment program. Utilities may continue to disconnect

1 service for those practices authorized by law other than for nonpayment
2 as provided for in this section. Customers who qualify for payment
3 plans under this section who default on their payment plans and are
4 disconnected can be reconnected and maintain the protections afforded
5 under this chapter by paying reconnection charges, if any, and by
6 paying all amounts that would have been due and owing under the terms
7 of the applicable payment plan, absent default, on the date on which
8 service is reconnected; and

9 (e) Advise the customer in writing at the time it disconnects
10 service that it will restore service if the customer contacts the
11 utility and fulfills the other requirements of this section.

12 (3) All districts providing utility service for residential space
13 heating shall offer residential customers the option of a budget
14 billing or equal payment plan. The budget billing or equal payment
15 plan shall be offered low-income customers eligible under the state's
16 plan for low-income energy assistance prepared in accordance with 42
17 U.S.C. 8624(C)(1) without limiting availability to certain months of
18 the year, without regard to the length of time the customer has
19 occupied the premises, and without regard to whether the customer is
20 the tenant or owner of the premises occupied.

21 (4) An agreement between the customer and the utility, whether oral
22 or written, shall not waive the protections afforded under this
23 chapter.

24 (~~(5) This section shall expire June 30, 1991.~~)

25 **Sec. 4.** RCW 80.28.010 and 1990 1st ex.s. c 1 s 5 are each amended
