Background: Presently, public school districts are required to have a written policy mandating a prohibition on the use of all tobacco products on public school property. However, there are no similar policies for private schools, colleges universities, or vocational schools.

Summary of Bill: To protect students and the public from exposure to cancer-causing agents in environmental tobacco smoke, by January 1, 1995, each college, university, and vocational school must adopt and enforce a written policy mandating a prohibition on the use of all tobacco products

in facilities, buildings, and vehicles owned or leased by the institution.

The prohibition against the use of tobaccos on public school (K-12) property is extended to private schools effective September 1, 1994. Schools may make available tobacco cessation information and referral to students in violation of this act, in coordination with local health departments and voluntary organizations.

Fiscal Note: Not requested.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Testimony For: These provisions are necessary to protect students and the public from exposure to cancer-causing agents in environmental tobacco smoke.

Testimony Against: None.

Witnesses: Jo Wadsworth, Department of Health (pro); Steve Albrecht, Washington Doctors Ought to Care (pro); Willa Fisher (pro); and Bill Van Horn and Dennis Biggs, Washington Tobacco Free Coalition (pro).
