HOUSE COMMITTEE ON EDUCATION

Majority Report: The substitute bill be substituted therefor and the substitute bill do pass. Signed by 18 members: Representatives Dorn, Chair; Cothorn, Vice Chair; Brough, Ranking Minority Member; B. Thomas, Assistant Ranking Minority Member; Brumsickle; Carlson; G. Cole; Eide; G. Fisher; Hansen; Holm; Jones; Karahalios; J. Kohl; Patterson; Pruitt; Roland; and L. Thomas.

Staff: Robert Butts (786-7111).

Background: Ordinarily, when a school district seeks the approval of a bond issue or a tax levy, 60 percent of the votes cast at the election must be in favor of the issue or levy.

In addition, the number of persons voting on the proposal must equal at least 40 percent of the total number of votes cast in the district at the most recent general election.

The 60 percent super majority and 40 percent validation requirements are imposed by Article VII, Section 2 and Article VIII, Section 6 of the state constitution and by statutes.

Summary of Bill: An amendment to Article VII, Section 2 and Article VIII, Section 6 of the state constitution is to be submitted to the voters at the next general election.

The amendment would remove the 60 percent super majority and 40 percent validation requirements for school district bond and levy elections, which would allow these levies and bonds to pass by a simple majority of those voting.

Fiscal Note: Requested January 11, 1994.

Testimony For: It is easier to raise taxes to build prisons than it is to run and build schools. Other local governments do not have to ask their voters every two years for 20 percent of their budgets. Please let the voters decide this issue by passing the bill and putting the issue on the ballot.

Testimony Against: A small minority of citizens will be able to impose taxes on the majority. The current approval requirements are a safeguard against narrow interests and protect the public treasury.
