ENGROSSED SUBSTITUTE HOUSE BILL 1435

Passed Legislature - 1993 Regular Session

State of Washington 53rd Legislature 1993 Regular Session

By House Committee on Capital Budget (originally sponsored by Representatives Wang and Ogden; by request of Office of Financial Management)

Read first time 03/22/93.

1 AN ACT Relating to the capital budget; amending 1991 c 14 s 21
2 (uncodified); amending 1992 c 233 s 12 (uncodified); adding a new
3 section to chapter 233, Laws of 1992 (uncodified); and declaring an
4 emergency.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6 NEW SECTION. **Sec. 1.** A new section is added to chapter 233, Laws
7 of 1992 (uncodified) to read as follows:

8 **FOR THE DEPARTMENT OF GENERAL ADMINISTRATION**

9 The department of general administration may enter into a financial
10 contract in the principal amount of \$24,800,000 plus financing costs
11 and required reserves pursuant to chapter 39.94 RCW. This amount is
12 for the acquisition of land and a building located in Yakima, and for
13 development of a Yakima Government Service Center that will be used for
14 state agencies.

15 **Sec. 2.** 1991 c 14 s 21 (uncodified) is amended to read as follows:

16 **FOR THE DEPARTMENT OF TRADE AND ECONOMIC DEVELOPMENT**

1 (1) Community economic revitalization board (86-1-001)
 2 \$2,000,000 of the state building and construction account
 3 appropriation and the entire public facility construction loan
 4 revolving account appropriation in this subsection are provided solely
 5 for communities defined as timber-dependent under chapter 314, Laws of
 6 1991 (Engrossed Substitute House Bill No. 1341). In allocating these
 7 funds, the community economic revitalization board shall give priority
 8 to communities experiencing high unemployment or high timber
 9 unemployment.

10	Appropriation:	
11	Pub Fac Constr Loan Rev Acct	\$ 2,000,000
12	St Bldg Constr Acct	\$ 6,000,000

17	Future Biennia (Projected Costs)	\$ 0
18		-----
19	TOTAL	\$ 2,972,000

20 (6) Port infrastructure development projects

21 The appropriation in this subsection is provided solely for the
22 port of Grays Harbor for paving an existing cargo storage yard and
23 construction of a cargo storage facility. This appropriation is
24 subject to a favorable review by the department of a proposal prepared
25 by the port of Grays Harbor describing how this project will: (a) Have
26 a high probability of success using standard economic principles; (b)
27 provide long-term economic benefits to the community; (c) include local
28 participation; and (d) be consistent with the community's economic
29 strategy and goals.

30 **Appropriation:**

35	TOTAL	\$ 4,600,000

36 (7) Economic assessment study for timber-dependent ports

37 The appropriation in this subsection is provided solely for the
38 department to contract for an economic assessment study of timber-
39 dependent ports, limited to the ports of Grays Harbor, Port Angeles,
40 and Longview. The study shall include the following: (a) A review and
41 examination of the comparative advantage of each port's geographic and
42 regional characteristics, and the characteristics of the three-port
43 region, focusing on current and potential markets for exports and
44 imports; (b) identification of specific diversification opportunities
45 for the three-port region, including possibilities for expansion of
46 nonlog export activities and opportunities; (c) identification of
47 actions that each port can undertake to increase and develop business
48 opportunities compatible with regional port resources and goals; (d)
49 recommendations for long-term strategies for the three-port region
50 focusing on market development, facilities development, and operations
51 and financial requirements; (e) strategies to enhance cooperation in
52 future development that would allow each of the three ports to

1 diversify in areas that would complement each other, including an
 2 analysis of recent, present, or potential competition among the ports;
 3 and (f) joint marketing strategies and joint capital facilities
 4 planning.

1 (4) Referendum 39: Waste disposal facilities 1980 bond issue
2 (82-5-005)

3 No expenditure from the reappropriation in this subsection shall be
4 made for any grant valued over fifty million dollars to a city or
5 county for solid waste disposal facilities unless the following
6 conditions are met:

7 (a) The city or county agrees to comply with all the terms of the
8 grant contract between the city or county and the department of
9 ecology;

10 (b) The city or county agrees to implement curbside collection of
11 recyclable materials as prescribed in the grant contract; and

12 (c) The city or county does not begin actual construction of the
13 solid waste disposal facility until it has obtained a permit for
14 prevention of significant deterioration as required by the federal
15 clean air act.

24 (5) Water quality account (86-5-007)

25 The appropriations in this subsection are subject to the following
26 conditions and limitations:

27 (a) In awarding grants, extending grant payments, or making loans
28 from these appropriations for facilities that discharge directly into
29 marine waters, the department shall:

30 (i) Give first priority to secondary wastewater treatment
31 facilities that are mandated by both federal and state law;

32 (ii) Give second priority to projects that reduce combined sewer
33 overflows; and

34 (iii) Encourage economies that are derived from any simultaneous
35 projects that achieve the purposes of both (a) and (b) of this
36 subsection.

37 (b) The following limitations shall apply to the department's total
38 distribution of funds appropriated under this section:

39 (i) Not more than fifty percent for water pollution control
40 facilities that discharge directly into marine waters;

41 (ii) Not more than twenty percent for water pollution control
42 activities that prevent or mitigate pollution of underground waters and
43 facilities that protect federally designated sole source aquifers with
44 at least two-thirds for the Spokane-Rathdrum Prairie aquifer;

45 (iii) Not more than ten percent for water pollution control
46 activities that protect freshwater lakes and rivers including but not
47 limited to Lake Chelan and the Yakima and Columbia rivers;

48 (iv) Not more than ten percent for activities that control nonpoint
49 source water pollution;

50 (v) Ten percent and such sums as may be remaining from the
51 categories specified in (i) through (iv) of this subsection for water
52 pollution control activities or facilities as determined by the
53 department.

54 (c) In determining compliance schedules for the greatest reasonable
55 reduction of combined sewer overflows, the department shall consider

1 the amount of grant or loan moneys available to assist local
2 governments in the planning, design, acquisition, construction, and
3 improvement of combined sewer overflow facilities.

4 (d) \$330,000 of the water quality account appropriation is provided
5 solely for the department to evaluate water quality, solid and
6 hazardous waste, and toxics cleanup needs of the state. The amount
7 provided in this subsection represents the water quality account share
8 of funding the evaluation. The department shall include in the
9 evaluation information regarding existing needs and recommendations on
10 how to address those needs within existing state financial assistance
11 programs. The department shall also evaluate long-range financial
12 options which take into account local financial resources. The
13 evaluation shall be done in coordination with the state agency
14 coordinating council established in Engrossed Substitute House Bill No.
15 1025 (Growth Management Strategies). If the bill is not enacted by
16 July 31, 1991, the director of the department shall coordinate with the
17 department of community development, the department of health, and the
18 Puget Sound water quality authority as well as with other appropriate
19 state and local agencies. By November 1, 1991, the department shall
20 submit to the chairs of the house capital facilities and financing
21 committee and the senate ways and means committee, a detailed work
22 plan, budget, and schedule for completion of the evaluation.

41 ((of this section)), chapter 233, Laws of 1992.

42 \$300,000 of the new appropriation in this subsection is provided
43 solely for a pilot grant program to address remedial actions involving
44 the contamination of drinking water supplies from hazardous substances.
45 The pilot grant program is limited to remedial action where a
46 responsible party has not been identified or held responsible. The
47 department may establish an appropriate local match requirement for the
48 pilot grant program. The department shall report to the appropriate
49 committees of the legislature regarding the state-wide need for
50 programs to clean up drinking water supplies contaminated by hazardous
51 substances. This report shall be consolidated into the evaluation
52 required in ((subsection)) section 12(5)(d) ((of this section)),
