
SUBSTITUTE SENATE BILL 6166

State of Washington

54th Legislature

1996 Regular Session

By Senate Committee on Ecology & Parks (originally sponsored by Senators Fraser, Swecker, Fairley and Winsley)

Read first time 01/19/96.

1 AN ACT Relating to protection of Puget Sound; amending RCW
2 90.70.001, 90.70.011, 90.70.025, and 90.70.055; creating a new section;
3 repealing RCW 90.70.035, 90.70.045, 90.70.060, 90.70.065, 90.70.090,
4 90.70.100, 90.70.902, 43.131.369, and 43.131.370; and providing an
5 effective date.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7 NEW SECTION. **Sec. 1.** The legislature finds that since its
8 creation in 1985, the Puget Sound water quality authority has been
9 largely successful in adopting a comprehensive management plan for the
10 restoration and long-term protection of Puget Sound, which is the
11 principal guiding document for the coordination and strengthening of
12 programs by local governments, the private sector, and federal and
13 state agencies. The authority has continually revised the plan to
14 reflect new information regarding the water quality and other
15 environmental conditions of Puget Sound, and to respond to changing
16 state and federal funding and programmatic requirements. The
17 legislature finds that increased emphasis should now be placed upon
18 implementing the plan, upon assisting those primarily responsible for
19 implementing the plan, upon the long-term monitoring of Puget Sound's

1 environmental conditions, and upon measuring progress in the overall
2 implementation of the management plan.

3 **Sec. 2.** RCW 90.70.001 and 1985 c 451 s 1 are each amended to read
4 as follows:

5 The legislature finds that Puget Sound and related inland marine
6 waterways of Washington state represent a unique and unparalleled
7 resource. A rich and varied range of marine organisms, composing an
8 interdependent, sensitive communal ecosystem reside in these sheltered
9 waters. The legislature finds that Puget Sound is a gift of nature,
10 central to the quality of life of all Washington citizens.

11 Residents of this region enjoy a way of life centered around the
12 waters of Puget Sound, featuring accessible recreational opportunities,
13 world-class port facilities and water transportation systems, harvest
14 of marine food resources, shoreline-oriented life styles, water-
15 dependent industries, tourism, irreplaceable aesthetics and other
16 activities, all of which to some degree depend upon a clean and healthy
17 marine resource.

18 ~~((The legislature further finds that the consequences of careless
19 husbanding of this resource have been dramatically illustrated in
20 inland waterways associated with older and more extensively developed
21 areas of the nation. Recent reports concerning degradation of water
22 quality within this region's urban embayments raise alarming
23 possibilities of similar despoliation of Puget Sound and other state
24 waterways. These examples emphasize that the costs of restoration of
25 aquatic resources, where such restoration is possible, greatly exceed
26 the costs of responsible preservation.~~

27 ~~The legislature declares that utilization of the Puget Sound
28 resource carries a custodial obligation for preserving it. The people
29 of the state have the unique opportunity to preserve this gift of
30 nature, an understanding of the results of inattentive stewardship, the
31 technical knowledge needed for control of degradation, and the
32 obligation to undertake such control.))~~

33 The legislature further finds that the large number of governmental
34 entities that now affect the ~~((water quality))~~ health of Puget Sound
35 have diverse interests and limited jurisdictions which cannot
36 adequately address the cumulative, wide-ranging impacts which
37 contribute to the degradation of Puget Sound. ~~((It is therefore the
38 policy of the state of Washington to create a single entity with~~

1 ~~adequate resources to develop a comprehensive plan for water quality~~
2 ~~protection in Puget Sound to be implemented by existing state and local~~
3 ~~government agencies.)~~)

4 These entities can benefit by better coordination among themselves
5 with state agencies and citizen organizations, and efficiencies of
6 effort can be obtained from such coordination. Further, the
7 legislature finds that positive incentives and technical assistance can
8 foster a cooperative spirit that will lead to better protection of
9 Puget Sound.

10 It is therefore the policy of the state of Washington that
11 protection of Puget Sound, including continued economic and
12 recreational uses, can be best achieved by establishing an entity to
13 coordinate the development of a comprehensive Puget Sound water quality
14 management plan, to revise the plan periodically, and to focus its
15 efforts on helping other state and federal agencies, local and tribal
16 governments, businesses, and citizen organizations to implement the
17 plan. The legislature declares that this entity, in its planning
18 activity, shall foster coordinated research and education efforts,
19 identify efficiencies and positive incentives that promote
20 implementation of the plan, and provide technical assistance to state
21 and federal agencies, local and tribal governments, and citizen
22 organizations in their activities to implement the plan.

23 **Sec. 3.** RCW 90.70.011 and 1990 c 115 s 2 are each amended to read
24 as follows:

25 (1) There is established the Puget Sound water quality authority
26 composed of eleven members. Nine members shall be appointed by the
27 governor and confirmed by the senate. In addition, the commissioner of
28 public lands or the commissioner's designee and the director of ecology
29 or the director's designee shall serve as ex officio members. Three of
30 the members shall include a representative from the counties, a
31 representative from the cities, and a tribal representative. The
32 ~~((director of ecology shall be chair of the))~~ authority shall select a
33 chair, who shall perform such duties and perform them for such period
34 as the authority determines. In making these appointments, the
35 governor shall seek to include representation of the variety of
36 interested parties concerned about Puget Sound water quality, including
37 representation from the business and environmental communities.
38 Appointments to the authority shall also reflect geographical balance

1 and the diversity of population within the Puget Sound basin. (~~Of the~~
2 ~~appointed members, at least one shall be selected from each of the six~~
3 ~~congressional districts surrounding Puget Sound.~~) Members shall serve
4 four-year terms. Of the initial members appointed to the authority,
5 two shall serve for two years, two shall serve for three years, and two
6 shall serve for four years. Thereafter members shall be appointed to
7 four-year terms. Members representing cities, counties, and the tribes
8 shall also serve four-year staggered terms, as determined by the
9 governor. Vacancies shall be filled by appointment for the remainder
10 of the unexpired term of the position being vacated. (~~The executive~~
11 ~~director of the authority shall be selected by the governor and shall~~
12 ~~serve at the pleasure of the governor. The executive director shall~~
13 ~~not be a member of the authority.~~

14 ~~(2))~~ Members shall be compensated as provided in RCW 43.03.250.
15 Members shall be reimbursed for travel expenses as provided in RCW
16 43.03.050 and 43.03.060.

17 (2) The executive director of the authority shall be selected by
18 the governor and shall serve at the pleasure of the governor. The
19 executive director shall not be a member of the authority.

20 (3) The executive director of the authority shall be a full-time
21 employee responsible for the administration of all functions of the
22 authority, including hiring and terminating staff, budget preparation,
23 contracting, coordinating with the governor, the legislature, and other
24 state and local entities, and the delegation of responsibilities as
25 deemed appropriate. The salary of the executive director shall be
26 fixed by the governor, subject to RCW 43.03.040.

27 ~~(4) (The authority shall prepare a budget and a work plan.~~

28 ~~(5))~~ Not more than four employees of the authority may be exempt
29 from the provisions of chapter 41.06 RCW.

30 ~~((6))~~ (5) The executive director and staff of the authority shall
31 be located in the Olympia area, as space becomes available. The
32 department of general administration shall house the authority within
33 the department of ecology.

34 **Sec. 4.** RCW 90.70.025 and 1985 c 451 s 5 are each amended to read
35 as follows:

36 In order to carry out its responsibilities under this chapter, the
37 authority may:

1 (1) (~~Develop interim proposals and recommendations, before the~~
2 ~~plan is adopted, concerning the elements identified in RCW 90.70.060;~~
3 ~~(2)~~) Enter into, amend, and terminate contracts with individuals,
4 corporations, or research institutions for the purposes of this
5 chapter;
6 (~~(3)~~) (2) Receive such gifts, grants, and endowments, in trust or
7 otherwise, for the use and benefit of the purposes of the authority.
8 The authority may expend the same or any income therefrom according to
9 the terms of the gifts, grants, or endowments;
10 (~~(4)~~) (3) Conduct studies and research relating to Puget Sound
11 water quality;
12 (~~(5)~~) (4) Obtain information relating to Puget Sound from other
13 state and local agencies;
14 (~~(6)~~) (5) Conduct appropriate public hearings, solicit extensive
15 public participation, and otherwise seek to broadly disseminate
16 information concerning Puget Sound;
17 (~~(7)~~) (6) Receive and expend funding from other public agencies;
18 (7) Establish priorities for funding the implementation of the
19 plan; and
20 (8) (~~Prepare a biennial budget request for consideration by the~~
21 ~~governor and the legislature; and~~
22 ~~(9)~~) Adopt rules under chapter 34.05 RCW as it deems necessary for
23 the purposes of this chapter.

24 **Sec. 5.** RCW 90.70.055 and 1990 c 115 s 4 are each amended to read
25 as follows:

26 The authority shall:

27 (1) (~~Prepare and adopt a~~) Serve the needs of state, local, and
28 tribal governments and agencies in implementing the plan in a
29 coordinated and timely manner by:

30 (a) Providing technical assistance to state, local, and tribal
31 governments and agencies in the design, funding, and implementation of
32 water quality programs and projects;

33 (b) Assisting state, local, and tribal governments and agencies to
34 implement the plan in ways that are consistent with other planning,
35 regulatory, and capital facility requirements;

36 (c) Encouraging and assisting in the development of local
37 comprehensive strategies for water quality and watershed protection
38 that are consistent with the goals of the plan;

1 (d) Seeking incentives for the development of local comprehensive
2 water quality and watershed protection strategies that support the plan
3 by advocating for federal and state financial assistance and for
4 flexibility in federal and state regulatory requirements to allow
5 implementation of local strategies; and

6 (e) Providing dispute resolution and mediation services between
7 public agencies and between public and private entities to achieve
8 coordinated implementation of the plan;

9 (2) Revise on an ongoing basis the comprehensive Puget Sound water
10 quality management plan(, as defined in RCW 90.70.060) adopted by the
11 authority in May 1994. In preparing the plan and any substantial
12 revisions to the plan, the authority shall consult with its advisory
13 ((committee or)) committees ((and)); appropriate federal, state, and
14 local agencies((. The authority shall also solicit extensive
15 participation by the public by whatever means it finds appropriate,
16 including public hearings throughout communities bordering or near
17 Puget Sound, dissemination of information through the news media,
18 public notices, and mailing lists, and the organization of workshops,
19 conferences, and seminars)); tribal governments; and private interests;

20 ((2) During the plan's initial development and any subsequent
21 revisions, submit annual progress reports on plan revisions and
22 implementation to the governor and the legislature.))

23 (3) ((Submit the plan to the governor and the legislature no later
24 than January 1, 1987. The authority shall)) Review the plan at least
25 every ((four)) six years and revise the plan, as deemed appropriate(,
26 and shall submit the plan by July 1, 1994)). A revised plan shall be
27 submitted to the governor and the legislature by July 1, 2000, and
28 every ((four)) six years thereafter;

29 (4) Prepare a biennial "state of the Sound" report and submit such
30 report to the governor, the legislature, and the state agencies and
31 local governments identified in the plan. Copies of the report shall
32 be made available to the public. The report shall describe the current
33 condition of water quality and related resources in Puget Sound and
34 ((shall)) include an assessment of the extent to which implementation
35 of the plan has occurred and resulted in progress toward improving and
36 protecting water quality in Puget Sound. The assessment shall be based
37 upon an evaluation of performance measures required by subsection (6)
38 of this section. The report may also include, but not be limited to:

1 (a) The status and condition of the resources of Puget Sound,
2 including the results of ecological monitoring, including an assessment
3 of the economic value of Puget Sound;

4 (b) Current and foreseeable trends in water quality of Puget Sound
5 and the management of its resources;

6 (c) Review of significant public and private activities affecting
7 Puget Sound and an assessment of whether such activities are consistent
8 with the plan; and

9 (d) Recommendations to the governor, the legislature, and
10 appropriate state and local agencies for actions needed to remedy any
11 deficiencies in current policies, plans, programs, or activities
12 relating to the water quality of Puget Sound, and recommendations
13 concerning changes necessary to protect and improve Puget Sound water
14 quality; ~~((and))~~

15 (5) Review the ~~((Puget Sound related budgets and regulatory and
16 enforcement activities))~~ status of plan implementation efforts of state
17 agencies with responsibilities for water quality and related resources
18 in Puget Sound;

19 (6) In consultation with state agencies, local and tribal
20 governments, and other public and private interests, develop and track
21 quantifiable performance measures that can be used by the governor and
22 the legislature to assess the effectiveness over time of programs and
23 actions initiated under the plan to improve and protect Puget Sound
24 water quality and biological resources. The performance measures shall
25 be developed by June 30, 1997. State agencies shall assist the
26 authority in the development and tracking of these performance
27 measures. The performance measures may be limited to a selected
28 geographic area;

29 (7) Appoint ad hoc advisory committees and solicit public
30 participation as necessary to facilitate plan revision, plan
31 implementation, coordination of the ambient monitoring program, and the
32 conduct of other duties under this chapter;

33 (8) Ensure implementation and coordination of the Puget Sound
34 ambient monitoring program, which includes:

35 (a) Developing a baseline and examining differences among areas of
36 Puget Sound for environmental conditions, natural resources, and
37 contaminants in sediments and marine life, against which future changes
38 can be measured;

1 (b) Taking measurements relating to specific program elements
2 identified in the plan;

3 (c) Measuring the progress of the ambient monitoring programs
4 implemented under the plan;

5 (d) Providing a permanent record of significant natural and human-
6 caused changes in key environmental indicators in Puget Sound;

7 (e) Supporting research on Puget Sound; and

8 (f) Participation of each agency with responsibilities for
9 implementing the program, as specified in the plan;

10 (9) Provide, promote, coordinate, and publish research on Puget
11 Sound water quality issues;

12 (10) Provide and promote education and involvement of the public on
13 the preservation and protection of water quality and marine habitat in
14 Puget Sound;

15 (11) Prepare a strategy for implementing the plan that includes,
16 but is not limited to:

17 (a) Setting priorities for implementation of plan elements to
18 facilitate executive and legislative decision making;

19 (b) Assessing the capabilities and constraints, both internal and
20 external to state and local government, that may affect plan
21 implementation;

22 (c) Analyzing the strategic options in light of the resources
23 available to the state. In developing this strategy, the authority
24 shall consult and coordinate with other related environmental planning
25 efforts; and

26 (12) To reduce costs and improve efficiency, review by December 1,
27 1996, all requirements for reports and documentation from state
28 agencies and local governments specified in the plan and in this
29 chapter. Based on this review, the authority shall, if appropriate,
30 eliminate and consolidate reports, modify reporting schedules to
31 correspond to publication of the state of the Sound report, and modify
32 reporting requirements to support evaluation of performance measures
33 required by subsection (6) of this section.
