Passed Legislature - 1995 Regular Session

**State of Washington**                      **54th Legislature**                      **1995 Regular Session**

**By** Senators Prentice and Hale; by request of Insurance Commissioner

Read first time 01/23/95.      Referred to Committee on Financial  
Institutions & Housing.

1            AN ACT Relating to unearned premium, loss, and loss expense  
2 reserves of insurance companies; and amending RCW 48.12.040, 48.12.090,  
3 48.12.100, 48.12.120, and 48.12.130.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5            **Sec. 1.** RCW 48.12.040 and 1973 1st ex.s. c 162 s 2 are each  
6 amended to read as follows:

7            (1) With reference to insurances against loss or damage to  
8 property, except as provided in RCW 48.12.050, and with reference to  
9 all general casualty insurances, and surety insurances, every insurer  
10 shall maintain an unearned premium reserve on all policies in force.

11            (2) The commissioner may require that such reserve shall be equal  
12 to the unearned portions of the gross premiums in force after deducting  
13 authorized reinsurance, as computed on each respective risk from the  
14 policy's date of issue. If the commissioner does not so require, the  
15 portions of the gross premiums in force, less authorized reinsurance,  
16 to be held as a premium reserve, shall be computed according to the  
17 following table:

1	Term for which policy	Reserve for
2	was written	unearned premium
3	One year, or less . . . . .	1/2
4	Two years . . . . .	First year 3/4
5		Second year 1/4
6	Three years . . . . .	First year 5/6
7		Second year 1/2
8		Third year 1/6
9	Four years . . . . .	First year 7/8
10		Second year 5/8
11		Third year 3/8
12		Fourth year 1/8
13	Five years . . . . .	First year 9/10
14		Second year 7/10
15		Third year 1/2
16		Fourth year 3/10
17		Fifth year 1/10
18	Over five years . . . . .	Pro rata

19 (3) In lieu of computation according to such table, all of such  
20 reserves may be computed, at the insurer's option, on a monthly pro  
21 rata basis.

22 (4) After adopting any one of the methods for computing such  
23 reserve an insurer shall not change methods without the commissioner's  
24 approval.

25 (5) If, for certain policies, the insurer's exposure to loss is  
26 uneven over the policy term, the commissioner may grant permission to  
27 the insurer to use a different method of calculating the unearned  
28 premium reserve on those certain policies.
