7 to read as follows:

8            (1) The department shall initiate a pilot project to evaluate the  
9 feasibility and potential of intensively culturing shellfish on  
10 currently nonproductive oyster reserve land in Puget Sound. The pilot  
11 program shall include no fewer than three long-term lease agreements  
12 with commercial shellfish growers. Except as provided in subsection

17 Willapa Bay oyster reserve lands and the Puget Sound oyster reserve  
18 lands. The advisory committees shall make recommendations on  
19 management practices to conserve, protect, and develop oyster reserve

1 lands. The advisory committees may make recommendations regarding the  
2 management practices on oyster reserve lands, in particular to ensure  
3 that they are managed in a manner that will: (a) Increase revenue  
4 through production of high-value shellfish; (b) not be detrimental to  
5 the market for shellfish grown on nonreserve lands; and (c) avoid  
6 negative impacts to existing shellfish populations. The advisory  
7 committees may also make recommendation on the distribution of funds in  
8 section 2(2)(a) of this act. The department shall attempt to structure  
9 each advisory committee to include equal representation between  
10 shellfish growers that participate in reserve sales and shellfish  
11 growers that do not.

12 (3) The department shall submit a brief progress report on the  
13 status of the pilot programs to the appropriate standing committees of  
14 the legislature by January 7, 2003.

15 (4) The department of natural resources, in consultation with the

18 the department of natural resources shall exercise its authority under  
19 RCW 79.96.090. Vacation of state oyster reserves by the department of  
20 fish and wildlife shall not be a requirement for the department of  
21 natural resources to lease any oyster reserves under this section. The  
22 department of natural resources may recover reasonable costs directly  
23 associated with the administration of the leases for oyster reserves  
24 entered into under this chapter. All administrative fees collected by

2 section.

3 (2) Funds in the account shall be used for the purposes provided

9 laboratories managed by the department. As used in this subsection,  
10 "new research and development activities" includes an emphasis on the
