

# HOUSE BILL REPORT

## 2SHB 1725

---

---

### As Passed Legislature

**Title:** An act relating to catch record cards.

**Brief Description:** Concerning the cost of a catch record card.

**Sponsors:** By House Committee on Appropriations (originally sponsored by Representatives Cooper and Upthegrove).

**Brief History:**

**Committee Activity:**

Fisheries, Ecology & Parks: 2/20/03 [DPS];  
Appropriations: 3/5/03, 3/8/03 [DP2S(w/o sub FEP)].

**Floor Activity:**

Passed House: 3/15/03, 91-3.  
Senate Amended.  
Passed Senate: 4/11/03, 49-0.  
House Concurred.  
Passed House: 4/23/03, 92-6.  
Passed Legislature.

**Brief Summary of Second Substitute Bill**

- Requires a \$10 fee for an additional or duplicate catch record card and deposits proceeds from the sale of catch record cards in the Wildlife Fund.
- Directs the Department of Fish and Wildlife to include provisions for recording marked and unmarked salmon in catch record cards.

---

### HOUSE COMMITTEE ON FISHERIES, ECOLOGY & PARKS

**Majority Report:** The substitute bill be substituted therefor and the substitute bill do pass. Signed by 8 members: Representatives Cooper, Chair; Sump, Ranking Minority Member; Hinkle, Assistant Ranking Minority Member; Buck, Hatfield, O'Brien, Pearson and Upthegrove.

**Staff:** Jeff Olsen (786-7157).

---

### HOUSE COMMITTEE ON APPROPRIATIONS

**Majority Report:** The second substitute bill be substituted therefor and the second substitute bill do pass and do not pass the substitute bill by Committee on Fisheries, Ecology & Parks. Signed by 27 members: Representatives Sommers, Chair; Fromhold, Vice Chair; Sehlin, Ranking Minority Member; Pearson, Assistant Ranking Minority Member; Alexander, Boldt, Buck, Clements, Cody, Conway, Cox, DeBolt, Dunshee, Grant, Hunter, Kagi, Kenney, Kessler, Linville, McDonald, McIntire, Miloscia, Pflug, Ruderman, Schual-Berke, Sump and Talcott.

**Staff:** Patricia Linehan (786-7178).

**Background:**

The Department of Fish and Wildlife (DFW) currently requires recreational fishers to report their harvest activity on catch record cards for salmon, steelhead, sturgeon, halibut, and Dungeness crab. Catch record cards are provided free with the purchase of a license and must be used by recreational fishers to report each fish caught. Catch estimates generated by the catch record card system are used by the DFW to manage fisheries.

The Director of the DFW must establish by rule the conditions and fees for issuing duplicate licenses. Fees for duplicate licenses, permits, tags, and stamps may not exceed the actual cost for issuing the duplicate license.

A personal use saltwater, freshwater, combination, or temporary license is required for all persons 15 years of age or older to fish for or possess fish taken for personal use from state or offshore waters. Temporary fishing licenses are issued either as a license document requiring personal identification or as a stamp. Charter boats may sell temporary fishing license stamps to customers which are valid for two consecutive days.

The DFW manages selective fisheries allowing the harvest of hatchery salmon while protecting depressed stocks of wild salmon. Hatchery fish are marked by clipping their adipose fin, allowing fishers to recognize hatchery fish.

**Summary of Second Substitute Bill:**

Additional and duplicate catch record cards cost \$10 each. Funds received from the sale of catch record cards must be deposited in the Wildlife Fund. Fees for duplicate catch record cards may exceed the cost of issuing the duplicate card.

Charter boat operators issuing temporary licenses shall affix a charter boat stamp to each catch record card before a person fishes. Catch record cards issued with affixed temporary charter stamps are valid for two consecutive days and are not subject to the \$10 charge.

The DFW shall include provisions for recording marked and unmarked salmon on catch record cards issued after March 31, 2004.

**Appropriation:** None.

**Fiscal Note:** Available.

**Effective Date:** The bill takes effect April 1, 2004.

**Testimony For:** (Fisheries, Ecology & Parks) The bill will provide additional revenues to the DFW and educate the angling public regarding the value of the resource. Revenues should be seen as new money, not to be used instead of general fund. Hatcheries provide a significant amount of fish for recreational fisheries. Washington has a large hatchery system that needs additional revenue. The cost of fishing with catch record cards in Oregon is nearly three times higher than Washington. Charter boat operators support the bill as it applies to full season fishing licenses, and the amendment addresses implementation concerns for charter boat operators.

The DFW uses catch record cards to provide data to manage fisheries. The DFW supports the bill but needs authority to sell catch record cards through the DFW's automated licensing system. Also, youth under age 15 currently do not pay for a fishing license, but they would be subject to the \$10 duplicate catch record card fee.

**Testimony For:** (Appropriations) The proposed bill would be a good revenue enhancement for the Department of Fish & Wildlife, but not if it is used as a vehicle to free up additional general fund money for other areas. License fee increases are taken very seriously. Catch record cards are currently required to legally harvest salmon, steelhead, halibut, sturgeon, and Dungeness crab in Washington. Oregon charges for both the original catch record card and for additional cards. We urge you to move forward with the bill as it is a valuable and creative solution to the state's revenue needs.

**Testimony Against:** (Fisheries, Ecology & Parks) None.

**Testimony Against:** (Appropriations) None.

**Testified:** (Fisheries, Ecology & Parks) Frank Hawley and Susan Markey, Department of Fish and Wildlife; Ed Owens, Coalition of Coastal Fisheries; Corey Freeman and Liz Hamilton, Northwest Sportfishing Industry Association.

**Testified:** (Appropriations) Frank Hawley, Department of Fish and Wildlife; Corey Freeman, Northwest Sportfishing Industry Association; and Ed Owens, Coalition of Coastal Fisheries.
