4 commencing the year of the levy;

22 (3) For excess levies for collection in calendar year 1998 and
23 thereafter, a district's levy base shall be the sum of allocations in
24 (a) through (c) of this subsection received by the district for the

26 plus the sum of such allocations multiplied by the percent increase per
27 full time equivalent student as stated in the state basic education

29 year and the current school year and divided by fifty-five percent. A
30 district's levy base shall not include local school district property

10 (d) Beginning with calendar year 2005 calculations, the federal
11 allocations received directly by a district for purposes of this
12 subsection (3) shall be the allocations from the second prior school
13 year. The federal revenues shall be adjusted by inflation as
14 determined by the office of the superintendent of public instruction.
15 For purposes of this subsection, "second prior school year" means the
16 school year completed two years prior to the year in which the levies
17 are to be collected; and

18 (e) Beginning with calendar year 2005 calculations, revenues

23 2005, in addition to the allocations included under subsection (3)(a)
24 through (c) of this section, a district's levy base shall also include
25 the difference between the state allocations under subsection (3)(a)
26 and (b) of this section and the amount the district would have received
27 if (a) the district's base salary for certificated instructional staff
28 for purposes of determining state basic education allocations had been
29 the same as the highest base salary for that school year on the
30 supporting LEAP salary document referenced in the omnibus
31 appropriations act; and (b) the district's salaries for certificated
32 administrators and classified staff for purposes of determining state
33 basic education allocations had been the same as the highest
34 certificated administrator and classified staff salaries for that
35 school year on the supporting LEAP salary document referenced in the
36 omnibus appropriations act. For calendar years 2004 and 2005, the
37 additional amounts provided under this subsection shall not be used in

1 the calculation of levy base for the purpose of determining local
2 effort assistance allocations under chapter 28A.500 RCW.

3 (5) A district's maximum levy percentage shall be twenty-two
4 percent in 1998 and twenty-four percent in 1999 and every year
5 thereafter; plus, for qualifying districts, the grandfathered
6 percentage determined as follows:

7 (a) For 1997, the difference between the district's 1993 maximum
8 levy percentage and twenty percent; and

9 (b) For 1998 and thereafter, the percentage calculated as follows:

10 (i) Multiply the grandfathered percentage for the prior year times
11 the district's levy base determined under subsection (3) of this
12 section;

13 (ii) Reduce the result of (b)(i) of this subsection by any levy
14 reduction funds as defined in subsection ~~((+5))~~ (6) of this section
15 that are to be allocated to the district for the current school year;

16 (iii) Divide the result of (b)(ii) of this subsection by the
17 district's levy base; and

18 (iv) Take the greater of zero or the percentage calculated in
19 (b)(iii) of this subsection.

20 ~~((+5))~~ (6) "Levy reduction funds" shall mean increases in state
21 funds from the prior school year for programs included under
22 subsections (3) and (4) of this section: (a) That are not attributable
23 to enrollment changes, compensation increases, or inflationary
24 adjustments; and (b) that are or were specifically identified as levy
25 reduction funds in the appropriations act. If levy reduction funds are
26 dependent on formula factors which would not be finalized until after
27 the start of the current school year, the superintendent of public
28 instruction shall estimate the total amount of levy reduction funds by
29 using prior school year data in place of current school year data.
30 Levy reduction funds shall not include moneys received by school
31 districts from cities or counties.

32 ~~((+6))~~ (7) For the purposes of this section, "prior school year"
33 means the most recent school year completed prior to the year in which
34 the levies are to be collected.

35 ~~((+7))~~ (8) For the purposes of this section, "current school year"
36 means the year immediately following the prior school year.

37 ~~((+8))~~ (9) Funds collected from transportation vehicle fund tax
38 levies shall not be subject to the levy limitations in this section.

1 (~~(9)~~) (10) The superintendent of public instruction shall develop
2 rules and regulations and inform school districts of the pertinent data
