Brief Description: Requiring informed consent prior to using mercury amalgam dental restorative material.

HB 1273 - DIGEST

Requires an individual licensed under chapter 18.32 RCW to provide a patient with information on the controversy surrounding mercury amalgam and seek the patient's informed consent prior to the use of mercury amalgam dental restorative materials.

Directs the commission to produce a fact sheet on the controversy surrounding the use of mercury amalgam dental restorative materials and distribute it to each individual licensed under this chapter.
