Creating programs to promote prevention of child abuse and neglect.

Directs the department of social and health services to establish and implement uniform criteria for funding prevention and early intervention services and programs that are either state-operated or contracted. The uniform funding criteria must mandate that all funded programs, at a minimum: (1) Define clear, measurable outcomes;

(2) Are research-based;

(3) Can demonstrate their anticipated cost-effectiveness;

(4) Can demonstrate broad community involvement, support, and partnerships; and

(5) Conduct an evaluation of their program outcomes.

Requires the department of social and health services, the department of community, trade, and economic development, the department of health, the office of superintendent of public instruction, and the Washington council for prevention of child abuse and neglect to report to the appropriate fiscal and policy committees of the legislature by April 1, 2004, regarding the implementation of the funding criteria for prevention and early intervention services and programs required under this act.

Recognizes the importance of evaluation and outcome measurements of prevention and early intervention programs in order to ensure the cost-effective use of public funds.

Directs the Washington state institute for public policy to conduct a review of existing research to identify specific research-proven prevention and early intervention programs that produce a positive return on the dollar compared to the cost of the program. The Washington state institute for public policy shall also identify possible mechanisms for funding such programs.

Requires the Washington state institute for public policy to report its findings to the appropriate committees of the legislature no later than January 1, 2004.

HB 1842 by Representatives Schual-Berke, Benson, Lovick, Bush, Simpson, Morrell and McIntire

Creating the financial fraud alert act.

Declares an intent to enable financial institutions and merchants, to the extent permitted by federal law, to exchange information for the purpose of preventing, detecting, deterring, and assisting in the prosecution of financial fraud, bank robbery, money laundering, and other financial crimes.

Declares that this act provides immunity from liability for financial institutions and merchants who participate in a fraud alert network and who comply with the provisions of this act.

Declares that it is the intent of this act to encourage the sharing of information consistent with federal law.

Declares that a fraud alert network is intended to protect against or prevent actual or potential fraud, unauthorized transactions, claims, or other liability, and is intended to be exempt from privacy disclosure requirements of the Gramm-Leach-Bliley Act of 1999.

Declares an intent that the Washington fair credit reporting act, chapter 19.182 RCW, does not apply to a fraud alert network. However, if it is determined that the federal fair credit reporting act applies to a fraud alert network, the Washington fair credit reporting act shall likewise be applicable.

HB 1863 by Representatives Gombosky, Cairnes and McIntire; by request of Department of Revenue

Implementing the streamlined sales and use tax agreement.

Declares an intent that Washington join as a member state in the streamlined sales and use tax agreement referred to in chapter 82.58 RCW. The agreement provides for a simpler and more uniform sales and use tax structure among states that have sales and use taxes.

Declares an intent to bring Washington's sales and use tax system into compliance with the agreement so that Washington may join as a member state and have a voice in the development and administration of the system, and to substantially reduce the burden of tax compliance on sellers.

Does not include changes to Washington law that may be required in the future and that are not fully developed under the agreement. These include, but are not limited to, changes relating to online registration, reporting, and remitting of payments by businesses for sales and use tax purposes, monetary allowances for sellers and their agents, sourcing, and amnesty for businesses registering under the agreement.

Declares an intent that the provisions of chapters 82.08 and 82.12 RCW be interpreted and applied consistently with the agreement.

Requires the department of revenue to report to the fiscal committees of the legislature on January 1, 2004, and each January 1st thereafter, on the development of the agreement and to recommend changes to the sales and use tax structure and propose legislation as may be necessary to keep Washington in compliance with the agreement.

HB 1864 by Representatives Morris and Rockefeller

Funding replacement ferries through digitally printed license plates.

Directs the department to implement a flat, digitally printed license plate system that must be used to manufacture all license plates issued under chapter 46.16 RCW. This system must be in place and operational by July 1, 2004, and the system must be used to produce all license plates issued under this chapter no later than July 1, 2011.

Declares that, in providing for the periodic replacement of license plates, the department shall offer vehicle owners the option of retaining their current license plate numbers. The department shall charge a retention fee of twenty dollars if this option is exercised by a vehicle owner. Revenue generated from the retention fee will be deposited into the steel electric ferry replacement account.

Creates the steel electric ferry replacement account in the motor vehicle fund. All moneys deposited in the account are subject to the following conditions: (1) All funds will be used by the department of transportation for replacing the steel electric class of ferries, including the design, construction, and financing of a new class of ferry;

(2) The department of transportation will use these funds to maximize the benefit to the taxpayer;

(3) The department of transportation will pursue all financing opportunities available in order to make the best use of these funds; and

(4) Use of these funds must adhere to the legislative intent of chapter 226, Laws of 2001.

Provides that the treasurer shall never transfer any moneys from the steel electric ferry replacement account for use by the department of transportation for state highway purposes so long as there is due and unpaid obligations for payment of principal, interest, sinking funds, or reserves as required by any pledge of the steel electric ferry replacement account.

HB 1865 by Representatives Cody, Campbell, Morrell, Schual-Berke, Kenney, Haigh, Conway and Santos

Improving patient safety practices.

Requires the secretary to increase the licensing fee established under RCW 43.70.110 for health care professionals and facilities designated in this act by one percent of the amount of the applicable annual licensing fee. Proceeds of the patient safety fee must be dedicated to patient safety and medical error reduction efforts that have been proven to improve the quality of care provided by health care professionals and facilities.

Provides that one percent of the present value of the settlement or verdict in any action for damages based upon injuries resulting from health care shall be deducted from the settlement or verdict as a patient safety fee. Proceeds of the patient safety fee will be distributed by the department of health in the form of grants, loans, or other appropriate arrangements to support strategies that have been proven to reduce medical errors and enhance patient safety as provided in this act.

Creates the patient safety account in the custody of the state treasurer. All receipts from the fees created in this act must be deposited into the account.

Requiring performance audits for tax preferences.

Recognizes that tax preferences are enacted to meet objectives which are determined to be in the public interest. However, some tax preferences may not be efficient or equitable tools for the achievement of current public policy objectives. Given the changing nature of the economy and tax structures of other states, the legislature finds that periodic performance audits of tax preferences are needed to determine if their continued existence will serve the public interest.

Declares an intent to foster a competitive business climate through periodic performance audits of tax preferences that affect the business climate.

HB 1870 by Representatives Pflug, Bailey, Benson, Priest, Anderson, Woods, Holmquist, Clements, Skinner, Chandler, Ericksen, Mielke and Shabro

Creating an alternate plan of health care for state employees.

Finds that the cost of providing health care coverage for state employees is rapidly increasing not only for the state but also for state employees. Health care costs are continuing to escalate, indicating that state employees will be required to pay a larger portion of the cost of coverage. This impacts lower income state employees disproportionately because income is not a factor in determining the employees' contribution.

Finds that it is necessary to create lower cost health care coverage options for state employees in order to ease the financial burden of health care coverage and to bring stability to the health care delivery system.

HB 1872 by Representatives Blake, Veloria, Chase, Santos and Hatfield

Providing for linked deposit loans for assistive technology.

Finds that current public and private funding sources are inadequate, or not suited, to meet the assistive technology needs of many sectors of the population and that it is necessary for the state to establish a program to create alternative financing arrangements to help individuals with disabilities acquire the assistive technology they need to achieve their potential in education, employment, independent living, transportation, recreation, and community life. Access to such technology can play a vital role in achieving high quality of life.

Finds that many small businesses and nonprofit organizations do not have the financial resources they need to make their places of business and business activities accessible to and usable by clients and employees with disabilities. Many small businesses and nonprofit entities also lack the financing they need to acquire the assistive devices and services that enable them to hire and retain employees with disabilities.

Declares that low interest loans and other alternative financing arrangements are needed to help small businesses, nonprofits, and other qualified entities purchase the assistive devices and services and make the program and building

access modifications needed to fully include individuals with disabilities.

Requiring licensing of sober living homes.

Declares that the state of Washington has a compelling interest in regulating sober living homes in the state to ensure the homes comply with all state and local laws governing building, fire, safety, health code as well as zoning standards, and traffic regulations.

Requires that sober living homes shall be maintained internally and externally in good repair and condition. Such homes shall have safe and functioning systems for heating, cooling, hot and cold water, electricity, plumbing, garbage disposal, sewage, cooking, laundry, artificial and natural light, ventilation, and any other feature of the home as required by state and local regulations, statutes, or ordinances.

Requires each sober living home to meet applicable local licensing, zoning, building, and housing codes, and state and local fire safety regulations as they pertain to a single-family residence. It is the responsibility of the home to check with local authorities to ensure all local codes are met.

Allowing the use of body-gripping traps in certain circumstances.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that a professionally managed and regulated trapping program is not only vital to the health of Washington's wildlife populations, but is also consistent with the state's obligations to manage all natural resources in trust for the common good of all citizens.

Finds that it is in the interest of all of the citizens of Washington to ensure that all trapping is done in accordance with sound scientific wildlife management principles using humane methods as set forth in this act. It is the legislature's intent to reinstate a sound furbearer management program, administered using sound science by the department of fish and wildlife, that addresses mammal population dynamics and animal damage issues.

Finds that humanely regulated trapping practices contribute positively to the economic well-being of the state of Washington, to public health and welfare by assisting to control the spread of animal-borne disease, and to the protection of private and public property from damage resulting from uncontrolled animal populations.

SB 5783 by Senators Finkbeiner and Regala; by request of Department of Revenue

Implementing the streamlined sales and use tax agreement.

Declares an intent that Washington join as a member state in the streamlined sales and use tax agreement referred to in chapter 82.58 RCW. The agreement provides for a simpler and more uniform sales and use tax structure among states that have sales and use taxes.

Declares an intent to bring Washington's sales and use tax system into compliance with the agreement so that Washington may join as a member state and have a voice in the development and administration of the system, and to substantially reduce the burden of tax compliance on sellers.

Does not include changes to Washington law that may be required in the future and that are not fully developed under the agreement. These include, but are not limited to, changes relating to online registration, reporting, and remitting of payments by businesses for sales and use tax purposes, monetary allowances for sellers and their agents, sourcing, and amnesty for businesses registering under the agreement.

Declares an intent that the provisions of chapters 82.08 and 82.12 RCW be interpreted and applied consistently with the agreement.

Requires the department of revenue to report to the fiscal committees of the legislature on January 1, 2004, and each January 1st thereafter, on the development of the agreement and to recommend changes to the sales and use tax structure and propose legislation as may be necessary to keep Washington in compliance with the agreement.

Regarding assessment measures for meeting certificate of mastery standards.

Provides that the high school assessment system required under RCW 28A.655.060 that leads to a certificate of mastery shall include multiple measures of assessment to determine whether students have met the standards for a certificate of mastery.

Directs the superintendent of public instruction to develop valid and reliable multiple measures, which may include but not be limited to, the Washington assessment of student learning, a portfolio of evidence, high school grade point average, and academic and vocational evaluations. The superintendent of public instruction shall adopt these measures by rule not later than July 1, 2004.
