

**2SHB 2537** - S AMD TO WM COMM AMD (S5911.2) **284**  
By Senator Keiser and Parlette

ADOPTED 03/07/2008

1        On page 4, line 25 of the amendment, after "partnership." insert  
2        "Every effort shall be made to coordinate premium subsidies for  
3        dependent children with federal funding available under Title XIX and  
4        Title XXI of the federal social security act, consistent with the  
5        requirements established in RCW 74.09.470(4) for the employer-sponsored  
6        insurance program at the department of social and health services."

EFFECT: To maximize federal funding that may be available, the program must coordinate with the DSHS employer-sponsored insurance program (which buys children into their parents' employer-sponsored coverage).
