Brief Summary of Bill

- Changes the process through which the State Parks and Recreation Commission may sell unneeded park land so that it can accept sealed bids, electronic bids, or oral bids at an auction.

HOUSE COMMITTEE ON AGRICULTURE & NATURAL RESOURCES

Majority Report: Do pass. Signed by 14 members: Representatives B. Sullivan, Chair; Blake, Vice Chair; Kretz, Ranking Minority Member; Warnick, Assistant Ranking Minority Member; Dickerson, Eickmeyer, Grant, Hailey, Kagi, Lantz, McCoy, Newhouse, Orcutt and Strow.

Staff: Jason Callahan (786-7117).

Background:

The State Parks and Recreation Commission (Commission) is authorized to dispose of any lands found by the Commission to not serve the purposes of the agency. Most lands, after being designated by the unanimous consent of the Commission for disposal, must be sold to the highest bidder, through a sealed bidding process, or exchanged for lands of equal value. Final conveyance of sold or exchanged lands must be executed by the Governor.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

All land sales must be advertised in a local newspaper at least 20 days before the sealed bids are required to be delivered. If the sealed bids are not acceptable to the Commission, it may reject the bids and solicit a new round using the same process.

The proceeds from land sales must be deposited into the Park Land Acquisition Account.

Summary of Bill:

The process by which the Commission may conduct sales of unneeded park land is changed so that the Commission is not limited to only accepting sealed bids. Instead, the Commission may accept sealed bids, electronic bids, or oral bids at an auction. All bid solicitation, regardless of the bid format, must still be advertised in a local paper.

Appropriation: None.

Fiscal Note: Available.

Effective Date: The bill takes effect 90 days after adjournment of session in which bill is passed.

Staff Summary of Public Testimony:

(In support) This bill will help the Commission join the twenty-first century and be more efficient in how it manages land. The existing outreach and notice will be maintained, but the Commission will have more flexibility as to how it implements the intent of the affected statute.

(Opposed) None.

Persons Testifying: Fred Romero, State Parks and Recreation Commission.

Persons Signed In To Testify But Not Testifying: None.
