4 (7) "Litter bag" means a bag, sack, or other container made of any
5 material which is large enough to serve as a receptacle for litter

7 limited to the state approved litter bag but must be similar in size
8 and capacity.

9 (8) "Litter receptacle" means those containers adopted by the
10 department of ecology and which may be standardized as to size, shape,
11 capacity, and color and which shall bear the state anti-litter symbol,
12 as well as any other receptacles suitable for the depositing of litter.

13 (9) "Official gathering" means an event where authorization to hold
14 the event is approved, recognized, or issued by a government, public

21 NEW SECTION. Sec. 2. A new section is added to chapter 70.93 RCW
22 to read as follows:

23 In communities where there is an established curbside service and
24 where recycling service is available to businesses, a recycling program
25 must be provided at every official gathering and at every sports
26 facility by the vendors who sell beverages in single-use aluminum,
27 glass, or plastic bottles or cans. A recycling program includes
28 provision of receptacles or reverse vending machines, and provisions to
29 transport and recycle the collected materials. Facility managers or
30 event coordinators may choose to work with vendors to coordinate the
