

**SB 6777 - DIGEST**

(SUBSTITUTED FOR - SEE 1ST SUB)

Requires that, until a judgment is entered by a Washington appellate court that determines title to the sand, gravel, and rock resources in specified lands, the department shall not authorize any portion of the state-owned aquatic lands that comprise the Maury Island aquatic reserve for industrial uses or for transportation of materials from a surface mine, mining operation, or other industrial activities, and may not authorize the construction of docks or other improvements associated with these uses.

Expires January 1, 2011.
