

**SB 6955 - DIGEST**

Intends to design and test the feasibility of making a mobile livestock slaughtering unit available to geographic areas in this state.

Authorizes Washington State University to conduct a mobile livestock unit demonstration project.

Establishes a mobile livestock unit advisory board.

Directs Washington State University, with the input and assistance of the advisory board, to submit a report of its findings and recommendations to the appropriate committees of the house of representatives and the senate.
