

SSB 5529 - S AMD 154

By Senators Marr and Jarrett

ADOPTED 3/10/2009

1 On page 5, line 16, after "board;" strike "~~((or))~~" and insert "or"

2

3 On page 5, beginning on line 17, after "Have" strike all material
4 through "board" on line 35, and insert "((eight years' practical
5 architectural work experience, which may include designing buildings
6 as a principal activity, and have completed the requirements of a
7 structured intern training program approved by the board. Each year
8 spent in an accredited architectural education program approved by the
9 board shall be considered one year of practical experience. At least
10 four years' practical work experience shall be under the direct
11 supervision of an architect))a high school diploma or equivalent and
12 twelve years' practical architectural work experience, which may
13 include designing buildings as a principal activity and post-secondary
14 education approved by the board. At least six years of work experience
15 must be under the direct supervision of a registered architect and
16 include completing the requirements of a structured intern training
17 program approved by the board. An applicant may receive up to four
18 years of practical architectural work experience for post-secondary
19 education courses in architecture, architectural technology, or a
20 related field, including courses completed in a community or technical
21 college, if the courses are equivalent to education courses in an
22 accredited architectural degree program"

23
EFFECT: Modifies the experience requirements for certification as an architect for those who do not have an accredited architectural degree.

Allows an applicant to receive up to four years of practical architectural work experience for post-secondary courses in architecture, architectural technology, or a related field,

including courses completed in a community or a technical college, if the courses are equivalent to courses in an accredited architectural degree program. Removes the authority of the State Board of Architects to determine that the courses are equivalent.
