16 In addition, each senior high school and any other public school that  
17 includes ninth grade shall enclose information of the names and contact  
18 information of other public or private entities offering such programs,  
19 including online advanced placement programs, to its ninth through  
20 twelfth grade students if the school has knowledge of such entities.

21 **Sec. 15.** RCW 28A.300.525 and 2008 c 297 s 2 are each amended to  
22 read as follows:

23 (1) The superintendent of public instruction shall provide an  
24 annual aggregate report to the legislature on the educational  
25 experiences and progress of students in children's administration out-  
26 of-home care. This data should be disaggregated in the smallest units  
27 allowable by law that do not identify an individual student, in order  
28 to learn which school districts are experiencing the greatest success  
29 and challenges in achieving quality educational outcomes with students  
30 in children's administration out-of-home care.

31 (2) This section is suspended until July 1, 2011.

32 **Sec. 16.** RCW 28A.320.160 and 2005 c 274 s 244 are each amended to  
33 read as follows:

34 School districts must, at the first opportunity but in all cases  
35 within forty-eight hours of receiving a report alleging sexual  
36 misconduct by a school employee, notify the parents of a student

1 alleged to be the victim, target, or recipient of the misconduct.  
2 School districts (~~shall~~) may provide parents with information  
3 regarding their rights under the public records act, chapter 42.56 RCW,  
4 to request the public records regarding school employee discipline.  
5 This information shall be provided to (~~all~~) parents (~~on an annual~~  
6 ~~basis~~) upon their request.

7 **Sec. 17.** RCW 28A.320.165 and 2001 c 333 s 4 are each amended to  
8 read as follows:

9 Schools as defined in RCW 17.21.415 shall provide online notice of  
10 pesticide use to parents or guardians of students and employees  
11 pursuant to chapter 17.21 RCW, and shall provide written notice upon  
12 the request of the parent or guardian.

13 **Sec. 18.** RCW 28A.320.180 and 2007 c 396 s 11 are each amended to  
14 read as follows:

15 (1) Subject to funding appropriated for this purpose and beginning  
16 in the fall of 2009, school districts shall provide all high school  
17 students enrolled in the district the option of taking the mathematics  
18 college readiness test developed under RCW 28B.10.679 once at no cost  
19 to the students. Districts shall encourage, but not require, students  
20 to take the test in their junior or senior year of high school.

21 (2) Subject to funding appropriated for this purpose, the office of  
22 the superintendent of public instruction shall reimburse each district  
23 for the costs incurred by the district in providing students the  
24 opportunity to take the mathematics placement test.

25 (3) This section is suspended until July 1, 2011.

26 **Sec. 19.** RCW 28A.600.160 and 1998 c 225 s 2 are each amended to  
27 read as follows:

28 Any middle school, junior high school, or high school using  
29 educational pathways shall ensure that all participating students will  
30 continue to have access to the courses and instruction necessary to  
31 meet admission requirements at baccalaureate institutions. Students  
32 shall be allowed to enter the educational pathway of their choice.  
33 Before accepting a student into an educational pathway, the school  
34 shall inform the student's parent of the pathway chosen, the  
35 opportunities available to the student through the pathway, and the

1 career objectives the student will have exposure to while pursuing the  
2 pathway. Providing online access to the information satisfies the  
3 requirements of this section unless a parent or guardian specifically  
4 request information to be provided in written form. Parents and  
5 students dissatisfied with the opportunities available through the  
6 selected educational pathway shall be provided with the opportunity to  
7 transfer the student to any other pathway provided in the school.  
8 Schools may not develop educational pathways that retain students in  
9 high school beyond the date they are eligible to graduate, and may not  
10 require students who transfer between pathways to complete pathway  
11 requirements beyond the date the student is eligible to graduate.  
12 Educational pathways may include, but are not limited to, programs such  
13 as work-based learning, school-to-work transition, tech prep,  
14 vocational-technical education, running start, and preparation for  
15 technical college, community college, or university education.

16 **Sec. 20.** RCW 28A.655.061 and 2008 c 321 s 2 are each amended to  
17 read as follows:

18 (1) The high school assessment system shall include but need not be  
19 limited to the Washington assessment of student learning, opportunities  
20 for a student to retake the content areas of the assessment in which  
21 the student was not successful, and if approved by the legislature  
22 pursuant to subsection (10) of this section, one or more objective  
23 alternative assessments for a student to demonstrate achievement of  
24 state academic standards. The objective alternative assessments for  
25 each content area shall be comparable in rigor to the skills and  
26 knowledge that the student must demonstrate on the Washington  
27 assessment of student learning for each content area.

28 (2) Subject to the conditions in this section, a certificate of  
29 academic achievement shall be obtained by most students at about the  
30 age of sixteen, and is evidence that the students have successfully met  
31 the state standard in the content areas included in the certificate.  
32 With the exception of students satisfying the provisions of RCW  
33 28A.155.045 or 28A.655.0611, acquisition of the certificate is required  
34 for graduation from a public high school but is not the only  
35 requirement for graduation.

36 (3) Beginning with the graduating class of 2008, with the exception  
37 of students satisfying the provisions of RCW 28A.155.045, a student who

1 meets the state standards on the reading, writing, and mathematics  
2 content areas of the high school Washington assessment of student  
3 learning shall earn a certificate of academic achievement. If a  
4 student does not successfully meet the state standards in one or more  
5 content areas required for the certificate of academic achievement,  
6 then the student may retake the assessment in the content area up to  
7 four times at no cost to the student. If the student successfully  
8 meets the state standards on a retake of the assessment then the  
9 student shall earn a certificate of academic achievement. Once  
10 objective alternative assessments are authorized pursuant to subsection  
11 (10) of this section, a student may use the objective alternative  
12 assessments to demonstrate that the student successfully meets the  
13 state standards for that content area if the student has taken the  
14 Washington assessment of student learning at least once. If the  
15 student successfully meets the state standards on the objective  
16 alternative assessments then the student shall earn a certificate of  
17 academic achievement.

18 (4) Beginning no later than with the graduating class of 2013, a  
19 student must meet the state standards in science in addition to the  
20 other content areas required under subsection (3) of this section on  
21 the Washington assessment of student learning or the objective  
22 alternative assessments in order to earn a certificate of academic  
23 achievement. The state board of education may adopt a rule that  
24 implements the requirements of this subsection (4) beginning with a  
25 graduating class before the graduating class of 2013, if the state  
26 board of education adopts the rule by September 1st of the freshman  
27 school year of the graduating class to which the requirements of this  
28 subsection (4) apply. The state board of education's authority under  
29 this subsection (4) does not alter the requirement that any change in  
30 performance standards for the tenth grade assessment must comply with  
31 RCW 28A.305.130.

32 (5) The state board of education may not require the acquisition of  
33 the certificate of academic achievement for students in home-based  
34 instruction under chapter 28A.200 RCW, for students enrolled in private  
35 schools under chapter 28A.195 RCW, or for students satisfying the  
36 provisions of RCW 28A.155.045.

37 (6) A student may retain and use the highest result from each  
38 successfully completed content area of the high school assessment.

1 (7) School districts must make available to students the following  
2 options:

3 (a) To retake the Washington assessment of student learning up to  
4 four times in the content areas in which the student did not meet the  
5 state standards if the student is enrolled in a public school; or

6 (b) To retake the Washington assessment of student learning up to  
7 four times in the content areas in which the student did not meet the  
8 state standards if the student is enrolled in a high school completion  
9 program at a community or technical college. The superintendent of  
10 public instruction and the state board for community and technical  
11 colleges shall jointly identify means by which students in these  
12 programs can be assessed.

13 (8) Students who achieve the standard in a content area of the high  
14 school assessment but who wish to improve their results shall pay for  
15 retaking the assessment, using a uniform cost determined by the  
16 superintendent of public instruction.

17 (9) Opportunities to retake the assessment at least twice a year  
18 shall be available to each school district.

19 (10)(a) The office of the superintendent of public instruction  
20 shall develop options for implementing objective alternative  
21 assessments, which may include an appeals process for students' scores,  
22 for students to demonstrate achievement of the state academic  
23 standards. The objective alternative assessments shall be comparable  
24 in rigor to the skills and knowledge that the student must demonstrate  
25 on the Washington assessment of student learning and be objective in  
26 its determination of student achievement of the state standards.  
27 Before any objective alternative assessments in addition to those  
28 authorized in RCW 28A.655.065 or (b) of this subsection are used by a  
29 student to demonstrate that the student has met the state standards in  
30 a content area required to obtain a certificate, the legislature shall  
31 formally approve the use of any objective alternative assessments  
32 through the omnibus appropriations act or by statute or concurrent  
33 resolution.

34 (b)(i) A student's score on the mathematics, reading or English, or  
35 writing portion of the (~~scholastic assessment test~~(+))SAT((+)) or the  
36 (~~American college test~~(+))ACT((+)) may be used as an objective  
37 alternative assessment under this section for demonstrating that a  
38 student has met or exceeded the state standards for the certificate of

1 academic achievement. The state board of education shall identify the  
2 scores students must achieve on the relevant portion of the SAT or ACT  
3 to meet or exceed the state standard in the relevant content area on  
4 the Washington assessment of student learning. The state board of  
5 education shall identify the first scores by December 1, 2007. After  
6 the first scores are established, the state board may increase but not  
7 decrease the scores required for students to meet or exceed the state  
8 standards.

9 (ii) Until August 31, 2008, a student's score on the mathematics  
10 portion of the (~~(preliminary scholastic assessment test (-))~~)PSAT((+))  
11 may be used as an objective alternative assessment under this section  
12 for demonstrating that a student has met or exceeded the state standard  
13 for the certificate of academic achievement. The state board of  
14 education shall identify the score students must achieve on the  
15 mathematics portion of the PSAT to meet or exceed the state standard in  
16 that content area on the Washington assessment of student learning.

17 (iii) A student who scores at least a three on the grading scale of  
18 one to five for selected AP examinations may use the score as an  
19 objective alternative assessment under this section for demonstrating  
20 that a student has met or exceeded state standards for the certificate  
21 of academic achievement. A score of three on the AP examinations in  
22 calculus or statistics may be used as an alternative assessment for the  
23 mathematics portion of the Washington assessment of student learning.  
24 A score of three on the AP examinations in English language and  
25 composition may be used as an alternative assessment for the writing  
26 portion of the Washington assessment of student learning. A score of  
27 three on the AP examinations in English literature and composition,  
28 macroeconomics, microeconomics, psychology, United States history,  
29 world history, United States government and politics, or comparative  
30 government and politics may be used as an alternative assessment for  
31 the reading portion of the Washington assessment of student learning.

32 (11) By December 15, 2004, the house of representatives and senate  
33 education committees shall obtain information and conclusions from  
34 recognized, independent, national assessment experts regarding the  
35 validity and reliability of the high school Washington assessment of  
36 student learning for making individual student high school graduation  
37 determinations.

1       ~~((12) To help assure continued progress in academic achievement as~~  
2 ~~a foundation for high school graduation and to assure that students are~~  
3 ~~on track for high school graduation, each school district shall prepare~~  
4 ~~plans for and notify students and their parents or legal guardians as~~  
5 ~~provided in this subsection (12).~~

6       ~~(a) Student learning plans are required for eighth through twelfth~~  
7 ~~grade students who were not successful on any or all of the content~~  
8 ~~areas of the Washington assessment for student learning during the~~  
9 ~~previous school year or who may not be on track to graduate due to~~  
10 ~~credit deficiencies or absences. The parent or legal guardian shall be~~  
11 ~~notified about the information in the student learning plan, preferably~~  
12 ~~through a parent conference and at least annually. To the extent~~  
13 ~~feasible, schools serving English language learner students and their~~  
14 ~~parents shall translate the plan into the primary language of the~~  
15 ~~family. The plan shall include the following information as~~  
16 ~~applicable:~~

17       ~~(i) The student's results on the Washington assessment of student~~  
18 ~~learning;~~

19       ~~(ii) If the student is in the transitional bilingual program, the~~  
20 ~~score on his or her Washington language proficiency test II;~~

21       ~~(iii) Any credit deficiencies;~~

22       ~~(iv) The student's attendance rates over the previous two years;~~

23       ~~(v) The student's progress toward meeting state and local~~  
24 ~~graduation requirements;~~

25       ~~(vi) The courses, competencies, and other steps needed to be taken~~  
26 ~~by the student to meet state academic standards and stay on track for~~  
27 ~~graduation;~~

28       ~~(vii) Remediation strategies and alternative education options~~  
29 ~~available to students, including informing students of the option to~~  
30 ~~continue to receive instructional services after grade twelve or until~~  
31 ~~the age of twenty-one;~~

32       ~~(viii) The alternative assessment options available to students~~  
33 ~~under this section and RCW 28A.655.065;~~

34       ~~(ix) School district programs, high school courses, and career and~~  
35 ~~technical education options available for students to meet graduation~~  
36 ~~requirements; and~~

37       ~~(x) Available programs offered through skill centers or community~~  
38 ~~and technical colleges.~~

1 ~~(b) All fifth grade students who were not successful in one or more~~  
2 ~~of the content areas of the fourth grade Washington assessment of~~  
3 ~~student learning shall have a student learning plan.~~

4 ~~(i) The parent or guardian of the student shall be notified,~~  
5 ~~preferably through a parent conference, of the student's results on the~~  
6 ~~Washington assessment of student learning, actions the school intends~~  
7 ~~to take to improve the student's skills in any content area in which~~  
8 ~~the student was unsuccessful, and provide strategies to help them~~  
9 ~~improve their student's skills.~~

10 ~~(ii) Progress made on the student plan shall be reported to the~~  
11 ~~student's parents or guardian at least annually and adjustments to the~~  
12 ~~plan made as necessary.))~~

13 **Sec. 21.** RCW 28A.655.075 and 2007 c 396 s 16 are each amended to  
14 read as follows:

15 (1) Within funds specifically appropriated therefor, by December 1,  
16 2008, the superintendent of public instruction shall develop essential  
17 academic learning requirements and grade level expectations for  
18 educational technology literacy and technology fluency that identify  
19 the knowledge and skills that all public school students need to know  
20 and be able to do in the areas of technology and technology literacy.  
21 The development process shall include a review of current standards  
22 that have been developed or are used by other states and national and  
23 international technology associations. To the maximum extent possible,  
24 the superintendent shall integrate goal four and the knowledge and

31 share knowledge; and improve and enhance learning in all subject areas  
32 and experiences.

34 demonstrated when students: Apply technology to real-world  
35 experiences; adapt to changing technologies; modify current and create  
36 new technologies; and personalize technology to meet personal needs,  
37 interests, and learning styles.

1 (2)(a) Within funds specifically appropriated therefor, the  
2 superintendent shall obtain or develop education technology assessments  
3 that may be administered in the elementary, middle, and high school  
4 grades to assess the essential academic learning requirements for  
5 technology. The assessments shall be designed to be classroom or  
6 project-based so that they can be embedded in classroom instruction and  
7 be administered and scored by school staff throughout the regular  
8 school year using consistent scoring criteria and procedures. By the  
9 2010-11 school year, these assessments shall be made available to  
10 school districts for the districts' voluntary use. If a school  
11 district uses the assessments created under this section, then the  
12 school district shall notify the superintendent of public instruction  
13 of the use. The superintendent shall report annually to the  
14 legislature on the number of school districts that use the assessments  
15 each school year.

16 (b) Beginning December 1, 2010, and annually thereafter, the  
17 superintendent of public instruction shall provide a report to the  
18 relevant legislative committees regarding the use of the assessments.

29 requirements of this section.

30 (3) A school shall establish a notification system that, as a  
31 minimum, notifies interested parents or guardians of students and  
32 employees at least forty-eight hours before a pesticide application to  
33 a school facility. The notification system shall include posting of  
34 the notification in a prominent place in the main office of the school.

35 (4) All notifications to parents, guardians, and employees shall
