

SB 5256 - DIGEST

Eliminates the department of social and health services' information system services division and prohibits maintaining a similar division in the future.

Requires that the division's current responsibilities be absorbed by the department's various administrations within the department's current funding levels.

Requires any funds remaining in the data processing revolving fund, the K-20 technology account, and the education technology revolving fund on January 1, 2010, to be transferred to the state general fund.
