

**2E2SHB 1738** - S COMM AMD  
By Committee on Ways & Means

ADOPTED AS AMENDED 05/09/2011

1 Strike everything after the enacting clause and insert the  
2 following:

3 "NEW SECTION. **Sec. 1.** The legislature finds that:

4 (1) Washington state government must be organized to be efficient,  
5 cost-effective, and responsive to its residents;

6 (2) The cost of state-purchased health care continues to grow at an  
7 unsustainable rate, now representing nearly one-third of the state's  
8 budget and hindering our ability to invest in other essential services  
9 such as education and public safety;

10 (3) Responsibility for state health care purchasing is currently  
11 spread over multiple agencies, but successful interagency collaboration  
12 on quality and cost initiatives has helped demonstrate the benefits to  
13 the state of centralized health care purchasing;

14 (4) Consolidating the majority of state health care purchasing into  
15 a single state agency will best position the state to work with others,  
16 including private sector purchasers, health insurance carriers, health  
17 care providers, and consumers to increase the quality and affordability  
18 of health care for all state residents;

19 (5) The development and implementation of uniform state policies  
20 for all state-purchased health care is among the purposes for which the  
21 health care authority was originally created; and

22 (6) The state will be best able to take advantage of the  
23 opportunities and meet its obligations under the federal affordable  
24 care act, including establishment of a health benefit exchange and  
25 medicaid expansion, if primary responsibility for doing so rests with  
26 a single state agency.

27 The legislature therefore intends, where appropriate, to  
28 consolidate state health care purchasing within the health care  
29 authority, positioning the state to use its full purchasing power to

1 get the greatest value for its money, and allowing other agencies to  
2 focus even more intently on their core missions.

11 required, and each such paper shall in such event so state. The making  
12 or subscribing of any such papers or forms containing any false or

15 **Sec. 19.** RCW 74.09.290 and 1994 sp.s. c 9 s 749 are each amended  
16 to read as follows:

24 conduct of audits or investigations of physicians. Any overpayment  
25 discovered as a result of an audit of a provider under this authority

3 which may make or purport to make such records privileged or  
4 confidential: PROVIDED, That no original patient records shall be  
5 removed from the premises of the health care provider, and that the  
6 disclosure of any records or information by the department (~~(of social

9 such disclosure is directly connected to the official purpose for which  
10 the records or information were obtained: PROVIDED FURTHER, That the  
11 disclosure of patient information as required under this section shall  
12 not subject any physician or other health services provider to any  
13 liability for breach of any confidential relationship between the  
14 provider and the patient, but no evidence resulting from such  
15 disclosure may be used in any civil, administrative, or criminal  
16 proceeding against the patient unless a waiver of the applicable  
17 evidentiary privilege is obtained: PROVIDED FURTHER, That the  
18 secretary or director shall destroy all copies of patient medical

26 accordance with the administrative procedure act, chapter 34.05 RCW, to  
27 carry out the policies and purposes of RCW 74.09.200 through 74.09.290.

28 **Sec. 20.** RCW 74.09.300 and 1979 ex.s. c 152 s 11 are each amended  
29 to read as follows:

30 Whenever the secretary (~~(of the department of social and health  
31 services))~~ or director imposes a civil penalty under RCW 74.09.210, or  
32 terminates or suspends a provider's eligibility under RCW 74.09.290, he  
33 or she shall, if the provider is licensed pursuant to Titles 18, 70, or  
34 71 RCW, give written notice of such imposition, termination, or  
35 suspension to the appropriate licensing agency or disciplinary board.

1           **Sec. 21.** RCW 74.09.470 and 2009 c 463 s 2 are each amended to read  
2 as follows:

3           (1) Consistent with the goals established in RCW 74.09.402, through  
4 the apple health for kids program authorized in this section, the  
5 ((department)) authority shall provide affordable health care coverage  
6 to children under the age of nineteen who reside in Washington state  
7 and whose family income at the time of enrollment is not greater than  
8 two hundred fifty percent of the federal poverty level as adjusted for  
9 family size and determined annually by the federal department of health  
10 and human services, and effective January 1, 2009, and only to the  
11 extent that funds are specifically appropriated therefor, to children  
12 whose family income is not greater than three hundred percent of the  
13 federal poverty level. In administering the program, the  
14 ((department)) authority shall take such actions as may be necessary to  
15 ensure the receipt of federal financial participation under the medical  
16 assistance program, as codified at Title XIX of the federal social  
17 security act, the state children's health insurance program, as  
18 codified at Title XXI of the federal social security act, and any other  
19 federal funding sources that are now available or may become available  
20 in the future. The ((department)) authority and the caseload forecast  
21 council shall estimate the anticipated caseload and costs of the  
22 program established in this section.

23           (2) The ((department)) authority shall accept applications for  
24 enrollment for children's health care coverage; establish appropriate  
25 minimum-enrollment periods, as may be necessary; and determine  
26 eligibility based on current family income. The ((department))  
27 authority shall make eligibility determinations within the time frames  
28 for establishing eligibility for children on medical assistance, as  
29 defined by RCW 74.09.510. The application and annual renewal processes  
30 shall be designed to minimize administrative barriers for applicants  
31 and enrolled clients, and to minimize gaps in eligibility for families  
32 who are eligible for coverage. If a change in family income results in  
33 a change in the source of funding for coverage, the ((department))  
34 authority shall transfer the family members to the appropriate source  
35 of funding and notify the family with respect to any change in premium  
36 obligation, without a break in eligibility. The ((department))  
37 authority shall use the same eligibility redetermination and appeals  
38 procedures as those provided for children on medical assistance

1 programs. The ((department)) authority shall modify its eligibility  
2 renewal procedures to lower the percentage of children failing to  
3 annually renew. The ((department)) authority shall manage its  
4 outreach, application, and renewal procedures with the goals of: (a)  
5 Achieving year by year improvements in enrollment, enrollment rates,  
6 renewals, and renewal rates; (b) maximizing the use of existing program  
7 databases to obtain information related to earned and unearned income  
8 for purposes of eligibility determination and renewals, including, but  
9 not limited to, the basic food program, the child care subsidy program,  
10 federal social security administration programs, and the employment  
11 security department wage database; (c) streamlining renewal processes  
12 to rely primarily upon data matches, online submissions, and telephone  
13 interviews; and (d) implementing any other eligibility determination  
14 and renewal processes to allow the state to receive an enhanced federal  
15 matching rate and additional federal outreach funding available through  
16 the federal children's health insurance program reauthorization act of  
17 2009 by January 2010. The department shall advise the governor and the  
18 legislature regarding the status of these efforts by September 30,  
19 2009. The information provided should include the status of the  
20 department's efforts, the anticipated impact of those efforts on  
21 enrollment, and the costs associated with that enrollment.

22 (3) To ensure continuity of care and ease of understanding for  
23 families and health care providers, and to maximize the efficiency of  
24 the program, the amount, scope, and duration of health care services  
25 provided to children under this section shall be the same as that  
26 provided to children under medical assistance, as defined in RCW  
27 74.09.520.

28 (4) The primary mechanism for purchasing health care coverage under  
29 this section shall be through contracts with managed health care  
30 systems as defined in RCW 74.09.522, subject to conditions,  
31 limitations, and appropriations provided in the biennial appropriations  
32 act. However, the ((department)) authority shall make every effort  
33 within available resources to purchase health care coverage for  
34 uninsured children whose families have access to dependent coverage  
35 through an employer-sponsored health plan or another source when it is  
36 cost-effective for the state to do so, and the purchase is consistent  
37 with requirements of Title XIX and Title XXI of the federal social  
38 security act. To the extent allowable under federal law, the

1 ((department)) authority shall require families to enroll in available  
2 employer-sponsored coverage, as a condition of participating in the  
3 program established under this section, when it is cost-effective for  
4 the state to do so. Families who enroll in available employer-  
5 sponsored coverage under this section shall be accounted for separately  
6 in the annual report required by RCW 74.09.053.

7 (5)(a) To reflect appropriate parental responsibility, the  
8 ((department)) authority shall develop and implement a schedule of  
9 premiums for children's health care coverage due to the ((department))  
10 authority from families with income greater than two hundred percent of  
11 the federal poverty level. For families with income greater than two  
12 hundred fifty percent of the federal poverty level, the premiums shall  
13 be established in consultation with the senate majority and minority  
14 leaders and the speaker and minority leader of the house of  
15 representatives. Premiums shall be set at a reasonable level that does  
16 not pose a barrier to enrollment. The amount of the premium shall be  
17 based upon family income and shall not exceed the premium limitations  
18 in Title XXI of the federal social security act. Premiums shall not be  
19 imposed on children in households at or below two hundred percent of  
20 the federal poverty level as articulated in RCW 74.09.055.

21 (b) Beginning no later than January 1, 2010, the ((department))  
22 authority shall offer families whose income is greater than three  
23 hundred percent of the federal poverty level the opportunity to  
24 purchase health care coverage for their children through the programs  
25 administered under this section without an explicit premium subsidy  
26 from the state. The design of the health benefit package offered to  
27 these children should provide a benefit package substantially similar  
28 to that offered in the apple health for kids program, and may differ  
29 with respect to cost-sharing, and other appropriate elements from that  
30 provided to children under subsection (3) of this section including,  
31 but not limited to, application of preexisting conditions, waiting  
32 periods, and other design changes needed to offer affordable coverage.  
33 The amount paid by the family shall be in an amount equal to the rate  
34 paid by the state to the managed health care system for coverage of the  
35 child, including any associated and administrative costs to the state  
36 of providing coverage for the child. Any pooling of the program  
37 enrollees that results in state fiscal impact must be identified and  
38 brought to the legislature for consideration.

1           (6) The ((~~department~~)) authority shall undertake and continue a  
2 proactive, targeted outreach and education effort with the goal of  
3 enrolling children in health coverage and improving the health literacy  
4 of youth and parents. The ((~~department~~)) authority shall collaborate  
5 with the department of social and health services, department of  
6 health, local public health jurisdictions, the office of the  
7 superintendent of public instruction, the department of early learning,  
8 health educators, health care providers, health carriers, community-  
9 based organizations, and parents in the design and development of this  
10 effort. The outreach and education effort shall include the following  
11 components:

12           (a) Broad dissemination of information about the availability of  
13 coverage, including media campaigns;

14           (b) Assistance with completing applications, and community-based  
15 outreach efforts to help people apply for coverage. Community-based  
16 outreach efforts should be targeted to the populations least likely to  
17 be covered;

18           (c) Use of existing systems, such as enrollment information from  
19 the free and reduced-price lunch program, the department of early  
20 learning child care subsidy program, the department of health's women,  
21 infants, and children program, and the early childhood education and  
22 assistance program, to identify children who may be eligible but not  
23 enrolled in coverage;

24           (d) Contracting with community-based organizations and government  
25 entities to support community-based outreach efforts to help families  
26 apply for coverage. These efforts should be targeted to the  
27 populations least likely to be covered. The ((~~department~~)) authority  
28 shall provide informational materials for use by government entities  
29 and community-based organizations in their outreach activities, and  
30 should identify any available federal matching funds to support these  
31 efforts;

32           (e) Development and dissemination of materials to engage and inform  
33 parents and families statewide on issues such as: The benefits of  
34 health insurance coverage; the appropriate use of health services,  
35 including primary care provided by health care practitioners licensed  
36 under chapters 18.71, 18.57, 18.36A, and 18.79 RCW, and emergency  
37 services; the value of a medical home, well-child services and  
38 immunization, and other preventive health services with linkages to

1 department of health child profile efforts; identifying and managing  
2 chronic conditions such as asthma and diabetes; and the value of good  
3 nutrition and physical activity;

4 (f) An evaluation of the outreach and education efforts, based upon  
5 clear, cost-effective outcome measures that are included in contracts  
6 with entities that undertake components of the outreach and education  
7 effort;

8 (g) An implementation plan to develop online application capability  
9 that is integrated with the ((department's)) automated client  
10 eligibility system, and to develop data linkages with the office of the  
11 superintendent of public instruction for free and reduced-price lunch  
12 enrollment information and the department of early learning for child  
13 care subsidy program enrollment information.

14 (7) The ((department)) authority shall take action to increase the  
15 number of primary care physicians providing dental disease preventive  
16 services including oral health screenings, risk assessment, family  
17 education, the application of fluoride varnish, and referral to a  
18 dentist as needed.

19 (8) The department shall monitor the rates of substitution between  
20 private-sector health care coverage and the coverage provided under  
21 this section (~~and shall report to appropriate committees of the~~  
22 ~~legislature by December 2010~~)).

23 **Sec. 22.** RCW 74.09.480 and 2009 c 463 s 4 are each amended to read  
24 as follows:

25 (1) The ((department)) authority, in collaboration with the  
26 department of health, department of social and health services, health  
27 carriers, local public health jurisdictions, children's health care  
28 providers including pediatricians, family practitioners, and pediatric  
29 subspecialists, community and migrant health centers, parents, and  
30 other purchasers, shall establish a concise set of explicit performance  
31 measures that can indicate whether children enrolled in the program are  
32 receiving health care through an established and effective medical  
33 home, and whether the overall health of enrolled children is improving.  
34 Such indicators may include, but are not limited to:

- 35 (a) Childhood immunization rates;
- 36 (b) Well child care utilization rates, including the use of  
37 behavioral and oral health screening, and validated, structured

18 those groups identified in subsection (1) of this section, shall  
19 develop parameters for determining criteria for increased payment,  
20 alternative payment methodologies, or other incentives for those  
21 practices and health plans that incorporate evidence-based practice and  
22 improve and achieve sustained improvement with respect to the measures.

23 (3) The department shall provide a report to the governor and the  
24 legislature related to provider performance on these measures,  
25 beginning in September 2010 for 2007 through 2009 and the authority

9 rehabilitative services; and (o) like services when furnished to a  
10 child by a school district in a manner consistent with the requirements

12 authority nor the department may ~~((not))~~ cut off any prescription  
13 medications, oxygen supplies, respiratory services, or other life-  
14 sustaining medical services or supplies.

15 "Medical assistance," notwithstanding any other provision of law,  
16 shall not include routine foot care, or dental services delivered by  
17 any health care provider, that are not mandated by Title XIX of the  
18 social security act unless there is a specific appropriation for these  
19 services.

20 ~~((The department shall amend the state plan for medical~~  
21 ~~assistance under Title XIX of the federal social security act to~~  
22 ~~include personal care services, as defined in 42 C.F.R. 440.170(f), in~~  
23 ~~the categorically needy program.~~

24 ~~(3))~~) The department shall adopt, amend, or rescind such  
25 administrative rules as are necessary to ensure that Title XIX personal  
26 care services are provided to eligible persons in conformance with

30 providing for medicaid eligibility.

31 (b) The rules shall require clients be assessed as having a medical  
32 condition requiring assistance with personal care tasks. Plans of care  
33 for clients requiring health-related consultation for assessment and

1        ~~((+4))~~ (3) The department shall design and implement a means to  
2 assess the level of functional disability of persons eligible for  
3 personal care services under this section. The personal care services  
4 benefit shall be provided to the extent funding is available according  
5 to the assessed level of functional disability. Any reductions in  
6 services made necessary for funding reasons should be accomplished in  
7 a manner that assures that priority for maintaining services is given  
8 to persons with the greatest need as determined by the assessment of  
9 functional disability.

10        ~~((+5))~~ (4) Effective July 1, 1989, the ~~((department))~~ authority  
11 shall offer hospice services in accordance with available funds.

12        ~~((+6))~~ (5) For Title XIX personal care services administered by

18 other home and community services as defined in RCW 74.39A.009 in home  
19 or in other settings for individuals consistent with the intent of this  
20 section:

21        (i) Who have been initially authorized by the department to receive  
22 Title XIX personal care services or other home and community services  
23 as defined in RCW 74.39A.009; and

24        (ii) Who, at the time of reassessment and reauthorization, are  
25 receiving such services in their own home.

26        ~~((+7))~~ (6) In the event that an area agency on aging is unwilling  
27 to enter into or satisfactorily fulfill a contract or an individual  
28 consumer's need for case management services will be met through an  
29 alternative delivery system, the department is authorized to:

30        (a) Obtain the services through competitive bid; and

31        (b) Provide the services directly until a qualified contractor can  
32 be found.

33        ~~((+8))~~ (7) Subject to the availability of amounts appropriated for  
34 this specific purpose, ~~((effective July 1, 2007,))~~ the ~~((department))~~  
35 authority may offer medicare part D prescription drug copayment  
36 coverage to full benefit dual eligible beneficiaries.

1           **Sec. 28.** RCW 74.09.521 and 2009 c 388 s 1 are each amended to read  
2 as follows:

3           (1) To the extent that funds are specifically appropriated for this  
4 purpose the ((department)) authority shall revise its medicaid healthy  
5 options managed care and fee-for-service program standards under  
6 medicaid, Title XIX of the federal social security act to improve  
7 access to mental health services for children who do not meet the  
8 regional support network access to care standards. ((Effective July 1,  
9 2008, the)) The program standards shall be revised to allow outpatient  
10 therapy services to be provided by licensed mental health  
11 professionals, as defined in RCW 71.34.020, or by a mental health  
12 professional regulated under Title 18 RCW who is under the direct  
13 supervision of a licensed mental health professional, and up to twenty  
14 outpatient therapy hours per calendar year, including family therapy  
15 visits integral to a child's treatment. This section shall be  
16 administered in a manner consistent with federal early and periodic  
17 screening, diagnosis, and treatment requirements related to the receipt  
18 of medically necessary services when a child's need for such services  
19 is identified through developmental screening.

20           (2) The ((department)) authority and the children's mental health  
21 evidence-based practice institute established in RCW 71.24.061 shall  
22 collaborate to encourage and develop incentives for the use of  
23 prescribing practices and evidence-based and research-based treatment  
24 practices developed under RCW 74.09.490 by mental health professionals  
25 serving children under this section.

26           **Sec. 29.** RCW 74.09.522 and 1997 c 59 s 15 and 1997 c 34 s 1 are  
27 each reenacted and amended to read as follows:

28           (1) For the purposes of this section, "managed health care system"  
29 means any health care organization, including health care providers,  
30 insurers, health care service contractors, health maintenance  
31 organizations, health insuring organizations, or any combination  
32 thereof, that provides directly or by contract health care services  
33 covered under RCW 74.09.520 and rendered by licensed providers, on a  
34 prepaid capitated basis and that meets the requirements of section  
35 1903(m)(1)(A) of Title XIX of the federal social security act or  
36 federal demonstration waivers granted under section 1115(a) of Title XI  
37 of the federal social security act.

1           (2) The ((~~department of social and health services~~)) authority  
2 shall enter into agreements with managed health care systems to provide  
3 health care services to recipients of temporary assistance for needy  
4 families under the following conditions:

5           (a) Agreements shall be made for at least thirty thousand  
6 recipients statewide;

7           (b) Agreements in at least one county shall include enrollment of  
8 all recipients of temporary assistance for needy families;

9           (c) To the extent that this provision is consistent with section  
10 1903(m) of Title XIX of the federal social security act or federal  
11 demonstration waivers granted under section 1115(a) of Title XI of the  
12 federal social security act, recipients shall have a choice of systems  
13 in which to enroll and shall have the right to terminate their  
14 enrollment in a system: PROVIDED, That the ((~~department~~)) authority  
15 may limit recipient termination of enrollment without cause to the  
16 first month of a period of enrollment, which period shall not exceed  
17 twelve months: AND PROVIDED FURTHER, That the ((~~department~~)) authority  
18 shall not restrict a recipient's right to terminate enrollment in a  
19 system for good cause as established by the ((~~department~~)) authority by  
20 rule;

21           (d) To the extent that this provision is consistent with section  
22 1903(m) of Title XIX of the federal social security act, participating  
23 managed health care systems shall not enroll a disproportionate number  
24 of medical assistance recipients within the total numbers of persons  
25 served by the managed health care systems, except as authorized by the  
26 ((~~department~~)) authority under federal demonstration waivers granted  
27 under section 1115(a) of Title XI of the federal social security act;

28           (e) In negotiating with managed health care systems the  
29 ((~~department~~)) authority shall adopt a uniform procedure to negotiate  
30 and enter into contractual arrangements, including standards regarding  
31 the quality of services to be provided; and financial integrity of the  
32 responding system;

33           (f) The ((~~department~~)) authority shall seek waivers from federal  
34 requirements as necessary to implement this chapter;

35           (g) The ((~~department~~)) authority shall, wherever possible, enter  
36 into prepaid capitation contracts that include inpatient care.  
37 However, if this is not possible or feasible, the ((~~department~~))

1 authority may enter into prepaid capitation contracts that do not  
2 include inpatient care;

3 (h) The ((~~department~~)) authority shall define those circumstances  
4 under which a managed health care system is responsible for out-of-plan  
5 services and assure that recipients shall not be charged for such  
6 services; and

7 (i) Nothing in this section prevents the ((~~department~~)) authority  
8 from entering into similar agreements for other groups of people  
9 eligible to receive services under this chapter.

10 (3) The ((~~department~~)) authority shall ensure that publicly  
11 supported community health centers and providers in rural areas, who  
12 show serious intent and apparent capability to participate as managed  
13 health care systems are seriously considered as contractors. The  
14 ((~~department~~)) authority shall coordinate its managed care activities  
15 with activities under chapter 70.47 RCW.

16 (4) The ((~~department~~)) authority shall work jointly with the state  
17 of Oregon and other states in this geographical region in order to  
18 develop recommendations to be presented to the appropriate federal  
19 agencies and the United States congress for improving health care of  
20 the poor, while controlling related costs.

21 (5) The legislature finds that competition in the managed health  
22 care marketplace is enhanced, in the long term, by the existence of a  
23 large number of managed health care system options for medicaid  
24 clients. In a managed care delivery system, whose goal is to focus on  
25 prevention, primary care, and improved enrollee health status,  
26 continuity in care relationships is of substantial importance, and  
27 disruption to clients and health care providers should be minimized.  
28 To help ensure these goals are met, the following principles shall  
29 guide the ((~~department~~)) authority in its healthy options managed  
30 health care purchasing efforts:

31 (a) All managed health care systems should have an opportunity to  
32 contract with the ((~~department~~)) authority to the extent that minimum  
33 contracting requirements defined by the ((~~department~~)) authority are  
34 met, at payment rates that enable the ((~~department~~)) authority to  
35 operate as far below appropriated spending levels as possible,  
36 consistent with the principles established in this section.

37 (b) Managed health care systems should compete for the award of

1 contracts and assignment of medicaid beneficiaries who do not  
2 voluntarily select a contracting system, based upon:

3 (i) Demonstrated commitment to or experience in serving low-income  
4 populations;

5 (ii) Quality of services provided to enrollees;

6 (iii) Accessibility, including appropriate utilization, of services  
7 offered to enrollees;

8 (iv) Demonstrated capability to perform contracted services,  
9 including ability to supply an adequate provider network;

10 (v) Payment rates; and

11 (vi) The ability to meet other specifically defined contract  
12 requirements established by the ((department)) authority, including  
13 consideration of past and current performance and participation in  
14 other state or federal health programs as a contractor.

15 (c) Consideration should be given to using multiple year  
16 contracting periods.

17 (d) Quality, accessibility, and demonstrated commitment to serving  
18 low-income populations shall be given significant weight in the  
19 contracting, evaluation, and assignment process.

20 (e) All contractors that are regulated health carriers must meet  
21 state minimum net worth requirements as defined in applicable state  
22 laws. The ((department)) authority shall adopt rules establishing the  
23 minimum net worth requirements for contractors that are not regulated  
24 health carriers. This subsection does not limit the authority of the  
25 ((department)) Washington state health care authority to take action  
26 under a contract upon finding that a contractor's financial status  
27 seriously jeopardizes the contractor's ability to meet its contract  
28 obligations.

29 (f) Procedures for resolution of disputes between the  
30 ((department)) authority and contract bidders or the ((department))  
31 authority and contracting carriers related to the award of, or failure  
32 to award, a managed care contract must be clearly set out in the  
33 procurement document. ~~((In designing such procedures, the department  
34 shall give strong consideration to the negotiation and dispute  
35 resolution processes used by the Washington state health care authority  
36 in its managed health care contracting activities.))~~

37 (6) The ((department)) authority may apply the principles set forth

1 in subsection (5) of this section to its managed health care purchasing  
2 efforts on behalf of clients receiving supplemental security income  
3 benefits to the extent appropriate.

4 **Sec. 30.** RCW 74.09.5222 and 2009 c 545 s 4 are each amended to  
5 read as follows:

6 (1) The ((department)) authority shall submit a section 1115  
7 demonstration waiver request to the federal department of health and  
8 human services to expand and revise the medical assistance program as  
9 codified in Title XIX of the federal social security act. The waiver  
10 request should be designed to ensure the broadest federal financial  
11 participation under Title XIX and XXI of the federal social security  
12 act. To the extent permitted under federal law, the waiver request  
13 should include the following components:

14 (a) Establishment of a single eligibility standard for low-income  
15 persons, including expansion of categorical eligibility to include  
16 childless adults. The ((department)) authority shall request that the  
17 single eligibility standard be phased in such that incremental steps  
18 are taken to cover additional low-income parents and individuals over  
19 time, with the goal of offering coverage to persons with household  
20 income at or below two hundred percent of the federal poverty level;

21 (b) Establishment of a single seamless application and eligibility  
22 determination system for all state low-income medical programs included  
23 in the waiver. Applications may be electronic and may include an  
24 electronic signature for verification and authentication. Eligibility  
25 determinations should maximize federal financing where possible;

26 (c) The delivery of all low-income coverage programs as a single  
27 program, with a common core benefit package that may be similar to the  
28 basic health benefit package or an alternative benefit package approved  
29 by the secretary of the federal department of health and human  
30 services, including the option of supplemental coverage for select  
31 categorical groups, such as children, and individuals who are aged,  
32 blind, and disabled;

33 (d) A program design to include creative and innovative approaches  
34 such as: Coverage for preventive services with incentives to use  
35 appropriate preventive care; enhanced medical home reimbursement and  
36 bundled payment methodologies; cost-sharing options; use of care  
37 management and care coordination programs to improve coordination of

1 medical and behavioral health services; application of an innovative  
2 predictive risk model to better target care management services; and  
3 mandatory enrollment in managed care, as may be necessary;

4 (e) The ability to impose enrollment limits or benefit design  
5 changes for eligibility groups that were not eligible under the Title  
6 XIX state plan in effect on the date of submission of the waiver  
7 application;

8 (f) A premium assistance program whereby employers can participate  
9 in coverage options for employees and dependents of employees otherwise  
10 eligible under the waiver. The waiver should make every effort to  
11 maximize enrollment in employer-sponsored health insurance when it is  
12 cost-effective for the state to do so, and the purchase is consistent  
13 with the requirements of Titles XIX and XXI of the federal social  
14 security act. To the extent allowable under federal law, the  
15 (~~department~~) authority shall require enrollment in available  
16 employer-sponsored coverage as a condition of eligibility for coverage  
17 under the waiver; and

18 (g) The ability to share savings that might accrue to the federal  
19 medicare program, Title XVIII of the federal social security act, from  
20 improved care management for persons who are eligible for both medicare  
21 and medicaid. Through the waiver application process, the  
22 (~~department~~) authority shall determine whether the state could serve,  
23 directly or by contract, as a medicare special needs plan for persons  
24 eligible for both medicare and medicaid.

25 (2) The (~~department~~) authority shall hold ongoing stakeholder  
26 discussions as it is developing the waiver request, and provide  
27 opportunities for public review and comment as the request is being  
28 developed.

29 (3) The (~~department and the health care~~) authority shall identify  
30 statutory changes that may be necessary to ensure successful and timely  
31 implementation of the waiver request as submitted to the federal  
32 department of health and human services as the apple health program for  
33 adults.

34 (4) The legislature must authorize implementation of any waiver  
35 approved by the federal department of health and human services under  
36 this section.

1       **Sec. 31.** RCW 74.09.5225 and 2005 c 383 s 1 are each amended to  
2 read as follows:

3       (1) Payments for recipients eligible for medical assistance  
4 programs under this chapter for services provided by hospitals,  
5 regardless of the beneficiary's managed care enrollment status, shall  
6 be made based on allowable costs incurred during the year, when  
7 services are provided by a rural hospital certified by the centers for  
8 medicare and medicaid services as a critical access hospital. Any  
9 additional payments made by the (~~medical assistance administration~~)  
10 authority for the healthy options program shall be no more than the  
11 additional amounts per service paid under this section for other  
12 medical assistance programs.

13       (2) Beginning on July 24, 2005, a moratorium shall be placed on  
14 additional hospital participation in critical access hospital payments  
15 under this section. However, rural hospitals that applied for  
16 certification to the centers for medicare and medicaid services prior  
17 to January 1, 2005, but have not yet completed the process or have not  
18 yet been approved for certification, remain eligible for medical  
19 assistance payments under this section.

20       **Sec. 32.** RCW 74.09.530 and 2007 c 315 s 2 are each amended to read  
21 as follows:

22       (1)(a) The authority is designated as the single state agency for  
23 purposes of Title XIX of the federal social security act.

24       (b) The amount and nature of medical assistance and the  
25 determination of eligibility of recipients for medical assistance shall  
26 be the responsibility of the (~~department of social and health~~  
27 ~~services~~) authority.

28       (c) The (~~department~~) authority shall establish reasonable  
29 standards of assistance and resource and income exemptions which shall  
30 be consistent with the provisions of the social security act and (~~with~~  
31 ~~the~~) federal regulations (~~of the secretary of health, education and~~  
32 ~~welfare~~) for determining eligibility of individuals for medical  
33 assistance and the extent of such assistance to the extent that funds  
34 are available from the state and federal government. The  
35 (~~department~~) authority shall not consider resources in determining  
36 continuing eligibility for recipients eligible under section 1931 of  
37 the social security act.

1 (d) The authority is authorized to collaborate with other state or  
2 local agencies and nonprofit organizations in carrying out its duties  
3 under this chapter and, to the extent appropriate, may enter into  
4 agreements with such other entities.

5 (2) Individuals eligible for medical assistance under RCW  
6 74.09.510(3) shall be transitioned into coverage under that subsection  
7 immediately upon their termination from coverage under RCW  
8 74.09.510(2)(a). The ~~((department))~~ authority shall use income  
9 eligibility standards and eligibility determinations applicable to  
10 children placed in foster care. The ~~((department, in consultation with~~  
11 ~~the health care))~~ authority~~((r))~~ shall provide information regarding  
12 basic health plan enrollment and shall offer assistance with the  
13 application and enrollment process to individuals covered under RCW  
14 74.09.510(3) who are approaching their twenty-first birthday.

15 **Sec. 33.** RCW 74.09.540 and 2001 2nd sp.s. c 15 s 2 are each  
16 amended to read as follows:

17 (1) It is the intent of the legislature to remove barriers to  
18 employment for individuals with disabilities by providing medical  
19 assistance to ~~((the))~~ working ~~((disabled))~~ individuals with  
20 disabilities through a buy-in program in accordance with section  
21 1902(a)(10)(A)(ii) of the social security act and eligibility and cost-  
22 sharing requirements established by the ~~((department))~~ authority.

23 (2) The ~~((department))~~ authority shall establish income, resource,  
24 and cost-sharing requirements for the buy-in program in accordance with  
25 federal law and any conditions or limitations specified in the omnibus  
26 appropriations act. The ~~((department))~~ authority shall establish and  
27 modify eligibility and cost-sharing requirements in order to administer  
28 the program within available funds. The ~~((department))~~ authority shall  
29 make every effort to coordinate benefits with employer-sponsored  
30 coverage available to the working ~~((disabled))~~ individuals with  
31 disabilities receiving benefits under this chapter.

32 **Sec. 34.** RCW 74.09.555 and 2010 1st sp.s. c 8 s 30 are each  
33 amended to read as follows:

34 (1) The ~~((department))~~ authority shall adopt rules and policies  
35 providing that when persons with a mental disorder, who were enrolled  
36 in medical assistance immediately prior to confinement, are released

1 from confinement, their medical assistance coverage will be fully  
2 reinstated on the day of their release, subject to any expedited review  
3 of their continued eligibility for medical assistance coverage that is  
4 required under federal or state law.

5 (2) The ((~~department~~)) authority, in collaboration with the  
6 Washington association of sheriffs and police chiefs, the department of  
7 corrections, and the regional support networks, shall establish  
8 procedures for coordination between the authority and department field  
9 offices, institutions for mental disease, and correctional  
10 institutions, as defined in RCW 9.94.049, that result in prompt  
11 reinstatement of eligibility and speedy eligibility determinations for  
12 persons who are likely to be eligible for medical assistance services  
13 upon release from confinement. Procedures developed under this  
14 subsection must address:

15 (a) Mechanisms for receiving medical assistance services  
16 applications on behalf of confined persons in anticipation of their  
17 release from confinement;

18 (b) Expeditious review of applications filed by or on behalf of  
19 confined persons and, to the extent practicable, completion of the  
20 review before the person is released;

21 (c) Mechanisms for providing medical assistance services identity  
22 cards to persons eligible for medical assistance services immediately  
23 upon their release from confinement; and

24 (d) Coordination with the federal social security administration,  
25 through interagency agreements or otherwise, to expedite processing of  
26 applications for federal supplemental security income or social  
27 security disability benefits, including federal acceptance of  
28 applications on behalf of confined persons.

29 (3) Where medical or psychiatric examinations during a person's  
30 confinement indicate that the person is disabled, the correctional  
31 institution or institution for mental diseases shall provide the  
32 ((~~department~~)) authority with that information for purposes of making  
33 medical assistance eligibility and enrollment determinations prior to  
34 the person's release from confinement. The ((~~department~~)) authority  
35 shall, to the maximum extent permitted by federal law, use the  
36 examination in making its determination whether the person is disabled  
37 and eligible for medical assistance.

1 (4) For purposes of this section, "confined" or "confinement" means  
2 incarcerated in a correctional institution, as defined in RCW 9.94.049,  
3 or admitted to an institute for mental disease, as defined in 42 C.F.R.  
4 part 435, Sec. 1009 on July 24, 2005.

5 (5) For purposes of this section, "likely to be eligible" means  
6 that a person:

7 (a) Was enrolled in medicaid or supplemental security income or the  
8 disability lifeline program immediately before he or she was confined  
9 and his or her enrollment was terminated during his or her confinement;  
10 or

11 (b) Was enrolled in medicaid or supplemental security income or the  
12 disability lifeline program at any time during the five years before  
13 his or her confinement, and medical or psychiatric examinations during  
14 the person's confinement indicate that the person continues to be  
15 disabled and the disability is likely to last at least twelve months  
16 following release.

17 (6) The economic services administration within the department  
18 shall adopt standardized statewide screening and application practices  
19 and forms designed to facilitate the application of a confined person  
20 who is likely to be eligible for medicaid.

21 **Sec. 35.** RCW 74.09.565 and 1989 c 87 s 4 are each amended to read  
22 as follows:

23 (1) An agreement between spouses transferring or assigning rights  
24 to future income from one spouse to the other shall be invalid for  
25 purposes of determining eligibility for medical assistance or the  
26 limited casualty program for the medically needy, but this subsection  
27 does not affect agreements between spouses transferring or assigning

32 **Sec. 48.** RCW 74.09.770 and 1989 1st ex.s. c 10 s 2 are each  
33 amended to read as follows:

34 (1) The legislature finds that Washington state and the nation as  
35 a whole have a high rate of infant illness and death compared with

1 other industrialized nations. This is especially true for minority and  
2 low-income populations. Premature and low weight births have been  
3 directly linked to infant illness and death. The availability of  
4 adequate maternity care throughout the course of pregnancy has been  
5 identified as a major factor in reducing infant illness and death.  
6 Further, the investment in preventive health care programs, such as  
7 maternity care, contributes to the growth of a healthy and productive  
8 society and is a sound approach to health care cost containment. The  
9 legislature further finds that access to maternity care for low-income  
10 women in the state of Washington has declined significantly in recent  
11 years and has reached a crisis level.

12 (2) It is the purpose of this (~~chapter~~~~[subchapter]~~) subchapter  
13 to provide, consistent with appropriated funds, maternity care  
14 necessary to ensure healthy birth outcomes for low-income families. To  
15 this end, a maternity care access system is established based on the  
16 following principles:

17 (a) The family is the fundamental unit in our society and should be  
18 supported through public policy.

19 (b) Access to maternity care for eligible persons to ensure healthy  
20 birth outcomes should be made readily available in an expeditious  
21 manner through a single service entry point.

22 (c) Unnecessary barriers to maternity care for eligible persons  
23 should be removed.

24 (d) Access to preventive and other health care services should be  
25 available for low-income children.

26 (e) Each woman should be encouraged to and assisted in making her  
27 own informed decisions about her maternity care.

28 (f) Unnecessary barriers to the provision of maternity care by  
29 qualified health professionals should be removed.

30 (g) The system should be sensitive to cultural differences among  
31 eligible persons.

32 (h) To the extent possible, decisions about the scope, content, and  
33 delivery of services should be made at the local level involving a  
34 broad representation of community interests.

35 (i) The maternity care access system should be evaluated at  
36 appropriate intervals to determine effectiveness and need for  
37 modification.

1 (j) Maternity care services should be delivered in a cost-effective  
2 manner.

3 **Sec. 49.** RCW 74.09.790 and 1993 c 407 s 9 are each amended to read

6 the synthetic progestin capsule implant form of contraception, for  
7 twelve months immediately following a pregnancy to women who were  
8 eligible for medical assistance under the maternity care access program  
9 during that pregnancy or who were eligible only for emergency labor and  
10 delivery services during that pregnancy; and

11 (9) Within available resources, provide family planning services to  
12 women who meet the financial eligibility requirements for services  
13 under subsections (1) and (2) of this section.

14 **Sec. 51.** RCW 74.09.810 and 1989 1st ex.s. c 10 s 6 are each

36 authority. The county authority shall, within one hundred twenty days,  
37 submit a brief report to the ((department)) authority recommending

1 remedial action. The report shall be prepared in consultation with the  
2 (~~department and its~~) authority and with the department's local

5 community, labor representatives, and low-income advocates in the  
6 distressed area. A county authority may contract with a local  
7 nonprofit entity to develop the report. If the county authority is  
8 unwilling or unable to develop the report, it shall notify the  
9 (~~department~~) authority within thirty days, and the (~~department~~)  
10 authority shall develop the report for the distressed area.

11 (3) The (~~department~~) authority shall review the report and use  
12 it, to the extent possible, in developing strategies to improve  
13 maternity care access in the distressed area. The (~~department~~)  
14 authority may contract with or directly employ qualified maternity care  
15 health providers to provide maternity care services, if access to such  
16 providers in the distressed area is not possible by other means. In  
17 such cases, the (~~department~~) authority is authorized to pay that  
18 portion of the health care providers' malpractice liability insurance

21 **Sec. 52.** RCW 74.09.820 and 1989 1st ex.s. c 10 s 7 are each  
22 amended to read as follows:

23 To the extent that federal matching funds are available, the  
24 (~~department~~) authority or the department of health (~~if one is~~  
25 ~~created~~) shall establish, in consultation with the health science  
26 programs of the state's colleges and universities, and community health  
27 clinics, a loan repayment program that will encourage maternity care  
28 providers to practice in medically underserved areas in exchange for  
29 repayment of part or all of their health education loans.

30 NEW SECTION. **Sec. 53.** A new section is added to chapter 74.09 RCW  
31 to read as follows:

32 (1) The following persons have the right to an adjudicative  
33 proceeding:

34 (a) Any applicant or recipient who is aggrieved by a decision of  
35 the authority or an authorized agency of the authority; or

1 (b) A current or former recipient who is aggrieved by the  
2 authority's claim that he or she owes a debt for overpayment of  
3 assistance.

4 (2) For purposes of this section:

5 (a) "Applicant" means any person who has made a request, or on  
6 behalf of whom a request has been made to the authority for any medical  
7 services program established under chapter 74.09 RCW.

8 (b) "Recipient" means a person who is receiving benefits from the  
9 authority for any medical services program established in this chapter.

10 (3) An applicant or recipient has no right to an adjudicative  
11 proceeding when the sole basis for the authority's decision is a  
12 federal or state law requiring an assistance adjustment for a class of  
13 applicants or recipients.

14 (4) An applicant or recipient may file an application for an  
15 adjudicative proceeding with either the authority or the department and  
16 must do so within ninety calendar days after receiving notice of the  
17 aggrieving decision. The authority shall determine which agency is  
18 responsible for representing the state of Washington in the hearing, in  
19 accordance with agreements entered pursuant to RCW 41.05.021.

20 (5)(a) The adjudicative proceeding is governed by the  
21 administrative procedure act, chapter 34.05 RCW, and this subsection.  
22 The following requirements shall apply to adjudicative proceedings in  
23 which an appellant seeks review of decisions made by more than one  
24 agency. When an appellant files a single application for an  
25 adjudicative proceeding seeking review of decisions by more than one  
26 agency, this review shall be conducted initially in one adjudicative  
27 proceeding. The presiding officer may sever the proceeding into  
28 multiple proceedings on the motion of any of the parties, when:

29 (i) All parties consent to the severance; or

30 (ii) Either party requests severance without another party's  
31 consent, and the presiding officer finds there is good cause for  
32 severing the matter and that the proposed severance is not likely to  
33 prejudice the rights of an appellant who is a party to any of the  
34 severed proceedings.

35 (b) If there are multiple adjudicative proceedings involving common  
36 issues or parties where there is one appellant and both the authority  
37 and the department are parties, upon motion of any party or upon his or  
38 her own motion, the presiding offer may consolidate the proceedings if

1 he or she finds that the consolidation is not likely to prejudice the  
2 rights of the appellant who is a party to any of the consolidated  
3 proceedings.

4 (c) The adjudicative proceeding shall be conducted at the local  
5 community services office or other location in Washington convenient to  
6 the applicant or recipient and, upon agreement by the applicant or  
7 recipient, may be conducted telephonically.

8 (d) The applicant or recipient, or his or her representative, has  
9 the right to inspect his or her file from the authority and, upon  
10 request, to receive copies of authority documents relevant to the  
11 proceedings free of charge.

12 (e) The applicant or recipient has the right to a copy of the audio  
13 recording of the adjudicative proceeding free of charge.

14 (f) If a final adjudicative order is issued in favor of an  
15 applicant, medical services benefits must be provided from the date of  
16 earliest eligibility, the date of denial of the application for  
17 assistance, or forty-five days following the date of application,  
18 whichever is soonest. If a final adjudicative order is issued in favor  
19 of a recipient, medical services benefits must be provided from the  
20 effective date of the authority's decision.

21 (g) The authority is limited to recovering an overpayment arising  
22 from assistance being continued pending the adjudicative proceeding to  
23 the amount recoverable up to the sixtieth day after the director's  
24 receipt of the application for an adjudicative proceeding.

25 (6) If the director requires that a party seek administrative  
26 review of an initial order to an adjudicative proceeding governed by  
27 this section, in order for the party to exhaust administrative remedies  
28 pursuant to RCW 34.05.534, the director shall adopt and implement rules  
29 in accordance with this subsection.

30 (a) The director, in consultation with the secretary, shall adopt  
31 rules to create a process for parties to seek administrative review of  
32 initial orders issued pursuant to RCW 34.05.461 in adjudicative  
33 proceedings governed by this subsection when multiple agencies are  
34 parties.

35 (b) This process shall seek to minimize any procedural complexities  
36 imposed on appellants that result from multiple agencies being parties  
37 to the matter, without prejudicing the rights of parties who are public  
38 assistance applicants or recipients.

1 (c) Nothing in this subsection shall impose or modify any legal  
2 requirement that a party seek administrative review of initial orders  
3 in order to exhaust administrative remedies pursuant to RCW 34.05.534.

4 (7) This subsection only applies to an adjudicative proceeding in  
5 which the appellant is an applicant for or recipient of medical  
6 services programs established under this chapter and the issue is his  
7 or her eligibility or ineligibility due to the assignment or transfer  
8 of a resource. The burden is on the authority or its authorized agency  
9 to prove by a preponderance of the evidence that the person knowingly  
10 and willingly assigned or transferred the resource at less than market  
11 value for the purpose of qualifying or continuing to qualify for  
12 medical services programs established under this chapter. If the  
13 prevailing party in the adjudicative proceeding is the applicant or  
14 recipient, he or she is entitled to reasonable attorneys' fees.

15 (8) When an applicant or recipient files a petition for judicial  
16 review as provided in RCW 34.05.514 of an adjudicative order entered  
17 with respect to the medical services program, no filing fee may be  
18 collected from the person and no bond may be required on any appeal.  
19 In the event that the superior court, the court of appeals, or the  
20 supreme court renders a decision in favor of the applicant or  
21 recipient, the person is entitled to reasonable attorneys' fees and  
22 costs. If a decision of the court is made in favor of an applicant,  
23 assistance shall be paid from the date of earliest eligibility, the  
24 date of the denial of the application for assistance, or forty-five  
25 days following the date of application, whichever is soonest. If a  
26 decision of the court is made in favor of a recipient, assistance shall  
27 be paid from the effective date of the authority's decision.

28 (9) The provisions of RCW 74.08.080 do not apply to adjudicative  
29 proceedings requested or conducted with respect to the medical services  
30 program pursuant to this section.

31 (10) The authority shall adopt any rules it deems necessary to  
32 implement this section.

20 and long-term care services, including services for persons with  
21 developmental disabilities. The agreements shall be revised as  
22 necessary, to comply with the final implementation plan adopted under  
23 section 117 of this act;

24 (iv) To adopt rules to carry out the purposes of chapter 74.09 RCW;

25 (v) To appoint such advisory committees or councils as may be  
26 required by any federal statute or regulation as a condition to the  
27 receipt of federal funds by the authority. The director may appoint  
28 statewide committees or councils in the following subject areas: (A)  
29 Health facilities; (B) children and youth services; (C) blind services;  
30 (D) medical and health care; (E) drug abuse and alcoholism; (F)  
31 rehabilitative services; and (G) such other subject matters as are or  
32 come within the authority's responsibilities. The statewide councils  
33 shall have representation from both major political parties and shall  
34 have substantial consumer representation. Such committees or councils  
35 shall be constituted as required by federal law or as the director in  
36 his or her discretion may determine. The members of the committees or  
37 councils shall hold office for three years except in the case of a  
38 vacancy, in which event appointment shall be only for the remainder of

1 the unexpired term for which the vacancy occurs. No member shall serve  
2 more than two consecutive terms. Members of such state advisory  
3 committees or councils may be paid their travel expenses in accordance  
4 with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended.

5 (2) On and after January 1, 1996, the public employees' benefits  
6 board may implement strategies to promote managed competition among  
7 employee health benefit plans. Strategies may include but are not  
8 limited to:

9 (a) Standardizing the benefit package;

10 (b) Soliciting competitive bids for the benefit package;

11 (c) Limiting the state's contribution to a percent of the lowest  
12 priced qualified plan within a geographical area;

13 (d) Monitoring the impact of the approach under this subsection  
14 with regards to: Efficiencies in health service delivery, cost shifts  
15 to subscribers, access to and choice of managed care plans statewide,  
16 and quality of health services. The health care authority shall also  
17 advise on the value of administering a benchmark employer-managed plan  
18 to promote competition among managed care plans.

19 **Sec. 57.** RCW 41.05.036 and 2009 c 300 s 2 are each amended to read

31 source for health-related data for Washington residents, including but

6 development of processes, guidelines, and standards under chapter 300,  
7 Laws of 2009.

17 read as follows:

18 To the extent that (~~sufficient~~) funding is provided specifically  
19 for this purpose, the (~~administrator, in collaboration with the~~  
20 ~~department of social and health services,~~) director shall provide all  
21 persons enrolled in health plans under this chapter and chapters 70.47  
22 and 74.09 RCW with access to a twenty-four hour, seven day a week nurse  
23 hotline.

24 **Sec. 59.** RCW 41.05.140 and 2000 c 80 s 5 are each amended to read  
25 as follows:

26 (1) Except for property and casualty insurance, the authority may  
27 self-fund, self-insure, or enter into other methods of providing  
28 insurance coverage for insurance programs under its jurisdiction,  
29 including the basic health plan as provided in chapter 70.47 RCW. The  
30 authority shall contract for payment of claims or other administrative  
31 services for programs under its jurisdiction. If a program does not  
32 require the prepayment of reserves, the authority shall establish such  
33 reserves within a reasonable period of time for the payment of claims  
34 as are normally required for that type of insurance under an insured  
35 program. The authority shall endeavor to reimburse basic health plan

1 health care providers under this section at rates similar to the  
2 average reimbursement rates offered by the statewide benchmark plan  
3 determined through the request for proposal process.

4 (2) Reserves established by the authority for employee and retiree  
5 benefit programs shall be held in a separate trust fund by the state  
6 treasurer and shall be known as the public employees' and retirees'  
7 insurance reserve fund. The state investment board shall act as the  
8 investor for the funds and, except as provided in RCW 43.33A.160 and  
9 43.84.160, one hundred percent of all earnings from these investments  
10 shall accrue directly to the public employees' and retirees' insurance  
11 reserve fund.

12 (3) Any savings realized as a result of a program created for  
13 employees and retirees under this section shall not be used to increase  
14 benefits unless such use is authorized by statute.

15 (4) Reserves established by the authority to provide insurance  
16 coverage for the basic health plan under chapter 70.47 RCW shall be  
17 held in a separate trust account in the custody of the state treasurer  
18 and shall be known as the basic health plan self-insurance reserve  
19 account. The state investment board shall act as the investor for the  
20 funds as set forth in RCW 43.33A.230 and, except as provided in RCW  
21 43.33A.160 and 43.84.160, one hundred percent of all earnings from  
22 these investments shall accrue directly to the basic health plan self-  
23 insurance reserve account.

24 (5) Any program created under this section shall be subject to the  
25 examination requirements of chapter 48.03 RCW as if the program were a  
26 domestic insurer. In conducting an examination, the commissioner shall  
27 determine the adequacy of the reserves established for the program.

28 (6) The authority shall keep full and adequate accounts and records  
29 of the assets, obligations, transactions, and affairs of any program  
30 created under this section.

31 (7) The authority shall file a quarterly statement of the financial

33 section in a form and manner prescribed by the insurance commissioner.  
34 The statement shall contain information as required by the commissioner  
35 for the type of insurance being offered under the program. A copy of  
36 the annual statement shall be filed with the speaker of the house of  
37 representatives and the president of the senate.

1       (8) The provisions of this section do not apply to the  
2 administration of chapter 74.09 RCW.

3       **Sec. 60.** RCW 41.05.185 and 1997 c 276 s 1 are each amended to read  
4 as follows:

5       The legislature finds that diabetes imposes a significant health  
6 risk and tremendous financial burden on the citizens and government of  
7 the state of Washington, and that access to the medically accepted  
8 standards of care for diabetes, its treatment and supplies, and self-  
9 management training and education is crucial to prevent or delay the  
10 short and long-term complications of diabetes and its attendant costs.

11       (1) The definitions in this subsection apply throughout this  
12 section unless the context clearly requires otherwise.

13       (a) "Person with diabetes" means a person diagnosed by a health  
14 care provider as having insulin using diabetes, noninsulin using  
15 diabetes, or elevated blood glucose levels induced by pregnancy; and

16       (b) "Health care provider" means a health care provider as defined  
17 in RCW 48.43.005.

18       (2) All state-purchased health care purchased or renewed after  
19 January 1, 1998, except the basic health plan described in chapter  
20 70.47 RCW and services provided under chapter 74.09 RCW, shall provide  
21 benefits for at least the following services and supplies for persons  
22 with diabetes:

23       (a) For state-purchased health care that includes coverage for  
24 pharmacy services, appropriate and medically necessary equipment and  
25 supplies, as prescribed by a health care provider, that includes but is  
26 not limited to insulin, syringes, injection aids, blood glucose  
27 monitors, test strips for blood glucose monitors, visual reading and  
28 urine test strips, insulin pumps and accessories to the pumps, insulin  
29 infusion devices, prescriptive oral agents for controlling blood sugar  
30 levels, foot care appliances for prevention of complications associated  
31 with diabetes, and glucagon emergency kits; and

32       (b) For all state-purchased health care, outpatient self-management  
33 training and education, including medical nutrition therapy, as ordered  
34 by the health care provider. Diabetes outpatient self-management  
35 training and education may be provided only by health care providers  
36 with expertise in diabetes. Nothing in this section prevents any state  
37 agency purchasing health care according to this section from

1 restricting patients to seeing only health care providers who have  
2 signed participating provider agreements with that state agency or an  
3 insuring entity under contract with that state agency.

4 (3) Coverage required under this section may be subject to  
5 customary cost-sharing provisions established for all other similar  
6 services or supplies within a policy.

7 (4) Health care coverage may not be reduced or eliminated due to  
8 this section.

9 (5) Services required under this section shall be covered when  
10 deemed medically necessary by the medical director, or his or her  
11 designee, subject to any referral and formulary requirements.

12 **Sec. 61.** RCW 43.20A.365 and 1997 c 430 s 2 are each amended to  
13 read as follows:

14 A committee or council required by federal law, within the  
15 (~~department of social and health services~~) health care authority,  
16 that makes policy recommendations regarding reimbursement for drugs  
17 under the requirements of federal law or regulations is subject to  
18 chapters 42.30 and 42.32 RCW.

19 **Sec. 62.** RCW 74.04.005 and 2010 1st sp.s. c 8 s 4 are each amended  
20 to read as follows:

21 For the purposes of this title, unless the context indicates  
22 otherwise, the following definitions shall apply:

23 (1) "Public assistance" or "assistance"--Public aid to persons in  
24 need thereof for any cause, including services, medical care,  
25 assistance grants, disbursing orders, work relief, disability lifeline  
26 benefits and federal aid assistance.

27 (2) "Department"--The department of social and health services.

28 (3) "County or local office"--The administrative office for one or  
29 more counties or designated service areas.

30 (4) (~~"Director" or~~) "Secretary" means the secretary of social and  
31 health services.

32 (5) "Disability lifeline program" means a program that provides aid  
33 and support in accordance with the conditions set out in this  
34 subsection.

35 (a) Aid and assistance shall be provided to persons who are not

1 eligible to receive federal aid assistance, other than basic food  
2 benefits transferred electronically and medical assistance and meet one  
3 of the following conditions:

4 (i) Are pregnant and in need, based upon the current income and  
5 resource requirements of the federal temporary assistance for needy  
6 families program; or

7 (ii) Are incapacitated from gainful employment by reason of bodily  
8 or mental infirmity that will likely continue for a minimum of ninety  
9 days as determined by the department. The standard for incapacity in  
10 this subsection, as evidenced by the ninety-day duration standard, is  
11 not intended to be as stringent as federal supplemental security income  
12 disability standards; and

13 (A) Are citizens or aliens lawfully admitted for permanent  
14 residence or otherwise residing in the United States under color of  
15 law;

16 (B) Have furnished the department their social security number. If  
17 the social security number cannot be furnished because it has not been  
18 issued or is not known, an application for a number shall be made prior  
19 to authorization of benefits, and the social security number shall be  
20 provided to the department upon receipt;

21 (C) Have not refused or failed without good cause to participate in  
22 drug or alcohol treatment if an assessment by a certified chemical  
23 dependency counselor indicates a need for such treatment. Good cause  
24 must be found to exist when a person's physical or mental condition, as  
25 determined by the department, prevents the person from participating in  
26 drug or alcohol dependency treatment, when needed outpatient drug or  
27 alcohol treatment is not available to the person in the county of his  
28 or her residence or when needed inpatient treatment is not available in  
29 a location that is reasonably accessible for the person; and

30 (D) Have not refused or failed without good cause to participate in  
31 vocational rehabilitation services, if an assessment conducted under  
32 RCW 74.04.655 indicates that the person might benefit from such  
33 services. Good cause must be found to exist when a person's physical  
34 or mental condition, as determined by the department, prevents the  
35 person from participating in vocational rehabilitation services, or  
36 when vocational rehabilitation services are not available to the person  
37 in the county of his or her residence.

1 (b)(i) Persons who initially apply and are found eligible for  
2 disability lifeline benefits based upon incapacity from gainful  
3 employment under (a) of this subsection on or after September 2, 2010,  
4 who are homeless and have been assessed as needing chemical dependency  
5 or mental health treatment or both, must agree, as a condition of  
6 eligibility for the disability lifeline program, to accept a housing  
7 voucher in lieu of a cash grant if a voucher is available. The  
8 department shall establish the dollar value of the housing voucher.  
9 The dollar value of the housing voucher may differ from the value of  
10 the cash grant. Persons receiving a housing voucher under this  
11 subsection also shall receive a cash stipend of fifty dollars per  
12 month.

13 (ii) If the department of commerce has determined under RCW  
14 43.330.175 that sufficient housing is not available, persons described  
15 in this subsection who apply for disability lifeline benefits during  
16 the time period that housing is not available shall receive a cash  
17 grant in lieu of a cash stipend and housing voucher.

18 (iii) Persons who refuse to accept a housing voucher under this  
19 subsection but otherwise meet the eligibility requirements of (a) of  
20 this subsection are eligible for medical care services benefits under  
21 RCW 74.09.035, subject to the time limits in (h) of this subsection.

22 (c) The following persons are not eligible for the disability  
23 lifeline program:

24 (i) Persons who are unemployable due primarily to alcohol or drug  
25 addiction. These persons shall be referred to appropriate assessment,  
26 treatment, shelter, or supplemental security income referral services  
27 as authorized under chapter 74.50 RCW. Referrals shall be made at the  
28 time of application or at the time of eligibility review. This  
29 subsection shall not be construed to prohibit the department from  
30 granting disability lifeline benefits to alcoholics and drug addicts  
31 who are incapacitated due to other physical or mental conditions that  
32 meet the eligibility criteria for the disability lifeline program;

33 (ii) Persons who refuse or fail to cooperate in obtaining federal  
34 aid assistance, without good cause.

35 (d) Disability lifeline benefits shall be provided only to persons  
36 who are not members of assistance units receiving federal aid  
37 assistance, except as provided in (a) of this subsection, and who will  
38 accept available services that can reasonably be expected to enable the

1 person to work or reduce the need for assistance unless there is good  
2 cause to refuse. Failure to accept such services shall result in  
3 termination until the person agrees to cooperate in accepting such  
4 services and subject to the following maximum periods of ineligibility  
5 after reapplication:

6 (i) First failure: One week;

7 (ii) Second failure within six months: One month;

8 (iii) Third and subsequent failure within one year: Two months.

9 (e) Persons who are likely eligible for federal supplemental  
10 security income benefits shall be moved into the disability lifeline  
11 expedited component of the disability lifeline program. Persons placed  
12 in the expedited component of the program may, if otherwise eligible,  
13 receive disability lifeline benefits pending application for federal  
14 supplemental security income benefits. The monetary value of any  
15 disability lifeline benefit that is subsequently duplicated by the  
16 person's receipt of supplemental security income for the same period  
17 shall be considered a debt due the state and shall by operation of law  
18 be subject to recovery through all available legal remedies.

19 (f) For purposes of determining whether a person is incapacitated  
20 from gainful employment under (a) of this subsection:

21 (i) The department shall adopt by rule medical criteria for  
22 disability lifeline incapacity determinations to ensure that  
23 eligibility decisions are consistent with statutory requirements and  
24 are based on clear, objective medical information; and

25 (ii) The process implementing the medical criteria shall involve  
26 consideration of opinions of the treating or consulting physicians or  
27 health care professionals regarding incapacity, and any eligibility  
28 decision which rejects uncontroverted medical opinion must set forth  
29 clear and convincing reasons for doing so.

30 (g) Persons receiving disability lifeline benefits based upon a  
31 finding of incapacity from gainful employment who remain otherwise  
32 eligible shall have their benefits discontinued unless the recipient  
33 demonstrates no material improvement in their medical or mental health  
34 condition. The department may discontinue benefits when there was  
35 specific error in the prior determination that found the person  
36 eligible by reason of incapacitation.

37 (h)(i) Beginning September 1, 2010, no person who is currently  
38 receiving or becomes eligible for disability lifeline program benefits

1 shall be eligible to receive benefits under the program for more than  
2 twenty-four months in a sixty-month period. For purposes of this  
3 subsection, months of receipt of general assistance-unemployable  
4 benefits count toward the twenty-four month limit. Months during which  
5 a person received benefits under the expedited component of the  
6 disability lifeline or general assistance program or under the aged,  
7 blind, or disabled component of the disability lifeline or general  
8 assistance program shall not be included when determining whether a  
9 person has been receiving benefits for more than twenty-four months.  
10 On or before July 1, 2010, the department must review the cases of all  
11 persons who have received disability lifeline benefits or general  
12 assistance unemployable benefits for at least twenty months as of that  
13 date. On or before September 1, 2010, the department must review the  
14 cases of all remaining persons who have received disability lifeline  
15 benefits for at least twelve months as of that date. The review should  
16 determine whether the person meets the federal supplemental security  
17 income disability standard and, if the person does not meet that  
18 standard, whether the receipt of additional services could lead to  
19 employability. If a need for additional services is identified, the  
20 department shall provide case management services, such as assistance  
21 with arranging transportation or locating stable housing, that will  
22 facilitate the person's access to needed services. A person may not be  
23 determined ineligible due to exceeding the time limit unless he or she  
24 has received a case review under this subsection finding that the  
25 person does not meet the federal supplemental security income  
26 disability standard.

27 (ii) The time limits established under this subsection expire June  
28 30, 2013.

29 (i) No person may be considered an eligible individual for  
30 disability lifeline benefits with respect to any month if during that  
31 month the person:

32 (i) Is fleeing to avoid prosecution of, or to avoid custody or  
33 confinement for conviction of, a felony, or an attempt to commit a  
34 felony, under the laws of the state of Washington or the place from  
35 which the person flees; or

36 (ii) Is violating a condition of probation, community supervision,  
37 or parole imposed under federal or state law for a felony or gross  
38 misdemeanor conviction.

1 (6) "Disability lifeline expedited" means a component of the  
2 disability lifeline program under which persons receiving disability  
3 lifeline benefits have been determined, after examination by an  
4 appropriate health care provider, to be likely to be eligible for  
5 federal supplemental security income benefits based on medical and  
6 behavioral health evidence that meets the disability standards used for  
7 the federal supplemental security income program.

8 (7) "Federal aid assistance"--The specific categories of assistance  
9 for which provision is made in any federal law existing or hereafter  
10 passed by which payments are made from the federal government to the  
11 state in aid or in respect to payment by the state for public  
12 assistance rendered to any category of needy persons for which  
13 provision for federal funds or aid may from time to time be made, or a  
14 federally administered needs-based program.

15 (8) "Applicant"--Any person who has made a request, or on behalf of  
16 whom a request has been made, to any county or local office for  
17 assistance.

18 (9) "Recipient"--Any person receiving assistance and in addition  
19 those dependents whose needs are included in the recipient's  
20 assistance.

21 (10) "Standards of assistance"--The level of income required by an  
22 applicant or recipient to maintain a level of living specified by the  
23 department.

24 (11) "Resource"--Any asset, tangible or intangible, owned by or  
25 available to the applicant at the time of application, which can be  
26 applied toward meeting the applicant's need, either directly or by  
27 conversion into money or its equivalent. The department may by rule  
28 designate resources that an applicant may retain and not be ineligible  
29 for public assistance because of such resources. Exempt resources  
30 shall include, but are not limited to:

31 (a) A home that an applicant, recipient, or their dependents is  
32 living in, including the surrounding property;

33 (b) Household furnishings and personal effects;

34 (c) A motor vehicle, other than a motor home, used and useful  
35 having an equity value not to exceed five thousand dollars;

36 (d) A motor vehicle necessary to transport a household member with  
37 a physical disability. This exclusion is limited to one vehicle per  
38 person with a physical disability;

1 (e) All other resources, including any excess of values exempted,  
2 not to exceed one thousand dollars or other limit as set by the  
3 department, to be consistent with limitations on resources and  
4 exemptions necessary for federal aid assistance. The department shall  
5 also allow recipients of temporary assistance for needy families to  
6 exempt savings accounts with combined balances of up to an additional  
7 three thousand dollars;

8 (f) Applicants for or recipients of disability lifeline benefits  
9 shall have their eligibility based on resource limitations consistent  
10 with the temporary assistance for needy families program rules adopted  
11 by the department; and

12 (g) If an applicant for or recipient of public assistance possesses  
13 property and belongings in excess of the ceiling value, such value  
14 shall be used in determining the need of the applicant or recipient,  
15 except that: (i) The department may exempt resources or income when  
16 the income and resources are determined necessary to the applicant's or  
17 recipient's restoration to independence, to decrease the need for  
18 public assistance, or to aid in rehabilitating the applicant or  
19 recipient or a dependent of the applicant or recipient; and (ii) the  
20 department may provide grant assistance for a period not to exceed nine  
21 months from the date the agreement is signed pursuant to this section  
22 to persons who are otherwise ineligible because of excess real property  
23 owned by such persons when they are making a good faith effort to  
24 dispose of that property: PROVIDED, That:

25 (A) The applicant or recipient signs an agreement to repay the  
26 lesser of the amount of aid received or the net proceeds of such sale;

27 (B) If the owner of the excess property ceases to make good faith  
28 efforts to sell the property, the entire amount of assistance may  
29 become an overpayment and a debt due the state and may be recovered  
30 pursuant to RCW 43.20B.630;

31 (C) Applicants and recipients are advised of their right to a fair  
32 hearing and afforded the opportunity to challenge a decision that good  
33 faith efforts to sell have ceased, prior to assessment of an  
34 overpayment under this section; and

35 (D) At the time assistance is authorized, the department files a  
36 lien without a sum certain on the specific property.

37 (12) "Income"--(a) All appreciable gains in real or personal  
38 property (cash or kind) or other assets, which are received by or

1 become available for use and enjoyment by an applicant or recipient  
2 during the month of application or after applying for or receiving  
3 public assistance. The department may by rule and regulation exempt  
4 income received by an applicant for or recipient of public assistance  
5 which can be used by him or her to decrease his or her need for public  
6 assistance or to aid in rehabilitating him or her or his or her  
7 dependents, but such exemption shall not, unless otherwise provided in  
8 this title, exceed the exemptions of resources granted under this  
9 chapter to an applicant for public assistance. In addition, for cash  
10 assistance the department may disregard income pursuant to RCW  
11 74.08A.230 and 74.12.350.

12 (b) If, under applicable federal requirements, the state has the  
13 option of considering property in the form of lump sum compensatory  
14 awards or related settlements received by an applicant or recipient as  
15 income or as a resource, the department shall consider such property to  
16 be a resource.

9 enhance coordination of special needs transportation programs to ensure  
10 that they are delivered efficiently and result in improved access and  
11 increased mobility options for their clients. It is the intent of the  
12 legislature to further consider some of the recommendations, and to

22 to advance the goals of chapter 515, Laws of 2009 and the

9 (f) The agency council on coordinated transportation;  
10 (g) The local coordinating coalitions established under RCW  
11 47.06B.070; and  
12 (h) The office of the superintendent of public instruction.  
13 (5) The work group shall elect one or more of its members to  
14 service as chair or cochairs.  
15 (6) The work group shall immediately contact representatives of the  
16 federal congressional delegation for Washington state and the relevant  
17 federal agencies and coordinating authorities including, but not  
18 limited to, the federal transit administration, the United States  
19 department of health and human services, and the interagency  
20 transportation coordinating council on access and mobility, and invite  
21 the federal representatives to work collaboratively to:  
22 (a) Identify transportation definitions and terminology used in the  
23 various relevant state and federal programs, and establish consistent  
24 transportation definitions and terminology. For purposes of this  
25 subsection, relevant state definitions exclude terminology that  
26 requires a medical determination, including whether a trip or service  
27 is medically necessary;  
28 (b) Identify restrictions or barriers that preclude federal, state,  
29 and local agencies from sharing client lists or other client  
30 information, and make progress towards removing any restrictions or  
31 barriers;  
32 (c) Identify relevant state and federal performance and cost  
33 reporting systems and requirements, and work towards establishing  
34 consistent and uniform performance and cost reporting systems and  
35 requirements; and  
36 (d) Explore, subject to federal approval, opportunities to test  
37 cost allocation models, including the pilot projects established in RCW  
38 47.06B.080, that:

1 (i) Allow for cost sharing among public paratransit and medicaid  
2 nonemergency medical trips; and

3 (ii) Capture the value of medicaid trips provided by public transit  
4 agencies for which they are not currently reimbursed with a funding  
5 match by federal medicaid dollars.

6 (7) By December 1, 2009, the work group shall submit a report to  
7 the joint transportation committee that explains the progress made  
8 towards the goals of this section and identifies any necessary  
9 legislative action that must be taken to implement all the provisions  
10 of this section. A second progress report must be submitted to the  
11 joint transportation committee by June 1, 2010, and a final report must  
12 be submitted to the joint transportation committee by December 1, 2010.

13 **Sec. 76.** RCW 47.06B.070 and 2009 c 515 s 9 are each amended to  
14 read as follows:

15 (1) A local coordinating coalition is created in each nonemergency  
16 medical transportation brokerage region, as designated by the  
17 (~~department of social and health services~~) health care authority,  
18 that encompasses:

19 (a) A single county that has a population of more than seven  
20 hundred fifty thousand but less than one million; and

21 (b) Five counties, and is comprised of at least one county that has  
22 a population of more than four hundred thousand.

23 (2) The purpose of a local coordinating coalition is to advance  
24 local efforts to coordinate and maximize efficiencies in special needs  
25 transportation programs and services, contributing to the overall  
26 objectives and goals of the agency council on coordinated  
27 transportation. The local coordinating coalition shall serve in an  
28 advisory capacity to the agency council on coordinated transportation  
29 by providing the council with a focused and ongoing assessment of the  
30 special transportation needs and services provided within its region.

31 (3) The composition and size of each local coordinating coalition  
32 may vary by region. Local coordinating coalition members, appointed by  
33 the chair of the agency council on coordinated transportation to two-  
34 year terms, must reflect a balanced representation of the region's  
35 providers of special needs transportation services and must include:

36 (a) Members of existing local coordinating coalitions, with  
37 approval by those members;

1 (b) One or more representatives of the public transit agency or  
2 agencies serving the region;

3 (c) One or more representatives of private service providers;

4 (d) A representative of civic or community-based service providers;

5 (e) A consumer of special needs transportation services;

6 (f) A representative of nonemergency medical transportation  
7 medicaid brokers;

8 (g) A representative of social and human service programs;

9 (h) A representative of local high school districts; and

10 (i) A representative from the Washington state department of  
11 veterans affairs.

12 (4) Each coalition shall vote on an annual basis to elect one of  
13 its members to serve as chair. The position of chair must rotate among  
14 the represented members at least every two years. If the position of  
15 chair is vacated for any reason, the member representing the regional  
16 transportation planning organization described in subsection (6) of  
17 this section shall serve as acting chair until the next regular meeting  
18 of the coalition, at which time the members will elect a chair.

19 (5) Regular meetings of the local coordinating coalition may be  
20 convened at the call of the chair or by a majority of the members.  
21 Meetings must be open to the public, and held in locations that are  
22 readily accessible to public transportation.

23 (6) The regional transportation planning organization, as described  
24 in chapter 47.80 RCW, serving the region in which the local  
25 coordinating coalition is created shall provide necessary staff support  
26 for the local coordinating coalition. In regions served by more than  
27 one regional transportation planning organization, unless otherwise  
28 agreed to by the relevant planning organizations, the regional  
29 transportation planning organization serving the largest population  
30 within the region shall provide the necessary staff support.

31 **Sec. 77.** RCW 48.01.235 and 2003 c 248 s 2 are each amended to read  
32 as follows:

33 (1) An issuer and an employee welfare benefit plan, whether insured  
34 or self funded, as defined in the employee retirement income security  
35 act of 1974, 29 U.S.C. Sec. 1101 et seq. may not deny enrollment of a  
36 child under the health plan of the child's parent on the grounds that:

37 (a) The child was born out of wedlock;

1 (b) The child is not claimed as a dependent on the parent's federal  
2 tax return; or

3 (c) The child does not reside with the parent or in the issuer's,  
4 or insured or self funded employee welfare benefit plan's service area.

5 (2) Where a child has health coverage through an issuer, or an  
6 insured or self funded employee welfare benefit plan of a noncustodial  
7 parent, the issuer, or insured or self funded employee welfare benefit  
8 plan, shall:

9 (a) Provide such information to the custodial parent as may be  
10 necessary for the child to obtain benefits through that coverage;

11 (b) Permit the provider or the custodial parent to submit claims  
12 for covered services without the approval of the noncustodial parent.  
13 If the provider submits the claim, the provider will obtain the  
14 custodial parent's assignment of insurance benefits or otherwise secure  
15 the custodial parent's approval.

16 For purposes of this subsection the (~~department of social and~~  
17 ~~health services~~) health care authority as the state medicaid agency  
18 under RCW 74.09.500 may reassign medical insurance rights to the  
19 provider for custodial parents whose children are eligible for services  
20 under RCW 74.09.500; and

21 (c) Make payments on claims submitted in accordance with (b) of  
22 this subsection directly to the custodial parent, to the provider, or  
23 to the (~~department of social and health services~~) health care  
24 authority as the state medicaid agency under RCW 74.09.500.

25 (3) Where a child does not reside in the issuer's service area, an  
26 issuer shall cover no less than urgent and emergent care. Where the  
27 issuer offers broader coverage, whether by policy or reciprocal  
28 agreement, the issuer shall provide such coverage to any child  
29 otherwise covered that does not reside in the issuer's service area.

30 (4) Where a parent is required by a court order to provide health  
31 coverage for a child, and the parent is eligible for family health  
32 coverage, the issuer, or insured or self funded employee welfare  
33 benefit plan, shall:

34 (a) Permit the parent to enroll, under the family coverage, a child  
35 who is otherwise eligible for the coverage without regard to any  
36 enrollment season restrictions;

37 (b) Enroll the child under family coverage upon application of the  
38 child's other parent, (~~department of social and health services~~)

1 health care authority as the state medicaid agency under RCW 74.09.500,  
2 or child support enforcement program, if the parent is enrolled but  
3 fails to make application to obtain coverage for such child; and

4 (c) Not disenroll, or eliminate coverage of, such child who is  
5 otherwise eligible for the coverage unless the issuer or insured or  
6 self funded employee welfare benefit plan is provided satisfactory  
7 written evidence that:

8 (i) The court order is no longer in effect; or

9 (ii) The child is or will be enrolled in comparable health coverage  
10 through another issuer, or insured or self funded employee welfare  
11 benefit plan, which will take effect not later than the effective date  
12 of disenrollment.

13 (5) An issuer, or insured or self funded employee welfare benefit  
14 plan, that has been assigned the rights of an individual eligible for  
15 medical assistance under medicaid and coverage for health benefits from  
16 the issuer, or insured or self funded employee welfare benefit plan,  
17 may not impose requirements on the (~~department of social and health~~  
18 ~~services~~) health care authority that are different from requirements  
19 applicable to an agent or assignee of any other individual so covered.

20 **Sec. 78.** RCW 48.43.008 and 2007 c 259 s 24 are each amended to  
21 read as follows:

22 When the (~~department of social and health services~~) health care  
23 authority determines that it is cost-effective to enroll a person  
24 eligible for medical assistance under chapter 74.09 RCW in an  
25 employer-sponsored health plan, a carrier shall permit the enrollment  
26 of the person in the health plan for which he or she is otherwise  
27 eligible without regard to any open enrollment period restrictions.

28 **Sec. 79.** RCW 48.43.517 and 2007 c 5 s 7 are each amended to read  
29 as follows:

30 When the (~~department of social and health services~~) health care  
31 authority has determined that it is cost-effective to enroll a child  
32 participating in a medical assistance program under chapter 74.09 RCW  
33 in an employer-sponsored health plan, the carrier shall permit the  
34 enrollment of the participant who is otherwise eligible for coverage in  
35 the health plan without regard to any open enrollment restrictions.

1 The request for special enrollment shall be made by the ((~~department~~))  
2 authority or participant within sixty days of the ((~~department's~~))  
3 authority's determination that the enrollment would be cost-effective.

4 **Sec. 80.** RCW 69.41.030 and 2010 c 83 s 1 are each amended to read  
5 as follows:

6 (1) It shall be unlawful for any person to sell, deliver, or  
7 possess any legend drug except upon the order or prescription of a  
8 physician under chapter 18.71 RCW, an osteopathic physician and surgeon  
9 under chapter 18.57 RCW, an optometrist licensed under chapter 18.53  
10 RCW who is certified by the optometry board under RCW 18.53.010, a  
11 dentist under chapter 18.32 RCW, a podiatric physician and surgeon  
12 under chapter 18.22 RCW, a veterinarian under chapter 18.92 RCW, a  
13 commissioned medical or dental officer in the United States armed  
14 forces or public health service in the discharge of his or her official  
15 duties, a duly licensed physician or dentist employed by the veterans  
16 administration in the discharge of his or her official duties, a  
17 registered nurse or advanced registered nurse practitioner under  
18 chapter 18.79 RCW when authorized by the nursing care quality assurance  
19 commission, an osteopathic physician assistant under chapter 18.57A RCW  
20 when authorized by the board of osteopathic medicine and surgery, a  
21 physician assistant under chapter 18.71A RCW when authorized by the  
22 medical quality assurance commission, or any of the following  
23 professionals in any province of Canada that shares a common border  
24 with the state of Washington or in any state of the United States: A  
25 physician licensed to practice medicine and surgery or a physician  
26 licensed to practice osteopathic medicine and surgery, a dentist  
27 licensed to practice dentistry, a podiatric physician and surgeon  
28 licensed to practice podiatric medicine and surgery, a licensed  
29 advanced registered nurse practitioner, or a veterinarian licensed to  
30 practice veterinary medicine: PROVIDED, HOWEVER, That the above  
31 provisions shall not apply to sale, delivery, or possession by drug  
32 wholesalers or drug manufacturers, or their agents or employees, or to  
33 any practitioner acting within the scope of his or her license, or to  
34 a common or contract carrier or warehouseman, or any employee thereof,  
35 whose possession of any legend drug is in the usual course of business  
36 or employment: PROVIDED FURTHER, That nothing in this chapter or  
37 chapter 18.64 RCW shall prevent a family planning clinic that is under

1 contract with the (~~department of social and health services~~) health  
2 care authority from selling, delivering, possessing, and dispensing  
3 commercially prepackaged oral contraceptives prescribed by authorized,  
4 licensed health care practitioners.

5 (2)(a) A violation of this section involving the sale, delivery, or  
6 possession with intent to sell or deliver is a class B felony  
7 punishable according to chapter 9A.20 RCW.

8 (b) A violation of this section involving possession is a  
9 misdemeanor.

10 **Sec. 81.** RCW 69.41.190 and 2009 c 575 s 1 are each amended to read  
11 as follows:

12 (1)(a) Except as provided in subsection (2) of this section, any  
13 pharmacist filling a prescription under a state purchased health care  
14 program as defined in RCW 41.05.011(2) shall substitute, where  
15 identified, a preferred drug for any nonpreferred drug in a given  
16 therapeutic class, unless the endorsing practitioner has indicated on  
17 the prescription that the nonpreferred drug must be dispensed as  
18 written, or the prescription is for a refill of an antipsychotic,  
19 antidepressant, antiepileptic, chemotherapy, antiretroviral, or  
20 immunosuppressive drug, or for the refill of a  
21 immunomodulator/antiviral treatment for hepatitis C for which an  
22 established, fixed duration of therapy is prescribed for at least  
23 twenty-four weeks but no more than forty-eight weeks, in which case the  
24 pharmacist shall dispense the prescribed nonpreferred drug.

25 (b) When a substitution is made under (a) of this subsection, the  
26 dispensing pharmacist shall notify the prescribing practitioner of the  
27 specific drug and dose dispensed.

28 (2)(a) A state purchased health care program may impose limited  
29 restrictions on an endorsing practitioner's authority to write a  
30 prescription to dispense as written only under the following  
31 circumstances:

32 (i) There is statistical or clear data demonstrating the endorsing  
33 practitioner's frequency of prescribing dispensed as written for  
34 nonpreferred drugs varies significantly from the prescribing patterns  
35 of his or her peers;

36 (ii) The medical director of a state purchased health program has:  
37 (A) Presented the endorsing practitioner with data that indicates the

1 endorsing practitioner's prescribing patterns vary significantly from  
2 his or her peers, (B) provided the endorsing practitioner an  
3 opportunity to explain the variation in his or her prescribing patterns  
4 to those of his or her peers, and (C) if the variation in prescribing  
5 patterns cannot be explained, provided the endorsing practitioner  
6 sufficient time to change his or her prescribing patterns to align with  
7 those of his or her peers; and

8 (iii) The restrictions imposed under (a) of this subsection (2)  
9 must be limited to the extent possible to reduce variation in  
10 prescribing patterns and shall remain in effect only until such time as  
11 the endorsing practitioner can demonstrate a reduction in variation in  
12 line with his or her peers.

13 (b) A state purchased health care program may immediately designate  
14 an available, less expensive, equally effective generic product in a  
15 previously reviewed drug class as a preferred drug, without first  
16 submitting the product to review by the pharmacy and therapeutics  
17 committee established pursuant to RCW 70.14.050.

18 (c) For a patient's first course of treatment within a therapeutic  
19 class of drugs, a state purchased health care program may impose  
20 limited restrictions on endorsing practitioners' authority to write a  
21 prescription to dispense as written, only under the following  
22 circumstances:

23 (i) There is a less expensive, equally effective therapeutic  
24 alternative generic product available to treat the condition;

25 (ii) The drug use review board established under WAC 388-530-4000  
26 reviews and provides recommendations as to the appropriateness of the  
27 limitation;

28 (iii) Notwithstanding the limitation set forth in (c)(ii) of this  
29 subsection (2), the endorsing practitioner shall have an opportunity to  
30 request as medically necessary, that the brand name drug be prescribed  
31 as the first course of treatment;

32 (iv) The state purchased health care program may provide, where  
33 available, prescription, emergency room, diagnosis, and hospitalization  
34 history with the endorsing practitioner; and

35 (v) Specifically for antipsychotic restrictions, the state  
36 purchased health care program shall effectively guide good practice  
37 without interfering with the timeliness of clinical decision making.

38 (~~Department of social and health services~~) Health care authority

1 prior authorization programs must provide for responses within  
2 twenty-four hours and at least a seventy-two hour emergency supply of  
3 the requested drug.

4 (d) If, within a therapeutic class, there is an equally effective  
5 therapeutic alternative over-the-counter drug available, a state  
6 purchased health care program may designate the over-the-counter drug  
7 as the preferred drug.

8 (e) A state purchased health care program may impose limited  
9 restrictions on endorsing practitioners' authority to prescribe  
10 pharmaceuticals to be dispensed as written for a purpose outside the  
11 scope of their approved labels only under the following circumstances:

12 (i) There is a less expensive, equally effective on-label product  
13 available to treat the condition;

14 (ii) The drug use review board established under WAC 388-530-4000  
15 reviews and provides recommendations as to the appropriateness of the  
16 limitation; and

17 (iii) Notwithstanding the limitation set forth in (e)(ii) of this  
18 subsection (2), the endorsing practitioner shall have an opportunity to  
19 request as medically necessary, that the drug be prescribed for a  
20 covered off-label purpose.

21 (f) The provisions of this subsection related to the definition of  
22 medically necessary, prior authorization procedures and patient appeal  
23 rights shall be implemented in a manner consistent with applicable  
24 federal and state law.

25 (3) Notwithstanding the limitations in subsection (2) of this  
26 section, for refills for an antipsychotic, antidepressant,  
27 antiepileptic, chemotherapy, antiretroviral, or immunosuppressive drug,  
28 or for the refill of an immunomodulator antiviral treatment for  
29 hepatitis C for which an established, fixed duration of therapy is  
30 prescribed for at least twenty-four weeks by no more than forty-eight  
31 weeks, the pharmacist shall dispense the prescribed nonpreferred drug.

32 **Sec. 82.** RCW 70.01.010 and 2011 c 27 s 3 are each amended to read  
33 as follows:

34 In furtherance of the policy of this state to cooperate with the  
35 federal government in the public health programs, the department of  
36 health (~~and~~), the state board of health, and the health care  
37 authority shall adopt such rules as may become necessary to entitle

1 this state to participate in federal funds unless expressly prohibited  
2 by law. Any section or provision of the public health laws of this  
3 state which may be susceptible to more than one construction shall be  
4 interpreted in favor of the construction most likely to satisfy federal  
5 laws entitling this state to receive federal funds for the various  
6 programs of public health.

7 **Sec. 83.** RCW 70.47.010 and 2009 c 568 s 1 are each amended to read  
8 as follows:

9 (1)(a) The legislature finds that limitations on access to health  
10 care services for enrollees in the state, such as in rural and  
11 underserved areas, are particularly challenging for the basic health  
12 plan. Statutory restrictions have reduced the options available to the  
13 (~~administrator~~) director to address the access needs of basic health  
14 plan enrollees. It is the intent of the legislature to authorize the  
15 (~~administrator~~) director to develop alternative purchasing strategies  
16 to ensure access to basic health plan enrollees in all areas of the  
17 state, including: (i) The use of differential rating for managed  
18 health care systems based on geographic differences in costs; and (ii)  
19 limited use of self-insurance in areas where adequate access cannot be  
20 assured through other options.

21 (b) In developing alternative purchasing strategies to address  
22 health care access needs, the (~~administrator~~) director shall consult  
23 with interested persons including health carriers, health care  
24 providers, and health facilities, and with other appropriate state  
25 agencies including the office of the insurance commissioner and the  
26 office of community and rural health. In pursuing such alternatives,  
27 the (~~administrator~~) director shall continue to give priority to  
28 prepaid managed care as the preferred method of assuring access to  
29 basic health plan enrollees followed, in priority order, by preferred  
30 providers, fee for service, and self-funding.

31 (2) The legislature further finds that:

32 (a) A significant percentage of the population of this state does  
33 not have reasonably available insurance or other coverage of the costs  
34 of necessary basic health care services;

35 (b) This lack of basic health care coverage is detrimental to the  
36 health of the individuals lacking coverage and to the public welfare,

1 and results in substantial expenditures for emergency and remedial  
2 health care, often at the expense of health care providers, health care  
3 facilities, and all purchasers of health care, including the state; and

4 (c) The use of managed health care systems has significant  
5 potential to reduce the growth of health care costs incurred by the  
6 people of this state generally, and by low-income pregnant women, and  
7 at-risk children and adolescents who need greater access to managed  
8 health care.

9 (3) The purpose of this chapter is to provide or make more readily  
10 available necessary basic health care services in an appropriate  
11 setting to working persons and others who lack coverage, at a cost to  
12 these persons that does not create barriers to the utilization of  
13 necessary health care services. To that end, this chapter establishes  
14 a program to be made available to those residents not eligible for  
15 medicare who share in a portion of the cost or who pay the full cost of  
16 receiving basic health care services from a managed health care system.

17 (4) It is not the intent of this chapter to provide health care  
18 services for those persons who are presently covered through private  
19 employer-based health plans, nor to replace employer-based health  
20 plans. However, the legislature recognizes that cost-effective and  
21 affordable health plans may not always be available to small business  
22 employers. Further, it is the intent of the legislature to expand,  
23 wherever possible, the availability of private health care coverage and  
24 to discourage the decline of employer-based coverage.

25 (5)(a) It is the purpose of this chapter to acknowledge the initial  
26 success of this program that has (i) assisted thousands of families in  
27 their search for affordable health care; (ii) demonstrated that low-  
28 income, uninsured families are willing to pay for their own health care  
29 coverage to the extent of their ability to pay; and (iii) proved that  
30 local health care providers are willing to enter into a public-private  
31 partnership as a managed care system.

32 (b) As a consequence, the legislature intends to extend an option  
33 to enroll to certain citizens above two hundred percent of the federal  
34 poverty guidelines within the state who reside in communities where the  
35 plan is operational and who collectively or individually wish to  
36 exercise the opportunity to purchase health care coverage through the  
37 basic health plan if the purchase is done at no cost to the state. It  
38 is also the intent of the legislature to allow employers and other

1 financial sponsors to financially assist such individuals to purchase  
2 health care through the program so long as such purchase does not  
3 result in a lower standard of coverage for employees.

4 (c) The legislature intends that, to the extent of available funds,  
5 the program be available throughout Washington state to subsidized and  
6 nonsubsidized enrollees. It is also the intent of the legislature to  
7 enroll subsidized enrollees first, to the maximum extent feasible.

8 (d) The legislature directs that the basic health plan  
9 (~~administrator~~) director identify enrollees who are likely to be  
10 eligible for medical assistance and assist these individuals in  
11 applying for and receiving medical assistance. (~~The administrator and  
12 the department of social and health services shall implement a seamless  
13 system to coordinate eligibility determinations and benefit coverage  
14 for enrollees of the basic health plan and medical assistance  
15 recipients.~~) Enrollees receiving medical assistance are not eligible  
16 for the Washington basic health plan.

17 **Sec. 84.** RCW 70.47.020 and 2011 c 205 s 1 are each amended to read  
18 as follows:

19 As used in this chapter:

20 (1) (~~"Administrator" means the Washington basic health plan  
21 administrator, who also holds the position of administrator~~)  
22 "Director" means the director of the Washington state health care  
23 authority.

24 (2) "Health coverage tax credit eligible enrollee" means individual  
25 workers and their qualified family members who lose their jobs due to  
26 the effects of international trade and are eligible for certain trade  
27 adjustment assistance benefits; or are eligible for benefits under the  
28 alternative trade adjustment assistance program; or are people who  
29 receive benefits from the pension benefit guaranty corporation and are  
30 at least fifty-five years old.

31 (3) "Health coverage tax credit program" means the program created  
32 by the Trade Act of 2002 (P.L. 107-210) that provides a federal tax  
33 credit that subsidizes private health insurance coverage for displaced  
34 workers certified to receive certain trade adjustment assistance  
35 benefits and for individuals receiving benefits from the pension  
36 benefit guaranty corporation.

1 (4) "Managed health care system" means: (a) Any health care  
2 organization, including health care providers, insurers, health care  
3 service contractors, health maintenance organizations, or any  
4 combination thereof, that provides directly or by contract basic health  
5 care services, as defined by the ((~~administrator~~)) director and  
6 rendered by duly licensed providers, to a defined patient population  
7 enrolled in the plan and in the managed health care system; or (b) a  
8 self-funded or self-insured method of providing insurance coverage to  
9 subsidized enrollees provided under RCW 41.05.140 and subject to the  
10 limitations under RCW 70.47.100(7).

11 (5) "Nonsubsidized enrollee" means an individual, or an individual  
12 plus the individual's spouse or dependent children: (a) Who is not  
13 eligible for medicare; (b) who is not confined or residing in a  
14 government-operated institution, unless he or she meets eligibility  
15 criteria adopted by the ((~~administrator~~)) director; (c) who is accepted  
16 for enrollment by the ((~~administrator~~)) director as provided in RCW  
17 48.43.018, either because the potential enrollee cannot be required to  
18 complete the standard health questionnaire under RCW 48.43.018, or,  
19 based upon the results of the standard health questionnaire, the  
20 potential enrollee would not qualify for coverage under the Washington  
21 state health insurance pool; (d) who resides in an area of the state  
22 served by a managed health care system participating in the plan; (e)  
23 who chooses to obtain basic health care coverage from a particular  
24 managed health care system; and (f) who pays or on whose behalf is paid  
25 the full costs for participation in the plan, without any subsidy from  
26 the plan.

27 (6) "Premium" means a periodic payment, which an individual, their  
28 employer or another financial sponsor makes to the plan as  
29 consideration for enrollment in the plan as a subsidized enrollee, a  
30 nonsubsidized enrollee, or a health coverage tax credit eligible  
31 enrollee.

32 (7) "Rate" means the amount, negotiated by the ((~~administrator~~))  
33 director with and paid to a participating managed health care system,  
34 that is based upon the enrollment of subsidized, nonsubsidized, and  
35 health coverage tax credit eligible enrollees in the plan and in that  
36 system.

37 (8) "Subsidy" means the difference between the amount of periodic  
38 payment the ((~~administrator~~)) director makes to a managed health care

1 system on behalf of a subsidized enrollee plus the administrative cost  
2 to the plan of providing the plan to that subsidized enrollee, and the  
3 amount determined to be the subsidized enrollee's responsibility under  
4 RCW 70.47.060(2).

5 (9) "Subsidized enrollee" means:

6 (a) An individual, or an individual plus the individual's spouse or  
7 dependent children:

8 (i) Who is not eligible for medicare;

9 (ii) Who is not confined or residing in a government-operated  
10 institution, unless he or she meets eligibility criteria adopted by the  
11 (~~administrator~~) director;

12 (iii) Who is not a full-time student who has received a temporary  
13 visa to study in the United States;

14 (iv) Who resides in an area of the state served by a managed health  
15 care system participating in the plan;

16 (v) Until March 1, 2011, whose gross family income at the time of  
17 enrollment does not exceed two hundred percent of the federal poverty  
18 level as adjusted for family size and determined annually by the  
19 federal department of health and human services;

20 (vi) Who chooses to obtain basic health care coverage from a  
21 particular managed health care system in return for periodic payments  
22 to the plan;

23 (vii) Who is not receiving medical assistance administered by the  
24 (~~department of social and health services~~) authority; and

25 (viii) After February 28, 2011, who is in the basic health  
26 transition eligibles population under 1115 medicaid demonstration  
27 project number 11-W-00254/10;

28 (b) An individual who meets the requirements in (a)(i) through  
29 (iv), (vi), and (vii) of this subsection and who is a foster parent  
30 licensed under chapter 74.15 RCW and whose gross family income at the  
31 time of enrollment does not exceed three hundred percent of the federal  
32 poverty level as adjusted for family size and determined annually by  
33 the federal department of health and human services; and

34 (c) To the extent that state funds are specifically appropriated  
35 for this purpose, with a corresponding federal match, an individual, or  
36 an individual's spouse or dependent children, who meets the  
37 requirements in (a)(i) through (iv), (vi), and (vii) of this subsection  
38 and whose gross family income at the time of enrollment is more than

1 two hundred percent, but less than two hundred fifty-one percent, of  
2 the federal poverty level as adjusted for family size and determined  
3 annually by the federal department of health and human services.

4 (10) "Washington basic health plan" or "plan" means the system of  
5 enrollment and payment for basic health care services, administered by  
6 the plan (~~(administrator)~~) director through participating managed  
7 health care systems, created by this chapter.

8 **Sec. 85.** RCW 70.47.110 and 1991 sp.s. c 4 s 3 are each amended to  
9 read as follows:

10 The (~~department of social and health services~~) health care  
11 authority may make payments to (~~the administrator or to~~)  
12 participating managed health care systems on behalf of any enrollee who  
13 is a recipient of medical care under chapter 74.09 RCW, at the maximum  
14 rate allowable for federal matching purposes under Title XIX of the  
15 social security act. Any enrollee on whose behalf the (~~department of~~  
16 ~~social and health services~~) health care authority makes such payments  
17 may continue as an enrollee, making premium payments based on the  
18 enrollee's own income as determined under the sliding scale, after  
19 eligibility for coverage under chapter 74.09 RCW has ended, as long as  
20 the enrollee remains eligible under this chapter. Nothing in this  
21 section affects the right of any person eligible for coverage under  
22 chapter 74.09 RCW to receive the services offered to other persons  
23 under that chapter but not included in the schedule of basic health  
24 care services covered by the plan. The (~~administrator~~) director  
25 shall seek to determine which enrollees or prospective enrollees may be  
26 eligible for medical care under chapter 74.09 RCW and may require these  
27 individuals to complete the eligibility determination process under  
28 chapter 74.09 RCW prior to enrollment or continued participation in the  
29 plan. The (~~administrator and the department of social and health~~  
30 ~~services~~) director shall (~~cooperatively~~) adopt procedures to  
31 facilitate the transition of plan enrollees and payments on their  
32 behalf between the plan and the programs established under chapter  
33 74.09 RCW.

34 **Sec. 86.** RCW 70.48.130 and 1993 c 409 s 1 are each amended to read  
35 as follows:

36 (1) It is the intent of the legislature that all jail inmates

1 receive appropriate and cost-effective emergency and necessary medical  
2 care. Governing units, the (~~department of social and health~~  
3 ~~services~~) health care authority, and medical care providers shall  
4 cooperate to achieve the best rates consistent with adequate care.

5 (2) Payment for emergency or necessary health care shall be by the  
6 governing unit, except that the (~~department of social and health~~  
7 ~~services~~) health care authority shall directly reimburse the provider  
8 pursuant to chapter 74.09 RCW, in accordance with the rates and  
9 benefits established by the (~~department~~) authority, if the confined  
10 person is eligible under the (~~department's~~) authority's medical care  
11 programs as authorized under chapter 74.09 RCW. After payment by the  
12 (~~department~~) authority, the financial responsibility for any  
13 remaining balance, including unpaid client liabilities that are a  
14 condition of eligibility or participation under chapter 74.09 RCW,  
15 shall be borne by the medical care provider and the governing unit as  
16 may be mutually agreed upon between the medical care provider and the  
17 governing unit. In the absence of mutual agreement between the medical  
18 care provider and the governing unit, the financial responsibility for  
19 any remaining balance shall be borne equally between the medical care  
20 provider and the governing unit. Total payments from all sources to  
21 providers for care rendered to confined persons eligible under chapter  
22 74.09 RCW shall not exceed the amounts that would be paid by the  
23 (~~department~~) authority for similar services provided under Title XIX  
24 medicaid, unless additional resources are obtained from the confined  
25 person.

26 (3) As part of the screening process upon booking or preparation of  
27 an inmate into jail, general information concerning the inmate's  
28 ability to pay for medical care shall be identified, including  
29 insurance or other medical benefits or resources to which an inmate is  
30 entitled. This information shall be made available to the  
31 (~~department~~) authority, the governing unit, and any provider of  
32 health care services.

33 (4) The governing unit or provider may obtain reimbursement from  
34 the confined person for the cost of health care services not provided  
35 under chapter 74.09 RCW, including reimbursement from any insurance  
36 program or from other medical benefit programs available to the  
37 confined person. Nothing in this chapter precludes civil or criminal  
38 remedies to recover the costs of medical care provided jail inmates or

1 paid for on behalf of inmates by the governing unit. As part of a  
2 judgment and sentence, the courts are authorized to order defendants to  
3 repay all or part of the medical costs incurred by the governing unit  
4 or provider during confinement.

5 (5) To the extent that a confined person is unable to be  
6 financially responsible for medical care and is ineligible for the  
7 (~~department's~~) authority's medical care programs under chapter 74.09  
8 RCW, or for coverage from private sources, and in the absence of an  
9 interlocal agreement or other contracts to the contrary, the governing  
10 unit may obtain reimbursement for the cost of such medical services  
11 from the unit of government whose law enforcement officers initiated  
12 the charges on which the person is being held in the jail: PROVIDED,  
13 That reimbursement for the cost of such services shall be by the state  
14 for state prisoners being held in a jail who are accused of either  
15 escaping from a state facility or of committing an offense in a state  
16 facility.

17 (6) There shall be no right of reimbursement to the governing unit  
18 from units of government whose law enforcement officers initiated the  
19 charges for which a person is being held in the jail for care provided  
20 after the charges are disposed of by sentencing or otherwise, unless by  
21 intergovernmental agreement pursuant to chapter 39.34 RCW.

22 (7) Under no circumstance shall necessary medical services be  
23 denied or delayed because of disputes over the cost of medical care or  
24 a determination of financial responsibility for payment of the costs of  
25 medical care provided to confined persons.

26 (8) Nothing in this section shall limit any existing right of any  
27 party, governing unit, or unit of government against the person  
28 receiving the care for the cost of the care provided.

29 **Sec. 87.** RCW 70.168.040 and 2010 c 161 s 1158 are each amended to  
30 read as follows:

31 The emergency medical services and trauma care system trust account  
32 is hereby created in the state treasury. Moneys shall be transferred  
33 to the emergency medical services and trauma care system trust account  
34 from the public safety education account or other sources as  
35 appropriated, and as collected under RCW 46.63.110(7) and 46.68.440.  
36 Disbursements shall be made by the department subject to legislative  
37 appropriation. Expenditures may be made only for the purposes of the

1 state trauma care system under this chapter, including emergency  
2 medical services, trauma care services, rehabilitative services, and  
3 the planning and development of related services under this chapter and  
4 for reimbursement by the (~~department of social and health services~~)  
5 health care authority for trauma care services provided by designated  
6 trauma centers.

7 **Sec. 88.** RCW 70.225.040 and 2007 c 259 s 45 are each amended to  
8 read as follows:

9 (1) Prescription information submitted to the department shall be  
10 confidential, in compliance with chapter 70.02 RCW and federal health  
11 care information privacy requirements and not subject to disclosure,  
12 except as provided in subsections (3) and (4) of this section.

13 (2) The department shall maintain procedures to ensure that the  
14 privacy and confidentiality of patients and patient information  
15 collected, recorded, transmitted, and maintained is not disclosed to  
16 persons except as in subsections (3) and (4) of this section.

17 (3) The department may provide data in the prescription monitoring  
18 program to the following persons:

19 (a) Persons authorized to prescribe or dispense controlled  
20 substances, for the purpose of providing medical or pharmaceutical care  
21 for their patients;

22 (b) An individual who requests the individual's own prescription  
23 monitoring information;

24 (c) Health professional licensing, certification, or regulatory  
25 agency or entity;

26 (d) Appropriate local, state, and federal law enforcement or  
27 prosecutorial officials who are engaged in a bona fide specific  
28 investigation involving a designated person;

29 (e) Authorized practitioners of the department of social and health  
30 services and the health care authority regarding medicaid program  
31 recipients;

32 (f) The director or director's designee within the department of  
33 labor and industries regarding workers' compensation claimants;

34 (g) The director or the director's designee within the department  
35 of corrections regarding offenders committed to the department of  
36 corrections;

37 (h) Other entities under grand jury subpoena or court order; and

1 (i) Personnel of the department for purposes of administration and  
2 enforcement of this chapter or chapter 69.50 RCW.

3 (4) The department may provide data to public or private entities  
4 for statistical, research, or educational purposes after removing  
5 information that could be used to identify individual patients,  
6 dispensers, prescribers, and persons who received prescriptions from  
7 dispensers.

8 (5) A dispenser or practitioner acting in good faith is immune from  
9 any civil, criminal, or administrative liability that might otherwise  
10 be incurred or imposed for requesting, receiving, or using information  
11 from the program.

12 NEW SECTION. **Sec. 89.** The purpose of this chapter is to provide  
13 the health care authority with the powers, duties, and authority with  
14 respect to the collection of overpayments and the coordination of  
15 benefits that are currently provided to the department of social and  
16 health services in chapter 43.20B RCW. Providing the health care  
17 authority with these powers is necessary for the authority to  
18 administer medical services programs established under chapter 74.09  
19 RCW currently administered by the department of social and health  
20 services programs but transferred to the authority under this act. The  
21 authority is authorized to collaborate with other state agencies in  
22 carrying out its duties under this chapter and, to the extent  
23 appropriate, may enter into agreements with such other agencies.  
24 Nothing in this chapter may be construed as diminishing the powers,  
25 duties, and authority granted to the department of social and health  
26 services in chapter 43.20B RCW with respect to the programs that will  
27 remain under its jurisdiction following enactment of this act.

28 NEW SECTION. **Sec. 90.** The definitions in this section apply  
29 throughout this chapter unless the context clearly requires otherwise:

30 (1) "Assistance" means all programs administered by the authority.

31 (2) "Authority" means the Washington state health care authority.

32 (3) "Director" means the director of the Washington state health  
33 care authority.

34 (4) "Overpayment" means any payment or benefit to a recipient or to  
35 a vendor in excess of that to which is entitled by law, rule, or  
36 contract, including amounts in dispute.

1 (5) "Vendor" means a person or entity that provides goods or  
2 services to or for clientele of the authority and that controls  
3 operational decisions.

4 NEW SECTION. **Sec. 91.** The authority is authorized to charge fees  
5 for services provided unless otherwise prohibited by law. The fees may  
6 be sufficient to cover the full cost of the service provided if  
7 practical or may be charged on an ability-to-pay basis if practical.  
8 This section does not supersede other statutory authority enabling the  
9 assessment of fees by the authority. Whenever the authority is  
10 authorized by law to collect total or partial reimbursement for the  
11 cost of its providing care of or exercising custody over any person,  
12 the authority shall collect the reimbursement to the extent practical.

13 NEW SECTION. **Sec. 92.** (1) Except as otherwise provided by law,  
14 including subsection (2) of this section, there may be no collection of  
15 overpayments and other debts due the authority after the expiration of  
16 six years from the date of notice of such overpayment or other debt  
17 unless the authority has commenced recovery action in a court of law or  
18 unless an administrative remedy authorized by statute is in place.  
19 However, any amount due in a case thus extended ceases to be a debt due  
20 the authority at the expiration of ten years from the date of the  
21 notice of the overpayment or other debt unless a court-ordered remedy  
22 would be in effect for a longer period.

23 (2) There may be no collection of debts due the authority after the  
24 expiration of twenty years from the date a lien is recorded pursuant to  
25 section 97 of this act.

26 (3) The authority, at any time, may accept offers of compromise of  
27 disputed claims or may grant partial or total write-off of any debt due  
28 the authority if it is no longer cost-effective to pursue. The  
29 authority shall adopt rules establishing the considerations to be made  
30 in the granting or denial of a partial or total write-off of debts.

31 NEW SECTION. **Sec. 93.** The form of the lien in section 95 of this  
32 act must be substantially as follows:

33 STATEMENT OF LIEN

34 Notice is hereby given that the State of Washington, Health Care  
35 Authority, has rendered assistance to . . . . ., a person who was

1 injured on or about the . . . . day of . . . . . in the county of  
2 . . . . . state of . . . . . , and the said authority hereby asserts  
3 a lien, to the extent provided in section 95 of this act, for the  
4 amount of such assistance, upon any sum due and owing . . . . . (name  
5 of injured person) from . . . . . , alleged to have caused the injury,  
6 and/or his or her insurer and from any other person or insurer liable  
7 for the injury or obligated to compensate the injured person on account  
8 of such injuries by contract or otherwise.

29 NEW SECTION. **Sec. 94.** (1) No settlement made by and between a  
30 recipient and either the tort feasor or insurer, or both, discharges or  
31 otherwise compromises the lien created in section 95 of this act  
32 without the express written consent of the director or the director's  
33 designee. Discretion to compromise such liens rests solely with the  
34 director or the director's designee.

1 (2) No settlement or judgment may be entered purporting to  
2 compromise the lien created by section 95 of this act without the  
3 express written consent of the director or the director's designee.

4 NEW SECTION. **Sec. 95.** (1) To secure reimbursement of any  
5 assistance paid as a result of injuries to or illness of a recipient  
6 caused by the negligence or wrong of another, the authority is  
7 subrogated to the recipient's rights against a tort feisor or the tort  
8 feisor's insurer, or both.

9 (2) The authority has the right to file a lien upon any recovery by  
10 or on behalf of the recipient from such tort feisor or the tort  
11 feisor's insurer, or both, to the extent of the value of the assistance  
12 paid by the authority: PROVIDED, That such lien is not effective  
13 against recoveries subject to wrongful death when there are surviving  
14 dependents of the deceased. The lien becomes effective upon filing  
15 with the county auditor in the county where the assistance was  
16 authorized or where any action is brought against the tort feisor or  
17 insurer. The lien may also be filed in any other county or served upon  
18 the recipient in the same manner as a civil summons if, in the  
19 authority's discretion, such alternate filing or service is necessary  
20 to secure the authority's interest. The additional lien is effective  
21 upon filing or service.

22 (3) The lien of the authority may be against any claim, right of  
23 action, settlement proceeds, money, or benefits arising from an  
24 insurance program to which the recipient might be entitled (a) against  
25 the tort feisor or insurer of the tort feisor, or both, and (b) under  
26 any contract of insurance purchased by the recipient or by any other  
27 person providing coverage for the illness or injuries for which the  
28 assistance is paid or provided by the authority.

29 (4) If recovery is made by the authority under this section and the  
30 subrogation is fully or partially satisfied through an action brought  
31 by or on behalf of the recipient, the amount paid to the authority must  
32 bear its proportionate share of attorneys' fees and costs.

33 (a) The determination of the proportionate share to be borne by the  
34 authority must be based upon:

35 (i) The fees and costs approved by the court in which the action  
36 was initiated; or

1 (ii) The written agreement between the attorney and client which  
2 establishes fees and costs when fees and costs are not addressed by the  
3 court.

4 (b) When fees and costs have been approved by a court, after notice  
5 to the authority, the authority has the right to be heard on the matter  
6 of attorneys' fees and costs or its proportionate share.

7 (c) When fees and costs have not been addressed by the court, the  
8 authority shall receive at the time of settlement a copy of the written  
9 agreement between the attorney and client which establishes fees and  
10 costs and may request and examine documentation of fees and costs  
11 associated with the case. The authority may bring an action in  
12 superior court to void a settlement if it believes the attorneys'  
13 calculation of its proportionate share of fees and costs is  
14 inconsistent with the written agreement between the attorney and client  
15 which establishes fees and costs or if the fees and costs associated  
16 with the case are exorbitant in relation to cases of a similar nature.

17 (5) The rights and remedies provided to the authority in this  
18 section to secure reimbursement for assistance, including the  
19 authority's lien and subrogation rights, may be delegated to a managed  
20 health care system by contract entered into pursuant to RCW 74.09.522.  
21 A managed health care system may enforce all rights and remedies  
22 delegated to it by the authority to secure and recover assistance  
23 provided under a managed health care system consistent with its  
24 agreement with the authority.

25 NEW SECTION. **Sec. 96.** (1) An attorney representing a person who,  
26 as a result of injuries or illness sustained through the negligence or  
27 wrong of another, has received, is receiving, or has applied to receive  
28 shall:

29 (a) Notify the authority at the time of filing any claim against a  
30 third party, commencing an action at law, negotiating a settlement, or  
31 accepting a settlement offer from the tort feisor or the tort feisor's  
32 insurer, or both; and

33 (b) Give the authority thirty days' notice before any judgment,  
34 award, or settlement may be satisfied in any action or any claim by the  
35 applicant or recipient to recover damages for such injuries or illness.

36 (2) The proceeds from any recovery made pursuant to any action or  
37 claim described in section 95 of this act that is necessary to fully

1 satisfy the authority's lien against recovery must be placed in a trust  
2 account or in the registry of the court until the authority's lien is  
3 satisfied.

4 NEW SECTION. **Sec. 97.** (1) The authority shall file liens, seek  
5 adjustment, or otherwise effect recovery for assistance correctly paid  
6 on behalf of an individual consistent with 42 U.S.C. Sec. 1396p. The  
7 authority shall adopt a rule providing for prior notice and hearing  
8 rights to the record title holder or purchaser under a land sale  
9 contract.

10 (2) Liens may be adjusted by foreclosure in accordance with chapter  
11 61.12 RCW.

12 (3) In the case of an individual who was fifty-five years of age or  
13 older when the individual received assistance, the authority shall seek  
14 adjustment or recovery from the individual's estate, and from  
15 nonprobate assets of the individual as defined by RCW 11.02.005, but  
16 only for assistance consisting of services that the authority  
17 determines to be appropriate, and related hospital and prescription  
18 drug services. Recovery from the individual's estate, including  
19 foreclosure of liens imposed under this section, must be undertaken as  
20 soon as practicable, consistent with 42 U.S.C. Sec. 1396p.

21 (4) The authority shall apply the assistance estate recovery law as  
22 it existed on the date that benefits were received when calculating an  
23 estate's liability to reimburse the authority for those benefits.

24 (5)(a) The authority shall establish procedures consistent with  
25 standards established by the federal department of health and human  
26 services and pursuant to 42 U.S.C. Sec. 1396p to waive recovery when  
27 such recovery would work an undue hardship. The authority shall  
28 recognize an undue hardship for a surviving domestic partner whenever  
29 recovery would not have been permitted if he or she had been a  
30 surviving spouse. The authority is not authorized to pursue recovery  
31 under such circumstances.

32 (b) Recovery of assistance from a recipient's estate may not  
33 include property made exempt from claims by federal law or treaty,  
34 including exemption for tribal artifacts that may be held by individual  
35 Native Americans.

36 (6) A lien authorized under this section relates back to attach to

1 any real property that the decedent had an ownership interest in  
2 immediately before death and is effective as of that date or date of  
3 recording, whichever is earlier.

4 (7) The authority may enforce a lien authorized under this section  
5 against a decedent's life estate or joint tenancy interest in real  
6 property held by the decedent immediately prior to his or her death.  
7 Such a lien enforced under this subsection may not end and must  
8 continue as provided in this subsection until the authority's lien has  
9 been satisfied.

10 (a) The value of the life estate subject to the lien is the value  
11 of the decedent's interest in the property subject to the life estate  
12 immediately prior to the decedent's death.

13 (b) The value of the joint tenancy interest subject to the lien is  
14 the value of the decedent's fractional interest the recipient would  
15 have owned in the jointly held interest in the property had the  
16 recipient and the surviving joint tenants held title to the property as  
17 tenants in common on the date of the recipient's death.

18 (c) The authority may not enforce the lien provided by this  
19 subsection against a bona fide purchaser or encumbrancer that obtains  
20 an interest in the property after the death of the recipient and before  
21 the authority records either its lien or the request for notice of  
22 transfer or encumbrance as provided by section 116 of this act.

23 (d) The authority may not enforce a lien provided by this  
24 subsection against any property right that vested prior to July 1,  
25 2005.

26 (8)(a) Subject to the requirements of 42 U.S.C. Sec. 1396p(a) and  
27 the conditions of this subsection (8), the authority is authorized to  
28 file a lien against the property of an individual prior to his or her  
29 death, and to seek adjustment and recovery from the individual's estate  
30 or sale of the property subject to the lien, if:

31 (i) The individual is an inpatient in a nursing facility,  
32 intermediate care facility for persons with intellectual disabilities,  
33 or other medical institution; and

34 (ii) The authority has determined after notice and opportunity for  
35 a hearing that the individual cannot reasonably be expected to be  
36 discharged from the medical institution and to return home.

37 (b) If the individual is discharged from the medical facility and  
38 returns home, the authority shall dissolve the lien.

1 (9) The authority is authorized to adopt rules to effect recovery  
2 under this section. The authority may adopt by rule later enactments  
3 of the federal laws referenced in this section.

4 (10) It is the responsibility of the authority to fully disclose in  
5 advance verbally and in writing, in easy to understand language, the  
6 terms and conditions of estate recovery to all persons offered care  
7 subject to recovery of payments.

8 (11) In disclosing estate recovery costs to potential clients, and  
9 to family members at the consent of the client, the authority shall  
10 provide a written description of the community service options.

11 NEW SECTION. **Sec. 98.** (1) Overpayments of assistance become a  
12 lien against the real and personal property of the recipient from the  
13 time of filing by the authority with the county auditor of the county  
14 in which the recipient resides or owns property, and the lien claim has  
15 preference over the claims of all unsecured creditors.

16 (2) Debts due the state for overpayments of assistance may be  
17 recovered by the state by deduction from the subsequent assistance  
18 payments to such persons, lien and foreclosure, or order to withhold  
19 and deliver, or may be recovered by civil action.

20 NEW SECTION. **Sec. 99.** (1) Any person who owes a debt to the state  
21 for an overpayment of assistance must be notified of that debt by  
22 either personal service or certified mail, return receipt requested.  
23 Personal service, return of the requested receipt, or refusal by the  
24 debtor of such notice is proof of notice to the debtor of the debt  
25 owed. Service of the notice must be in the manner prescribed for the  
26 service of a summons in a civil action. The notice must include a  
27 statement of the debt owed; a statement that the property of the debtor  
28 will be subject to collection action after the debtor terminates from  
29 assistance; a statement that the property will be subject to lien and  
30 foreclosure, distraint, seizure and sale, or order to withhold and  
31 deliver; and a statement that the net proceeds will be applied to the  
32 satisfaction of the overpayment debt. Action to collect the debt by  
33 lien and foreclosure, distraint, seizure and sale, or order to withhold  
34 and deliver, is lawful after ninety days from the debtor's termination  
35 from assistance or the receipt of the notice of debt, whichever is  
36 later. This does not preclude the authority from recovering

1 overpayments by deduction from subsequent assistance payments, not  
2 exceeding deductions as authorized under federal law with regard to  
3 financial assistance programs: PROVIDED, That subject to federal legal  
4 requirement, deductions may not exceed five percent of the grant  
5 payment standard if the overpayment resulted from error on the part of  
6 the authority or error on the part of the recipient without willful or  
7 knowing intent of the recipient in obtaining or retaining the  
8 overpayment.

9 (2) A current or former recipient who is aggrieved by a claim that  
10 he or she owes a debt for an overpayment of assistance has the right to  
11 an adjudicative proceeding pursuant to section 53 of this act. If no  
12 application is filed, the debt is subject to collection action as  
13 authorized under this chapter. If a timely application is filed, the  
14 execution of collection action on the debt is stayed pending the final  
15 adjudicative order or termination of the debtor from assistance,  
16 whichever occurs later.

17 NEW SECTION. **Sec. 100.** (1) After service of a notice of debt for  
18 an overpayment as provided for in section 99 of this act, stating the  
19 debt accrued, the director may issue to any person, firm, corporation,  
20 association, political subdivision, or department of the state an order  
21 to withhold and deliver property of any kind including, but not  
22 restricted to, earnings which are due, owing, or belonging to the  
23 debtor, when the director has reason to believe that there is in the  
24 possession of such person, firm, corporation, association, political  
25 subdivision, or department of the state property which is due, owing,  
26 or belonging to the debtor. The order to withhold and deliver must  
27 state the amount of the debt, and must state in summary the terms of  
28 this section, RCW 6.27.150 and 6.27.160, chapters 6.13 and 6.15 RCW, 15  
29 U.S.C. Sec. 1673, and other state or federal exemption laws applicable  
30 generally to debtors. The order to withhold and deliver must be served  
31 in the manner prescribed for the service of a summons in a civil action  
32 or by certified mail, return receipt requested. Any person, firm,  
33 corporation, association, political subdivision, or department of the  
34 state upon whom service has been made shall answer the order to  
35 withhold and deliver within twenty days, exclusive of the day of  
36 service, under oath and in writing, and shall make true answers to the  
37 matters inquired of therein. The director may require further and

1 additional answers to be completed by the person, firm, corporation,  
2 association, political subdivision, or department of the state. If any  
3 such person, firm, corporation, association, political subdivision, or  
4 department of the state possesses any property which may be subject to  
5 the claim of the authority, such property must be withheld immediately  
6 upon receipt of the order to withhold and deliver and must, after the  
7 twenty-day period, upon demand, be delivered forthwith to the director.  
8 The director shall hold the property in trust for application on the  
9 indebtedness involved or for return, without interest, in accordance  
10 with final determination of liability or nonliability. In the  
11 alternative, there may be furnished to the director a good and  
12 sufficient bond, satisfactory to the director, conditioned upon final  
13 determination of liability. Where money is due and owing under any  
14 contract of employment, express or implied, or is held by any person,  
15 firm, corporation, association, political subdivision, or department of  
16 the state subject to withdrawal by the debtor, such money must be  
17 delivered by remittance payable to the order of the director. Delivery  
18 to the director, subject to the exemptions under RCW 6.27.150 and  
19 6.27.160, chapters 6.13 and 6.15 RCW, 15 U.S.C. Sec. 1673, and other  
20 state or federal law applicable generally to debtors, of the money or  
21 other property held or claimed satisfies the requirement of the order  
22 to withhold and deliver. Delivery to the director serves as full  
23 acquittance, and the state warrants and represents that it shall defend  
24 and hold harmless for such actions persons delivering money or property  
25 to the director pursuant to this chapter. The state also warrants and  
26 represents that it shall defend and hold harmless for such actions  
27 persons withholding money or property pursuant to this chapter.

28 (2) The director shall also, on or before the date of service of  
29 the order to withhold and deliver, mail or cause to be mailed by  
30 certified mail a copy of the order to withhold and deliver to the  
31 debtor at the debtor's last known post office address or, in the  
32 alternative, a copy of the order to withhold and deliver must be served  
33 on the debtor in the same manner as a summons in a civil action on or  
34 before the date of service of the order or within two days thereafter.  
35 The copy of the order must be mailed or served together with a concise  
36 explanation of the right to petition for a hearing on any issue related  
37 to the collection. This requirement is not jurisdictional, but, if the  
38 copy is not mailed or served as provided in this section, or if any

1 irregularity appears with respect to the mailing or service, the  
2 superior court, on its discretion on motion of the debtor promptly made  
3 and supported by affidavit showing that the debtor has suffered  
4 substantial injury due to the failure to mail the copy, may set aside  
5 the order to withhold and deliver and award to the debtor an amount  
6 equal to the damages resulting from the director's failure to serve on  
7 or mail to the debtor the copy.

8 NEW SECTION. **Sec. 101.** If any person, firm, corporation,  
9 association, political subdivision, or department of the state fails to  
10 answer an order to withhold and deliver within the time prescribed in  
11 section 100 of this act, or fails or refuses to deliver property  
12 pursuant to the order, or after actual notice of filing of a lien as  
13 provided for in this chapter, pays over, releases, sells, transfers, or  
14 conveys real or personal property subject to such lien to or for the  
15 benefit of the debtor or any other person, or fails or refuses to  
16 surrender upon demand property distrained under section 100 of this  
17 act, or fails or refuses to honor an assignment of wages presented by  
18 the director, such person, firm, corporation, association, political  
19 subdivision, or department of the state is liable to the authority in  
20 an amount equal to one hundred percent of the value of the debt which  
21 is the basis of the lien, order to withhold and deliver, distraint, or  
22 assignment of wages, together with costs, interest, and reasonable  
23 attorneys' fees.

24 NEW SECTION. **Sec. 102.** Any person, firm, corporation,  
25 association, political subdivision, or department employing a person  
26 owing a debt for overpayment of assistance received shall honor,  
27 according to its terms, a duly executed assignment of earnings  
28 presented to the employer by the director as a plan to satisfy or  
29 retire an overpayment debt. This requirement to honor the assignment  
30 of earnings is applicable whether the earnings are to be paid presently  
31 or in the future and continues in force and effect until released in  
32 writing by the director. Payment of moneys pursuant to an assignment  
33 of earnings presented to the employer by the director serves as full  
34 acquittance under any contract of employment, and the state warrants  
35 and represents it shall defend and hold harmless such action taken

1 pursuant to the assignment of earnings. The director is released from  
2 liability for improper receipt of moneys under assignment of earnings  
3 upon return of any moneys so received.

4 NEW SECTION. **Sec. 103.** If an improper real property transfer is  
5 made as defined in RCW 74.08.331 through 74.08.338, the authority may  
6 request the attorney general to file suit to rescind the transaction  
7 except as to subsequent bona fide purchasers for value. If it is  
8 established by judicial proceedings that a fraudulent conveyance  
9 occurred, the value of any assistance which has been furnished may be  
10 recovered in any proceedings from the recipient or the recipient's  
11 estate.

12 NEW SECTION. **Sec. 104.** When the authority provides assistance to  
13 persons who possess excess real property under RCW 74.04.005(11)(g),  
14 the authority may file a lien against or otherwise perfect its interest  
15 in such real property as a condition of granting such assistance, and  
16 the authority has the status of a secured creditor.

17 NEW SECTION. **Sec. 105.** (1) When the authority determines that a  
18 vendor was overpaid by the authority for either goods or services, or  
19 both, provided to authority clients, except nursing homes under chapter  
20 74.46 RCW, the authority shall give written notice to the vendor. The  
21 notice must include the amount of the overpayment, the basis for the  
22 claim, and the rights of the vendor under this section.

23 (2) The notice may be served upon the vendor in the manner  
24 prescribed for the service of a summons in civil action or be mailed to  
25 the vendor at the last known address by certified mail, return receipt  
26 requested, demanding payment within twenty days of the date of receipt.

27 (3) The vendor has the right to an adjudicative proceeding governed  
28 by the administrative procedure act, chapter 34.05 RCW, and the rules  
29 of the authority. The vendor's application for an adjudicative  
30 proceeding must be in writing, state the basis for contesting the  
31 overpayment notice, and include a copy of the authority's notice. The  
32 application must be served on and received by the authority within  
33 twenty-eight days of the vendor's receipt of the notice of overpayment.  
34 The vendor must serve the authority in a manner providing proof of  
35 receipt.

1 (4) Where an adjudicative proceeding has been requested, the  
2 presiding or reviewing office shall determine the amount, if any, of  
3 the overpayment received by the vendor.

4 (5) If the vendor fails to attend or participate in the  
5 adjudicative proceeding, upon a showing of valid service, the presiding  
6 or reviewing officer may enter an administrative order declaring the  
7 amount claimed in the notice to be assessed against the vendor and  
8 subject to collection action by the authority.

9 (6) Failure to make an application for an adjudicative proceeding  
10 within twenty-eight days of the date of notice results in the  
11 establishment of a final debt against the vendor in the amount asserted  
12 by the authority and that amount is subject to collection action. The  
13 authority may also charge the vendor with any costs associated with the  
14 collection of any final overpayment or debt established against the  
15 vendor.

16 (7) The authority may enforce a final overpayment or debt through  
17 lien and foreclosure, distraint, seizure and sale, order to withhold  
18 and deliver, or other collection action available to the authority to  
19 satisfy the debt due.

20 (8) Debts determined under this chapter are subject to collection  
21 action without further necessity of action by a presiding or reviewing  
22 officer. The authority may collect the debt in accordance with  
23 sections 100, 101, and 106 of this act. In addition, a vendor lien may  
24 be subject to distraint and seizure and sale in the same manner as  
25 prescribed for support liens in RCW 74.20A.130.

26 (9) Chapter 66, Laws of 1998 applies to overpayments for goods or  
27 services provided on or after July 1, 1998.

28 (10) The authority may adopt rules consistent with this section.

29 NEW SECTION. **Sec. 106.** (1) The authority may, at the director's  
30 discretion, secure the repayment of any outstanding overpayment, plus  
31 interest, if any, through the filing of a lien against the vendor's  
32 real property, or by requiring the posting of a bond, assignment of  
33 deposit, or some other form of security acceptable to the authority, or  
34 by doing both.

35 (a) Any lien is effective from the date of filing for record with  
36 the county auditor of the county in which the property is located and

1 the lien claim has preference over the claims of all unsecured  
2 creditors.

3 (b) The authority shall review and determine the acceptability of  
4 all other forms of security.

5 (c) Any bond must be issued by a company licensed as a surety in  
6 the state of Washington.

7 (d) This subsection does not apply to nursing homes licensed under  
8 chapter 18.51 RCW or portions of hospitals licensed under chapter 70.41  
9 RCW and operating as a nursing home, if those facilities are subject to  
10 chapter 74.46 RCW.

11 (2) The authority may recover any overpayment, plus interest, if  
12 any, by setoff or recoupment against subsequent payments to the vendor.

13 NEW SECTION. **Sec. 107.** Liens created under section 106 of this  
14 act bind the affected property for a period of ten years after the lien  
15 has been recorded or ten years after the resolution of all good faith  
16 disputes as to the overpayment, whichever is later. Any civil action  
17 by the authority to enforce such lien must be timely commenced before  
18 the ten-year period expires or the lien is released. A civil action to  
19 enforce such lien is not timely commenced unless the summons and  
20 complaint are filed within the ten-year period in a court having  
21 jurisdiction and service of the summons and complaint is made upon all  
22 parties in the manner prescribed by appropriate civil court rules.

23 NEW SECTION. **Sec. 108.** Any action to enforce a vendor overpayment  
24 debt must be commenced within six years from the date of the  
25 authority's notice to the vendor.

26 NEW SECTION. **Sec. 109.** The remedies under sections 106 and 107 of  
27 this act are nonexclusive and nothing contained in this chapter may be  
28 construed to impair or affect the right of the authority to maintain a  
29 civil action or to pursue any other remedies available to it under the  
30 laws of this state to recover such debt.

31 NEW SECTION. **Sec. 110.** (1) Except as provided in subsection (4)  
32 of this section, vendors shall pay interest on overpayments at the rate  
33 of one percent per month or portion thereof. Where partial repayment

1 of an overpayment is made, interest accrues on the remaining balance.  
2 Interest must not accrue when the overpayment occurred due to authority  
3 error.

4 (2) If the overpayment is discovered by the vendor prior to  
5 discovery and notice by the authority, the interest begins accruing  
6 ninety days after the vendor notifies the authority of such  
7 overpayment.

8 (3) If the overpayment is discovered by the authority prior to  
9 discovery and notice by the vendor, the interest begins accruing thirty  
10 days after the date of notice by the authority to the vendor.

11 (4) This section does not apply to:

12 (a) Interagency or intergovernmental transactions; and

13 (b) Contracts for public works, goods and services procured for the  
14 exclusive use of the authority, equipment, or travel.

15 NEW SECTION. **Sec. 111.** (1) To avoid a duplicate payment of  
16 benefits, a recipient of assistance from the authority is deemed to  
17 have subrogated the authority to the recipient's right to recover  
18 temporary total disability compensation due to the recipient and the  
19 recipient's dependents under Title 51 RCW, to the extent of such  
20 assistance or compensation, whichever is less. However, the amount to  
21 be repaid to the authority must bear its proportionate share of  
22 attorneys' fees and costs, if any, incurred under Title 51 RCW by the  
23 recipient or the recipient's dependents.

24 (2) The authority may assert and enforce a lien and notice to  
25 withhold and deliver to secure reimbursement. The authority shall  
26 identify in the lien and notice to withhold and deliver the recipient  
27 of assistance and temporary total disability compensation and the  
28 amount claimed by the authority.

29 NEW SECTION. **Sec. 112.** The effective date of the lien and notice  
30 to withhold and deliver provided in section 111 of this act is the day  
31 that it is received by the department of labor and industries or a  
32 self-insurer as defined in chapter 51.08 RCW. Service of the lien and  
33 notice to withhold and deliver may be made personally, by regular mail  
34 with postage prepaid, or by electronic means. A statement of lien and  
35 notice to withhold and deliver must be mailed to the recipient at the  
36 recipient's last known address by certified mail, return receipt

1 requested, no later than two business days after the authority mails,  
2 delivers, or transmits the lien and notice to withhold and deliver to  
3 the department of labor and industries or a self-insurer.

4 NEW SECTION. **Sec. 113.** The director of labor and industries or  
5 the director's designee, or a self-insurer as defined in chapter 51.08  
6 RCW, following receipt of the lien and notice to withhold and deliver,  
7 shall deliver to the director of the authority or the director's  
8 designee any temporary total disability compensation payable to the  
9 recipient named in the lien and notice to withhold and deliver up to  
10 the amount claimed. The director of labor and industries or  
11 self-insurer shall withhold and deliver from funds currently in the  
12 director's or self-insurer's possession or from any funds that may at  
13 any time come into the director's or self-insurer's possession on  
14 account of temporary total disability compensation payable to the  
15 recipient named in the lien and notice to withhold and deliver.

16 NEW SECTION. **Sec. 114.** (1) A recipient feeling aggrieved by the  
17 action of the authority in recovering his or her temporary total  
18 disability compensation as provided in sections 111 through 115 of this  
19 act has the right to an adjudicative proceeding.

20 (2) A recipient seeking an adjudicative proceeding shall file an  
21 application with the director within twenty-eight days after the  
22 statement of lien and notice to withhold and deliver was mailed to the  
23 recipient. If the recipient files an application more than  
24 twenty-eight days after, but within one year of, the date the statement  
25 of lien and notice to withhold and deliver was mailed, the recipient is  
26 entitled to a hearing if the recipient shows good cause for the  
27 recipient's failure to file a timely application. The filing of a late  
28 application does not affect prior collection action pending the final  
29 adjudicative order. Until good cause for failure to file a timely  
30 application is decided, the authority may continue to collect under the  
31 lien and notice to withhold and deliver.

32 (3) The proceeding shall be governed by chapter 34.05 RCW, the  
33 administrative procedure act.

34 NEW SECTION. **Sec. 115.** Sections 111 through 114 of this act and

1 this section do not apply to persons whose eligibility for benefits  
2 under Title 51 RCW is based upon an injury or illness occurring prior  
3 to July 1, 1972.

4 NEW SECTION. **Sec. 116.** (1) When an individual receives assistance  
5 subject to recovery under this chapter and the individual is the holder  
6 of record title to real property or the purchaser under a land sale  
7 contract, the authority may present to the county auditor for recording  
8 in the deed and mortgage records of a county a request for notice of  
9 transfer or encumbrance of the real property. The authority shall  
10 adopt a rule providing prior notice and hearing rights to the record  
11 title holder or purchaser under a land sale contract.

12 (2) The authority shall present to the county auditor for recording  
13 a termination of request for notice of transfer or encumbrance when, in  
14 the judgment of the authority, it is no longer necessary or appropriate  
15 for the authority to monitor transfers or encumbrances related to the  
16 real property.

17 (3) The authority shall adopt by rule a form for the request for  
18 notice of transfer or encumbrance and the termination of request for  
19 notice of transfer or encumbrance that, at a minimum:

20 (a) Contains the name of the assistance recipient and a case  
21 identifier or other appropriate information that links the individual  
22 who is the holder of record title to real property or the purchaser  
23 under a land sale contract to the individual's assistance records;

24 (b) Contains the legal description of the real property;

25 (c) Contains a mailing address for the authority to receive the  
26 notice of transfer or encumbrance; and

27 (d) Complies with the requirements for recording in RCW 36.18.010  
28 for those forms intended to be recorded.

29 (4) The authority shall pay the recording fee required by the  
30 county clerk under RCW 36.18.010.

31 (5) The request for notice of transfer or encumbrance described in  
32 this section does not affect title to real property and is not a lien  
33 on, encumbrance of, or other interest in the real property.

34 NEW SECTION. **Sec. 117.** (1) By December 10, 2011, the department  
35 of social and health services and the health care authority shall  
36 provide a preliminary report, and by December 1, 2012, provide a final

1 implementation plan, to the governor and the legislature with  
2 recommendations regarding the role of the health care authority in the  
3 state's purchasing of mental health treatment, substance abuse  
4 treatment, and long-term care services, including services for those  
5 with developmental disabilities.

6 (2) The reports shall:

7 (a) Consider options for effectively coordinating the purchase and  
8 delivery of care for people who need long-term care, developmental  
9 disabilities, mental health, or chemical dependency services. Options  
10 considered may include, but are not limited to, transitioning purchase  
11 of these services from the department of social and health services to  
12 the health care authority, and strategies for the agencies to  
13 collaborate seamlessly while purchasing services separately; and

14 (b) Address the following components:

15 (i) Incentives to improve prevention efforts;

16 (ii) Service delivery approaches, including models for care  
17 management and care coordination and benefit design;

18 (iii) Rules to assure that those requiring long-term care services  
19 and supports receive that care in the least restrictive setting  
20 appropriate to their needs;

21 (iv) Systems to measure cost savings;

22 (v) Mechanisms to measure health outcomes and consumer  
23 satisfaction;

24 (vi) The designation of a single point of entry for financial and  
25 functional eligibility determinations for long-term care services; and

26 (vii) Process for collaboration with local governments.

27 (3) In developing these recommendations, the agencies shall:

28 (a) Consult with tribal governments and with interested  
29 stakeholders, including consumers, health care and other service  
30 providers, health insurance carriers, and local governments; and
