2 following:

3 "Sec. 1. RCW 41.05.065 and 2011 1st sp.s. c 8 s 1 are each amended  
4 to read as follows:

5 (1) The board shall study all matters connected with the provision  
6 of health care coverage, life insurance, liability insurance,  
7 accidental death and dismemberment insurance, and disability income  
8 insurance or any of, or a combination of, the enumerated types of  
9 insurance for employees and their dependents on the best basis possible  
10 with relation both to the welfare of the employees and to the state.  
11 However, liability insurance shall not be made available to dependents.

12 (2) The board shall develop employee benefit plans that include  
13 comprehensive health care benefits for employees. In developing these  
14 plans, the board shall consider the following elements:

7 increases in employee point-of-service payments or employee premium  
8 payments for benefits or the administration of a high deductible health  
9 plan in conjunction with a health savings account. This subsection  
10 does not prohibit the board from offering a plan incorporating primary  
11 care services through a direct patient-provider primary care practice  
12 as provided in subsection (6) of this section. The board may establish  
13 employee eligibility criteria which are not substantially equivalent to  
14 employee eligibility criteria in effect on January 1, 1993.

15 (4) Except if bargained for under chapter 41.80 RCW, the board  
16 shall design benefits and determine the terms and conditions of

12 working for more than one institution of higher education. When  
13 faculty work for more than one institution of higher education, those  
14 institutions shall prorate the employer contribution costs, or if  
15 eligibility is reached through one institution, that institution will  
16 pay the full employer contribution. Faculty working for more than one  
17 institution must alert his or her employers to his or her potential  
18 eligibility in order to establish eligibility.

1 agency may disregard training hours, standby hours, or temporary  
2 changes in work hours as determined by the authority under this  
3 section.

5 first day of the month following the date when eligibility for benefits  
6 is established. If the date eligibility is established is the first  
7 working day of a month, insurance coverage begins on that date.

8 (i) Eligibility for an employee whose work circumstances are  
9 described by more than one of the eligibility categories in (a) through  
10 (e) of this subsection shall be determined solely by the criteria of  
11 the category that most closely describes the employee's work  
12 circumstances.

14 (c)(ii) of this subsection, an employee who has established eligibility  
15 for benefits under this section shall remain eligible for benefits each

36 (6)(a)(i) For any open enrollment period following August 24, 2011,  
37 the board shall offer a health savings account option for employees

4 (ii) As a pilot project, during the 2013 and 2014 plan years the  
5 board shall offer employees enrolled in a self-insured health plan the  
6 option to receive primary care services from a direct patient-provider  
7 primary care practice as provided in chapter 48.150 RCW. For any  
8 member enrolled in the option offered under this subsection (6)(a)(ii),  
9 the direct fee under RCW 48.150.010 shall be paid by the member's  
10 health plan at no additional cost to the member. For any plan year,  
11 the option offered under this subsection (6)(a)(ii) shall be limited by  
12 the board to enrollees who utilized at least twice the median value of  
13 care for a member during the first nine months of the prior plan year,  
14 except that a member who is already enrolled in the option may remain  
15 enrolled in subsequent years if the option is offered by the board.  
16 The board shall negotiate a direct fee that reflects the intensity of  
17 such care. Additionally, enrollment in the option offered under this  
18 subsection (6)(a)(ii) shall be limited to no more than two thousand  
19 members living in King and Pierce counties. The board shall use best  
20 efforts to inform and educate prospective plan enrollees on the  
21 existence and benefits of the option offered under this subsection  
22 (6)(a)(ii). These efforts shall include, but not be limited to, an  
23 invitation to direct patient-provider primary care practices eligible  
24 to participate in any plan offered under this subsection to participate  
25 in open enrollment meetings and other beneficiary communication  
26 methods. No later than November 1, 2014, the board shall submit a  
27 report to the legislature on the direct practice option offered under  
28 this subsection, describing the impact of the option on plan costs and  
29 the health of the members enrolled in the option.

31 shall submit a report to the relevant legislative policy and fiscal  
32 committees that includes the following:

33 (i) Public employees' benefits board health plan cost and service  
34 utilization trends for the previous three years, in total and for each  
35 health plan offered to employees;

37 percentage of employees and dependents enrolled in the plan, and the  
38 age and gender demographics of enrollees in each plan;

1 (iii) Any impact of enrollment in alternatives to the most  
2 comprehensive plan, including the high deductible health plan with a  
3 health savings account, upon the cost of health benefits for those  
4 employees who have chosen to remain enrolled in the most comprehensive  
5 plan.

6 (7) Notwithstanding any other provision of this chapter, for any  
7 open enrollment period following August 24, 2011, the board shall offer  
8 a high deductible health plan in conjunction with a health savings  
9 account developed under subsection (6) of this section.

10 (8) Employees shall choose participation in one of the health care  
11 benefit plans developed by the board and may be permitted to waive  
12 coverage under terms and conditions established by the board.

13 (9) The board shall review plans proposed by insuring entities that  
14 desire to offer property insurance and/or accident and casualty  
15 insurance to state employees through payroll deduction. The board may  
16 approve any such plan for payroll deduction by insuring entities  
17 holding a valid certificate of authority in the state of Washington and  
18 which the board determines to be in the best interests of employees and  
19 the state. The board shall adopt rules setting forth criteria by which  
20 it shall evaluate the plans.

21 (10) Before January 1, 1998, the public employees' benefits board  
22 shall make available one or more fully insured long-term care insurance

28 retiree. Employees of local governments, political subdivisions, and  
29 tribal governments not otherwise enrolled in the public employees'  
30 benefits board sponsored medical programs may enroll under terms and  
31 conditions established by the administrator, if it does not jeopardize  
32 the financial viability of the public employees' benefits board's long-  
33 term care offering.

34 (a) Participation of eligible employees or retired employees and  
35 retired school employees in any long-term care insurance plan made  
36 available by the public employees' benefits board is voluntary and  
37 shall not be subject to binding arbitration under chapter 41.56 RCW.

1 Participation is subject to reasonable underwriting guidelines and  
2 eligibility rules established by the public employees' benefits board  
3 and the health care authority.

4 (b) The employee, retired employee, and retired school employee are  
5 solely responsible for the payment of the premium rates developed by  
6 the health care authority. The health care authority is authorized to  
7 charge a reasonable administrative fee in addition to the premium  
8 charged by the long-term care insurer, which shall include the health  
9 care authority's cost of administration, marketing, and consumer  
10 education materials prepared by the health care authority and the  
11 office of the insurance commissioner.

12 (c) To the extent administratively possible, the state shall  
13 establish an automatic payroll or pension deduction system for the  
14 payment of the long-term care insurance premiums.

15 (d) The public employees' benefits board and the health care  
16 authority shall establish a technical advisory committee to provide  
17 advice in the development of the benefit design and establishment of  
18 underwriting guidelines and eligibility rules. The committee shall  
19 also advise the board and authority on effective and cost-effective  
20 ways to market and distribute the long-term care product. The  
21 technical advisory committee shall be comprised, at a minimum, of  
22 representatives of the office of the insurance commissioner, providers  
23 of long-term care services, licensed insurance agents with expertise in  
24 long-term care insurance, employees, retired employees, retired school  
25 employees, and other interested parties determined to be appropriate by  
26 the board.

27 (e) The health care authority shall offer employees, retired  
28 employees, and retired school employees the option of purchasing long-  
29 term care insurance through licensed agents or brokers appointed by the  
30 long-term care insurer. The authority, in consultation with the public  
31 employees' benefits board, shall establish marketing procedures and may  
32 consider all premium components as a part of the contract negotiations  
33 with the long-term care insurer.

34 (f) In developing the long-term care insurance benefit designs, the  
35 public employees' benefits board shall include an alternative plan of  
36 care benefit, including adult day services, as approved by the office  
37 of the insurance commissioner.

1 (g) The health care authority, with the cooperation of the office  
2 of the insurance commissioner, shall develop a consumer education  
3 program for the eligible employees, retired employees, and retired  
4 school employees designed to provide education on the potential need  
5 for long-term care, methods of financing long-term care, and the  
6 availability of long-term care insurance products including the  
7 products offered by the board.

8 (11) The board may establish penalties to be imposed by the  
9 authority when the eligibility determinations of an employing agency  
10 fail to comply with the criteria under this chapter.

By Senator Brown

**ADOPTED 02/14/2012**

4 On page 1, line 2 of the title, after "employees;" strike the  
5 remainder of the title and insert "amending RCW 41.05.065 and  
6 48.150.030; and reenacting and amending RCW 48.150.010."

EFFECT: Removes the requirement that employees enrolled in the direct practice plan pay a share of premium costs that is no more than 75 percent of the share paid by employees enrolled in other plans.

Allows the Public Employees' Benefits Board (PEBB) to limit enrollment in the direct practice plan to members who are heavy utilizers of services and allows a direct practice to negotiate a variable direct fee to reflect the higher level of utilization within a plan subject to such enrollment restrictions.
