SENATE COMMITTEE ON COMMERCE & LABOR

Staff: Jessica Stevenson (786-7465)

Background: Cosmetologists, barbers, manicurists, and estheticians must all be licensed by the Department of Licensing to practice in Washington. In order to obtain a license, individuals must complete the educational and training requirements and pass an examination. Curriculum is defined as the courses of study taught at a school or in an approved apprenticeship program, established by the Washington State Apprenticeship and Training Council, conducted in an approved salon or shop, and approved by the Department of Licensing.

Summary of Bill: Curriculum includes courses of study taught online by a school or an approved apprenticeship program. Distance or online learning is defined as theory training for cosmetology, manicuring, barbering, esthetics, and instructor training provided online by a licensed school or an approved apprenticeship program, established by the Washington State Apprenticeship and Training Council.

The Director of the Department of Licensing must adopt rules for distance or online learning. The rules must include a limit on the number of hours of online learning that can be used toward licensing requirements for cosmetology, manicuring, barbering, esthetics, and instructor training. The Department of Licensing must provide an evaluation of distance or online learning for cosmetology, manicuring, barbering, esthetics, and instructor training to

the legislative committee that oversees the licensing of these professions no later than January 1, 2016.

Appropriation: None.

Fiscal Note: Available.

Committee/Commission/Task Force Created: No.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Staff Summary of Public Testimony: PRO: Online courses offer flexibility for the students' schedules, and it allows them to reduce their travel time and expenses for child care. Many of the programs include a lot of course work, and a significant amount of it can be completed online. Some students would be able to start their education sooner if online courses were available. Online courses will enable more students to complete the programs and graduate on time.
