4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** A new section is added to chapter 28A.155
6 RCW to read as follows:

7 (1) The office of the superintendent of public instruction must
8 establish interagency agreements with the department of social and

11 students with disabilities or students covered by section 504 of the
12 federal rehabilitation act of 1973, as amended (29 U.S.C. Sec. 794).
13 The purpose of the interagency agreements is to foster effective
14 multiagency collaboration to provide transition services for students
15 with disabilities and students with a section 504 plan age fourteen
16 through twenty-one, or through high school graduation, whichever occurs
17 first. Interagency agreements are also intended to streamline services
18 and programs, promote efficiencies, and establish a uniform focus on

2 not require transition services plan development in addition to what
3 exists on the effective date of this section.

4 (2) The office of the superintendent of public instruction must
5 collaborate with the professional educator standards board to build
6 into existing and ongoing educator requirements that special education

8 prepared to address the transition needs of students with disabilities
9 and students with a section 504 plan.

10 (3) To the extent that data is available through data-sharing
11 agreements established by the education data center under RCW
12 43.41.400, the education data center must monitor the following
13 outcomes for students with disabilities and students with a section 504
14 plan after high school graduation:

15 (a) The number of students who, within one year of high school
16 graduation:

17 (i) Enter integrated employment paid at the greater of minimum wage
18 or competitive wage for the type of employment, with access to related
19 employment and health benefits; or

20 (ii) Enter a postsecondary education or training program focused on
21 leading to integrated employment;

22 (b) The wages and number of hours worked per pay period;

23 (c) The impact of employment on any state and federal benefits for
24 individuals with disabilities;

25 (d) Indicators of the types of settings in which students who
26 previously received transition services primarily reside;

27 (e) Indicators of improved economic status and self-sufficiency;

28 (f) Data on those students for whom a postsecondary or integrated
29 employment outcome does not occur within one year of high school
30 graduation, including:

31 (i) Information on the reasons that the desired outcome has not
32 occurred;

33 (ii) The number of months the student has not achieved the desired
34 outcome; and

35 (iii) The efforts made to ensure the student achieves the desired
36 outcome.

37 (4) To the extent that the data elements in subsection (3) of this
38 section are not available to the education data center through data-

1 sharing agreements, the office of the superintendent of public
2 instruction must attempt to collect the data through a single
3 communication after the student's graduation.

4 (5) The office of the superintendent of public instruction must
5 prepare an annual report on the data and outcomes in subsection (3) of
6 this section and submit the report to the legislature.
