

E2SHB 1472 - S COMM AMD

By Committee on Energy, Environment & Telecommunications

1 Strike everything after the enacting clause and insert the  
2 following:

3 "NEW SECTION. **Sec. 1.** The definitions in this section apply  
4 throughout this chapter unless the context clearly requires  
5 otherwise.

6 (1) "Alternatives assessment" means a process for identifying and  
7 comparing chemical and nonchemical alternatives currently in  
8 existence that can be practicably and economically used to replace  
9 the use of a chemical or to reduce the amount of or exposure to that  
10 chemical.

11 (2) "Biomonitoring" means assessment of human exposures to  
12 chemicals by measuring the chemicals or their metabolites in human  
13 tissues or specimens, such as blood, breast milk, and urine.

14 (3) "Chemical" means a substance, including metals, with a  
15 distinct molecular composition or a group of structurally related  
16 substances, and includes the breakdown products of the substance or  
17 substances that form through decomposition, degradation, or  
18 metabolism.

19 (4) "Chemical action plan" means a report that identifies,  
20 characterizes, and evaluates current and legacy uses and releases of  
21 a specific chemical or group of chemicals and identifies actions  
22 needed to protect human health and the environment.

23 (5) "Department" means the department of ecology.

24 (6) "Director" means the director of the department of ecology or  
25 the director's designee.

26 (7) "Economically viable" means that an alternative chemical or  
27 product does not significantly reduce the manufacturer's operating  
28 margin.

29 (8) "Functionally acceptable" means that an alternative chemical  
30 or product complies with all applicable legal requirements and  
31 performs the function of the original chemical or product  
32 sufficiently well that consumers can be reasonably expected to accept  
33 the product in the marketplace.

1 (9) "Manufacturer" means any person, firm, association,  
2 partnership, corporation, governmental entity, organization, or joint  
3 venture that produces a product. "Manufacturer" does not include  
4 small businesses as defined in RCW 19.85.020.

5 (10)(a) "Product" means any item sold for residential or  
6 commercial use, including any component or product packaging.

7 (b) "Product" does not include the following items:

8 (i) Food or beverage and food or beverage packaging, regulated by  
9 the United States food and drug administration or the United States  
10 department of agriculture;

11 (ii) Tobacco products;

12 (iii) Drug or biological products and packaging regulated by the  
13 United States food and drug administration;

14 (iv) Products and components produced under military  
15 specifications;

16 (v) Products and components regulated by the federal aviation  
17 administration;

18 (vi) Substances regulated under chapter 15.54 or 15.58 RCW; and

19 (vii) Any previously owned product sold in casual or isolated  
20 sales as defined in RCW 82.04.040 or products sold by nonprofit  
21 organizations.

22 (11) "Product component" means a uniquely identifiable material  
23 or coating that is included as a part of a finished product.

24 (12) "Safer alternative" means an alternative, demonstrated by an  
25 alternatives assessment, that:

26 (a) Meets improved hazard and exposure considerations, exhibits  
27 lower risk, and can be practicably and economically substituted for  
28 the original chemical; or

29 (b) Allows use of a reduced amount of or reduced exposure to that  
30 chemical than the existing chemical or chemical process and is  
31 functionally acceptable and economically viable. A safer alternative  
32 to a particular chemical may include a chemical substitute or a  
33 change in materials or design that eliminates the need for a chemical  
34 alternative.

35 (13) "Summary report" means a report prepared by the department  
36 summarizing available alternatives assessments and includes a  
37 determination regarding the existence of a safer alternative. The  
38 summary report also includes a determination of the completeness of  
39 the alternatives assessments reviewed and identifies unsuitable  
40 alternatives.

1 (14) "Unsuitable alternative" means an alternative identified  
2 through the alternatives assessment process that does not meet the  
3 hazard, exposure, cost, performance, and availability criteria of a  
4 safer alternative.

5 (15) This section expires June 30, 2025.

6 NEW SECTION. **Sec. 2.** (1) Beginning January 1, 2016, and every  
7 two years thereafter, the department, in consultation with the  
8 department of health, must select up to two chemicals for the  
9 development of chemical action plans, as specified in section 4 of  
10 this act, from the following:

11 (a) Chemicals regulated by the department under human health  
12 criteria in the proposed rule filed by the department on January 8,  
13 2015, in the Washington State Register, as WSR 15-03-015; or

14 (b) Chemicals that are persistent bioaccumulative toxins as  
15 defined in chapter 173-333 WAC, as of the effective date of this  
16 section, that affect water quality.

17 (2) The department may conduct environmental monitoring or,  
18 subject to the availability of amounts appropriated for this specific  
19 purpose, may request the department of health to conduct  
20 biomonitoring of a chemical to verify the chemical is present in the  
21 state's environment or population or to better understand  
22 environmental or human exposure in the state. Environmental  
23 monitoring and biomonitoring conducted pursuant to this chapter must  
24 be of a minimum scope necessary to adequately inform a chemical  
25 action plan.

26 (3) All chemicals chosen for development of a chemical action  
27 plan must have scientifically supported pathways linked to a specific  
28 use, uses, or production of the chemical with concentrations in  
29 Washington waters that cause or contribute to the impairment of an  
30 affected waterbody.

31 (4)(a) At least two of the first four chemicals selected for a  
32 chemical action plan must be chosen from the chemicals identified in  
33 subsection (1)(a) of this section.

34 (b) When selecting chemicals for the development of chemical  
35 action plans, the director shall notify the public of the selection,  
36 the basis for the selection, and a draft schedule for completing the  
37 chemical action plan. The notice must be published in the Washington  
38 State Register. The department shall provide the public with an  
39 opportunity for review and comment before finalizing the schedule.

1 (c) When selecting chemicals for the development of chemical  
2 action plans, the department must consider:

3 (i) Opportunities for reducing or phasing out uses, production,  
4 or releases of a chemical;

5 (ii) Current scientific evidence on the combined effects of  
6 exposure to the chemical and other substances commonly present in the  
7 Washington environment;

8 (iii) Current scientific evidence on the susceptibility of  
9 sensitive population groups and environmental media from exposure to  
10 the chemical, as well as cumulative effects of multiple exposures;

11 (iv) The relative ranking assigned to a chemical by the  
12 department based on information applicable to Washington about  
13 chemical characteristics, uses of the chemical, releases of the  
14 chemical, and levels of the chemical present in the environment and  
15 in residents;

16 (v) Whether the chemical has been determined to impact Washington  
17 state waters through identification under section 303(d) of the  
18 federal clean water act; and

19 (vi) Existing plans or regulatory requirements to reduce or phase  
20 out the use and releases of the chemical.

21 (d) The department must identify the sources of information it  
22 relied upon in selecting chemicals for the development of chemical  
23 action plans under this section, including peer-reviewed science.

24 (5) This section expires June 30, 2025.

25 NEW SECTION. **Sec. 3.** (1) The department may request information  
26 from manufacturers of products or product components that contain a  
27 chemical selected for a chemical action plan under section 2 of this  
28 act. Prior to requesting information from a manufacturer under this  
29 subsection, the department must consult with a chemical action plan  
30 external advisory committee, if one has been formed yet, to evaluate  
31 the particular chemical that is the subject of the information  
32 request. The department may only make reasonable requests of  
33 manufacturers that are limited in their scope and frequency and that  
34 are focused on:

35 (a) The most common and prevalent uses of the chemicals or  
36 products containing the chemicals, based on the department's existing  
37 knowledge about the chemical;

38 (b) Areas where there is an identified gap in public or  
39 department knowledge about a chemical; and

1 (c) Chemical uses or products that the department has reason to  
2 believe are likely to be responsible for or associated with a  
3 significant portion of releases into the environment or public health  
4 exposures.

5 (2) Within twelve months of a request by the department,  
6 manufacturers shall report the following:

7 (a) The name and address of the manufacturer and the name,  
8 address, and phone number of a contact person for the manufacturer;

9 (b) The name of the chemical used or produced and its chemical  
10 abstracts service registry number;

11 (c) A brief description of the product or product component  
12 categories containing the substance;

13 (d) A description of the function or functions of the chemical in  
14 the product;

15 (e) An estimate of average daily, weekly, or monthly commercial  
16 consumption of the chemical by businesses or the public; and

17 (f) Any other information the manufacturer deems relevant to the  
18 appropriate use of the product.

19 (3) In response to an information request from the department  
20 under this section, a manufacturer may extrapolate amounts and  
21 estimates from national data. The resulting submission must include  
22 the information in subsection (2)(a) of this section for each  
23 manufacturer. However, the information required by subsection (2)(b)  
24 through (f) of this section is not required to be provided in a  
25 manner that identifies individual manufacturers.

26 (4) The department shall specify the required format for  
27 submission of the information required under subsection (2) of this  
28 section. The format should be generally consistent with the format  
29 specified in other states or federal agencies with substantially  
30 similar reporting requirements.

31 (5) Multiple manufacturers, or a business association, may  
32 collaborate and submit a single submission on a chemical found in  
33 similar products or product components.

34 (6) Where information submitted by a manufacturer under chapter  
35 70.240 RCW is the same as the information required to be submitted by  
36 the manufacturer in subsection (2) of this section, the manufacturer  
37 is not required to submit the same information again.

38 (7) The department may, by order, require a manufacturer subject  
39 to the reporting requirement in subsection (2) of this section to  
40 provide additional information that is relevant to the development of

1 a chemical action plan under section 4 of this act. Prior to an order  
2 under this subsection, the department must consult with the external  
3 advisory committee formed for the chemical action plan, if one has  
4 been formed. An order by the department must also meet the  
5 reasonableness criteria of subsection (1) of this section.

6 (8) A manufacturer may request information submitted under this  
7 section be held confidential as provided under section 8 of this act.

8 (9) This section expires June 30, 2025.

9 NEW SECTION. **Sec. 4.** (1) When developing a chemical action  
10 plan, the department shall convene an external advisory committee to  
11 provide stakeholder input, expertise, and additional information. All  
12 external advisory committee meetings must be open to the public. The  
13 department must invite representatives from, at minimum, the  
14 following organizations and entities to serve as external advisory  
15 committee members: Large and small business sectors; a representative  
16 of a statewide business association with over one thousand total  
17 members and that represents multiple business sectors; community,  
18 environmental, and public health advocacy groups; local governments;  
19 affected and interested businesses; and public health agencies. State  
20 agencies and technical experts may be requested to participate.

21 (2) All chemical action plans must include the following:

22 (a) Chemical name, properties, uses, and product manufacturers;

23 (b) An analysis of the available information on the production,  
24 unintentional production, current and legacy uses, and disposal of  
25 the chemical;

26 (c) Information on the known or potential and proven impacts on  
27 human health and the environment associated with the use and release  
28 of the chemical;

29 (d) An evaluation of the regulatory and nonregulatory approaches  
30 that influence production, uses, releases, and management of the  
31 chemical;

32 (e) Identification of actions, if needed, to eliminate, reduce,  
33 or manage exposures, and recommendations for managing, reducing, or  
34 phasing out the uses and releases of the chemical identified as  
35 primary sources of risk in the state of Washington to minimize  
36 exposure; and

37 (f) Recommendations that are based on an evaluation of the  
38 following factors:

- 1 (i) Opportunity for environmental and human health benefits in  
2 the state of Washington;
- 3 (ii) Economic and social impacts;
- 4 (iii) Feasibility;
- 5 (iv) Availability and effectiveness of safer alternatives for  
6 uses of the chemical; and
- 7 (v) Consistency with existing federal and state regulatory  
8 requirements.

9 (3) If a chemical action plan includes a recommendation for an  
10 alternatives assessment to be conducted on a specific chemical, the  
11 department must prepare agency request legislation to authorize the  
12 department to conduct the alternatives assessment, consistent with  
13 the recommendations in the chemical action plan.

14 (4) The department must include in the chemical action plan a  
15 summary of any dissenting views held by external advisory committee  
16 members regarding the recommendations contained in the plan.

17 (5) The department must identify the sources of information it  
18 relied upon in completing a chemical action plan under this section,  
19 including peer-reviewed science.

20 (6) This section expires June 30, 2025.

21 NEW SECTION. **Sec. 5.** (1) The department is authorized to  
22 require, by order, manufacturers to conduct alternatives assessments  
23 as described in this section, subject to legislation enacted for the  
24 specific purpose of authorizing the department to conduct  
25 alternatives assessments for a specific chemical in a specific type  
26 of product. Unless otherwise provided, alternatives assessments  
27 authorized pursuant to legislation must be conducted by affected  
28 manufacturers in cooperation with the department.

29 (a) The department may not require an alternatives assessment for  
30 a greater breadth of uses or products, nor require alternatives  
31 assessments to be completed by a greater number of manufacturers than  
32 is necessary to address demonstrated statistically significant  
33 sources of environmental or public health hazard and exposures to the  
34 chemical.

35 (b) The scope of an alternatives assessment must be limited to:

36 (i) A single type of use of a chemical in a specific type of  
37 manufacturing process; or

38 (ii) The inclusion of a chemical in a specific type of product or  
39 product component.

1 (2)(a) If ordered by the department, a manufacturer of a product  
2 or product component that contains a chemical for which a chemical  
3 action plan has been completed under section 4 of this act or chapter  
4 173-333 WAC must submit an alternatives assessment to the department  
5 for each use of the chemical specified by the department.

6 (b) A peer-reviewed alternatives assessment completed by an  
7 authoritative entity, including the United States environmental  
8 protection agency, the federal food and drug administration, or by  
9 other nations and states that meet the objectives required under  
10 subsection (5)(a) through (c) of this section may be submitted in  
11 lieu of conducting a new alternatives assessment.

12 (c) The manufacturer must submit the alternatives assessment to  
13 the department within twenty-four months from the date the  
14 alternatives assessment is authorized. However, the department may  
15 grant an extension on a case-by-case basis for good cause if the  
16 manufacturer shows that additional time is necessary to complete an  
17 alternatives assessment or would substantially improve the quality of  
18 the alternatives assessment. Multiple manufacturers, or a business  
19 association, may collaborate and submit a single alternatives  
20 assessment on a chemical found in similar products.

21 (3)(a) In lieu of an alternatives assessment, a manufacturer may  
22 submit a certificate of compliance, as described in (b) of this  
23 subsection, if:

24 (i) The manufacturer has ceased using the chemical or chemical in  
25 the product or component for which it would be required to conduct an  
26 alternatives assessment; or

27 (ii) The manufacturer can demonstrate that it plans to phase out  
28 the use of the chemical or chemical in the product or component  
29 within a time frame that is reasonable based on the manufacturing  
30 process used to produce the product and the use of the product.

31 (b) A certificate of compliance must include the following:

32 (i) Chemical names and chemical abstracts service registry  
33 numbers for all chemicals that currently contribute to the specific  
34 function previously served by the prohibited chemical;

35 (ii) How the manufacturer is meeting the function of the  
36 prohibited chemical with a safer alternative; and

37 (iii) The signature of an authorized official of the  
38 manufacturer.

39 (4)(a) When the department determines that a manufacturer that is  
40 required to conduct an alternatives assessment is unwilling or unable

1 to conduct an alternatives assessment, the department may contract  
2 with an independent qualified third party to conduct an alternatives  
3 assessment in consultation with the chemical action plan external  
4 advisory committee. Any alternatives assessment conducted by the  
5 independent contractor must include a process to involve interested  
6 parties.

7 (b) The department must ensure an alternatives assessment  
8 completed by a qualified third party is peer-reviewed and meets the  
9 requirements under subsection (5)(a) through (c) of this section.

10 (5) An alternatives assessment must:

11 (a) Meet the objective of assessing less toxic chemicals or  
12 nonchemical alternatives to reduce the amount of or exposure to  
13 chemicals in a product and to avoid the unintended consequence of  
14 switching to a substitute that presents an equivalent or greater  
15 concern;

16 (b) Follow the guidelines issued by the interstate chemicals  
17 clearinghouse, the national academy of sciences, or equivalent  
18 methodology; and

19 (c) Include, at a minimum: (i) An evaluation of chemical hazard,  
20 exposure, performance, consumer acceptance, cost, and availability;  
21 (ii) information for each alternative considered; and (iii) the  
22 identification of alternatives.

23 (6) This section expires June 30, 2025.

24 NEW SECTION. **Sec. 6.** (1)(a) The department, in consultation  
25 with the department of health and appropriate external advisory  
26 committees, shall prepare a summary report of all reviewed  
27 alternatives assessments and other relevant information assembled  
28 under section 5 of this act. The summary report must include a  
29 determination of whether a safer alternative exists and identify  
30 unsuitable alternatives.

31 (b) In making its determination, the department shall evaluate  
32 whether the alternatives assessments follow the guidelines on  
33 alternatives assessments issued by the interstate chemicals  
34 clearinghouse, the national academy of sciences, or equivalent  
35 methodology.

36 (2) If the department determines that a safer alternative exists,  
37 the department may submit a recommendation to prohibit specific uses  
38 of the chemical, in the form of agency request legislation, to the  
39 appropriate committees of the senate and house of representatives.

1 (3) The department may not reevaluate safer alternatives for  
2 chemicals more often than once every five years after a determination  
3 is made that a safer alternative does not exist.

4 (4) This section expires June 30, 2025.

5 NEW SECTION. **Sec. 7.** (1) A manufacturer violating a requirement  
6 of this chapter, a rule adopted under this chapter, or an order  
7 issued under this chapter is subject to a civil penalty not to exceed  
8 five thousand dollars for each violation in the case of a first  
9 offense. Manufacturers who are repeat violators are subject to a  
10 civil penalty not to exceed ten thousand dollars for each repeat  
11 offense.

12 (2) Any penalty provided for in this section, and any order  
13 issued by the department under this chapter, may be appealed to the  
14 pollution control hearings board.

15 (3) All penalties collected under this chapter shall be deposited  
16 in the state toxics control account created in RCW 70.105D.070.

17 (4) This section expires June 30, 2025.

18 NEW SECTION. **Sec. 8.** (1) Manufacturers submitting information  
19 or records to the department may request that the information or  
20 records be made available only for the confidential use of the  
21 director, the department, or the appropriate division of the  
22 department.

23 (2)(a) A manufacturer requesting confidentiality for information  
24 submitted under section 3 of this act must demonstrate to the  
25 department how the records relate to processes of production unique  
26 to the owner or operator or how releasing the records to the public  
27 may adversely affect the owner's or operator's competitive position.

28 (b)(i) The director shall give consideration to the request for  
29 confidentiality and if such action would not be detrimental to the  
30 public interest and is otherwise within accord with the policies and  
31 purposes of chapter 43.21A RCW, the director must grant the request  
32 for the information to remain confidential as authorized in RCW  
33 43.21A.160.

34 (ii) The department must respond to a manufacturer's request  
35 within fourteen days of receipt of the request. The department must  
36 inform the manufacturer regarding its determination of whether the  
37 submitted information should be kept confidential under this section  
38 and RCW 43.21A.160 and its reasons for the determination.

1 (iii) The department must keep confidential any records furnished  
2 by a manufacturer under this chapter that relate to proprietary  
3 manufacturing processes or chemical formulations used in products or  
4 processes.

5 (3) If the director denies the request of a manufacturer to keep  
6 submitted information or records confidential under this section, the  
7 manufacturer may appeal the denial to a court of competent  
8 jurisdiction. In a review of whether the submitted information or  
9 records meet the criteria of RCW 43.21A.160 and this section, a court  
10 must examine submitted information or records in camera.

11 (4) This section expires June 30, 2025.

12 NEW SECTION. **Sec. 9.** (1) The department may adopt rules as  
13 necessary for the purpose of implementing, administering, and  
14 enforcing this chapter, except that rules adopted to implement  
15 section 5 of this act may not require a manufacturer to conduct an  
16 alternatives assessment without express authority from the  
17 legislature.

18 (2) This section expires June 30, 2025.

19 NEW SECTION. **Sec. 10.** A new section is added to chapter 39.26  
20 RCW to read as follows:

21 (1) The department shall establish purchasing and procurement  
22 policies that provide a preference for products and products in  
23 packaging that do not contain:

24 (a) Persistent bioaccumulative toxins, as defined in chapter  
25 173-333 WAC as of the effective date of this section; and

26 (b) Chemicals that have been addressed by a completed chemical  
27 action plan that has included a recommendation that the state adopt a  
28 purchasing and procurement policy for products and products in  
29 packaging that do not contain the chemical.

30 (2) No agency may knowingly purchase products or products in  
31 packaging containing chemicals identified in subsection (1) of this  
32 section unless there is no cost-effective and technologically  
33 feasible alternative. When all available products contain a chemical  
34 identified in subsection (1) of this section, a preference must be  
35 given to alternative products that contain lesser amounts of  
36 chemicals identified in subsection (1) of this section.

37 (3) Nothing in this section requires the department or any other  
38 state agency to breach an existing contract or dispose of stock that

1 has been ordered or is in the possession of the department or other  
2 state agency as of the effective date of this section.

3 (4) This section does not require the department or any other  
4 agency to test every product procured.

5 (5) The department or any other agency may request suppliers of  
6 products to provide testing data from an accredited laboratory or  
7 testing facility documenting levels of a chemical identified in  
8 subsection (1) of this section in products or product packaging.  
9 Requested or voluntarily received testing data from businesses,  
10 manufacturers, organizations, and individuals must be submitted for  
11 review to the department of ecology.

12 **Sec. 11.** RCW 43.21B.110 and 2013 c 291 s 33 are each amended to  
13 read as follows:

14 (1) The hearings board shall only have jurisdiction to hear and  
15 decide appeals from the following decisions of the department, the  
16 director, local conservation districts, the air pollution control  
17 boards or authorities as established pursuant to chapter 70.94 RCW,  
18 local health departments, the department of natural resources, the  
19 department of fish and wildlife, the parks and recreation commission,  
20 and authorized public entities described in chapter 79.100 RCW:

21 (a) Civil penalties imposed pursuant to RCW 18.104.155,  
22 70.94.431, 70.105.080, 70.107.050, 76.09.170, 77.55.291, 78.44.250,  
23 88.46.090, 90.03.600, 90.46.270, 90.48.144, 90.56.310, 90.56.330, and  
24 90.64.102.

25 (b) Orders issued pursuant to RCW 18.104.043, 18.104.060,  
26 43.27A.190, 70.94.211, 70.94.332, 70.105.095, 86.16.020, 88.46.070,  
27 90.14.130, 90.46.250, 90.48.120, and 90.56.330.

28 (c) A final decision by the department or director made under  
29 chapter 183, Laws of 2009.

30 (d) Except as provided in RCW 90.03.210(2), the issuance,  
31 modification, or termination of any permit, certificate, or license  
32 by the department or any air authority in the exercise of its  
33 jurisdiction, including the issuance or termination of a waste  
34 disposal permit, the denial of an application for a waste disposal  
35 permit, the modification of the conditions or the terms of a waste  
36 disposal permit, or a decision to approve or deny an application for  
37 a solid waste permit exemption under RCW 70.95.300.

38 (e) Decisions of local health departments regarding the grant or  
39 denial of solid waste permits pursuant to chapter 70.95 RCW.

1 (f) Decisions of local health departments regarding the issuance  
2 and enforcement of permits to use or dispose of biosolids under RCW  
3 70.95J.080.

4 (g) Decisions of the department regarding waste-derived  
5 fertilizer or micronutrient fertilizer under RCW 15.54.820, and  
6 decisions of the department regarding waste-derived soil amendments  
7 under RCW 70.95.205.

8 (h) Decisions of local conservation districts related to the  
9 denial of approval or denial of certification of a dairy nutrient  
10 management plan; conditions contained in a plan; application of any  
11 dairy nutrient management practices, standards, methods, and  
12 technologies to a particular dairy farm; and failure to adhere to the  
13 plan review and approval timelines in RCW 90.64.026.

14 (i) Any other decision by the department or an air authority  
15 which pursuant to law must be decided as an adjudicative proceeding  
16 under chapter 34.05 RCW.

17 (j) Decisions of the department of natural resources, the  
18 department of fish and wildlife, and the department that are  
19 reviewable under chapter 76.09 RCW, and the department of natural  
20 resources' appeals of county, city, or town objections under RCW  
21 76.09.050(7).

22 (k) Forest health hazard orders issued by the commissioner of  
23 public lands under RCW 76.06.180.

24 (l) Decisions of the department of fish and wildlife to issue,  
25 deny, condition, or modify a hydraulic project approval permit under  
26 chapter 77.55 RCW.

27 (m) Decisions of the department of natural resources that are  
28 reviewable under RCW 78.44.270.

29 (n) Decisions of an authorized public entity under RCW 79.100.010  
30 to take temporary possession or custody of a vessel or to contest the  
31 amount of reimbursement owed that are reviewable by the hearings  
32 board under RCW 79.100.120.

33 (o) Decisions regarding a restriction, order, or penalty issued  
34 under chapter 70.--- RCW (the new chapter created in section 14 of  
35 this act).

36 (2) The following hearings shall not be conducted by the hearings  
37 board:

38 (a) Hearings required by law to be conducted by the shorelines  
39 hearings board pursuant to chapter 90.58 RCW.

1 (b) Hearings conducted by the department pursuant to RCW  
2 70.94.332, 70.94.390, 70.94.395, 70.94.400, 70.94.405, 70.94.410, and  
3 90.44.180.

4 (c) Appeals of decisions by the department under RCW 90.03.110  
5 and 90.44.220.

6 (d) Hearings conducted by the department to adopt, modify, or  
7 repeal rules.

8 (3) Review of rules and regulations adopted by the hearings board  
9 shall be subject to review in accordance with the provisions of the  
10 administrative procedure act, chapter 34.05 RCW.

11 **Sec. 12.** RCW 43.21B.110 and 2013 c 291 s 34 are each amended to  
12 read as follows:

13 (1) The hearings board shall only have jurisdiction to hear and  
14 decide appeals from the following decisions of the department, the  
15 director, local conservation districts, the air pollution control  
16 boards or authorities as established pursuant to chapter 70.94 RCW,  
17 local health departments, the department of natural resources, the  
18 department of fish and wildlife, the parks and recreation commission,  
19 and authorized public entities described in chapter 79.100 RCW:

20 (a) Civil penalties imposed pursuant to RCW 18.104.155,  
21 70.94.431, 70.105.080, 70.107.050, 76.09.170, 77.55.291, 78.44.250,  
22 88.46.090, 90.03.600, 90.46.270, 90.48.144, 90.56.310, 90.56.330, and  
23 90.64.102.

24 (b) Orders issued pursuant to RCW 18.104.043, 18.104.060,  
25 43.27A.190, 70.94.211, 70.94.332, 70.105.095, 86.16.020, 88.46.070,  
26 90.14.130, 90.46.250, 90.48.120, and 90.56.330.

27 (c) Except as provided in RCW 90.03.210(2), the issuance,  
28 modification, or termination of any permit, certificate, or license  
29 by the department or any air authority in the exercise of its  
30 jurisdiction, including the issuance or termination of a waste  
31 disposal permit, the denial of an application for a waste disposal  
32 permit, the modification of the conditions or the terms of a waste  
33 disposal permit, or a decision to approve or deny an application for  
34 a solid waste permit exemption under RCW 70.95.300.

35 (d) Decisions of local health departments regarding the grant or  
36 denial of solid waste permits pursuant to chapter 70.95 RCW.

37 (e) Decisions of local health departments regarding the issuance  
38 and enforcement of permits to use or dispose of biosolids under RCW  
39 70.95J.080.

1 (f) Decisions of the department regarding waste-derived  
2 fertilizer or micronutrient fertilizer under RCW 15.54.820, and  
3 decisions of the department regarding waste-derived soil amendments  
4 under RCW 70.95.205.

5 (g) Decisions of local conservation districts related to the  
6 denial of approval or denial of certification of a dairy nutrient  
7 management plan; conditions contained in a plan; application of any  
8 dairy nutrient management practices, standards, methods, and  
9 technologies to a particular dairy farm; and failure to adhere to the  
10 plan review and approval timelines in RCW 90.64.026.

11 (h) Any other decision by the department or an air authority  
12 which pursuant to law must be decided as an adjudicative proceeding  
13 under chapter 34.05 RCW.

14 (i) Decisions of the department of natural resources, the  
15 department of fish and wildlife, and the department that are  
16 reviewable under chapter 76.09 RCW, and the department of natural  
17 resources' appeals of county, city, or town objections under RCW  
18 76.09.050(7).

19 (j) Forest health hazard orders issued by the commissioner of  
20 public lands under RCW 76.06.180.

21 (k) Decisions of the department of fish and wildlife to issue,  
22 deny, condition, or modify a hydraulic project approval permit under  
23 chapter 77.55 RCW.

24 (l) Decisions of the department of natural resources that are  
25 reviewable under RCW 78.44.270.

26 (m) Decisions of an authorized public entity under RCW 79.100.010  
27 to take temporary possession or custody of a vessel or to contest the  
28 amount of reimbursement owed that are reviewable by the hearings  
29 board under RCW 79.100.120.

30 (n) Decisions regarding a restriction, order, or penalty issued  
31 under chapter 70.--- RCW (the new chapter created in section 14 of  
32 this act).

33 (2) The following hearings shall not be conducted by the hearings  
34 board:

35 (a) Hearings required by law to be conducted by the shorelines  
36 hearings board pursuant to chapter 90.58 RCW.

37 (b) Hearings conducted by the department pursuant to RCW  
38 70.94.332, 70.94.390, 70.94.395, 70.94.400, 70.94.405, 70.94.410, and  
39 90.44.180.

1 (c) Appeals of decisions by the department under RCW 90.03.110  
2 and 90.44.220.

3 (d) Hearings conducted by the department to adopt, modify, or  
4 repeal rules.

5 (3) Review of rules and regulations adopted by the hearings board  
6 shall be subject to review in accordance with the provisions of the  
7 administrative procedure act, chapter 34.05 RCW.

8 NEW SECTION. **Sec. 13.** (1) By June 30, 2024, the department must  
9 provide a report to the appropriate committees of the legislature to  
10 review and evaluate the process for chemical action plans provided in  
11 this act. The department must consider, but not be limited to, the  
12 following factors in the review as relevant to the development of  
13 chemical action plans:

14 (a) Evidence that the development of the chemical action plans  
15 have contributed to the achievement of enhancing water quality within  
16 the state;

17 (b) The extent to which continuation of developing chemical  
18 action plans will contribute to ensuring water quality protection and  
19 enhancement;

20 (c) The extent to which developing chemical action plans provide  
21 unintended benefits to an individual, organization, or industry other  
22 than those the legislature intended;

23 (d) The feasibility of modifying the chemical action plans  
24 processes to better achieve the intended objectives; and

25 (e) Fiscal impacts of developing chemical action plans, including  
26 expected future impacts if it is continued.

27 (2) The department must provide recommendations to the  
28 appropriate committees of the legislature as to whether developing  
29 chemical action plans should be continued without modification,  
30 modified, scheduled for sunset review at a future date, or terminated  
31 immediately. If the department determines that developing chemical  
32 action plans does not achieve the ascertainable metrics, the  
33 department shall recommend termination of the program.

34 (3) This section expires June 30, 2025.

35 NEW SECTION. **Sec. 14.** Sections 1 through 9 and 13 of this act  
36 constitute a new chapter in Title 70 RCW.

1        NEW SECTION.    **Sec. 15.**    A new section is added to chapter 70.240  
2    RCW to read as follows:

3        Beginning July 1, 2016, no manufacturer, wholesaler, or retailer  
4    may manufacture, knowingly sell, offer for sale, distribute for sale,  
5    or distribute for use in this state children's products or  
6    residential upholstered furniture, as defined in RCW 70.76.010,  
7    containing TDCPP (tris(1,3-dichloro-2-propyl)phosphate), chemical  
8    abstracts service number 13674-87-8, as of the effective date of this  
9    section, TCEP (tris(2-chloroethyl)phosphate), chemical abstracts  
10    service number 115-96-8, as of the effective date of this section,  
11    decabromodiphenyl ether, chemical abstracts service number 1163-19-5,  
12    as of the effective date of this section, hexabromocyclododecane,  
13    chemical abstracts service number 25637-99-4, as of the effective  
14    date of this section, or the additive form of TBBPA, chemical  
15    abstracts service number 79-94-7, as of the effective date of this  
16    section, in amounts greater than one thousand parts per million in  
17    any product component.

18        **Sec. 16.**    RCW 70.240.010 and 2008 c 288 s 2 are each amended to  
19    read as follows:

20        The definitions in this section apply throughout this chapter  
21    unless the context clearly requires otherwise.

22        (1) "Children's cosmetics" means cosmetics that are made for,  
23    marketed for use by, or marketed to children under the age of twelve.  
24    "Children's cosmetics" includes cosmetics that meet any of the  
25    following conditions:

26        (a) Represented in its packaging, display, or advertising as  
27    appropriate for use by children;

28        (b) Sold in conjunction with, attached to, or packaged together  
29    with other products that are packaged, displayed, or advertised as  
30    appropriate for use by children; or

31        (c) Sold in any of the following:

32        (i) Retail store, catalogue, or online web site, in which a  
33    person exclusively offers for sale products that are packaged,  
34    displayed, or advertised as appropriate for use by children; or

35        (ii) A discrete portion of a retail store, catalogue, or online  
36    web site, in which a person offers for sale products that are  
37    packaged, displayed, or advertised as appropriate for use by  
38    children.

1 (2) "Children's jewelry" means jewelry that is made for, marketed  
2 for use by, or marketed to children under the age of twelve.  
3 "Children's jewelry" includes jewelry that meets any of the following  
4 conditions:

5 (a) Represented in its packaging, display, or advertising as  
6 appropriate for use by children under the age of twelve;

7 (b) Sold in conjunction with, attached to, or packaged together  
8 with other products that are packaged, displayed, or advertised as  
9 appropriate for use by children;

10 (c) Sized for children and not intended for use by adults; or

11 (d) Sold in any of the following:

12 (i) A vending machine;

13 (ii) Retail store, catalogue, or online web site, in which a  
14 person exclusively offers for sale products that are packaged,  
15 displayed, or advertised as appropriate for use by children; or

16 (iii) A discrete portion of a retail store, catalogue, or online  
17 web site, in which a person offers for sale products that are  
18 packaged, displayed, or advertised as appropriate for use by  
19 children.

20 (3)(a) "Children's product" includes any of the following:

21 (i) Toys;

22 (ii) Children's cosmetics;

23 (iii) Children's jewelry;

24 (iv) A product designed or intended by the manufacturer to help a  
25 child with sucking or teething, to facilitate sleep, relaxation, or  
26 the feeding of a child, or to be worn as clothing by children; or

27 (v) (~~Child car seats~~) A portable infant or child safety seat  
28 designed to attach to an automobile seat.

29 (b) "Children's product" does not include the following:

30 (i) Batteries;

31 (ii) Slings and catapults;

32 (iii) Sets of darts with metallic points;

33 (iv) Toy steam engines;

34 (v) Bicycles and tricycles;

35 (vi) Video toys that can be connected to a video screen and are  
36 operated at a nominal voltage exceeding twenty-four volts;

37 (vii) Chemistry sets;

38 (viii) Consumer and children's electronic products, including but  
39 not limited to personal computers, audio and video equipment,  
40 calculators, wireless phones, game consoles, and handheld devices

1 incorporating a video screen, used to access interactive software and  
2 their associated peripherals;

3 (ix) Interactive software, intended for leisure and  
4 entertainment, such as computer games, and their storage media, such  
5 as compact disks;

6 (x) BB guns, pellet guns, and air rifles;

7 (xi) Snow sporting equipment, including skis, poles, boots, snow  
8 boards, sleds, and bindings;

9 (xii) Sporting equipment, including, but not limited to bats,  
10 balls, gloves, sticks, pucks, and pads;

11 (xiii) Roller skates;

12 (xiv) Scooters;

13 (xv) Model rockets;

14 (xvi) Athletic shoes with cleats or spikes; and

15 (xvii) Pocket knives and multitools.

16 (4) "Cosmetics" includes articles intended to be rubbed, poured,  
17 sprinkled, or sprayed on, introduced into, or otherwise applied to  
18 the human body or any part thereof for cleansing, beautifying,  
19 promoting attractiveness, or altering the appearance, and articles  
20 intended for use as a component of such an article. "Cosmetics" does  
21 not include soap, dietary supplements, or food and drugs approved by  
22 the United States food and drug administration.

23 (5) "Department" means the department of ecology.

24 (6) "High priority chemical" means a chemical identified by a  
25 state agency, federal agency, or accredited research university, or  
26 other scientific evidence deemed authoritative by the department on  
27 the basis of credible scientific evidence as known to do one or more  
28 of the following:

29 (a) Harm the normal development of a fetus or child or cause  
30 other developmental toxicity;

31 (b) Cause cancer, genetic damage, or reproductive harm;

32 (c) Disrupt the endocrine system;

33 (d) Damage the nervous system, immune system, or organs or cause  
34 other systemic toxicity;

35 (e) Be persistent, bioaccumulative, and toxic; or

36 (f) Be very persistent and very bioaccumulative.

37 (7) "Manufacturer" includes any person, firm, association,  
38 partnership, corporation, governmental entity, organization, or joint  
39 venture that produces a children's product or an importer or domestic

1 distributor of a children's product. For the purposes of this  
2 subsection, "importer" means the owner of the children's product.

3 (8) "Phthalates" means di-(2-ethylhexyl) phthalate (DEHP),  
4 dibutyl phthalate (DBP), benzyl butyl phthalate (BBP), diisonoyl  
5 phthalate (DINP), diisodecyl phthalate (DIDP), or di-n-octyl  
6 phthalate (DnOP).

7 (9) "Toy" means a product designed or intended by the  
8 manufacturer to be used by a child at play.

9 (10) "Trade association" means a membership organization of  
10 persons engaging in a similar or related line of commerce, organized  
11 to promote and improve business conditions in that line of commerce  
12 and not to engage in a regular business of a kind ordinarily carried  
13 on for profit.

14 (11) "Very bioaccumulative" means having a bioconcentration  
15 factor or bioaccumulation factor greater than or equal to five  
16 thousand, or if neither are available, having a log Kow greater than  
17 5.0.

18 (12) "Very persistent" means having a half-life greater than or  
19 equal to one of the following:

20 (a) A half-life in soil or sediment of greater than one hundred  
21 eighty days;

22 (b) A half-life greater than or equal to sixty days in water or  
23 evidence of long-range transport.

24 **Sec. 17.** RCW 70.240.050 and 2008 c 288 s 7 are each amended to  
25 read as follows:

26 (1) A manufacturer of children's products that are restricted  
27 under this chapter must notify persons that sell the manufacturer's  
28 products in this state about the provisions of this chapter no less  
29 than ninety days prior to the effective date of the restrictions.

30 (2) A manufacturer that produces, sells, or distributes ((a))  
31 children's products prohibited from manufacture, sale, or  
32 distribution in this state under this chapter shall recall the  
33 product and reimburse the retailer or any other purchaser for the  
34 product.

35 (3) A manufacturer of children's products in violation of this  
36 chapter is subject to a civil penalty not to exceed five thousand  
37 dollars for each violation in the case of a first offense.  
38 Manufacturers who are repeat violators are subject to a civil penalty  
39 not to exceed ten thousand dollars for each repeat offense. Penalties

1 collected under this section must be deposited in the state toxics  
2 control account created in RCW 70.105D.070.

3 (4) Retailers who unknowingly sell children's products that are  
4 restricted from sale under this chapter are not liable under this  
5 chapter.

6 (5) The sale or purchase of any previously owned children's  
7 products containing a chemical restricted under this chapter made in  
8 casual or isolated sales as defined in RCW 82.04.040, or by a  
9 nonprofit organization, is exempt from this chapter.

10 NEW SECTION. Sec. 18. A new section is added to chapter 70.240  
11 RCW to read as follows:

12 Subject to the availability of amounts appropriated for this  
13 specific purpose, the department must complete and publish a chemical  
14 action plan as provided in section 4 of this act for any flame  
15 retardant identified as a chemical of high concern for children after  
16 January 1, 2015, within two years of the adoption of the rule that  
17 identifies the flame retardant as a chemical of high concern for  
18 children.

19 NEW SECTION. Sec. 19. This act may be known and cited as the  
20 toxics reduction act.

21 NEW SECTION. Sec. 20. (1) Section 11 of this act expires June  
22 30, 2019.

23 (2) Section 12 of this act expires June 30, 2025.

24 NEW SECTION. Sec. 21. Section 12 of this act takes effect June  
25 30, 2019.

26 NEW SECTION. Sec. 22. If specific funding for the purposes of  
27 this act, referencing this act by bill or chapter number, is not  
28 provided by June 30, 2015, in the omnibus appropriations act, this  
29 act is null and void.

30 NEW SECTION. Sec. 23. If any provision of this act or its  
31 application to any person or circumstance is held invalid, the  
32 remainder of the act or the application of the provision to other  
33 persons or circumstances is not affected."

**E2SHB 1472** - S COMM AMD

By Committee on Energy, Environment & Telecommunications

1       On page 1, line 2 of the title, after "Washington;" strike the  
2 remainder of the title and insert "amending RCW 43.21B.110,  
3 43.21B.110, 70.240.010, and 70.240.050; adding a new section to  
4 chapter 39.26 RCW; adding a new section to chapter 70.240 RCW; adding  
5 a new chapter to Title 70 RCW; creating new sections; prescribing  
6 penalties; providing an effective date; and providing expiration  
7 dates."

EFFECT: Revises requirements for alternatives assessments, including the department of ecology's (DOE) authority to order manufacturers to conduct alternatives assessments by requiring enacted legislation to provide specific authority for a specific chemical.

Restructures definition of alternatives assessments (moves substantive language to the body of the bill).

Requires DOE to prepare agency request legislation to authorize alternatives assessments.

Requires DOE to provide a report to the legislature as to whether developing CAPs should be continued.

Adds requirements for confidentiality of information submitted to DOE.

Removes sunset provisions.

Expires all sections as of June 30, 2025.

Revises requirements for CAPs including the number and types of chemicals to be selected.

Revises definitions of: "Manufacturer" by deleting importer and domestic distributor; and "safer alternative."

Adds exempt products.

Adds prohibition on the sale, manufacture, and distribution of children's products and residential upholstered furniture containing certain flame retardants in amounts greater than 1000 ppm.

Revises the definitions under the Children's Safe Products Act to specify "children's products" with respect to exemption of the sale of used products and penalties.

--- END ---
