PART II
HUMAN SERVICES

Sec. 201. 2017 3rd sp.s. c 1 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the

1 federal government, historical utilization, economic data, and
2 clinical input constitute reliable data upon which to determine the
3 payment rates.

4 (4) The department shall to the maximum extent practicable use
5 the same system for delivery of spoken-language interpreter services
6 for social services appointments as the one established for medical
7 appointments in the health care authority. When contracting directly
8 with an individual to deliver spoken language interpreter services,
9 the department shall only contract with language access providers who
10 are working at a location in the state and who are state-certified or
11 state-authorized, except that when such a provider is not available,
12 the department may use a language access provider who meets other
13 certifications or standards deemed to meet state standards, including
14 interpreters in other states.

15 (5) Information technology projects or investments and proposed
16 projects or investments impacting time capture, payroll and payment
17 processes and systems, eligibility, case management, and
18 authorization systems within the department of social and health
19 services are subject to technical oversight by the office of the
20 chief information officer.

21 (6)(a) The department shall facilitate enrollment under the
22 medicaid expansion for clients applying for or receiving state funded
23 services from the department and its contractors. Prior to open
24 enrollment, the department shall coordinate with the health care
25 authority to provide referrals to the Washington health benefit
26 exchange for clients that will be ineligible for medicaid.

27 (b) To facilitate a single point of entry across public and
28 medical assistance programs, and to maximize the use of federal
29 funding, the health care authority, the department of social and
30 health services, and the health benefit exchange will coordinate
31 efforts to expand HealthPlanfinder access to public assistance and
32 medical eligibility staff. The department shall complete medicaid
33 applications in the HealthPlanfinder for households receiving or
34 applying for public assistance benefits.

35 (7) In accordance with RCW 71.24.380, the health care authority
36 and the department are authorized to purchase medical and behavioral
37 health services through integrated contracts upon request of all of
38 the county authorities in a regional service area to become an early
39 adopter of fully integrated purchasing of medical and behavioral
40 health services. The department may combine and transfer such amounts

1 appropriated under sections 204, 208, and 213 of this act as may be
2 necessary to fund early adopter contracts. The amount of medicaid
3 funding transferred from each program may not exceed the average per
4 capita cost assumed in this act for individuals covered by that
5 program, actuarially adjusted for the health condition of persons
6 enrolled, times the number of clients enrolled. The amount of non-
7 medicaid funding transferred from sections 204 and 208 may not exceed
8 the amount that would have been contracted with a behavioral health
9 organization if the county authorities had not requested to become an
10 early adopter of fully integrated purchasing. These limits do not
11 apply to the amounts provided in section 204(1)(s) of this act. If
12 any funding that this act provides solely for a specific purpose is
13 transferred under this subsection, that funding must be used
14 consistently with the provisions and conditions for which it was
15 provided.

16 (8) In accordance with RCW 71.24.380, the department is
17 authorized to purchase mental health and substance use disorder
18 services through integrated contracts with behavioral health
19 organizations. The department may combine and transfer such amounts
20 appropriated under sections 204 and 208 of this act as may be
21 necessary to finance these behavioral health organization contracts.
22 If any funding that this act provides solely for a specific purpose
23 is transferred under this subsection, that funding must be used
24 consistently with the provisions and conditions for which it was
25 provided.

26 (9)(a) The appropriations to the department of social and health
27 services in this act must be expended for the programs and in the
28 amounts specified in this act. However, after May 1, 2018, unless
29 prohibited by this act, the department may transfer general fund—
30 state appropriations for fiscal year 2018 among programs and
31 subprograms after approval by the director of the office of financial
32 management. However, the department may not transfer state
33 appropriations that are provided solely for a specified purpose
34 except as expressly provided in (b) through (d) of this subsection.

35 (b) To the extent that transfers under (a) of this subsection are
36 insufficient to fund actual expenditures in excess of fiscal year
37 2018 caseload forecasts and utilization assumptions in the long-term
38 care, developmental disabilities, foster care, adoption support, and
39 public assistance programs, the department may transfer state
40 appropriations that are provided solely for a specified purpose.

1 (c) Within the mental health program, the department may transfer
2 appropriations that are provided solely for a specified purpose
3 within and between subprograms as needed to fund actual expenditures
4 through the end of fiscal year 2018.

5 (d) Within the developmental disabilities program, the department
6 may transfer appropriations that are provided solely for a specified
7 purpose within and between subprograms as needed to fund actual
8 expenditures through the end of fiscal year 2018.

9 (e) The department may not transfer appropriations, and the
10 director of the office of financial management may not approve the
11 transfer, unless the transfer is consistent with the objective of
12 conserving, to the maximum extent possible, the expenditure of state
13 funds. The director of the office of financial management shall
14 notify the appropriate fiscal committees of the senate and house of
15 representatives in writing seven days prior to approving any
16 allotment modifications or transfers under this subsection. The
17 written notification shall include a narrative explanation and
18 justification of the changes, along with expenditures and allotments
19 by budget unit and appropriation, both before and after any allotment
20 modifications or transfers.

15 costs associated with the implementation of chapter 338, Laws of 1997
16 and shall be distributed in accordance with RCW 82.14.310.

17 (2) \$2,841,000 of the general fund—state appropriation for fiscal
18 year 2018 and \$2,841,000 of the general fund—state appropriation for
19 fiscal year 2019 are provided solely for grants to county juvenile
20 courts for the following juvenile justice programs identified by the
21 Washington state institute for public policy (institute) in its
22 report: "Inventory of Evidence-based, Research-based, and Promising
23 Practices for Prevention and Intervention Services for Children and
24 Juveniles in the Child Welfare, Juvenile Justice, and Mental Health
25 Systems." Additional funding for this purpose is provided through an
26 interagency agreement with the health care authority. County juvenile
27 courts shall apply to the juvenile rehabilitation administration for
28 funding for program-specific participation and the administration
29 shall provide grants to the courts consistent with the per-
30 participant treatment costs identified by the institute.

31 (3) \$1,537,000 of the general fund—state appropriation for fiscal
32 year 2018 and \$1,537,000 of the general fund—state appropriation for
33 fiscal year 2019 are provided solely for expansion of the following
34 juvenile justice treatments and therapies in juvenile rehabilitation
35 administration programs identified by the Washington state institute
36 for public policy in its report: "Inventory of Evidence-based,
37 Research-based, and Promising Practices for Prevention and
38 Intervention Services for Children and Juveniles in the Child
39 Welfare, Juvenile Justice, and Mental Health Systems." The

1 administration may concentrate delivery of these treatments and
2 therapies at a limited number of programs to deliver the treatments
3 in a cost-effective manner.

4 (4)(a) \$6,198,000 of the general fund—state appropriation for
5 fiscal year 2018 and \$6,198,000 of the general fund—state
6 appropriation for fiscal year 2019 are provided solely to implement
7 evidence- and research-based programs through community juvenile
8 accountability grants, administration of the grants, and evaluations
9 of programs funded by the grants. In addition to funding provided in
10 this subsection, funding to implement alcohol and substance abuse
11 treatment programs for locally committed offenders is provided
12 through an interagency agreement with the health care authority.

13 (b) The juvenile rehabilitation administration shall administer a
14 block grant to county juvenile courts for the purpose of serving
15 youth as defined in RCW 13.40.510(4)(a) in the county juvenile
16 justice system. Funds dedicated to the block grant include:
17 Consolidated juvenile service (CJS) funds, community juvenile
18 accountability act (CJAA) grants, chemical dependency/mental health
19 disposition alternative (CDDA), and suspended disposition alternative
20 (SDA). The juvenile rehabilitation administration shall follow the
21 following formula and must prioritize evidence-based programs and
22 disposition alternatives and take into account juvenile courts
23 program-eligible youth in conjunction with the number of youth served
24 in each approved evidence-based program or disposition alternative:
25 (i) Thirty-seven and one-half percent for the at-risk population of
26 youth ten to seventeen years old; (ii) fifteen percent for the
27 assessment of low, moderate, and high-risk youth; (iii) twenty-five
28 percent for evidence-based program participation; (iv) seventeen and
29 one-half percent for minority populations; (v) three percent for the
30 chemical dependency and mental health disposition alternative; and
31 (vi) two percent for the suspended dispositional alternatives.
32 Funding for the special sex offender disposition alternative (SSODA)
33 shall not be included in the block grant, but allocated on the
34 average daily population in juvenile courts. Funding for the
35 evidence-based expansion grants shall be excluded from the block
36 grant formula. Funds may be used for promising practices when
37 approved by the juvenile rehabilitation administration and juvenile
38 courts, through the community juvenile accountability act committee,
39 based on the criteria established in consultation with Washington
40 state institute for public policy and the juvenile courts.

1 (c) If Second Substitute House Bill No. 1280 (referred and
2 diverted youth) is enacted, then the administration must implement a
3 stop-loss policy when allocating funding under (b) of this subsection
4 in the 2017-2019 fiscal biennium. Under the stop-loss policy, funding
5 formula changes may not result in a funding loss for any juvenile
6 court of more than two percent from one year to the next. The
7 committee in (d) of this subsection must establish a minimum base
8 level of funding for juvenile courts with lower numbers of at-risk
9 youth age 10 - 17. The administration must report to the legislature
10 by December 1, (~~2018~~) 2019, about how funding is used for referred
11 youth and the impact of that use on overall use of funding. If the
12 bill is not enacted by July 31, (~~2017~~) 2018, this subsection is
13 null and void.

14 (d) The juvenile rehabilitation administration and the juvenile
15 courts shall establish a block grant funding formula oversight
16 committee with equal representation from the juvenile rehabilitation
17 administration and the juvenile courts. The purpose of this committee
18 is to assess the ongoing implementation of the block grant funding
19 formula, utilizing data-driven decision making and the most current
20 available information. The committee will be co-chaired by the
21 juvenile rehabilitation administration and the juvenile courts, who
22 will also have the ability to change members of the committee as
23 needed to achieve its purpose. The committee may make changes to the
24 formula categories in (b) of this subsection if it determines the
25 changes will increase statewide service delivery or effectiveness of
26 evidence-based program or disposition alternative resulting in
27 increased cost/benefit savings to the state, including long-term
28 cost/benefit savings. The committee must also consider these outcomes
29 in determining when evidence-based expansion or special sex offender
30 disposition alternative funds should be included in the block grant
31 or left separate.

32 (e) The juvenile courts and administrative office of the courts
33 must collect and distribute information and provide access to the
34 data systems to the juvenile rehabilitation administration and the
35 Washington state institute for public policy related to program and
36 outcome data. The juvenile rehabilitation administration and the
37 juvenile courts must work collaboratively to develop program outcomes
38 that reinforce the greatest cost/benefit to the state in the
39 implementation of evidence-based practices and disposition
40 alternatives.

1 (5) \$98,000 of the general fund—state appropriation for fiscal
2 year 2018 and \$98,000 of the general fund—state appropriation for
3 fiscal year 2019 are provided solely to the juvenile block grant
4 funding formula oversight committee described in subsection (4)(d) of
5 this section to contract with research entities to: (a) Assist
6 juvenile justice programs identified as promising practices or
7 research-based in undergoing the research necessary to demonstrate
8 that the program is evidence-based; and (b) establish an annual,
9 county-level evaluation of existing evidence-based juvenile justice
10 programs.

11 (6) \$557,000 of the general fund—state appropriation for fiscal
12 year 2018 and \$557,000 of the general fund—state appropriation for
13 fiscal year 2019 are provided solely for funding of the teamchild
14 project.

15 (7) \$283,000 of the general fund—state appropriation for fiscal
16 year 2018 and \$283,000 of the general fund—state appropriation for
17 fiscal year 2019 are provided solely for the juvenile detention
18 alternatives initiative.

19 (8) \$500,000 of the general fund—state appropriation for fiscal
20 year 2018 and \$500,000 of the general fund—state appropriation for
21 fiscal year 2019 are provided solely for a grant program focused on
22 criminal street gang prevention and intervention. The juvenile
23 rehabilitation administration may award grants under this subsection.
24 The juvenile rehabilitation administration shall give priority to
25 applicants who have demonstrated the greatest problems with criminal
26 street gangs. Applicants composed of, at a minimum, one or more local
27 governmental entities and one or more nonprofit, nongovernmental
28 organizations that have a documented history of creating and
29 administering effective criminal street gang prevention and
30 intervention programs may apply for funding under this subsection.
31 Each entity receiving funds must report to the juvenile
32 rehabilitation administration on the number and types of youth
33 served, the services provided, and the impact of those services on
34 the youth and the community.

35 (9) The juvenile rehabilitation institutions may use funding
36 appropriated in this subsection to purchase goods (~~and~~), supplies,
37 and services through hospital group purchasing organizations when it
38 is cost-effective to do so.

1 (10) \$75,000 of the general fund—state appropriation for fiscal
2 year 2018 is provided solely for the department to coordinate the
3 examination of data associated with juvenile gang and firearm
4 offenses. The review of data must include information from the
5 administrative office of the courts, the office of the superintendent
6 of public instruction, the office of financial management—education
7 research data center, the Washington association of sheriffs and
8 police chiefs, the caseload forecast council, and the department of
9 corrections. For the purpose of carrying out the data review, named
10 organizations are authorized to share data to include details of
11 criminal arrest and conviction data. The department shall report to
12 the governor and the appropriate legislative committees by February
13 1, 2018, with any recommendations for public policy that increases
14 public safety.

15 (11) \$71,000 of the general fund—state appropriation for fiscal
16 year 2018 and \$212,000 of the general fund—state appropriation for
17 fiscal year 2019 are provided solely for housing services to clients
18 releasing from incarceration into the community.

19 (12) \$75,000 of the general fund—state appropriation for fiscal
20 year 2019 is provided solely for implementation of Substitute House
21 Bill No. 2907 (juvenile rehabilitation confinement). If the bill is
22 not enacted by June 30, 2018, the amount provided in this subsection
23 shall lapse.

24 **Sec. 204.** 2017 3rd sp.s. c 1 s 204 (uncodified) is amended to
25 read as follows:

4	TOTAL APPROPRIATION.	((\$1,847,502,000))
5		<u>\$875,854,000</u>

6 The appropriations in this subsection are subject to the
7 following conditions and limitations:

8 (a) For the purposes of this subsection, amounts provided for
9 behavioral health organizations shall also be available for the
10 health care authority to contract with entities that assume the
11 responsibilities of behavioral health organizations in regions in
12 which the health care authority is purchasing medical and behavioral
13 health services through fully integrated contracts pursuant to RCW
14 71.24.380.

15 (b) \$6,590,000 of the general fund—state appropriation for fiscal
16 year 2018(~~(, \$6,590,000 of the general fund—state appropriation for~~
17 ~~fiscal year 2019,)) and ((~~\$7,620,000~~)) \$3,810,000 of the general fund
18 —federal appropriation are provided solely for the department and
19 behavioral health organizations to continue to contract for
20 implementation of high-intensity programs for assertive community
21 treatment (PACT) teams. In determining the proportion of medicaid and
22 nonmedicaid funding provided to behavioral health organizations with
23 PACT teams, the department shall consider the differences between
24 behavioral health organizations in the percentages of services and
25 other costs associated with the teams that are not reimbursable under
26 medicaid. The department may allow behavioral health organizations
27 which have nonmedicaid reimbursable costs that are higher than the
28 nonmedicaid allocation they receive under this section to supplement
29 these funds with local dollars or funds received under ~~((g))~~ (f) of
30 this subsection. The department and behavioral health organizations
31 shall maintain consistency with all essential elements of the PACT
32 evidence-based practice model in programs funded under this section.~~

33 (c) From the general fund—state appropriations in this
34 subsection, the department shall assure that behavioral health
35 organizations reimburse the department of social and health services
36 aging and long term support administration for the general fund—state
37 cost of medicaid personal care services that enrolled behavioral
38 health organization consumers use because of their psychiatric
39 disability.

1 (d) (~~(\$3,520,000)~~) \$1,760,000 of the general fund—federal
2 appropriation is provided solely for the department to maintain a
3 pilot project to put peer bridging staff into each behavioral health
4 organization as part of the state psychiatric liaison teams to
5 promote continuity of service as individuals return to their
6 communities. The department must collect data and submit a report to
7 the office of financial management and the appropriate committees of
8 the legislature on the impact of peer staff on state hospital
9 discharges and community placements by December 1, 2017.

10 (e) (~~(\$6,858,000 of the general fund—state appropriation for~~
11 ~~fiscal year 2019 and \$4,023,000 of the general fund—federal~~
12 ~~appropriation are provided solely for new crisis triage or~~
13 ~~stabilization centers. The department must seek proposals from~~
14 ~~behavioral health organizations for the use of these funds based on~~
15 ~~regional priorities. Services in these facilities may include crisis~~
16 ~~stabilization and intervention, individual counseling, peer support,~~
17 ~~medication management, education, and referral assistance. The~~
18 ~~department shall monitor each center's effectiveness at lowering the~~
19 ~~rate of state psychiatric hospital admissions.~~

20 (~~f) — \$15,862,000~~) \$11,405,000 of the general fund—state
21 appropriation for fiscal year 2018 is provided solely to assist
22 behavioral health organizations with the costs of providing services
23 to medicaid clients receiving services in psychiatric facilities
24 classified as institutions of mental diseases. The department must
25 distribute these amounts proportionate to the number of bed days for
26 medicaid clients in institutions for mental diseases that were
27 excluded from behavioral health organization fiscal year 2018
28 capitation rates because they exceeded the amounts allowed under
29 federal regulations. The department must also use these amounts to
30 directly pay for costs that are ineligible for medicaid reimbursement
31 in institutions of mental disease facilities for American Indian and
32 Alaska Natives who opt to receive behavioral health services on a fee
33 for service basis. The amounts used for these individuals must be
34 reduced from the allocation of the behavioral health organization
35 where the individual resides. If a behavioral health organization
36 receives more funding through this subsection than is needed to pay
37 for the cost of their medicaid clients in institutions for mental
38 diseases, they must use the remainder of the amounts to provide other
39 services not covered under the medicaid program. The department must

1 apply for a waiver from the center for medicaid and medicare services
2 to allow for the full cost of stays in institutions of mental
3 diseases to be included in fiscal year 2019 behavioral health
4 organization capitation rates. The department may tailor the fiscal
5 year 2019 waiver to specific populations for which the center for
6 medicaid and medicare services has indicated they are likely to
7 approve and work to further expand the waiver to other populations in
8 fiscal year 2020. The department must submit a report on the status
9 of the waiver to the office of financial management and the
10 appropriate committees of the legislature by December 1, 2017.

11 ~~((g))~~ (f) \$81,930,000 of the general fund—state appropriation
12 for fiscal year 2018 ~~((and \$81,930,000 of the general fund—state~~
13 ~~appropriation for fiscal year 2019 are))~~ is provided solely for
14 persons and services not covered by the medicaid program. To the
15 extent possible, levels of behavioral health organization spending
16 shall be maintained in the following priority order: Crisis and
17 commitment services; community inpatient services; and residential
18 care services, including personal care and emergency housing
19 assistance. These amounts must be distributed to behavioral health
20 organizations proportionate to the fiscal year 2017 allocation of
21 flexible nonmedicaid funds. The department must include the following
22 language in medicaid contracts with behavioral health organizations
23 unless they are provided formal notification from the center for
24 medicaid and medicare services that the language will result in the
25 loss of federal medicaid participation: "The contractor may
26 voluntarily provide services that are in addition to those covered
27 under the state plan, although the cost of these services cannot be
28 included when determining payment rates unless including these costs
29 are specifically allowed under federal law or an approved waiver."

30 ~~((h))~~ (g) The department is authorized to continue to contract
31 directly, rather than through contracts with behavioral health
32 organizations for children's long-term inpatient facility services.

33 ~~((i))~~ (h) \$1,125,000 of the general fund—state appropriation
34 for fiscal year 2018 ~~((and \$1,125,000 of the general fund—state~~
35 ~~appropriation for fiscal year 2019 are))~~ is provided solely for the
36 Spokane county behavioral health organization to implement services
37 to reduce utilization and the census at eastern state hospital. Such
38 services shall include:

1 (A) High intensity treatment team for persons who are high
2 utilizers of psychiatric inpatient services, including those with co-
3 occurring disorders and other special needs;

4 (B) Crisis outreach and diversion services to stabilize in the
5 community individuals in crisis who are at risk of requiring
6 inpatient care or jail services;

7 (C) Mental health services provided in nursing facilities to
8 individuals with dementia, and consultation to facility staff
9 treating those individuals; and

10 (D) Services at the sixteen-bed evaluation and treatment
11 facility.

12 At least annually, the Spokane county behavioral health
13 organization shall assess the effectiveness of these services in
14 reducing utilization at eastern state hospital, identify services
15 that are not optimally effective, and modify those services to
16 improve their effectiveness.

17 ~~((+j))~~ (i) \$1,204,000 of the general fund—state appropriation
18 for fiscal year 2018 ~~((and \$1,204,000 of the general fund—state~~
19 ~~appropriation for fiscal year 2019 are))~~ is provided solely to
20 reimburse Pierce and Spokane counties for the cost of conducting 180-
21 day commitment hearings at the state psychiatric hospitals.

22 ~~((+k))~~ (j) Behavioral health organizations may use local funds
23 to earn additional federal medicaid match, provided the locally
24 matched rate does not exceed the upper-bound of their federally
25 allowable rate range, and provided that the enhanced funding is used
26 only to provide medicaid state plan or waiver services to medicaid
27 clients. Additionally, behavioral health organizations may use a
28 portion of the state funds allocated in accordance with (g) of this
29 subsection to earn additional medicaid match, but only to the extent
30 that the application of such funds to medicaid services does not
31 diminish the level of crisis and commitment, community inpatient,
32 residential care, and outpatient services presently available to
33 persons not eligible for medicaid.

34 ~~((+l))~~ (k) \$2,291,000 of the general fund—state appropriation
35 for fiscal year 2018 ~~((and \$2,291,000 of the general fund—state~~
36 ~~appropriation for fiscal year 2019 are))~~ is provided solely for
37 mental health services for mentally ill offenders while confined in a
38 county or city jail and for facilitating access to programs that
39 offer mental health services upon release from confinement. The

1 department must collect information from the behavioral health
2 organizations on their plan for using these funds, the numbers of
3 individuals served, and the types of services provided and submit a
4 report to the office of financial management and the appropriate
5 fiscal committees of the legislature by December 1st of each year of
6 the biennium.

7 ~~((m))~~ (l) Within the amounts appropriated in this section,
8 funding is provided for the department to develop and phase in
9 intensive mental health services for high needs youth consistent with
10 the settlement agreement in *T.R. v. Dreyfus and Porter*.

11 ~~((n))~~ (m) The department must establish minimum and maximum
12 funding levels for all reserves allowed under behavioral health
13 organization contracts and insert contract language that clearly
14 states the requirements and limitations. The department must monitor
15 and ensure that behavioral health organization reserves do not exceed
16 maximum levels. The department must monitor behavioral health
17 organization revenue and expenditure reports and must require a
18 behavioral health organization to submit a corrective action plan on
19 how it will spend its excess reserves within a reasonable period of
20 time, when its reported reserves exceed maximum levels established
21 under the contract. The department must review and approve such plans
22 and monitor to ensure compliance. If the department determines that a
23 behavioral health organization has failed to provide an adequate
24 excess reserve corrective action plan or is not complying with an
25 approved plan, the department must reduce payments to the behavioral
26 health organization in accordance with remedial actions provisions
27 included in the contract. These reductions in payments must continue
28 until the department determines that the behavioral health
29 organization has come into substantial compliance with an approved
30 excess reserve corrective action plan.

31 ~~((o))~~ (n) \$2,309,000 of the general fund—state appropriation
32 for fiscal year 2018(~~(, \$3,079,000 of the general fund—state~~
33 ~~appropriation for fiscal year 2019,)) and (\$5,061,000) \$2,169,000
34 of the general fund—federal appropriation are provided solely for the
35 department to increase rates for community hospitals that provide a
36 minimum of 200 medicaid psychiatric inpatient days. The department
37 must increase both medicaid and nonmedicaid psychiatric per-diem
38 reimbursement rates for these providers within these amounts. The
39 amounts in this subsection include funding for additional hold~~

1 harmless payments resulting from the rate increase. The department
2 shall prioritize increases for hospitals not currently paid based on
3 provider specific costs using a similar methodology used to set rate
4 for existing inpatient facilities and the latest available cost
5 report information. Rate increases for providers must be set so as
6 not to exceed the amounts provided within this subsection. The rate
7 increase related to nonmedicaid clients must be done to maintain the
8 provider at the same percentage as currently required under WAC
9 182-550-4800.

10 ~~((p))~~ (o) \$100,000 of the general fund—state appropriation for
11 fiscal year 2018 ~~((and \$100,000 of the general fund state~~
12 ~~appropriation for fiscal year 2019 are))~~ is provided solely for the
13 department to collaborate with tribal governments and develop a plan
14 for establishing an evaluation and treatment facility that will
15 specialize in providing care specifically to the American Indian and
16 Alaska Native population. The plan must include options for
17 maximizing federal participation and ~~((ensuring))~~, ensure that
18 utilization will be based on medical necessity, and identify a
19 specific geographic location where a tribal evaluation and treatment
20 facility will be built.

21 ~~((q))~~ (p) \$1,466,000 of the general fund—state appropriation
22 for fiscal year 2018~~((, \$7,103,000 of the general fund state~~
23 ~~appropriation for fiscal year 2019,))~~ and ~~(((\$9,715,000))~~ \$1,663,000
24 of the general fund—federal appropriation are provided solely for the
25 department to contract with community hospitals or freestanding
26 evaluation and treatment centers to provide up to forty-eight long-
27 term inpatient care beds as defined in RCW 71.24.025. The department
28 must seek proposals and contract directly for these services rather
29 than contracting through behavioral health organizations. The
30 department must coordinate with the department of social and health
31 services in developing the contract requirements, selecting
32 contractors, and establishing processes for identifying patients that
33 will be admitted to these facilities. The department must not use any
34 of the amounts provided under this subsection for contracts with
35 facilities that are subject to federal funding restrictions that
36 apply to institutions of mental diseases, unless they have received a
37 waiver that allows for full federal participation in these
38 facilities.

1 ~~((r)) \$1,133,000 of the general fund state appropriation for~~
2 ~~fiscal year 2019 and \$1,297,000 of the general fund federal~~
3 ~~appropriation are provided solely to increase the number of~~
4 ~~psychiatric residential treatment beds for individuals transitioning~~
5 ~~from psychiatric inpatient settings. The department must seek~~
6 ~~proposals from behavioral health organizations for the use of these~~
7 ~~amounts and coordinate with the department of social and health~~
8 ~~services in awarding these funds. The department must not allow for~~
9 ~~any of the amounts provided under this subsection to be used for~~
10 ~~services in facilities that are subject to federal funding~~
11 ~~restrictions that apply to institutions of mental diseases, unless~~
12 ~~they have received a waiver that allows for full federal~~
13 ~~participation in these facilities.~~

17 of the general fund—federal appropriation are provided solely for the
18 department to increase medicaid capitation payments for behavioral
19 health organizations. The department must work with the actuaries
20 responsible for certifying behavioral health capitation rates to
21 adjust average salary assumptions in order to implement this
22 increase. In developing further updates for medicaid managed care
23 rates for behavioral health services, the department must include and
24 make available all applicable documents and analysis to legislative
25 staff from the fiscal committees throughout the process. The
26 department must require the actuaries to develop and submit rate
27 ranges for each behavioral health organization prior to certification
28 of specific rates.~~

29 ~~((t))~~ (r) The number of beds allocated for use by behavioral
30 health organizations at eastern state hospital shall be 192 per day.
31 The number of nonforensic beds allocated for use by behavioral health
32 organizations at western state hospital shall be 557 per day. In
33 fiscal year 2019, the department must reduce the number of beds
34 allocated for use by behavioral health organizations at western state
35 hospital by 30 beds to allow for the repurposing of a civil ward at
36 western state hospital to provide forensic services. The contracted
37 beds provided under ~~((q))~~ (p) of this subsection shall be allocated
38 to the behavioral health organizations in lieu of beds at the state
39 hospitals and be incorporated in their allocation of state hospital

1 patient days of care for the purposes of calculating reimbursements
2 pursuant to RCW 71.24.310. It is the intent of the legislature to
3 continue the policy of expanding community based alternatives for
4 long term civil commitment services that allow for state hospital
5 beds to be prioritized for forensic patients.

16 must provide a report to the appropriate committees of the
17 legislature on spending beyond appropriations for staffing at the
18 state hospitals and identify the level of overspending that has been

23 implemented to identify, on a daily basis, the clinical acuity on
24 each patient ward and determine the minimum level of direct care
25 staff by profession to be deployed to meet the needs of the patients
26 on each ward. The department must also continue to develop, in
27 collaboration with the office of financial management's labor
28 relations office and state labor unions, an overall state hospital
29 staffing plan which looks at all positions and functions of the
30 facilities and is informed by a review of the Oregon state hospital
31 staffing model. \$300,000 of the amounts in this subsection are
32 provided solely for and must be used for staff costs required to
33 establish, monitor, track, and report monthly staffing and
34 expenditures at the state hospitals, including overtime and use of
35 locums, to the functional categories identified in the recommended
36 staffing plan. The remainder of the funds must be used for direct
37 care staffing needed in order to implement the acuity based staffing

8 metrics and facility performance for the use of overtime and extra
9 duty pay, patient length of stay, discharge management, active
10 treatment planning, medication administration, patient and staff
11 aggression, and staff recruitment and retention. The department must
12 use information gathered from implementation of the clinical staffing
13 tool and the hospital-wide staffing model to inform and prioritize
14 future budget requests for staffing at the state hospitals. Beginning
15 on January 1, 2019, the department must submit calendar quarterly
16 reports to the office of financial management and the appropriate
17 committees of the legislature which includes monitoring of monthly
18 spending and staffing levels compared to allotments and to the
19 recommended state hospital staffing model.

20 (o) \$250,000 of the general fund—state appropriation for fiscal
21 year 2019 is provided solely for the department, in collaboration
22 with the health care authority, to develop and implement a predictive
23 modeling tool which identifies clients who are at high risk of future
24 involvement with the criminal justice system and for developing a
25 model to estimate demand for civil and forensic state hospital bed
26 needs pursuant to the following requirements.

27 (i) The predictive modeling tool must be developed to leverage
28 data from a variety of sources and identify factors that are strongly
29 associated with future criminal justice involvement. By December 1,
30 2018, the department must submit a report to the office of financial
31 management and the appropriate committees of the legislature which
32 describes the following: (A) The proposed data sources to be used in
33 the predictive model and how privacy issues will be addressed; (B)
34 modeling results including a description of measurable factors most
35 strongly predictive of risk of future criminal justice involvement;
36 (C) an assessment of the accuracy, timeliness, and potential
37 effectiveness of the tool; (D) identification of interventions and
38 strategies that can be effective in reducing future criminal justice
39 involvement of high risk patients; and (E) the timeline for
40 implementing processes to provide monthly lists of high-risk client

1 to contracted managed care organizations and behavioral health
2 organizations.

3 (ii) The model for civil and forensic state hospital bed need
4 must be developed in consultation with staff from the office of
5 financial management and the appropriate fiscal committees of the
6 state legislature. The model shall incorporate factors for capacity
7 in state hospitals as well as contracted facilities which provide
8 similar levels of care, referral patterns, wait lists, lengths of
9 stay, and other factors identified as appropriate for predicting the
10 number of beds needed to meet the demand for civil and forensic state
11 hospital services. The department must submit a report to the office
12 of financial management and the appropriate committees of the
13 legislature by October 1, 2018, with a description of the model and
14 the estimated civil and forensic state hospital bed need through the
15 end of fiscal year 2021. The department must continue to update the
16 model on a calendar quarterly basis and provide updates to the office
17 of financial management and the appropriate committees of the
18 legislature accordingly.

27 circumstances, such as death or incapacity of a provider, and that to
28 require the full payment of the licensing and processing fees would
29 present a hardship to the applicant. In these situations the

7 in the development of an individualized service plan that allows the
8 child to remain in his or her family home. The department must
9 provide the legislature with a respite utilization report in January
10 of each year that provides information about the number of children
11 who have used enhanced respite in the preceding year, as well as the
12 location and number of days per month that each respite bed was
13 occupied.

12 services to meet the unique needs of each client. It is the
13 expectation that, in most cases, staffing ratios in all community
14 alternative placement options described in (j)(i) of this subsection
15 will need to increase to meet the needs of clients leaving the state
16 psychiatric hospitals. If specialized training is necessary to meet
17 the needs of a client before he or she enters a community placement,
18 then the person centered service plan must also identify and
19 authorize this training.

22 staff, in a facility. An initial evaluation of each placement,
23 including any documented safety concerns, must occur within thirty
24 days of a client leaving one of the state psychiatric hospitals and
25 entering one of the community placement options described in (j)(i)

1 options described in (j)(i) of this subsection. At a minimum, for
2 each setting, the presentation must include data about the number of
3 placements, average daily rate, complaints fielded, and complaints
4 investigated. The presentation must also include information about
5 modifications, including the placement of clients into alternate
6 settings, that occurred due to the evaluations required under
7 (j)(iii) of this subsection.

8 In developing bed capacity, the department shall consider the
9 complex needs of individuals waiting for discharge from the state
10 psychiatric hospitals.

16 testimony from as many impacted parties as possible, including
17 clients, providers, advocacy groups, and staff from state agencies.
18 Testimony should explore program design, program oversight, necessary
19 statutory changes, barriers to implementation, fiscal estimates, and

40 final work group recommendations to the appropriate legislative

1 committees by November 30, 2017. A proposed timeline for
2 implementation of the new methodology must be included in the report.
3 The new methodology must:

4 (i) Adhere to the standards of an acuity-based payment system as
5 originally intended by the legislature, and the department will rely
6 on the time study conducted in 2003 in establishing the acuity scale;

7 (ii) Create a standardized methodology that supports a reasonable
8 medicaid payment that promotes access, choice, and quality;

9 (iii) Incorporate metrics such as medians, lids, floors, and
10 other options that provide flexibility to adjust to economic
11 conditions while maintaining the integrity of the methodology;

12 (iv) Be supported by relevant, reliable, verifiable, and
13 independent data to the extent possible; and

14 (v) To the extent possible, repurpose and streamline data sources
15 and modeling that the aging and long-term support administration uses
16 for other rate-setting processes.

17 (b) In developing payment metrics for medicaid-covered services,
18 staff and service requirements must be reviewed for assisted living,
19 adult residential care, and enhanced adult residential care as

31 physical plant requirements for assisted living as described in
32 chapter 51.50 RCW. A fair rental valuation must be reviewed and
33 considered as an option for the capital component. The recognition of
34 food for medicaid residents must also be included in the work group
35 considerations. The department's current methodology to address room
36 and board requirements, and the appropriateness of the continued use
37 of the 2003 time study and whether it can be reasonably adjusted or

39 considered by the work group.

1 (15) Within amounts appropriated in this section, the department
2 must pay medicaid nursing facility payment rates for public hospital

5 This action is intended to assure continued access to essential
6 services in rural communities.

7 (16) \$5,370,000 of the general fund—state appropriation for
8 fiscal year 2018, \$10,199,000 of the general fund—state appropriation
9 for fiscal year 2019, and \$18,346,000 of the general fund—federal
10 appropriation are provided solely for a targeted vendor rate increase
11 to contracted client service providers.

12 (a) Within the amounts provided in this subsection, \$2,763,000 of
13 the general fund—state appropriation for fiscal year 2018, \$5,741,000
14 of the general fund—state appropriation for fiscal year 2019, and
15 \$9,775,000 of the general fund—federal appropriation are provided
16 solely for a vendor rate increase of two percent in fiscal year 2018
17 and an additional two percent in fiscal year 2019 for all contracted

32 (17) \$4,815,000 of the general fund—state appropriation for
33 fiscal year 2018, \$8,527,000 of the general fund—state appropriation
34 for fiscal year 2019, and \$12,277,000 of the general fund—federal
35 appropriation are provided solely to create new community alternative

9 services to meet the unique needs of each client. It is the
10 expectation that, in most cases, staffing ratios in all community
11 alternative placement options described in (a) of this subsection

14 the needs of a client before he or she enters a community placement,
15 then the person centered service plan must also identify and
16 authorize this training.

17 (c) When reviewing placement options, the department must
18 consider the safety of other residents, as well as the safety of
19 staff, in a facility. An initial evaluation of each placement,
20 including any documented safety concerns, must occur within thirty
21 days of a client leaving one of the state psychiatric hospitals and
22 entering one of the community placement options described in (a) of
23 this subsection. At a minimum, the department must perform two
24 additional evaluations of each placement during the first year that a
25 client has lived in the facility.

26 (d) During fiscal year 2018, in a presentation to the select
27 committee on quality improvement in state hospitals, the department
28 must describe the process of fielding and subsequently investigating
29 complaints of abuse, neglect, and exploitation within the community
30 alternative placement options described in (a) of this subsection. At
31 a minimum, the presentation must include data about the number of
32 complaints, and the nature of complaints, over the preceding five
33 fiscal years.

34 (e) During fiscal year 2019, in a presentation to the select
35 committee on quality improvement in state hospitals, the department
36 must provide an update about clients placed out of the state
37 psychiatric hospitals into the community alternative placement
38 options described in (a) of this subsection. At a minimum, for each
39 setting, the presentation must include data about the number of
40 placements, average daily rate, complaints fielded, and complaints

1 investigated. The presentation must also include information about
2 modifications, including the placement of clients into alternate
3 settings, that occurred due to the evaluations required under (c) of
4 this subsection.

5 In developing bed capacity, the department shall consider the
6 complex needs of individuals waiting for discharge from the state
7 psychiatric hospitals.

8 (18) \$315,000 of the general fund—state appropriation for fiscal
9 year 2018, \$315,000 of the general fund—state appropriation for
10 fiscal year 2019, and \$630,000 of the general fund—federal
11 appropriation are provided solely for discharge case managers
12 stationed at the state psychiatric hospitals. Discharge case managers
13 will transition clients ready for hospital discharge into less
14 restrictive alternative community placements. The transition of
15 clients ready for discharge will free up bed capacity at the state
16 psychiatric hospitals.

17 (19) \$135,000 of the general fund—state appropriation for fiscal
18 year 2018, \$135,000 of the general fund—state appropriation for
19 fiscal year 2019, and \$270,000 of the general fund—federal
20 appropriation are provided solely for financial service specialists
21 stationed at the state psychiatric hospitals. Financial service
22 specialists will help to transition clients ready for hospital
23 discharge into alternative community placements. The transition of
24 clients ready for discharge will free up bed capacity at the state
25 hospitals.

26 (20) \$5,007,000 of the general fund—state appropriation for
27 fiscal year 2018, \$5,143,000 of the general fund—state appropriation
28 for fiscal year 2019, and \$10,154,000 of the general fund—federal
29 appropriation are provided solely to implement chapter 286, Laws of
30 2017 (SB 5715) (nursing home payments).

31 (21) \$750,000 of the general fund—state appropriation for fiscal
32 year 2018 and \$750,000 of the general fund—state appropriation for
33 fiscal year 2019 are provided solely to implement chapter 287, Laws

37 year 2019, and \$2,479,000 of the general fund—federal appropriation
38 are provided solely to finish the programming necessary to give the
39 department the ability to pay individual provider overtime when hours

1 over 40 hours per week are authorized for payment and are subject to
2 the conditions, limitations, and review provided in section 724 of
3 this act.

4 (23) \$229,000 of the general fund—state appropriation for fiscal
5 year 2018, \$229,000 of the general fund—state appropriation for
6 fiscal year 2019, and \$458,000 of the general fund—federal
7 appropriation are provided solely to increase the daily rate for

9 (24) \$246,000 of the general fund—state appropriation for fiscal
10 year 2018 and \$313,000 of the general fund—federal appropriation are
11 provided solely to implement Senate Bill No. . . . (S-2907.2). If the
12 bill is not enacted by July 31, 2017, the amounts provided in this
13 subsection shall lapse.

14 (25)(a) No more than \$41,388,000 of the general fund—federal
15 appropriation may be expended for tailored support for older adults
16 and medicaid alternative care described in initiative 2 of the
17 medicaid transformation demonstration waiver under healthier
18 Washington. The department shall not increase general fund—state
19 expenditures on this initiative. The secretary in collaboration with
20 the director of the health care authority shall report to the joint
21 select committee on health care oversight no less than quarterly on
22 financial and health outcomes. The secretary in cooperation with the
23 director shall also report to the fiscal committees of the
24 legislature all of the expenditures of this subsection and shall
25 provide such fiscal data in the time, manner, and form requested by
26 the legislative fiscal committees.

27 (b) No more than \$2,200,000 of the general fund—federal
28 appropriation may be expended for supported housing and employment
29 services described in initiative 3a and 3b of the medicaid

39 in cooperation with the director shall report to the joint select

1 committee on health care oversight no less than quarterly on
2 financial and health outcomes. The secretary in cooperation with the
3 director shall also report to the fiscal committees of the

2 and 43.135.055, the department is authorized to adopt fees for the
3 review and approval of mental health and substance use disorder
4 treatment programs in fiscal ~~((years))~~ year 2018 ~~((and—2019))~~ as
5 necessary to support the costs of the regulatory program. The
6 department's fee schedule shall have differential rates for providers
7 with proof of accreditation from organizations that the department
8 has determined to have substantially equivalent standards to those of
9 the department, including but not limited to the joint commission on
10 accreditation of health care organizations, the commission on
11 accreditation of rehabilitation facilities, and the council on
12 accreditation. To reflect the reduced costs associated with
13 regulation of accredited programs, the department's fees for
14 organizations with such proof of accreditation must reflect the lower
15 cost of licensing for these programs than for other organizations
16 which are not accredited. To the extent that the fees charged in
17 fiscal year 2018 are not expected to fully cover the cost of the
18 program, the department must submit a report to the office of
19 financial management and the appropriate fiscal committees of the
20 legislature identifying what further increases would be required and
21 the differential impact on providers. This report must be submitted
22 by December 1, 2017.

23 (22) \$31,995,000 of the general fund—state appropriation for
24 fiscal year 2018 is provided solely to assist behavioral health
25 organizations with the costs of providing services to medicaid
26 clients receiving services in psychiatric facilities classified as
27 institutions of mental diseases. The department must distribute these
28 amounts proportionate to the number of bed days for medicaid clients
29 in institutions for mental diseases that were excluded from
30 behavioral health organization fiscal year 2018 capitation rates
31 because they exceeded the amounts allowed under federal regulations.
32 The department must also use these amounts to directly pay for costs
33 that are ineligible for medicaid reimbursement in institutions of
34 mental disease facilities for American Indian and Alaska Natives who
35 opt to receive behavioral health services on a fee-for-service basis.
36 The amounts used for these individuals must be reduced from the
37 allocation of the behavioral health organization where the individual
38 resides. If a behavioral health organization receives more funding
39 through this subsection than is needed to pay for the cost of their
40 medicaid clients in institutions for mental diseases, they must use

1 the remainder of the amounts to provide other services not covered
2 under the medicaid program. The department must apply for a waiver
3 from the center for medicaid and medicare services to allow for the
4 full cost of stays in institutions of mental diseases to be included
5 in fiscal year 2019 behavioral health organization capitation rates.
6 The department may tailor the fiscal year 2019 waiver to specific
7 populations for which the center for medicaid and medicare services
8 has indicated they are likely to approve and work to further expand
9 the waiver to other populations in fiscal year 2020.

23	TOTAL APPROPRIATION.	((\$16,718,845,000))
24		<u>\$16,914,151,000</u>

25 The appropriations in this section are subject to the following
26 conditions and limitations:

27 (a) \$256,645,000 of the general fund—state appropriation for
28 fiscal year 2018 and \$264,704,000 of the general fund—state
29 appropriation for fiscal year 2019 are provided solely for the
30 authority to implement a single, standard medicaid preferred drug
31 list to be used by all contracted medicaid managed health care
32 systems, on or before January 1, 2018. The preferred drug list shall
33 be developed in consultation with all contracted managed health care
34 systems and the state pharmacy and therapeutics committee or drug
35 utilization review board and shall further the goals and objectives
36 of the medicaid program. The list shall be designed to maximize
37 federal rebates and supplemental rebates and ensure access to
38 clinically effective and appropriate drug therapies under each class.
39 Entities eligible for 340B drug pricing shall continue to operate

1 under their current pricing agreement, unless otherwise required by
2 federal laws or regulations. The authority may utilize external
3 consultants with expertise in evidence-based drug class reviews,
4 pharmacy benefit management, and purchasing to assist with the
5 completion of this development and implementation. The authority
6 shall require each managed care organization that has contracted with
7 the authority to provide care to medicaid beneficiaries to use the
8 established preferred drug list; and shall prohibit each managed care
9 organization and any of its agents from negotiating or collecting
10 rebates for any medications listed in the state's medicaid single
11 preferred drug list whether preferred or nonpreferred. To assist in
12 the implementation of the single preferred drug list, contracted
13 medicaid managed health care systems shall provide the authority
14 drug-specific financial information in a format and frequency
15 determined by the authority to include the actual amounts paid to
16 pharmacies for prescription drugs dispensed to covered individuals
17 compared to the cost invoiced to the health plan and individual
18 rebates collected for prescription drugs dispensed to medicaid
19 members. Information disclosed to the authority by the manufacturer
20 pursuant to this provision shall only be used for the purposes of
21 developing and implementing a single, standard state preferred drug
22 list in accordance with this provision. The authority, medicaid
23 managed care organizations, and all other parties shall maintain the
24 confidentiality of drug-specific financial and other proprietary
25 information and such information shall not be subject to the
26 Washington public records act. The authority shall provide a report
27 to the governor and appropriate committees of the legislature by
28 November 15, 2018, and by November 15, 2019, including a comparison
29 of the amount spent in the previous two fiscal years to expenditures
30 under the new system by, at a minimum, fund source, total
31 expenditure, drug class, and top twenty-five drugs. The data provided
32 to the authority shall be aggregated in any report by the authority,
33 the legislature, or the office of financial management so as not to
34 disclose the proprietary or confidential drug-specific information,
35 or the proprietary or confidential information that directly or
36 indirectly identifies financial information linked to a single
37 manufacturer. It is the intent of the legislature to revisit this
38 policy in subsequent biennia to determine whether it is in the best
39 interest of the state.

1 (b) (~~(\$118,813,000)~~) \$113,356,000 of the general fund—state
2 appropriation for fiscal year 2018 and (~~(\$120,265,000)~~) \$140,578,000
3 of the general fund—state appropriation for fiscal year 2019 are
4 provided solely for (~~holding~~) managed care capitation (~~rates flat~~
5 ~~at calendar year 2017 levels in state fiscal years and calendar years~~
6 ~~2018 and 2019~~) payments.

7 (c) \$122,244,000 of the general fund—state appropriation for
8 fiscal year 2018 and \$116,038,000 of the general fund—state
9 appropriation for fiscal year 2019 are provided solely for the
10 authority through the competitive procurement process, to contract
11 with licensed dental health plans or managed health care plans on a
12 prepaid or fixed-sum risk basis to provide carved-out managed dental
13 care services on a statewide basis that will result in greater
14 efficiency and will facilitate better access and oral health outcomes
15 for medicaid enrollees. Except in areas where only a single plan is
16 available, the authority must contract with at least two plans. The
17 authority shall include in the contracts: (i) Quarterly reporting
18 requirements to include medicaid utilization and encounter data by
19 current dental technology (CDT) code; (ii) a direction to increase
20 the dental provider network; (iii) a commitment to retain innovative
21 programs that improve access and care such as the access to baby and
22 child dentistry program; (iv) a program to reduce emergency room use
23 for dental purposes; (v) a requirement to ensure that dental care is
24 being coordinated with the primary care provider of the patient to
25 ensure integrated care; (vi) a provision that no less than eighty-
26 five percent of the contracting fee be used to directly offset the
27 cost of providing direct patient care as opposed to administrative
28 costs; and (vii) a provision to ensure the contracting fee shall be
29 sufficient to compensate county health departments and federally
30 qualified health centers for dental patient care. The plan(s) awarded
31 this contract must absorb all start-up costs associated with moving
32 the program from fee-for-service to managed care and shall commit to
33 achieving an overall savings to the program based on 2016 fee-for-
34 service experience. In order to comply with state insurance
35 underwriting standards, the authority shall ensure that savings
36 offered by dental plans are actuarially sound. Starting January 31,
37 2019, and every year thereafter through December 2024, the authority
38 shall submit an annual report to the governor and the appropriate
39 committees of the legislature detailing how the contracted entities

1 have met the requirements of the contract. The report shall include
2 specific information to include utilization, how the contracted
3 entities have increased their dental provider networks, how the
4 emergency room use for dental purposes has been reduced, and how
5 dental care has been integrated with patients' primary care
6 providers. If after the end of five years the data reported does not
7 demonstrate sufficient progress to address the stated contracted
8 goals, the legislature will reevaluate whether carved-out dental
9 managed care needs to be replaced with a different delivery model.
10 The authority is authorized to seek any necessary state plan
11 amendments or federal waivers to implement this subsection.
12 Additional dental program savings achieved by the plans beyond those
13 assumed in the 2017-2019 omnibus appropriations act will be used to
14 increase dental provider reimbursement rates.

15 ~~(d) ((\$1,540,849,000 of the general fund state appropriation for~~
16 ~~fiscal year 2018 and \$1,585,513,000 of the general fund state~~
17 ~~appropriation for fiscal year 2019 are provided solely for medicaid~~
18 ~~services and the medicaid program. However,))~~ By October 30, 2018,
19 the authority shall report to the governor and the appropriate
20 committees of the legislature anticipated savings related to
21 reduction in dental emergency department visits and utilization once
22 managed care dental coverage begins.

23 (e) No later than November 1, 2018, and each year thereafter, the
24 authority shall report to the governor and appropriate committees of
25 the legislature: (i) Savings attributed to behavioral and physical
26 integration in areas that are scheduled to integrate in the following
27 calendar year, and (ii) savings attributed to behavioral and physical
28 health integration and the level of savings achieved in areas that
29 have integrated behavioral and physical health.

30 (f) The authority shall not accept or expend any federal funds
31 received under a medicaid transformation waiver under healthier
32 Washington except as described in ((~~(e) and (f)~~)) (g) and (h) of this
33 subsection until specifically approved and appropriated by the
34 legislature. To ensure compliance with legislative directive budget
35 requirements and terms and conditions of the waiver, the authority
36 shall implement the waiver and reporting requirements with oversight
37 from the office of financial management. The legislature finds that
38 appropriate management of the innovation waiver requires better
39 analytic capability, transparency, consistency, timeliness, accuracy,
40 and lack of redundancy with other established measures and that the

1 patient must be considered first and foremost in the implementation
2 and execution of the demonstration waiver. In order to effectuate
3 these goals, the authority shall: (i) Require the Dr. Robert Bree
4 collaborative and the health technology assessment program to reduce
5 the administrative burden upon providers by only requiring
6 performance measures that are nonduplicative of other nationally
7 established measures. The joint select committee on health care
8 oversight will evaluate the measures chosen by the collaborative and
9 the health technology assessment program for effectiveness and
10 appropriateness; (ii) develop a patient satisfaction survey with the
11 goal to gather information about whether it was beneficial for the
12 patient to use the center of excellence location in exchange for
13 additional out-of-pocket savings; (iii) ensure patients and health
14 care providers have significant input into the implementation of the
15 demonstration waiver, in order to ensure improved patient health
16 outcomes; and (iv) in cooperation with the department of social and
17 health services, consult with and provide notification of work on
18 applications for federal waivers, including details on waiver
19 duration, financial implications, and potential future impacts on the
20 state budget, to the joint select committee on health care oversight
21 prior to submitting waivers for federal approval. By federal
22 standard, the medicaid transformation demonstration waiver shall not
23 exceed the duration originally granted by the centers for medicare
24 and medicaid services and any programs created or funded by this
25 waiver do not create an entitlement.

26 ((+e)) (g) No more than ((~~\$479,600,000~~)) \$486,683,000 of the
27 general fund—federal appropriation and no more than ((~~\$154,289,000~~))
28 \$129,103,000 of the general fund—local appropriation may be expended
29 for transformation through accountable communities of health
30 described in initiative 1 of the medicaid transformation
31 demonstration wavier under healthier Washington, including preventing
32 youth drug use, opioid prevention and treatment, and physical and
33 behavioral health integration. Under this initiative, the authority
34 shall take into account local input regarding community needs. In
35 order to ensure transparency to the appropriate fiscal committees of
36 the legislature, the authority shall provide fiscal staff of the
37 legislature query ability into any database of the fiscal
38 intermediary that authority staff would be authorized to access. The
39 authority shall not increase general fund—state expenditures under

1 this initiative. The director shall report to the joint select
2 committee on health care oversight no less than quarterly, and
3 include details for each accountable community of health, on the
4 financial status and measurable health outcomes. The director shall
5 also report to the fiscal committees of the legislature all of the
6 expenditures under this subsection and shall provide such fiscal data
7 in the time, manner, and form requested by the legislative fiscal
8 committees. By December 15, 2019, the authority in collaboration with
9 each accountable community of health shall demonstrate how it will be
10 self-sustaining by the end of the demonstration waiver period,
11 including sources of outside funding, and provide this reporting to
12 the joint select committee on health care oversight. If by the third
13 year of the demonstration waiver there are not measurable, improved
14 patient outcomes and financial returns, the Washington state
15 institute for public policy will conduct an audit of the accountable
16 communities of health, in addition to the process set in place
17 through the independent evaluation required by the agreement with
18 centers for medicare and medicaid services. Prior to the 2018
19 legislative session, the human services, health care, and judiciary
20 committees of the legislature will convene a joint work session to
21 review models in the delivery system and the impacts on medical
22 liability. The work sessions should include integrated delivery
23 models with multiple health care providers and medical malpractice
24 insurance carriers.

25 ~~((f))~~ (h) No more than ~~((\$42,584,000))~~ \$38,425,000 of the
26 general fund—federal appropriation may be expended for supported
27 housing and employment services described in initiative 3a and 3b of
28 the medicaid transformation demonstration waiver under healthier
29 Washington. Under this initiative, the authority and the department
30 of social and health services shall ensure that allowable and
31 necessary services are provided to eligible clients as identified by
32 the department or its third party administrator. The authority and
33 the department in consultation with the medicaid forecast work group,
34 shall ensure that reasonable reimbursements are established for
35 services deemed necessary within an identified limit per individual.
36 The authority shall not increase general fund—state expenditures
37 under this initiative. The director shall report to the joint select
38 committee on health care oversight no less than quarterly on
39 financial and health outcomes. The director shall also report to the
40 fiscal committees of the legislature all of the expenditures of this

1 subsection and shall provide such fiscal data in the time, manner,
2 and form requested by the legislative fiscal committees.

3 ~~((g))~~ (i) Sufficient amounts are appropriated in this
4 subsection to implement the medicaid expansion as defined in the
5 social security act, section 1902(a)(10)(A)(i)(VIII).

6 ~~((h))~~ (j) The legislature finds that medicaid payment rates, as
7 calculated by the health care authority pursuant to the
8 appropriations in this act, bear a reasonable relationship to the
9 costs incurred by efficiently and economically operated facilities
10 for providing quality services and will be sufficient to enlist
11 enough providers so that care and services are available to the
12 extent that such care and services are available to the general
13 population in the geographic area. The legislature finds that the
14 cost reports, payment data from the federal government, historical
15 utilization, economic data, and clinical input constitute reliable
16 data upon which to determine the payment rates.

17 ~~((i))~~ (k) Based on quarterly expenditure reports and caseload
18 forecasts, if the health care authority estimates that expenditures
19 for the medical assistance program will exceed the appropriations,
20 the health care authority shall take steps including but not limited
21 to reduction of rates or elimination of optional services to reduce
22 expenditures so that total program costs do not exceed the annual
23 appropriation authority.

24 ~~((j))~~ (l) In determining financial eligibility for medicaid-
25 funded services, the health care authority is authorized to disregard
26 recoveries by Holocaust survivors of insurance proceeds or other
27 assets, as defined in RCW 48.104.030.

28 ~~((k))~~ (m) The legislature affirms that it is in the state's
29 interest for Harborview medical center to remain an economically
30 viable component of the state's health care system.

31 ~~((l))~~ (n) When a person is ineligible for medicaid solely by
32 reason of residence in an institution for mental diseases, the health
33 care authority shall provide the person with the same benefits as he
34 or she would receive if eligible for medicaid, using state-only funds
35 to the extent necessary.

36 ~~((m))~~ (o) \$4,261,000 of the general fund—state appropriation
37 for fiscal year 2018, \$4,261,000 of the general fund—state
38 appropriation for fiscal year 2019, and \$8,522,000 of the general

1 fund—federal appropriation are provided solely for low-income
2 disproportionate share hospital payments.

3 ~~((n))~~ (p) Within the amounts appropriated in this section, the
4 health care authority shall provide disproportionate share hospital
5 payments to hospitals that provide services to children in the
6 children's health program who are not eligible for services under
7 Title XIX or XXI of the federal social security act due to their
8 citizenship status.

9 ~~((o))~~ (q) \$6,000,000 of the general fund—federal appropriation
10 is provided solely for supplemental payments to nursing homes
11 operated by public hospital districts. The public hospital district
12 shall be responsible for providing the required nonfederal match for
13 the supplemental payment, and the payments shall not exceed the
14 maximum allowable under federal rules. It is the legislature's intent
15 that the payments shall be supplemental to and shall not in any way
16 offset or reduce the payments calculated and provided in accordance
17 with part E of chapter 74.46 RCW. It is the legislature's further
18 intent that costs otherwise allowable for rate-setting and settlement
19 against payments under chapter 74.46 RCW shall not be disallowed
20 solely because such costs have been paid by revenues retained by the
21 nursing home from these supplemental payments. The supplemental
22 payments are subject to retrospective interim and final cost
23 settlements based on the nursing homes' as-filed and final medicare
24 cost reports. The timing of the interim and final cost settlements
25 shall be at the health care authority's discretion. During either the
26 interim cost settlement or the final cost settlement, the health care
27 authority shall recoup from the public hospital districts the
28 supplemental payments that exceed the medicaid cost limit and/or the
29 medicare upper payment limit. The health care authority shall apply
30 federal rules for identifying the eligible incurred medicaid costs
31 and the medicare upper payment limit.

32 ~~((p))~~ (r) The health care authority shall continue the
33 inpatient hospital certified public expenditures program for the
34 2017-2019 fiscal biennium. The program shall apply to all public
35 hospitals, including those owned or operated by the state, except
36 those classified as critical access hospitals or state psychiatric
37 institutions. The health care authority shall submit reports to the
38 governor and legislature by November 1, 2017, and by November 1,
39 2018, that evaluate whether savings continue to exceed costs for this
40 program. If the certified public expenditures (CPE) program in its

1 current form is no longer cost-effective to maintain, the health care
2 authority shall submit a report to the governor and legislature
3 detailing cost-effective alternative uses of local, state, and
4 federal resources as a replacement for this program. During fiscal
5 year 2018 and fiscal year 2019, hospitals in the program shall be
6 paid and shall retain one hundred percent of the federal portion of
7 the allowable hospital cost for each medicaid inpatient fee-for-
8 service claim payable by medical assistance and one hundred percent
9 of the federal portion of the maximum disproportionate share hospital
10 payment allowable under federal regulations. Inpatient medicaid
11 payments shall be established using an allowable methodology that
12 approximates the cost of claims submitted by the hospitals. Payments
13 made to each hospital in the program in each fiscal year of the
14 biennium shall be compared to a baseline amount. The baseline amount
15 will be determined by the total of (i) the inpatient claim payment
16 amounts that would have been paid during the fiscal year had the
17 hospital not been in the CPE program based on the reimbursement rates
18 developed, implemented, and consistent with policies approved in the
19 2017-2019 biennial operating appropriations act and in effect on July
20 1, 2015, (ii) one-half of the indigent assistance disproportionate
21 share hospital payment amounts paid to and retained by each hospital
22 during fiscal year 2005, and (iii) all of the other disproportionate
23 share hospital payment amounts paid to and retained by each hospital
24 during fiscal year 2005 to the extent the same disproportionate share
25 hospital programs exist in the 2017-2019 fiscal biennium. If payments
26 during the fiscal year exceed the hospital's baseline amount, no
27 additional payments will be made to the hospital except the federal
28 portion of allowable disproportionate share hospital payments for
29 which the hospital can certify allowable match. If payments during
30 the fiscal year are less than the baseline amount, the hospital will
31 be paid a state grant equal to the difference between payments during
32 the fiscal year and the applicable baseline amount. Payment of the
33 state grant shall be made in the applicable fiscal year and
34 distributed in monthly payments. The grants will be recalculated and
35 redistributed as the baseline is updated during the fiscal year. The
36 grant payments are subject to an interim settlement within eleven
37 months after the end of the fiscal year. A final settlement shall be
38 performed. To the extent that either settlement determines that a
39 hospital has received funds in excess of what it would have received
40 as described in this subsection, the hospital must repay the excess

1 amounts to the state when requested. (~~(\$10,575,000)~~) \$359,000 of the
2 general fund—state appropriation for fiscal year 2018 and
3 (~~(\$13,185,000)~~) \$361,000 of the general fund—state appropriation for
4 fiscal year 2019 are provided solely for state grants for the
5 participating hospitals.

6 (~~(+q)~~) (s) The health care authority shall seek public-private
7 partnerships and federal funds that are or may become available to
8 provide on-going support for outreach and education efforts under the
9 federal children's health insurance program reauthorization act of
10 2009.

11 (~~(+r)~~) (t) The health care authority shall target funding for
12 maternity support services towards pregnant women with factors that
13 lead to higher rates of poor birth outcomes, including hypertension,
14 a preterm or low birth weight birth in the most recent previous
15 birth, a cognitive deficit or developmental disability, substance
16 abuse, severe mental illness, unhealthy weight or failure to gain
17 weight, tobacco use, or African American or Native American race. The
18 health care authority shall prioritize evidence-based practices for
19 delivery of maternity support services. To the extent practicable,
20 the health care authority shall develop a mechanism to increase
21 federal funding for maternity support services by leveraging local
22 public funding for those services.

23 (~~(+s)~~) (u) The authority shall submit reports to the governor
24 and the legislature by September 15, 2018, and no later than
25 September 15, 2019, that delineate the number of individuals in
26 medicaid managed care, by carrier, age, gender, and eligibility
27 category, receiving preventative services and vaccinations. The
28 reports should include baseline and benchmark information from the
29 previous two fiscal years and should be inclusive of, but not limited
30 to, services recommended under the United States preventative
31 services task force, advisory committee on immunization practices,
32 early and periodic screening, diagnostic, and treatment (EPSDT)
33 guidelines, and other relevant preventative and vaccination medicaid
34 guidelines and requirements.

35 (~~(+t)~~) (v) Managed care contracts must incorporate
36 accountability measures that monitor patient health and improved
37 health outcomes, and shall include an expectation that each patient
38 receive a wellness examination that documents the baseline health
39 status and allows for monitoring of health improvements and outcome
40 measures.

1 ~~((u))~~ (w) Sufficient amounts are appropriated in this section
2 for the authority to provide an adult dental benefit.

3 ~~((v))~~ (x) The health care authority shall coordinate with the
4 department of social and health services to provide referrals to the
5 Washington health benefit exchange for clients that will be
6 ineligible for medicaid.

7 ~~((w))~~ (y) To facilitate a single point of entry across public
8 and medical assistance programs, and to maximize the use of federal
9 funding, the health care authority, the department of social and
10 health services, and the health benefit exchange will coordinate
11 efforts to expand HealthPlanfinder access to public assistance and
12 medical eligibility staff. The health care authority shall complete
13 medicaid applications in the HealthPlanfinder for households
14 receiving or applying for medical assistance benefits.

15 ~~((x))~~ (z) \$90,000 of the general fund—state appropriation for
16 fiscal year 2018, \$90,000 of the general fund—state appropriation for
17 fiscal year 2019, and \$180,000 of the general fund—federal
18 appropriation are provided solely to continue operation by a
19 nonprofit organization of a toll-free hotline that assists families
20 to learn about and enroll in the apple health for kids program.

21 ~~((y))~~ (aa) The appropriations in this section reflect savings
22 and efficiencies by transferring children receiving medical care
23 provided through fee-for-service to medical care provided through
24 managed care.

25 ~~((z))~~ (bb) Within the amounts appropriated in this section, the
26 authority shall reimburse for primary care services provided by
27 naturopathic physicians.

28 ~~((aa))~~ (cc) Within the amounts appropriated in this section,
29 the authority shall continue to provide coverage for pregnant teens
30 that qualify under existing pregnancy medical programs, but whose
31 eligibility for pregnancy related services would otherwise end due to
32 the application of the new modified adjusted gross income eligibility
33 standard.

34 ~~((bb))~~ (dd) Sufficient amounts are appropriated in this section
35 to remove the mental health visit limit and to provide the shingles
36 vaccine and screening, brief intervention, and referral to treatment
37 benefits that are available in the medicaid alternative benefit plan
38 in the classic medicaid benefit plan.

1 ~~((ee))~~ (ee) The authority shall use revenue appropriated from
2 the dedicated marijuana fund for contracts with community health
3 centers under RCW 69.50.540 in lieu of general fund—state payments to
4 community health centers for services provided to medical assistance
5 clients, and it is the intent of the legislature that this policy
6 will be continued in subsequent fiscal biennia.

7 ~~((dd))~~ (ff) \$127,000 of the general fund—state appropriation
8 for fiscal year 2018 and \$1,144,000 of the general fund—federal
9 appropriation are provided solely to the ProviderOne provider
10 overtime project and are subject to the conditions, limitations, and
11 review provided in section 724 of this act.

12 ~~((ee))~~ (gg) \$175,000 of the general fund—state appropriation
13 for fiscal year 2018 and \$825,000 of the general fund—federal
14 appropriation are provided solely to the ProviderOne CORE operating
15 rules project and are subject to the conditions, limitations, and
16 review provided in section 724 of this act.

17 ~~((ff—\$2,200,000))~~ (hh) \$1,483,000 of the general fund—state
18 appropriation for fiscal year 2018 ~~((and \$2,701,000)),~~ \$1,594,000 of
19 the general fund—state appropriation for fiscal year 2019, and
20 \$1,509,000 of the general fund—federal appropriation are provided
21 ~~((solely))~~ for a rate increase effective July 1, 2018 and performance
22 payments to reward successful beneficiary engagement in the health
23 homes program for ~~((dual-eligible))~~ fee-for-service enrollees and
24 these are the maximum amounts in each fiscal year the authority may
25 expend for this purpose.

26 ~~((gg))~~ (ii) \$450,000 of the general fund—state appropriation
27 for fiscal year 2018, \$450,000 of the general fund—state
28 appropriation for fiscal year 2019, and \$1,058,000 of the general
29 fund—federal appropriation are provided solely for the authority to
30 hire ten nurse case managers to coordinate medically assisted
31 treatment and movements to medical homes for those being treated for
32 opioid use disorder. Nurses shall be located in areas and provider
33 settings with the highest concentration of opioid use disorder
34 patients.

35 ~~((hh))~~ (jj) Sufficient amounts are appropriated in this section
36 for the authority to provide a collaborative care benefit beginning
37 July 1, 2017.

38 ~~((ii))~~ (kk) The authority and the department of social and
39 health services shall convene a work group consisting of

1 representatives of skilled nursing facilities, adult family homes,
2 assisted living facilities, managers of in-home long-term care,
3 hospitals, and managed health care systems. The work group shall
4 identify barriers that may prevent skilled nursing facilities from
5 accepting and admitting clients from acute care hospitals in a timely
6 and appropriate manner. The work group shall consider what additional
7 resources are needed to allow for faster transfers of enrollees,
8 including those with complex needs. By December 1, 2017, the
9 authority shall report the work group's findings to the governor and
10 the appropriate committees of the legislature.

11 ~~((jj))~~ (ll) Within the amounts appropriated within this
12 section, the authority shall implement the plan to show how improved
13 access to home health nursing reduces potentially preventable
14 readmissions, increases access to care, reduces hospital length of
15 stay, and prevents overall hospital admissions for clients receiving
16 private duty nursing, medically intensive care, or home health
17 benefits as described in their report to the legislature dated
18 December 15, 2016, entitled home health nursing. The authority shall
19 report to the governor and appropriate committees of the legislature

13 (iv) Payments made from general fund—state appropriation and
14 health benefit exchange account—state appropriation shall be
15 available for expenditure for no longer than the period of the
16 appropriation from which it was made. When the actual cost of
17 materials and services have been fully determined, and in no event
18 later than the lapsing of the appropriation, any unexpended balance
19 of the payment shall be returned to the authority for credit to the
20 fund or account from which it was made, and under no condition shall
21 expenditures exceed actual revenue.

22 (c) \$321,000 of the general fund—state appropriation for fiscal
23 year 2019 is provided solely for implementation of Second Substitute
24 House Bill No. 2595 (automatic voter registration). If the bill is

4 The appropriations in this subsection are subject to the
5 following conditions and limitations:

6 (a) For the purposes of this subsection, amounts provided for
7 behavioral health organizations shall also be available for the
8 health care authority to contract with entities that assume the
9 responsibilities of behavioral health organizations in regions in
10 which the health care authority is purchasing medical and behavioral
11 health services through fully integrated contracts pursuant to RCW
12 71.24.380.

13 (b) \$6,590,000 of the general fund—state appropriation for fiscal
14 year 2019 and \$3,810,000 of the general fund—federal appropriation
15 are provided solely for the authority and behavioral health
16 organizations to continue to contract for implementation of high-
17 intensity programs for assertive community treatment (PACT) teams. In
18 determining the proportion of medicaid and nonmedicaid funding
19 provided to behavioral health organizations with PACT teams, the
20 authority shall consider the differences between behavioral health
21 organizations in the percentages of services and other costs
22 associated with the teams that are not reimbursable under medicaid.
23 The authority may allow behavioral health organizations which have
24 nonmedicaid reimbursable costs that are higher than the nonmedicaid
25 allocation they receive under this section to supplement these funds
26 with local dollars or funds received under (f) of this subsection.
27 The authority and behavioral health organizations shall maintain
28 consistency with all essential elements of the PACT evidence-based
29 practice model in programs funded under this section.

30 (c) From the general fund—state appropriations in this
31 subsection, the authority shall assure that behavioral health
32 organizations reimburse the department of social and health services
33 aging and long term support administration for the general fund—state
34 cost of medicaid personal care services that enrolled behavioral
35 health organization consumers use because of their psychiatric
36 disability.

37 (d) \$1,760,000 of the general fund—federal appropriation is
38 provided solely for the authority to maintain a pilot project to put
39 peer bridging staff into each behavioral health organization as part

1 of the state psychiatric liaison teams to promote continuity of
2 service as individuals return to their communities.

3 (e) \$6,858,000 of the general fund—state appropriation for fiscal
4 year 2019 and \$4,023,000 of the general fund—federal appropriation
5 are provided solely for new crisis triage or stabilization centers.
6 The authority must seek proposals from behavioral health
7 organizations for the use of these funds based on regional
8 priorities. Services in these facilities may include crisis
9 stabilization and intervention, individual counseling, peer support,
10 medication management, education, and referral assistance. The
11 authority shall monitor each center's effectiveness at lowering the
12 rate of state psychiatric hospital admissions.

13 (f) \$81,930,000 of the general fund—state appropriation for
14 fiscal year 2019 is provided solely for persons and services not
15 covered by the medicaid program. To the extent possible, levels of
16 behavioral health organization spending must be maintained in the
17 following priority order: Crisis and commitment services; community
18 inpatient services; and residential care services, including personal
19 care and emergency housing assistance. These amounts must be
20 distributed to behavioral health organizations proportionate to the
21 fiscal year 2017 allocation of flexible nonmedicaid funds. The
22 authority must include the following language in medicaid contracts
23 with behavioral health organizations unless they are provided formal
24 notification from the center for medicaid and medicare services that
25 the language will result in the loss of federal medicaid
26 participation: "The contractor may voluntarily provide services that
27 are in addition to those covered under the state plan, although the
28 cost of these services cannot be included when determining payment
29 rates unless including these costs are specifically allowed under
30 federal law or an approved waiver."

31 (g) The authority is authorized to continue to contract directly,
32 rather than through contracts with behavioral health organizations
33 for children's long-term inpatient facility services.

34 (h) \$1,125,000 of the general fund—state appropriation for fiscal
35 year 2019 is provided solely for the Spokane county behavioral health
36 organization to implement services to reduce utilization and the
37 census at eastern state hospital. Such services shall include:

1 (i) High intensity treatment team for persons who are high
2 utilizers of psychiatric inpatient services, including those with co-
3 occurring disorders and other special needs;

4 (ii) Crisis outreach and diversion services to stabilize in the
5 community individuals in crisis who are at risk of requiring
6 inpatient care or jail services;

7 (iii) Mental health services provided in nursing facilities to
8 individuals with dementia, and consultation to facility staff
9 treating those individuals; and

10 (iv) Services at the sixteen-bed evaluation and treatment
11 facility.

12 At least annually, the Spokane county behavioral health
13 organization shall assess the effectiveness of these services in
14 reducing utilization at eastern state hospital, identify services
15 that are not optimally effective, and modify those services to
16 improve their effectiveness.

17 (i) \$1,204,000 of the general fund—state appropriation for fiscal
18 year 2019 is provided solely to reimburse Pierce and Spokane counties
19 for the cost of conducting one hundred eighty-day commitment hearings
20 at the state psychiatric hospitals.

21 (j) Behavioral health organizations may use local funds to earn
22 additional federal medicaid match, provided the locally matched rate
23 does not exceed the upper-bound of their federally allowable rate
24 range, and provided that the enhanced funding is used only to provide
25 medicaid state plan or waiver services to medicaid clients.
26 Additionally, behavioral health organizations may use a portion of
27 the state funds allocated in accordance with (f) of this subsection
28 to earn additional medicaid match, but only to the extent that the
29 application of such funds to medicaid services does not diminish the
30 level of crisis and commitment, community inpatient, residential
31 care, and outpatient services presently available to persons not
32 eligible for medicaid.

33 (k) \$2,291,000 of the general fund—state appropriation for fiscal
34 year 2019 is provided solely for mental health services for mentally
35 ill offenders while confined in a county or city jail and for
36 facilitating access to programs that offer mental health services
37 upon release from confinement. The authority must collect information
38 from the behavioral health organizations on their plan for using
39 these funds, the numbers of individuals served, and the types of
40 services provided and submit a report to the office of financial

1 management and the appropriate fiscal committees of the legislature
2 by December 1st of each year of the biennium.

3 (l) Within the amounts appropriated in this section, funding is
4 provided for the authority to develop and phase in intensive mental
5 health services for high needs youth consistent with the settlement
6 agreement in *T.R. v. Dreyfus and Porter*.

7 (m) The authority must establish minimum and maximum funding
8 levels for all reserves allowed under behavioral health organization
9 contracts and insert contract language that clearly states the
10 requirements and limitations. The authority must monitor and ensure
11 that behavioral health organization reserves do not exceed maximum
12 levels. The authority must monitor behavioral health organization
13 revenue and expenditure reports and must require a behavioral health
14 organization to submit a corrective action plan on how it will spend
15 its excess reserves within a reasonable period of time, when its
16 reported reserves exceed maximum levels established under the
17 contract. The authority must review and approve such plans and
18 monitor to ensure compliance. If the authority determines that a
19 behavioral health organization has failed to provide an adequate
20 excess reserve corrective action plan or is not complying with an
21 approved plan, the authority must reduce payments to the behavioral
22 health organization in accordance with remedial actions provisions
23 included in the contract. These reductions in payments must continue
24 until the authority determines that the behavioral health
25 organization has come into substantial compliance with an approved
26 excess reserve corrective action plan.

27 (n) \$3,079,000 of the general fund—state appropriation for fiscal
28 year 2019 and \$2,892,000 of the general fund—federal appropriation
29 are provided solely for the authority to increase rates for community
30 hospitals that provide a minimum of two hundred medicaid psychiatric
31 inpatient days. The authority must increase both medicaid and
32 nonmedicaid psychiatric per-diem reimbursement rates for these
33 providers within these amounts. The amounts in this subsection
34 include funding for additional hold harmless payments resulting from
35 the rate increase. The authority shall prioritize increases for
36 hospitals not currently paid based on provider specific costs using a
37 similar methodology used to set rates for existing inpatient
38 facilities and the latest available cost report information. Rate
39 increases for providers must be set so as not to exceed the amounts
40 provided within this subsection. The rate increase related to

1 nonmedicaid clients must be done to maintain the provider at the same
2 percentage as currently required under WAC 182-550-4800.

3 (o) \$100,000 of the general fund—state appropriation for fiscal
4 year 2019 is provided solely for the authority to collaborate with
5 tribal governments and develop a plan for establishing an evaluation
6 and treatment facility that will specialize in providing care
7 specifically to the American Indian and Alaska Native population. The
8 plan must include options for maximizing federal participation and
9 ensure that utilization will be based on medical necessity and
10 identify a specific geographic location where a tribal evaluation and
11 treatment facility will be built.

12 (p) \$7,103,000 of the general fund—state appropriation for fiscal
13 year 2019 and \$8,052,000 of the general fund—federal appropriation
14 are provided solely for the authority to contract with community
15 hospitals or freestanding evaluation and treatment centers to provide
16 up to forty-eight long-term inpatient care beds as defined in RCW
17 71.24.025. The authority must seek proposals and contract directly
18 for these services rather than contracting through behavioral health
19 organizations. The authority must not use any of the amounts provided
20 under this subsection for contracts with facilities that are subject
21 to federal funding restrictions that apply to institutions of mental
22 diseases, unless they have received a waiver that allows for full
23 federal participation in these facilities.

24 (q) \$1,133,000 of the general fund—state appropriation for fiscal
25 year 2019 and \$1,297,000 of the general fund—federal appropriation
26 are provided solely to increase the number of psychiatric residential
27 treatment beds for individuals transitioning from psychiatric
28 inpatient settings. The authority must seek proposals from behavioral
29 health organizations for the use of these amounts and coordinate with
30 the department of social and health services in awarding these funds.
31 The authority must not allow for any of the amounts provided under
32 this subsection to be used for services in facilities that are
33 subject to federal funding restrictions that apply to institutions of
34 mental diseases, unless they have received a waiver that allows for
35 full federal participation in these facilities.

36 (r) \$6,744,000 of the general fund—state appropriation for fiscal
37 year 2019 and \$14,516,000 of the general fund—federal appropriation
38 are provided solely for the authority to increase medicaid capitation
39 payments for behavioral health organizations. The authority must work

1 with the actuaries responsible for certifying behavioral health
2 capitation rates to adjust average salary assumptions in order to
3 implement this increase. In developing further updates for medicaid
4 managed care rates for behavioral health services, the authority must
5 require the contracted actuaries to: (i) Review and consider
6 comparison of salaries paid by government agencies and hospitals that
7 compete with community providers for behavioral health workers in
8 developing salary assumptions; and (ii) review data to see whether a
9 specific travel assumption for high congestion areas is warranted.
10 The authority must include and make available all applicable
11 documents and analysis to legislative staff from the fiscal
12 committees throughout the process. The authority must require the
13 actuaries to develop and submit rate ranges for each behavioral
14 health organization prior to certification of specific rates.

15 (s) The number of beds allocated for use by behavioral health
16 organizations at eastern state hospital shall be one hundred ninety
17 two per day. The number of nonforensic beds allocated for use by
18 behavioral health organizations at western state hospital shall be
19 five hundred fifty-seven per day. In fiscal year 2019, the authority
20 must reduce the number of beds allocated for use by behavioral health
21 organizations at western state hospital by thirty beds to allow for
22 the repurposing of a civil ward at western state hospital to provide
23 forensic services. The contracted beds provided under (p) of this
24 subsection shall be allocated to the behavioral health organizations
25 in lieu of beds at the state hospitals and be incorporated in their
26 allocation of state hospital patient days of care for the purposes of
27 calculating reimbursements pursuant to RCW 71.24.310. It is the
28 intent of the legislature to continue the policy of expanding
29 community based alternatives for long term civil commitment services
30 that allow for state hospital beds to be prioritized for forensic
31 patients.

32 (t) \$11,405,000 of the general fund—state appropriation for
33 fiscal year 2019 and \$8,840,000 of the general fund—federal
34 appropriation are provided solely to maintain enhancements of
35 community mental health services. The authority must contract these
36 funds for the operation of community programs in which the authority
37 determines there is a need for capacity that allows individuals to be
38 diverted or transitioned from the state hospitals including but not
39 limited to: (i) Community hospital or free standing evaluation and
40 treatment services providing short-term detention and commitment

1 services under the involuntary treatment act to be located in the
2 geographic areas of the King behavioral health organization, the
3 Spokane behavioral health organization outside of Spokane county, and
4 the Thurston Mason behavioral health organization; (ii) one new full
5 program of an assertive community treatment team in the King
6 behavioral health organization and two new half programs of assertive
7 community treatment teams in the Spokane behavioral health
8 organization and the Pierce behavioral health organization; and (iii)
9 three new recovery support services programs in the Great Rivers
10 behavioral health organization, the greater Columbia behavioral
11 health organization, and the north sound behavioral health
12 organization. In contracting for community evaluation and treatment
13 services, the authority may not use these resources in facilities
14 that meet the criteria to be classified under federal law as
15 institutions for mental diseases. If the authority is unable to come
16 to a contract agreement with a designated behavioral health
17 organization for any of the services identified above, it may
18 consider contracting for that service in another region that has the
19 need for such service.

20 (u) \$1,296,000 of the general fund—state appropriation for fiscal
21 year 2019 is provided solely for clubhouse programs. The authority
22 shall ensure that \$400,000 is used for the biennium for support of
23 the Spokane clubhouse program and the remaining funds must be used
24 for support of new clubhouse programs. The authority must develop
25 options and cost estimates for implementation of clubhouse programs
26 statewide through a medicaid state plan amendment or a medicaid
27 waiver and submit a report to the office of financial management and
28 the appropriate committees of the legislature by December 1, 2018.

29 (v) \$213,000 of the general fund—state appropriation for fiscal
30 year 2019 is provided solely to fund one pilot project in Pierce
31 county and one in Yakima county to promote increased utilization of
32 assisted outpatient treatment programs. The authority shall require
33 two behavioral health organizations to contract with local government
34 to establish the necessary infrastructure for the programs. The
35 authority shall provide a report by October 15, 2018, to the office
36 of financial management and the appropriate fiscal and policy
37 committees of the legislature to include the number of individuals
38 served, outcomes to include reduced use of inpatient treatment and
39 state hospital stays, and recommendations for further implementation

1 based on lessons learned and best practices identified by the pilot
2 projects.

18 (x) During fiscal year 2019, any amounts provided in this section

25 assistance program or other specialized chemical dependency case

1 community supervision. Contracts with behavioral health organizations
2 must require that behavioral health organizations include in their
3 provider network specialized expertise in the provision of
4 manualized, evidence-based chemical dependency treatment services for
5 offenders. The department of corrections and the authority must
6 develop a memorandum of understanding for department of corrections
7 offenders on active supervision who are medicaid eligible and meet
8 medical necessity for outpatient substance use disorder treatment.
9 The agreement will ensure that treatment services provided are
10 coordinated, do not result in duplication of services, and maintain
11 access and quality of care for the individuals being served. The
12 authority must provide all necessary data, access, and reports to the
13 department of corrections for all department of corrections offenders
14 that receive medicaid paid services.

1 a county is not interested in administering the funds, the authority
2 shall contract with a behavioral health organization or
3 administrative services organization to administer these funds
4 consistent with the plans approved by local panels pursuant to RCW
5 71.24.580(5)(b). The authority must provide a report to the office of

10 fiscal year 2019 and \$44,200,000 of the general fund—federal
11 appropriation are provided solely for the enhancement of community-
12 based behavioral health services. This funding must be allocated to
13 behavioral health organizations proportionate to their regional
14 population. In order to receive these funds, each behavioral health
15 organization must submit a plan to address the following issues: (i)
16 Reduction in their use of long-term commitment beds through community
17 alternatives; (ii) compliance with RCW 71.05.365 requirements for

20 psychiatric treatment at an inpatient level of care; (iii)
21 improvement of staff recruitment and retention in community
22 behavioral health facilities; (iv) diversion of individuals with
23 behavioral health issues from the criminal justice system; and (v)

28 must identify metrics for tracking progress in each of the areas
29 identified. The authority must collect information on the metrics and
30 outcomes and submit a report summarizing the findings to the office
31 of financial management and the appropriate committees of the
32 legislature by June 30, 2019. Up to twenty percent of the general

2 fiscal year 2019 is provided solely to assist behavioral health

5 institutions of mental diseases. The authority must distribute these
6 amounts proportionate to the number of bed days for medicaid clients
7 in institutions for mental diseases that were excluded from
8 behavioral health organization fiscal year 2019 capitation rates
9 because they exceeded the amounts allowed under federal regulations.
10 The department must also use these amounts to directly pay for costs
11 that are ineligible for medicaid reimbursement in institutions of
12 mental disease facilities for American Indian and Alaska Natives who
13 opt to receive behavioral health services on a fee-for-service basis.
14 The amounts used for these individuals must be reduced from the
15 allocation of the behavioral health organization where the individual
16 resides. If a behavioral health organization receives more funding
17 through this subsection than is needed to pay for the cost of their
18 medicaid clients in institutions for mental diseases, they must use
19 the remainder of the amounts to provide other services not covered
20 under the medicaid program. The authority must explore options for
21 continuing to expand waivers which allow for federal matching funds
22 to be used in these facilities. The authority must submit a report on
23 the status of the waiver to the office of financial management and
24 the appropriate committees of the legislature by December 1, 2018.

25 (rr) \$15,000,000 of the general fund—state appropriation for
26 fiscal year 2019 is provided solely to ensure a smooth transition to
27 integrated managed care for behavioral health regions and to maintain
28 the existing level of regional behavioral health crisis and diversion
29 programs, and other required behavioral health administrative service
30 organization services. These amounts must be used to support the
31 regions transitioning to become mid-adopters for full integration of
32 physical and behavioral health care. These amounts must be
33 distributed proportionate to the population of each regional area

37 services system. The authority must require all behavioral health
38 organizations transitioning to full integration to either spend down

8 year 2019 is provided solely for the authority to develop a peer
9 support program for individuals with substance use disorders. These

11 peers specialists. The authority must submit a state plan amendment
12 which provides for these services to be included in behavioral health
13 capitation rates beginning in fiscal year 2020 and allows for federal

16 year 2019 is provided solely for the authority, in collaboration with
17 the department of social and health services, to further develop

20 2020. The funding and risk for patients at the state hospitals who
21 have been committed pursuant to dismissal of felony charges after
22 being determined incompetent to stand trial shall not be incorporated
23 into integrated care contracts.

24 (i) By December 1, 2018, the authority, in coordination with the
25 department of social and health services, must submit a report to the
26 office of financial management and the appropriate committees of the
27 legislature on the following: (A) Actuarial estimates on the impact
28 to per member per month payments and estimated annual state and
29 federal costs for medicaid managed care organizations with fully
30 integrated contracts; (B) actuarial estimates on the estimated annual
31 costs for administrative services organizations; (C) estimates of the
32 per-diem cost at the state hospitals that will be charged to entities
33 with responsibility for paying for long-term civil inpatient
34 commitments once these are incorporated into fully integrated care
35 contracts; and (D) estimates of the amount of funding that can be
36 reduced from direct appropriations for the state hospitals to reflect
37 the shift in financial responsibility.

38 (ii) The authority must also explore and report on options for
39 fully leveraging the state's share of federal medicaid
40 disproportionate share funding allowed for institutions of mental

1 diseases, including but not limited to: (A) Prioritizing the use of
2 this funding for forensic patients and those civilly committed
3 pursuant to dismissal of a felony charge; (B) obtaining an
4 institution for mental diseases—disproportionate share hospital
5 waiver to allow for regular medicaid federal financial participation
6 to be used at the state hospitals; and (C) shifting some of the
7 state's current disproportionate share funding used at the state
8 hospitals to community-based institutions for mental diseases to
9 reduce the state cost of patients for whom regular federal medicaid
10 match is not allowed.

11 (uu) \$2,732,000 of the general fund—state appropriation for
12 fiscal year 2019 and \$9,026,000 of the general fund—federal
13 appropriation are provided solely for the authority to implement
14 strategies to improve access to prevention and treatment of opioid

17 expansion of pregnant and parenting case management programs; (iii)
18 grants to tribes to prevent opioid use and expand treatment for

22 opioids and other drugs for safe disposal; (vi) purchase and
23 distribution of opioid reversal medication; and (vii) maintaining
24 support for youth prevention services. The authority must coordinate
25 these activities with the department of health to avoid duplication
26 of effort and must work to identify additional federal resources that
27 can be used to maintain and expand these efforts. The authority must
28 submit a report to the office of financial management and the
29 appropriate committees of the legislature on the status of these
30 efforts by December 1, 2018. The report must include identification
31 of any increase in behavioral health federal block grants or other

33 use of these funds.

34 (vv) \$150,000 of the general fund—state appropriation for fiscal
35 year 2019 is provided solely for the authority to contract with
36 actuaries to develop estimates for the cost of implementing new
37 behavioral health service types in the medicaid state plan. The
38 authority must coordinate with behavioral health organizations to
39 identify: (i) Eligible behavioral health service types that are

1 currently provided to medicaid enrollees without federal funding and
2 are dependent on state, local, or other funds; and (ii) eligible
3 behavioral health service types that are not currently available to
4 medicaid enrollees due to the lack of federal funding. The authority
5 must contract with the actuaries responsible for certifying state
6 behavioral health capitation rates to develop estimates for the cost
7 of implementing each of these services. The estimates must identify
8 the cost of implementing each service statewide, the estimated state
9 and federal medicaid cost, and any estimated offset in state non-
10 medicaid spending. The authority must submit a report to the office
11 of financial management and the appropriate committees of the
12 legislature identifying the services and costs estimates by November
13 1, 2018.

17 evidence-based practice institute which supports the identification,
18 evaluation, and implementation of evidence-based or promising
19 practices. The institute must work with the department to develop a
20 plan to seek private, federal, or other grant funding in order to
21 reduce the need for state general funds. The department must collect
22 information from the institute on the use of these funds and submit a
23 report to the office of financial management and the appropriate
24 fiscal committees of the legislature by December 1st of each year of
25 the biennium.

28 The appropriations in this section are subject to the following
29 conditions and limitations:

30 (1) The department of health shall not initiate any services that
31 will require expenditure of state general fund moneys unless
32 expressly authorized in this act or other law. The department of
33 health and the state board of health shall not implement any new or
34 amended rules pertaining to primary and secondary school facilities
35 until the rules and a final cost estimate have been presented to the
36 legislature, and the legislature has formally funded implementation
37 of the rules through the omnibus appropriations act or by statute.
38 The department may seek, receive, and spend, under RCW 43.79.260
39 through 43.79.282, federal moneys not anticipated in this act as long

1 as the federal funding does not require expenditure of state moneys
2 for the program in excess of amounts anticipated in this act. If the
3 department receives unanticipated unrestricted federal moneys, those
4 moneys shall be spent for services authorized in this act or in any
5 other legislation that provides appropriation authority, and an equal
6 amount of appropriated state moneys shall lapse. Upon the lapsing of
7 any moneys under this subsection, the office of financial management
8 shall notify the legislative fiscal committees. As used in this
9 subsection, "unrestricted federal moneys" includes block grants and
10 other funds that federal law does not require to be spent on
11 specifically defined projects or matched on a formula basis by state
12 funds.

13 (2) During the 2017-2019 fiscal biennium, each person subject to
14 RCW 43.70.110(3)(c) is required to pay only one surcharge of up to
15 twenty-five dollars annually for the purposes of RCW 43.70.112,
16 regardless of how many professional licenses the person holds.

17 (3) In accordance with RCW 43.20B.110, 43.135.055, and 71.24.035,

20 program. The department's fee schedule shall have differential rates
21 for providers with proof of accreditation from organizations that the
22 department has determined to have substantially equivalent standards
23 to those of the department, including but not limited to the joint
24 commission on accreditation of health care organizations, the
25 commission on accreditation of rehabilitation facilities, and the
26 council on accreditation. To reflect the reduced costs associated
27 with regulation of accredited programs, the department's fees for
28 organizations with such proof of accreditation must reflect the lower

30 which are not accredited.

25			<u>\$14,593,856,000</u>

26 The appropriations in this section are subject to the following
27 conditions and limitations:

28 (1)(a) Each general fund fiscal year appropriation includes such
29 funds as are necessary to complete the school year ending in the
30 fiscal year and for prior fiscal year adjustments.

31 (b) For the 2017-18 and 2018-19 school years, the superintendent
32 shall allocate general apportionment funding to school districts as
33 provided in the funding formulas and salary allocations in sections
34 502 and 503 of this act, excluding (c) of this subsection, and in
35 House Bill No. 2242 (fully funding the program of basic education).

36 (c) From July 1, 2017, to August 31, 2017, the superintendent
37 shall allocate general apportionment funding to school districts

1 programs as provided in sections 502 and 503, chapter 4, Laws of 2015
2 3rd sp. sess., as amended.

4 number of full-time equivalent students and part-time students as
5 provided in RCW 28A.150.350, enrolled on the fourth day of school in
6 September and on the first school day of each month October through
7 June, including students who are in attendance pursuant to RCW
8 28A.335.160 and 28A.225.250 who do not reside within the servicing
9 school district. Any school district concluding its basic education
10 program in May must report the enrollment of the last school day held
11 in May in lieu of a June enrollment.

12 (e)(i) Funding provided in part V of this act is sufficient to
13 provide each full-time equivalent student with the minimum hours of
14 instruction required under RCW 28A.150.220.

16 align the agency rules defining a full-time equivalent student with
17 the increase in the minimum instructional hours under RCW
18 28A.150.220, as amended by the legislature in 2014.

19 (f) The superintendent shall adopt rules requiring school
20 districts to report full-time equivalent student enrollment as
21 provided in RCW 28A.655.210.

29 (h) Funding is provided in this section for a hold-harmless
30 payment beginning with the 2018-19 school year. A school district

32 district's state basic education allocations plus its enrichment levy
33 and local effort assistance under chapter 13, Laws of 2017 3rd sp.
34 sess. is less than the sum of what the district would have received
35 for that year from the state basic education allocations, local
36 maintenance and operation levy, and local effort assistance under the
37 law as it existed on January 1, 2017. For the prior law calculation,
38 it is assumed that the local levy is the lesser of the voter approved
39 levy as of January 1, 2017, and the maximum allowed under the law as
40 it existed on January 1, 2017.

25 adjusted based on each district's annual average full-time equivalent
26 student enrollment in each grade.

31 school years for the central office administrative costs of operating
32 a school district, at the following rates:

33 (a) The total central office staff units provided in this
34 subsection (5) are calculated by first multiplying the total number
35 of eligible certificated instructional, certificated administrative,
36 and classified staff units providing school-based or district-wide
37 support services, as identified in RCW 28A.150.260(6)(b) and the

 3 employees may be calculated on the basis of 1,440 hours of work per
 4 year, with no individual employee counted as more than one full-time
 5 equivalent.

6 (8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

7 Funding is allocated per annual average full-time equivalent

26 chapter 37, Laws of 2010 1st sp. sess. (2010 supplemental budget),
27 adjusted annually for inflation.

28 (14) Any school district board of directors may petition the
29 superintendent of public instruction by submission of a resolution
30 adopted in a public meeting to reduce or delay any portion of its
31 basic education allocation for any school year. The superintendent of

1 (a) \$638,000 of the general fund—state appropriation for fiscal

10 school-to-work programs, as approved by the superintendent of public
11 instruction. The funds shall be allocated at a rate not to exceed
12 \$500 per full-time equivalent student enrolled in those programs.

13 (16) \$225,000 of the general fund—state appropriation for fiscal
14 year 2018 and \$229,000 of the general fund—state appropriation for
15 fiscal year 2019 are provided solely for school district emergencies
16 as certified by the superintendent of public instruction. Funding
17 provided must be conditioned upon the written commitment and plan of
18 the school district board of directors to repay the grant with any
19 insurance payments or other judgments that may be awarded, if
20 applicable. At the close of the fiscal year the superintendent of
21 public instruction shall report to the office of financial management
22 and the appropriate fiscal committees of the legislature on the

30 consistent with the running start course requirements provided in
31 chapter 202, Laws of 2015 (dual credit education opportunities). In
32 calculating the combined 1.2 FTE, the office of the superintendent of
33 public instruction may average the participating student's September
34 through June enrollment to account for differences in the start and
35 end dates for courses provided by the high school and higher
36 education institution. Additionally, the office of the superintendent
37 of public instruction, in consultation with the state board for
38 community and technical colleges, the student achievement council,
39 and the education data center, shall annually track and report to the

2 of students participating in the running start program, including
3 course load analyses at both the high school and community and
4 technical college system.

5 (19) If two or more school districts consolidate and each
6 district was receiving additional basic education formula staff units
7 pursuant to subsection (12) of this section, the following apply:

8 (a) For three school years following consolidation, the number of
9 basic education formula staff units shall not be less than the number
10 of basic education formula staff units received by the districts in
11 the school year prior to the consolidation; and

12 (b) For the fourth through eighth school years following
13 consolidation, the difference between the basic education formula
14 staff units received by the districts for the school year prior to
15 consolidation and the basic education formula staff units after
16 consolidation pursuant to subsection (~~((12))~~) (13) of this section

24 are considered separate programs for funding and financial reporting
25 purposes under this section.

26 (b) Career and technical education program full-time equivalent
27 enrollment shall be reported on the same monthly basis as the
28 enrollment for students eligible for basic support, and payments
29 shall be adjusted for reported career and technical education program
30 enrollments on the same monthly basis as those adjustments for
31 enrollment for students eligible for basic support.

32 (21) Funding in this section is sufficient to provide full
33 general apportionment payments to school districts eligible for
34 federal forest revenues as provided in RCW 28A.520.020. For the

24 Document 3.

24 implementation, mental health services for children and youth, and
25 services for pregnant and parenting women; PROVIDED, That:

26 (A) Of the funds appropriated under (a)(i) of this subsection for
27 new programs and new services, at least eighty-five percent must be
28 directed to evidence-based or research-based programs and practices
29 that produce objectively measurable results and, by September 1,
30 2020, are cost-beneficial; and

31 (B) Up to fifteen percent of the funds appropriated under (a)(i)
32 of this subsection for new programs and new services may be directed
33 to proven and tested practices, emerging best practices, or promising
34 practices.

35 (ii) In deciding which programs and practices to fund, the
36 secretary of the department of social and health services must
37 consult, at least annually, with the University of Washington's
38 social development research group and the University of Washington's
39 alcohol and drug abuse institute.

6 subsection (2)(a);

7 (b)(i) Up to ten percent to the department of health for the
8 following, subject to (b)(ii) of this subsection (2):

10 marijuana education and public health program that contains the
11 following:

12 (I) A marijuana use public health hotline that provides referrals

14 research-based public health approaches to minimizing the harms
15 associated with marijuana use, and does not solely advocate an
16 abstinence-only approach;

17 (II) A grants program for local health departments or other local
18 community agencies that supports development and implementation of
19 coordinated intervention strategies for the prevention and reduction
20 of marijuana use by youth; and

21 (III) Media-based education campaigns across television,
22 internet, radio, print, and out-of-home advertising, separately
23 targeting youth and adults, that provide medically and scientifically
24 accurate information about the health and safety risks posed by
25 marijuana use;

26 (B) The Washington poison control center; and

27 (C) During the 2015-2017 fiscal biennium, the funds appropriated
28 under this subsection (2)(b) may be used for prevention activities

30 use.

31 (ii) For the fiscal year beginning July 1, 2016, the legislature
32 must appropriate a minimum of seven million five hundred thousand
33 dollars and for each subsequent fiscal year thereafter, the
34 legislature must appropriate a minimum of nine million seven hundred
35 fifty thousand dollars under this subsection (2)(b);

36 (c)(i) Up to six-tenths of one percent to the University of
37 Washington and four-tenths of one percent to Washington State
38 University for research on the short and long-term effects of

8 fiscal year beginning July 1, 2016, the legislature must appropriate

13 intent of the legislature that this policy will be continued in the
14 2019-2021 fiscal biennium;

15 (d) Fifty percent to the state basic health plan trust account to
16 be administered by the Washington basic health plan administrator and
17 used as provided under chapter 70.47 RCW;

18 (e) Five percent to the Washington state health care authority to
19 be expended exclusively through contracts with community health

22 RCW 41.05.220;

23 (f)(i) Up to three-tenths of one percent to the office of the
24 superintendent of public instruction to fund grants to building
25 bridges programs under chapter 28A.175 RCW.

26 (ii) For the fiscal year beginning July 1, 2016, and each
27 subsequent fiscal year, the legislature must appropriate a minimum of
28 five hundred eleven thousand dollars to the office of the
29 superintendent of public instruction under this subsection (2)(f);
30 and

31 (g) At the end of each fiscal year, the treasurer must transfer
32 any amounts in the dedicated marijuana account that are not
33 appropriated pursuant to subsection (1) of this section and this
34 subsection (2) into the general fund, except as provided in (g)(i) of
35 this subsection (2).

36 (i) Beginning in fiscal year 2018, if marijuana excise tax
37 collections deposited into the general fund in the prior fiscal year
38 exceed twenty-five million dollars, then each fiscal year the
39 legislature must appropriate an amount equal to thirty percent of all
40 marijuana excise taxes deposited into the general fund the prior

1 fiscal year to the treasurer for distribution to counties, cities,
2 and towns as follows:

3 (A) Thirty percent must be distributed to counties, cities, and
4 towns where licensed marijuana retailers are physically located. Each
5 jurisdiction must receive a share of the revenue distribution under
6 this subsection (2)(g)(i)(A) based on the proportional share of the
7 total revenues generated in the individual jurisdiction from the
8 taxes collected under RCW 69.50.535, from licensed marijuana
9 retailers physically located in each jurisdiction. For purposes of
10 this subsection (2)(g)(i)(A), one hundred percent of the proportional
11 amount attributed to a retailer physically located in a city or town
12 must be distributed to the city or town.

13 (B) Seventy percent must be distributed to counties, cities, and
14 towns ratably on a per capita basis. Counties must receive sixty
15 percent of the distribution, which must be disbursed based on each
16 county's total proportional population. Funds may only be distributed
17 to jurisdictions that do not prohibit the siting of any state
18 licensed marijuana producer, processor, or retailer.

19 (ii) Distribution amounts allocated to each county, city, and
20 town must be distributed in four installments by the last day of each
21 fiscal quarter.

22 (iii) By September 15th of each year, the state liquor and
23 cannabis board must provide the state treasurer the annual
24 distribution amount, if any, for each county and city as determined
25 in (g)(i) of this subsection (2).

26 (iv) The total share of marijuana excise tax revenues distributed
27 to counties and cities in (g)(i) of this subsection (2) may not
28 exceed (~~six~~) fifteen million dollars in fiscal years 2018 and 2019
29 and twenty million dollars per fiscal year thereafter. (~~However, if~~
30 ~~the February 2018 forecast of state revenues for the general fund in~~
31 ~~the 2017-2019 fiscal biennium exceeds the amount estimated in the~~
32 ~~June 2017 revenue forecast by over eighteen million dollars after~~
33 ~~adjusting for changes directly related to legislation adopted in the~~
34 ~~2017 legislative session, the total share of marijuana excise tax~~
35 ~~revenue distributed to counties and cities in (g)(i) of this~~
36 ~~subsection (2) may not exceed fifteen million dollars in fiscal years~~
37 ~~2018 and 2019.)) It is the intent of the legislature that the policy
38 for the maximum distributions in the subsequent fiscal biennia will
39 be no more than (~~\$6~~) fifteen million dollars per fiscal year.~~

1 For the purposes of this section, "marijuana products" means
2 "useable marijuana," "marijuana concentrates," and "marijuana-infused
3 products" as those terms are defined in RCW 69.50.101.

4 **Sec. 912.** RCW 70.105D.070 and 2017 3rd sp.s. c 1 s 980 are each
5 amended to read as follows:

6 (1) The state toxics control account and the local toxics control
7 account are hereby created in the state treasury.

15 terms of such funding are established under a settlement agreement
16 under RCW 70.105D.040(4) and when the director has found that the
17 funding will achieve both: (i) A substantially more expeditious or
18 enhanced cleanup than would otherwise occur; and (ii) the prevention
19 or mitigation of unfair economic hardship;

20 (l) Development and demonstration of alternative management
21 technologies designed to carry out the hazardous waste management

37 zone designated under RCW 70.105D.150;

38 (ii) The amount and terms of the funding are established under a
39 settlement agreement under RCW 70.105D.040(5); and

1 (iii) The director has found the funding meets any additional
2 criteria established in rule by the department, will achieve a
3 substantially more expeditious or enhanced cleanup than would
4 otherwise occur, and will provide a public benefit in addition to
5 cleanup commensurate with the scope of the public funding;

6 (r) Petroleum-based plastic or expanded polystyrene foam debris
7 cleanup activities in fresh or marine waters;

8 (s) Appropriations to the local toxics control account or the
9 environmental legacy stewardship account created in RCW 70.105D.170,
10 if the legislature determines that priorities for spending exceed
11 available funds in those accounts;

12 (t) During the ~~((2015-2017 and))~~ 2017-2019 fiscal ~~((biennia))~~

24 chapter 19, Laws of 2013 2nd sp. sess. and for transfer to the local
25 toxics control account;~~

26 ~~(y) For the 2013-2015 fiscal biennium, moneys in the state toxics
27 control account may be transferred to the radioactive mixed waste
28 account; and~~

29 ~~(z))~~ (v) For the ~~((2015-2017 and))~~ 2017-2019 fiscal ~~((biennia))~~
30 biennium, forest practices regulation at the department of natural
31 resources.

32 (4)(a) The department shall use moneys deposited in the local
33 toxics control account for grants or loans to local governments for
34 the following purposes in descending order of priority:

35 (i) Extended grant agreements entered into under ~~((e))~~ (c)(i)
36 of this subsection;

37 (ii) Remedial actions, including planning for adaptive reuse of
38 properties as provided for under ~~((e))~~ (c)(iv) of this subsection.
39 The department must prioritize funding of remedial actions at:

1 (A) Facilities on the department's hazardous sites list with a
2 high hazard ranking for which there is an approved remedial action
3 work plan or an equivalent document under federal cleanup law;

4 (B) Brownfield properties within a redevelopment opportunity zone
5 if the local government is a prospective purchaser of the property
6 and there is a department-approved remedial action work plan or
7 equivalent document under the federal cleanup law;

8 (iii) Stormwater pollution source projects that: (A) Work in
9 conjunction with a remedial action; (B) protect completed remedial
10 actions against recontamination; or (C) prevent hazardous clean-up
11 sites;

12 (iv) Hazardous waste plans and programs under chapter 70.105 RCW;

13 (v) Solid waste plans and programs under chapters 70.95, 70.95C,
14 70.95I, and 70.105 RCW;

15 (vi) Petroleum-based plastic or expanded polystyrene foam debris
16 cleanup activities in fresh or marine waters; and

17 (vii) Appropriations to the state toxics control account or the
18 environmental legacy stewardship account created in RCW 70.105D.170,
19 if the legislature determines that priorities for spending exceed
20 available funds in those accounts.

21 (b) Funds for plans and programs must be allocated consistent
22 with the priorities and matching requirements established in chapters
23 70.105, 70.95C, 70.95I, and 70.95 RCW.

24 ~~(c) ((During the 2013-2015 fiscal biennium, the local toxics
25 control account may also be used for local government stormwater
26 planning and implementation activities.~~

27 ~~(d) During the 2013-2015 fiscal biennium, the legislature may
28 transfer from the local toxics control account to the state general
29 fund, such amounts as reflect the excess fund balance in the account.~~

30 (e)) To expedite cleanups throughout the state, the department
31 may use the following strategies when providing grants to local
32 governments under this subsection:

33 (i) Enter into an extended grant agreement with a local
34 government conducting remedial actions at a facility where those
35 actions extend over multiple biennia and the total eligible cost of
36 those actions exceeds twenty million dollars. The agreement is
37 subject to the following limitations:

38 (A) The initial duration of such an agreement may not exceed ten
39 years. The department may extend the duration of such an agreement

1 upon finding substantial progress has been made on remedial actions
2 at the facility;

3 (B) Extended grant agreements may not exceed fifty percent of the
4 total eligible remedial action costs at the facility; and

5 (C) The department may not allocate future funding to an extended
6 grant agreement unless the local government has demonstrated to the
7 department that funds awarded under the agreement during the previous
8 biennium have been substantially expended or contracts have been
9 entered into to substantially expend the funds;

10 (ii) Enter into a grant agreement with a local government
11 conducting a remedial action that provides for periodic reimbursement
12 of remedial action costs as they are incurred as established in the
13 agreement;

14 (iii) Enter into a grant agreement with a local government prior
15 to it acquiring a property or obtaining necessary access to conduct
16 remedial actions, provided the agreement is conditioned upon the
17 local government acquiring the property or obtaining the access in
18 accordance with a schedule specified in the agreement;

19 (iv) Provide integrated planning grants to local governments to
20 fund studies necessary to facilitate remedial actions at brownfield
21 properties and adaptive reuse of properties following remediation.
22 Eligible activities include, but are not limited to: Environmental
23 site assessments; remedial investigations; health assessments;
24 feasibility studies; site planning; community involvement; land use
25 and regulatory analyses; building and infrastructure assessments;
26 economic and fiscal analyses; and any environmental analyses under
27 chapter 43.21C RCW;

28 (v) Provide grants to local governments for remedial actions
29 related to area-wide groundwater contamination. To receive the
30 funding, the local government does not need to be a potentially
31 liable person or be required to seek reimbursement of grant funds
32 from a potentially liable person;

33 (vi) The director may alter grant matching requirements to create
34 incentives for local governments to expedite cleanups when one of the
35 following conditions exists:

36 (A) Funding would prevent or mitigate unfair economic hardship
37 imposed by the clean-up liability;

38 (B) Funding would create new substantial economic development,
39 public recreational opportunities, or habitat restoration
40 opportunities that would not otherwise occur; or

1 (C) Funding would create an opportunity for acquisition and
2 redevelopment of brownfield property under RCW 70.105D.040(5) that
3 would not otherwise occur;

4 (vii) When pending grant applications under ~~((e))~~ (c)(iv) and
5 (v) of this subsection (4) exceed the amount of funds available,
6 designated redevelopment opportunity zones must receive priority for
7 distribution of available funds.

8 ~~((f))~~ (d) To expedite multiparty clean-up efforts, the
9 department may purchase remedial action cost-cap insurance. ~~((For the
10 2013-2015 fiscal biennium, moneys in the local toxics control account
11 may be spent on projects in sections 3024, 3035, 3036, and 3059,
12 chapter 19, Laws of 2013 2nd sp. sess.))~~

13 (5) Except for unanticipated receipts under RCW 43.79.260 through
14 43.79.282, moneys in the state and local toxics control accounts may
15 be spent only after appropriation by statute.

16 (6) No moneys deposited into either the state or local toxics
17 control account may be used for: Natural disasters where there is no
18 hazardous substance contamination; high performance buildings; solid
19 waste incinerator facility feasibility studies, construction,
20 maintenance, or operation; or ~~((after January 1, 2010, for))~~ projects
21 designed to address the restoration of Puget Sound, funded in a
22 competitive grant process, that are in conflict with the action
23 agenda developed by the Puget Sound partnership under RCW 90.71.310.
24 However, this subsection does not prevent an appropriation from the
25 state toxics control account to the department of revenue to enforce
26 compliance with the hazardous substance tax imposed in chapter 82.21
27 RCW.

28 (7) ~~((Except during the 2011-2013 and the 2015-2017 fiscal
29 biennia,))~~ One percent of the moneys collected under RCW 82.21.030
30 shall be allocated only for public participation grants to persons
31 who may be adversely affected by a release or threatened release of a
32 hazardous substance and to not-for-profit public interest
33 organizations. The primary purpose of these grants is to facilitate
34 the participation by persons and organizations in the investigation
35 and remedying of releases or threatened releases of hazardous
36 substances and to implement the state's solid and hazardous waste
37 management priorities. No grant may exceed sixty thousand dollars.
38 Grants may be renewed annually. Moneys appropriated for public
39 participation that are not expended at the close of any biennium
40 revert to the state toxics control account.

1 (8) The department shall adopt rules for grant or loan issuance
2 and performance. To accelerate both remedial action and economic
3 recovery, the department may expedite the adoption of rules necessary
4 to implement chapter 1, Laws of 2013 2nd sp. sess. using the
5 expedited procedures in RCW 34.05.353. The department shall initiate
6 the award of financial assistance by August 1, 2013. To ensure the
7 adoption of rules will not delay financial assistance, the department
8 may administer the award of financial assistance through interpretive
9 guidance pending the adoption of rules through July 1, 2014.

10 (9) Except as provided under subsection (3)(k) and (q) of this
11 section, nothing in chapter 1, Laws of 2013 2nd sp. sess. affects the
12 ability of a potentially liable person to receive public funding.

13 ~~((During the 2015-2017 fiscal biennium the local toxics
14 control account may also be used for the centennial clean water
15 program and for the stormwater financial assistance program
16 administered by the department of ecology.~~

17 ~~(11))~~ During the 2017-2019 biennium:

18 (a) The state toxics control account, the local toxics control
19 account, and the environmental legacy stewardship account may be used
20 for interchangeable purposes and funds may be transferred between
21 accounts to accomplish those purposes.

22 (b) The legislature may direct the state treasurer to make
23 transfers of moneys in the state toxics control account to the water
24 pollution control revolving account.

25 **Sec. 913.** RCW 77.12.203 and 2017 3rd sp.s. c 1 s 984 are each
26 amended to read as follows:

28 notwithstanding RCW 84.36.010 or other statutes to the contrary, the
29 director must pay by April 30th of each year on game lands,
30 regardless of acreage, in each county, if requested by an election
31 under RCW 77.12.201, an amount in lieu of real property taxes equal
32 to that amount paid on similar parcels of open space land taxable
33 under chapter 84.34 RCW or the greater of seventy cents per acre per
34 year or the amount paid in 1984 plus an additional amount for control

EFFECT: This House striking amendment (2018 supplemental
operating budget) to ESSB 6032 (Senate 2018 supplemental operating
budget) is identical to ESHB 2299 on House 3rd reading (2/23/18).

This striking amendment appropriates \$44.1 billion Near General Fund—State plus the Opportunity Pathways Account (NGF-P), and total budgeted funds are \$88.5 billion. The Senate supplemental operating budget appropriates \$44.8 billion NGF-P and \$89.1 billion total funds. Both budgets similarly increase K-12 salary allocations (approximately \$775 million in 2017-2019 and \$969 million over the four-year outlook period). The striking amendment assumes the timing of apportionment payments within a given school year is modified (saving \$609 million in 2017-2019, which is \$325 million over the four-year outlook period). The Senate supplemental operating budget does not assume savings from a modified apportionment schedule. There are hundreds of spending differences between the striking amendment and ESSB 6032, as well as several differences in assumed resources. Please see Legislative proposals at leap.wa.gov for more detailed information on the striking amendment (same as ESHB 2299 on 3rd reading) and ESSB 6032 as passed the Senate.
