2 following:

3 "NEW SECTION. **Sec. 1.** FINDINGS. The legislature finds that the
4 state of Washington has substantial public interest in the following:

5 (1) The price and cost of prescription drugs. Washington state is
6 a major purchaser through the department of corrections, the health
7 care authority, and other entities acting on behalf of a state
8 purchaser;

9 (2) Enacting this chapter to provide notice and disclosure of
10 information relating to the cost and pricing of prescription drugs in
11 order to provide accountability to the state for prescription drug
12 pricing;

13 (3) Rising drug costs and consumer ability to access prescription
14 drugs; and

15 (4) Containing prescription drug costs. It is essential to
16 understand the drivers and impacts of these costs, as transparency is
17 typically the first step toward cost containment and greater consumer
18 access to needed prescription drugs.
