PART II
HUMAN SERVICES

Sec. 201. 2017 3rd sp.s. c 1 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the

1 federal government, historical utilization, economic data, and
2 clinical input constitute reliable data upon which to determine the
3 payment rates.

4 (4) The department shall to the maximum extent practicable use
5 the same system for delivery of spoken-language interpreter services
6 for social services appointments as the one established for medical
7 appointments in the health care authority. When contracting directly
8 with an individual to deliver spoken language interpreter services,
9 the department shall only contract with language access providers who
10 are working at a location in the state and who are state-certified or
11 state-authorized, except that when such a provider is not available,
12 the department may use a language access provider who meets other
13 certifications or standards deemed to meet state standards, including
14 interpreters in other states.

15 (5) Information technology projects or investments and proposed
16 projects or investments impacting time capture, payroll and payment
17 processes and systems, eligibility, case management, and
18 authorization systems within the department of social and health
19 services are subject to technical oversight by the office of the
20 chief information officer.

21 (6)(a) The department shall facilitate enrollment under the
22 medicaid expansion for clients applying for or receiving state funded
23 services from the department and its contractors. Prior to open
24 enrollment, the department shall coordinate with the health care
25 authority to provide referrals to the Washington health benefit
26 exchange for clients that will be ineligible for medicaid.

27 (b) To facilitate a single point of entry across public and
28 medical assistance programs, and to maximize the use of federal
29 funding, the health care authority, the department of social and
30 health services, and the health benefit exchange will coordinate
31 efforts to expand HealthPlanfinder access to public assistance and
32 medical eligibility staff. The department shall complete medicaid
33 applications in the HealthPlanfinder for households receiving or
34 applying for public assistance benefits.

35 (7) In accordance with RCW 71.24.380, the health care authority
36 and the department are authorized to purchase medical and behavioral
37 health services through integrated contracts upon request of all of
38 the county authorities in a regional service area to become an early
39 adopter of fully integrated purchasing of medical and behavioral
40 health services. The department may combine and transfer such amounts

1 appropriated under sections 204, 208, and 213 of this act as may be
2 necessary to fund early adopter contracts. The amount of medicaid
3 funding transferred from each program may not exceed the average per
4 capita cost assumed in this act for individuals covered by that
5 program, actuarially adjusted for the health condition of persons
6 enrolled, times the number of clients enrolled. The amount of non-
7 medicaid funding transferred from sections 204 and 208 may not exceed
8 the amount that would have been contracted with a behavioral health
9 organization if the county authorities had not requested to become an
10 early adopter of fully integrated purchasing. These limits do not
11 apply to the amounts provided in section 204(1)(s) of this act. If
12 any funding that this act provides solely for a specific purpose is
13 transferred under this subsection, that funding must be used
14 consistently with the provisions and conditions for which it was
15 provided.

16 (8) In accordance with RCW 71.24.380, the department is
17 authorized to purchase mental health and substance use disorder
18 services through integrated contracts with behavioral health
19 organizations. The department may combine and transfer such amounts
20 appropriated under sections 204 and 208 of this act as may be
21 necessary to finance these behavioral health organization contracts.
22 If any funding that this act provides solely for a specific purpose
23 is transferred under this subsection, that funding must be used
24 consistently with the provisions and conditions for which it was
25 provided.

26 (9)(a) The appropriations to the department of social and health
27 services in this act must be expended for the programs and in the
28 amounts specified in this act. However, after May 1, 2018, unless
29 prohibited by this act, the department may transfer general fund—
30 state appropriations for fiscal year 2018 among programs after
31 approval by the director of the office of financial management.
32 However, the department may not transfer state moneys that are
33 provided solely for a specified purpose except as expressly provided
34 in (b) of this subsection.

35 (b) To the extent that transfers under (a) of this subsection are
36 insufficient to fund actual expenditures in excess of fiscal year
37 2018 caseload forecasts and utilization assumptions in the long-term
38 care, foster care, adoptions support, medical personal care, and
39 child support programs, the department may transfer state moneys that
40 are provided solely for a specified purpose. The department may not

1 transfer funds, and the director of the office of financial
2 management may not approve the transfer, unless the transfer is
3 consistent with the objective of conserving, to the maximum extent
4 possible, the expenditure of state funds. The director of the office
5 of financial management shall notify the appropriate fiscal
6 committees of the senate and house of representatives in writing
7 seven days prior to approving any allotment modifications or
8 transfers under this subsection. The written notification shall
9 include a narrative explanation and justification of the changes,
10 along with expenditures and allotments by budget unit and
11 appropriation, both before and after any allotment modifications or
12 transfers.

8 stop-loss policy when allocating funding under (b) of this subsection
9 in the 2017-2019 fiscal biennium. Under the stop-loss policy, funding
10 formula changes may not result in a funding loss for any juvenile
11 court of more than two percent from one year to the next. The
12 committee in (d) of this subsection must establish a minimum base
13 level of funding for juvenile courts with lower numbers of at-risk
14 youth age 10 - 17. The administration must report to the legislature
15 by December 1, 2018, about how funding is used for referred youth and
16 the impact of that use on overall use of funding. If the bill is not
17 enacted by July 31, 2017, this subsection is null and void.

18 (d) The juvenile rehabilitation administration and the juvenile
19 courts shall establish a block grant funding formula oversight
20 committee with equal representation from the juvenile rehabilitation
21 administration and the juvenile courts. The purpose of this committee
22 is to assess the ongoing implementation of the block grant funding
23 formula, utilizing data-driven decision making and the most current
24 available information. The committee will be co-chaired by the
25 juvenile rehabilitation administration and the juvenile courts, who
26 will also have the ability to change members of the committee as
27 needed to achieve its purpose. The committee may make changes to the
28 formula categories in (b) of this subsection if it determines the
29 changes will increase statewide service delivery or effectiveness of
30 evidence-based program or disposition alternative resulting in
31 increased cost/benefit savings to the state, including long-term
32 cost/benefit savings. The committee must also consider these outcomes
33 in determining when evidence-based expansion or special sex offender
34 disposition alternative funds should be included in the block grant
35 or left separate.

36 (e) The juvenile courts and administrative office of the courts
37 must collect and distribute information and provide access to the
38 data systems to the juvenile rehabilitation administration and the
39 Washington state institute for public policy related to program and
40 outcome data. The juvenile rehabilitation administration and the

1 juvenile courts must work collaboratively to develop program outcomes
2 that reinforce the greatest cost/benefit to the state in the
3 implementation of evidence-based practices and disposition
4 alternatives.

5 (5) \$98,000 of the general fund—state appropriation for fiscal
6 year 2018 and \$98,000 of the general fund—state appropriation for
7 fiscal year 2019 are provided solely to the juvenile block grant
8 funding formula oversight committee described in subsection (4)(d) of
9 this section to contract with research entities to: (a) Assist
10 juvenile justice programs identified as promising practices or
11 research-based in undergoing the research necessary to demonstrate
12 that the program is evidence-based; and (b) establish an annual,
13 county-level evaluation of existing evidence-based juvenile justice
14 programs.

15 (6) \$557,000 of the general fund—state appropriation for fiscal
16 year 2018 and \$557,000 of the general fund—state appropriation for
17 fiscal year 2019 are provided solely for funding of the teamchild
18 project.

19 (7) \$283,000 of the general fund—state appropriation for fiscal
20 year 2018 and \$283,000 of the general fund—state appropriation for
21 fiscal year 2019 are provided solely for the juvenile detention
22 alternatives initiative.

23 (8) \$500,000 of the general fund—state appropriation for fiscal
24 year 2018 and \$500,000 of the general fund—state appropriation for
25 fiscal year 2019 are provided solely for a grant program focused on
26 criminal street gang prevention and intervention. The juvenile
27 rehabilitation administration may award grants under this subsection.
28 The juvenile rehabilitation administration shall give priority to
29 applicants who have demonstrated the greatest problems with criminal
30 street gangs. Applicants composed of, at a minimum, one or more local
31 governmental entities and one or more nonprofit, nongovernmental
32 organizations that have a documented history of creating and
33 administering effective criminal street gang prevention and
34 intervention programs may apply for funding under this subsection.
35 Each entity receiving funds must report to the juvenile
36 rehabilitation administration on the number and types of youth
37 served, the services provided, and the impact of those services on
38 the youth and the community.

1 (9) The juvenile rehabilitation institutions may use funding
2 appropriated in this subsection to purchase goods and supplies
3 through hospital group purchasing organizations when it is cost-
4 effective to do so.

5 (10) \$75,000 of the general fund—state appropriation for fiscal
6 year 2018 is provided solely for the department to coordinate the
7 examination of data associated with juvenile gang and firearm
8 offenses. The review of data must include information from the
9 administrative office of the courts, the office of the superintendent
10 of public instruction, the office of financial management—education
11 research data center, the Washington association of sheriffs and
12 police chiefs, the caseload forecast council, and the department of
13 corrections. For the purpose of carrying out the data review, named
14 organizations are authorized to share data to include details of
15 criminal arrest and conviction data. The department shall report to
16 the governor and the appropriate legislative committees by February
17 1, 2018, with any recommendations for public policy that increases
18 public safety.

19 (11) \$75,000 of the general fund—state appropriation for fiscal
20 year 2019 is provided solely for the implementation of Engrossed
21 Second Substitute Senate Bill No. 6160 (exclusive adult
22 jurisdiction). If the bill is not enacted by June 30, 2018, the
23 amount provided in this subsection shall lapse.

24 **Sec. 204.** 2017 3rd sp.s. c 1 s 204 (uncodified) is amended to
25 read as follows:

5		<u>\$881,856,000</u>

6 The appropriations in this subsection are subject to the
7 following conditions and limitations:

8 (a) For the purposes of this subsection, amounts provided for
9 behavioral health organizations shall also be available for the
10 health care authority to contract with entities that assume the
11 responsibilities of behavioral health organizations in regions in
12 which the health care authority is purchasing medical and behavioral
13 health services through fully integrated contracts pursuant to RCW
14 71.24.380.

15 (b) \$6,590,000 of the general fund—state appropriation for fiscal
16 year 2018(~~(, \$6,590,000 of the general fund—state appropriation for~~
17 ~~fiscal year 2019,)) and ((~~\$7,620,000~~)) \$3,810,000 of the general fund
18 —federal appropriation are provided solely for the department and
19 behavioral health organizations to continue to contract for
20 implementation of high-intensity programs for assertive community
21 treatment (PACT) teams. In determining the proportion of medicaid and
22 nonmedicaid funding provided to behavioral health organizations with
23 PACT teams, the department shall consider the differences between
24 behavioral health organizations in the percentages of services and
25 other costs associated with the teams that are not reimbursable under
26 medicaid. The department may allow behavioral health organizations
27 which have nonmedicaid reimbursable costs that are higher than the
28 nonmedicaid allocation they receive under this section to supplement
29 these funds with local dollars or funds received under ~~((g))~~ (f) of
30 this subsection. The department and behavioral health organizations
31 shall maintain consistency with all essential elements of the PACT
32 evidence-based practice model in programs funded under this section.~~

33 (c) From the general fund—state appropriations in this
34 subsection, the department shall assure that behavioral health
35 organizations reimburse the department of social and health services
36 aging and long term support administration for the general fund—state
37 cost of medicaid personal care services that enrolled behavioral
38 health organization consumers use because of their psychiatric
39 disability.

1 (d) (~~(\$3,520,000)~~) \$1,760,000 of the general fund—federal
2 appropriation is provided solely for the department to maintain a
3 pilot project to put peer bridging staff into each behavioral health
4 organization as part of the state psychiatric liaison teams to
5 promote continuity of service as individuals return to their
6 communities. The department must collect data and submit a report to
7 the office of financial management and the appropriate committees of
8 the legislature on the impact of peer staff on state hospital
9 discharges and community placements by December 1, 2017.

10 (e) (~~(\$6,858,000 of the general fund—state appropriation for~~

12 ~~appropriation are provided solely for new crisis triage or~~
13 ~~stabilization centers. The department must seek proposals from~~
14 ~~behavioral health organizations for the use of these funds based on~~
15 ~~regional priorities. Services in these facilities may include crisis~~
16 ~~stabilization and intervention, individual counseling, peer support,~~
17 ~~medication management, education, and referral assistance. The~~
18 ~~department shall monitor each center's effectiveness at lowering the~~
19 ~~rate of state psychiatric hospital admissions.~~

20 (~~f~~)) \$15,862,000 of the general fund—state appropriation for
21 fiscal year 2018 is provided solely to assist behavioral health
22 organizations with the costs of providing services to medicaid
23 clients receiving services in psychiatric facilities classified as
24 institutions of mental diseases. The department must distribute these
25 amounts proportionate to the number of bed days for medicaid clients
26 in institutions for mental diseases that were excluded from
27 behavioral health organization fiscal year 2018 capitation rates
28 because they exceeded the amounts allowed under federal regulations.
29 The department must also use these amounts to directly pay for costs
30 that are ineligible for medicaid reimbursement in institutions of
31 mental disease facilities for American Indian and Alaska Natives who
32 opt to receive behavioral health services on a fee for service basis.
33 The amounts used for these individuals must be reduced from the
34 allocation of the behavioral health organization where the individual
35 resides. If a behavioral health organization receives more funding
36 through this subsection than is needed to pay for the cost of their
37 medicaid clients in institutions for mental diseases, they must use
38 the remainder of the amounts to provide other services not covered
39 under the medicaid program. The department must apply for a waiver

1 from the center for medicaid and medicare services to allow for the
2 full cost of stays in institutions of mental diseases to be included
3 in fiscal year 2019 behavioral health organization capitation rates.
4 The department must submit a report on the status of the waiver to
5 the office of financial management and the appropriate committees of
6 the legislature by December 1, 2017.

7 ~~((g))~~ (f) \$81,930,000 of the general fund—state appropriation
8 for fiscal year 2018 ~~((and \$81,930,000 of the general fund—state
9 appropriation for fiscal year 2019 are))~~ is provided solely for
10 persons and services not covered by the medicaid program. To the
11 extent possible, levels of behavioral health organization spending
12 shall be maintained in the following priority order: Crisis and
13 commitment services; community inpatient services; and residential
14 care services, including personal care and emergency housing
15 assistance. These amounts must be distributed to behavioral health
16 organizations proportionate to the fiscal year 2017 allocation of
17 flexible nonmedicaid funds. The department must include the following
18 language in medicaid contracts with behavioral health organizations
19 unless they are provided formal notification from the center for
20 medicaid and medicare services that the language will result in the
21 loss of federal medicaid participation: "The contractor may
22 voluntarily provide services that are in addition to those covered
23 under the state plan, although the cost of these services cannot be
24 included when determining payment rates unless including these costs
25 are specifically allowed under federal law or an approved waiver."

26 ~~((h))~~ (g) The department is authorized to continue to contract
27 directly, rather than through contracts with behavioral health
28 organizations for children's long-term inpatient facility services.

29 ~~((i))~~ (h) \$1,125,000 of the general fund—state appropriation
30 for fiscal year 2018 ~~((and \$1,125,000 of the general fund—state
31 appropriation for fiscal year 2019 are))~~ is provided solely for the
32 Spokane county behavioral health organization to implement services
33 to reduce utilization and the census at eastern state hospital. Such
34 services shall include:

35 (A) High intensity treatment team for persons who are high
36 utilizers of psychiatric inpatient services, including those with co-
37 occurring disorders and other special needs;

1 (B) Crisis outreach and diversion services to stabilize in the
2 community individuals in crisis who are at risk of requiring
3 inpatient care or jail services;

4 (C) Mental health services provided in nursing facilities to
5 individuals with dementia, and consultation to facility staff
6 treating those individuals; and

7 (D) Services at the sixteen-bed evaluation and treatment
8 facility.

9 At least annually, the Spokane county behavioral health
10 organization shall assess the effectiveness of these services in
11 reducing utilization at eastern state hospital, identify services
12 that are not optimally effective, and modify those services to
13 improve their effectiveness.

14 ~~((+j))~~ (i) \$1,204,000 of the general fund—state appropriation
15 for fiscal year 2018 ~~((and \$1,204,000 of the general fund—state~~
16 ~~appropriation for fiscal year 2019 are))~~ is provided solely to
17 reimburse Pierce and Spokane counties for the cost of conducting 180-
18 day commitment hearings at the state psychiatric hospitals.

19 ~~((+k))~~ (j) Behavioral health organizations may use local funds
20 to earn additional federal medicaid match, provided the locally
21 matched rate does not exceed the upper-bound of their federally
22 allowable rate range, and provided that the enhanced funding is used
23 only to provide medicaid state plan or waiver services to medicaid
24 clients. Additionally, behavioral health organizations may use a
25 portion of the state funds allocated in accordance with (g) of this
26 subsection to earn additional medicaid match, but only to the extent
27 that the application of such funds to medicaid services does not
28 diminish the level of crisis and commitment, community inpatient,
29 residential care, and outpatient services presently available to
30 persons not eligible for medicaid.

31 ~~((+l))~~ (k) \$2,291,000 of the general fund—state appropriation
32 for fiscal year 2018 ~~((and \$2,291,000 of the general fund—state~~
33 ~~appropriation for fiscal year 2019 are))~~ is provided solely for
34 mental health services for mentally ill offenders while confined in a
35 county or city jail and for facilitating access to programs that
36 offer mental health services upon release from confinement. The
37 department must collect information from the behavioral health
38 organizations on their plan for using these funds, the numbers of
39 individuals served, and the types of services provided and submit a

1 report to the office of financial management and the appropriate
2 fiscal committees of the legislature by December 1st of each year of
3 the biennium.

4 ~~((+m))~~ (l) Within the amounts appropriated in this section,
5 funding is provided for the department to develop and phase in
6 intensive mental health services for high needs youth consistent with
7 the settlement agreement in *T.R. v. Dreyfus and Porter*.

8 ~~((+n))~~ (m) The department must establish minimum and maximum
9 funding levels for all reserves allowed under behavioral health
10 organization contracts and insert contract language that clearly
11 states the requirements and limitations. The department must monitor
12 and ensure that behavioral health organization reserves do not exceed
13 maximum levels. The department must monitor behavioral health
14 organization revenue and expenditure reports and must require a
15 behavioral health organization to submit a corrective action plan on
16 how it will spend its excess reserves within a reasonable period of
17 time, when its reported reserves exceed maximum levels established
18 under the contract. The department must review and approve such plans
19 and monitor to ensure compliance. If the department determines that a
20 behavioral health organization has failed to provide an adequate
21 excess reserve corrective action plan or is not complying with an
22 approved plan, the department must reduce payments to the behavioral
23 health organization in accordance with remedial actions provisions
24 included in the contract. These reductions in payments must continue
25 until the department determines that the behavioral health
26 organization has come into substantial compliance with an approved
27 excess reserve corrective action plan.

28 ~~((+o))~~ (n) \$2,309,000 of the general fund—state appropriation
29 for fiscal year 2018(~~(, \$3,079,000 of the general fund—state~~

31 of the general fund—federal appropriation are provided solely for the
32 department to increase rates for community hospitals that provide a
33 minimum of 200 medicaid psychiatric inpatient days. The department
34 must increase both medicaid and nonmedicaid psychiatric per-diem
35 reimbursement rates for these providers within these amounts. The
36 amounts in this subsection include funding for additional hold
37 harmless payments resulting from the rate increase. The department
38 shall prioritize increases for hospitals not currently paid based on
39 provider specific costs using a similar methodology used to set rate~~

1 for existing inpatient facilities and the latest available cost
2 report information. Rate increases for providers must be set so as
3 not to exceed the amounts provided within this subsection. The rate
4 increase related to nonmedicaid clients must be done to maintain the
5 provider at the same percentage as currently required under WAC
6 182-550-4800.

7 ~~((p))~~ (o) \$100,000 of the general fund—state appropriation for
8 fiscal year 2018 ~~((and \$100,000 of the general fund state
9 appropriation for fiscal year 2019 are))~~ is provided solely for the
10 department to collaborate with tribal governments and develop a plan
11 for establishing an evaluation and treatment facility that will
12 specialize in providing care specifically to the American Indian and
13 Alaska Native population. The plan must include options for
14 maximizing federal participation ~~((and ensuring))~~, ensure that
15 utilization will be based on medical necessity, and identify a
16 specific geographic location where a tribal evaluation and treatment
17 facility will be built.

18 ~~((q))~~ (p) \$1,466,000 of the general fund—state appropriation

22 department to contract with community hospitals or freestanding
23 evaluation and treatment centers to provide up to forty-eight long-
24 term inpatient care beds as defined in RCW 71.24.025. The department
25 must seek proposals and contract directly for these services rather
26 than contracting through behavioral health organizations. The
27 department must coordinate with the department of social and health
28 services in developing the contract requirements, selecting
29 contractors, and establishing processes for identifying patients that
30 will be admitted to these facilities. The department must not use any
31 of the amounts provided under this subsection for contracts with
32 facilities that are subject to federal funding restrictions that
33 apply to institutions of mental diseases, unless they have received a
34 waiver that allows for full federal participation in these
35 facilities.

36 ~~((r) \$1,133,000 of the general fund state appropriation for

1 from psychiatric inpatient settings. The department must seek
2 proposals from behavioral health organizations for the use of these
3 amounts and coordinate with the department of social and health
4 services in awarding these funds. The department must not allow for
5 any of the amounts provided under this subsection to be used for
6 services in facilities that are subject to federal funding
7 restrictions that apply to institutions of mental diseases, unless
8 they have received a waiver that allows for full federal
9 participation in these facilities.

13 of the general fund—federal appropriation are provided solely for the
14 department to increase medicaid capitation payments for behavioral
15 health organizations. The department must work with the actuaries
16 responsible for certifying behavioral health capitation rates to
17 adjust average salary assumptions in order to implement this
18 increase. In developing further updates for medicaid managed care
19 rates for behavioral health services, the department must include and
20 make available all applicable documents and analysis to legislative
21 staff from the fiscal committees throughout the process. The
22 department must require the actuaries to develop and submit rate
23 ranges for each behavioral health organization prior to certification
24 of specific rates.

25 ~~((t))~~ (r) The number of beds allocated for use by behavioral
26 health organizations at eastern state hospital shall be 192 per day.
27 The number of nonforensic beds allocated for use by behavioral health
28 organizations at western state hospital shall be 557 per day. In
29 fiscal year 2019, the department must reduce the number of beds
30 allocated for use by behavioral health organizations at western state
31 hospital by 30 beds to allow for the repurposing of a civil ward at
32 western state hospital to provide forensic services. The contracted
33 beds provided under ~~((q))~~ (p) of this subsection shall be allocated
34 to the behavioral health organizations in lieu of beds at the state
35 hospitals and be incorporated in their allocation of state hospital
36 patient days of care for the purposes of calculating reimbursements
37 pursuant to RCW 71.24.310. It is the intent of the legislature to
38 continue the policy of expanding community based alternatives for

1 long term civil commitment services that allow for state hospital
2 beds to be prioritized for forensic patients.

8 department must contract these funds for the operation of community
9 programs in which the department determines there is a need for
10 capacity that allows individuals to be diverted or transitioned from
11 the state hospitals including but not limited to: (i) Community
12 hospital or free standing evaluation and treatment services providing
13 short-term detention and commitment services under the involuntary
14 treatment act to be located in the geographic areas of the King
15 behavioral health organization, the Spokane behavioral health
16 organization outside of Spokane county, and the Thurston Mason
17 behavioral health organization; (ii) one new full program of an
18 assertive community treatment team in the King behavioral health

20 treatment teams in the Spokane behavioral health organization and the
21 Pierce behavioral health organization; and (iii) three new recovery
22 support services programs in the Great Rivers behavioral health
23 organization, the greater Columbia behavioral health organization,
24 and the north sound behavioral health organization. In contracting
25 for community evaluation and treatment services, the department may

7 one pilot project in Pierce county and one in Yakima county to
8 promote increased utilization of assisted outpatient treatment
9 programs. The department shall require two behavioral health
10 organizations to contract with local government to establish the
11 necessary infrastructure for the programs. The department, in
12 collaboration with the health care authority, shall provide a report
13 by October 15, 2018, to the office of financial management and the
14 appropriate fiscal and policy committees of the legislature to
15 include the number of individuals served, outcomes to include reduced
16 use of inpatient treatment and state hospital stays, and
17 recommendations for further implementation based on lessons learned
18 and best practices identified by the pilot projects.

4 in the development of an individualized service plan that allows the
5 child to remain in his or her family home. The department must
6 provide the legislature with a respite utilization report in January
7 of each year that provides information about the number of children
8 who have used enhanced respite in the preceding year, as well as the
9 location and number of days per month that each respite bed was
10 occupied.

11 (h) \$900,000 of the general fund—state appropriation for fiscal
12 year 2018 and \$900,000 of the general fund—state appropriation for
13 fiscal year 2019 are provided solely for the development and
14 implementation of eight community respite beds across the state for
15 adults. These services are intended to provide families and
16 caregivers with a break in caregiving and the opportunity for
17 stabilization of the individual in a community-based setting as an
18 alternative to using a residential habilitation center to provide
19 planned or emergent respite. The department must provide the
20 legislature with a respite utilization report by January of each year
21 that provides information about the number of individuals who have
22 used community respite in the preceding year, as well as the location

6 to leaving one of the state psychiatric hospitals. The individualized
7 assessment must identify and authorize personal care, nursing care,
8 behavioral health stabilization, physical therapy, or other necessary
9 services to meet the unique needs of each client. It is the
10 expectation that, in most cases, staffing ratios in all community
11 alternative placement options described in (j)(i) of this subsection
12 will need to increase to meet the needs of clients leaving the state
13 psychiatric hospitals. If specialized training is necessary to meet
14 the needs of a client before he or she enters a community placement,
15 then the person centered service plan must also identify and
16 authorize this training.

17 (iii) When reviewing placement options, the department must
18 consider the safety of other residents, as well as the safety of
19 staff, in a facility. An initial evaluation of each placement,
20 including any documented safety concerns, must occur within thirty
21 days of a client leaving one of the state psychiatric hospitals and
22 entering one of the community placement options described in (j)(i)
23 of this subsection. At a minimum, the department must perform two

27 committee on quality improvement in state hospitals, the department
28 must describe the process of fielding and subsequently investigating
29 complaints of abuse, neglect, and exploitation within the community
30 alternative placement options described in (j)(i) of this subsection.
31 At a minimum, the presentation must include data about the number of
32 complaints, and the nature of complaints, over the preceding five
33 fiscal years.

34 (v) During fiscal year 2019, in a presentation to the select
35 committee on quality improvement in state hospitals, the department

37 psychiatric hospitals into the community alternative placement
38 options described in (j)(i) of this subsection. At a minimum, for
39 each setting, the presentation must include data about the number of
40 placements, average daily rate, complaints fielded, and complaints

1 investigated. The presentation must also include information about
2 modifications, including the placement of clients into alternate
3 settings, that occurred due to the evaluations required under
4 (j)(iii) of this subsection.

5 In developing bed capacity, the department shall consider the
6 complex needs of individuals waiting for discharge from the state
7 psychiatric hospitals.

8 (k) \$738,000 of the general fund—state appropriation for fiscal
9 year 2018, \$1,963,000 of the general fund—state appropriation for

11 appropriation are provided solely for expanding the number of clients
12 receiving services under the basic plus medicaid waiver.

23 include funding to increase the benchmark rate by the following
24 amounts:

- 25 (i) \$1.25 per hour effective July 1, 2017, and;
- 26 (ii) An additional \$1.00 per hour effective July 1, 2018.

27 The amounts provided in this subsection must be used to improve
28 the recruitment and retention of quality direct care staff to better
29 protect the health and safety of clients with developmental
30 disabilities.

31 (m) Respite personal care provided by individual providers to
32 developmental disabilities administration clients, as authorized by
33 the department and accessed by clients through a medicaid waiver,

11 \$4,126,000 of the general fund—federal appropriation are provided
12 solely for a vendor rate increase of two percent in fiscal year 2018
13 and an additional two percent in fiscal year 2019 for all contracted
14 vendors with the exception of nursing home providers, the program of

14 (b) In developing payment metrics for medicaid-covered services,
15 staff and service requirements must be reviewed for assisted living,
16 adult residential care, and enhanced adult residential care as
17 described in chapters 74.39A and 18.20 RCW. At a minimum, the
18 proposed rate methodology must include a component that recognizes
19 staffing for intermittent nursing and personal care services. Service
20 area adjustments based on population density must be reviewed and
21 compared with other options to recognize high-cost areas. The most
22 recent and complete wage data available through the bureau of labor

28 physical plant requirements for assisted living as described in

33 and board requirements, and the appropriateness of the continued use
34 of the 2003 time study and whether it can be reasonably adjusted or

6 appropriation are provided solely for a targeted vendor rate increase
7 to contracted client service providers.

8 (a) Within the amounts provided in this subsection, \$2,763,000 of
9 the general fund—state appropriation for fiscal year 2018, \$5,741,000
10 of the general fund—state appropriation for fiscal year 2019, and
11 \$9,775,000 of the general fund—federal appropriation are provided
12 solely for a vendor rate increase of two percent in fiscal year 2018
13 and an additional two percent in fiscal year 2019 for all contracted
14 vendors with the exception of nursing home providers, the program of
15 all-inclusive care for the elderly, nurse delegators, community

23 facilities including adult residential care and enhanced adult
24 residential care, adult day health and adult day care providers, and
25 home care agency administration in the 2017-2019 fiscal biennium up
26 to the statewide minimum wage established in Initiative Measure No.
27 1433.

28 (17) \$4,815,000 of the general fund—state appropriation for
29 fiscal year 2018, \$8,527,000 of the general fund—state appropriation
30 for fiscal year 2019, and \$12,277,000 of the general fund—federal
31 appropriation are provided solely to create new community alternative

36 facility beds, adult family home beds, skilled nursing facility beds,
37 shared supportive housing beds, state operated living alternative
38 beds, and assisted living facility beds.

2 to leaving one of the state psychiatric hospitals. The individualized
3 assessment must identify and authorize personal care, nursing care,

5 services to meet the unique needs of each client. It is the
6 expectation that, in most cases, staffing ratios in all community

11 then the person centered service plan must also identify and
12 authorize this training.

13 (c) When reviewing placement options, the department must
14 consider the safety of other residents, as well as the safety of
15 staff, in a facility. An initial evaluation of each placement,
16 including any documented safety concerns, must occur within thirty
17 days of a client leaving one of the state psychiatric hospitals and
18 entering one of the community placement options described in (a) of
19 this subsection. At a minimum, the department must perform two
20 additional evaluations of each placement during the first year that a
21 client has lived in the facility.

22 (d) During fiscal year 2018, in a presentation to the select
23 committee on quality improvement in state hospitals, the department
24 must describe the process of fielding and subsequently investigating
25 complaints of abuse, neglect, and exploitation within the community

33 psychiatric hospitals into the community alternative placement
34 options described in (a) of this subsection. At a minimum, for each
35 setting, the presentation must include data about the number of
36 placements, average daily rate, complaints fielded, and complaints
37 investigated. The presentation must also include information about
38 modifications, including the placement of clients into alternate
39 settings, that occurred due to the evaluations required under (c) of
40 this subsection.

1 In developing bed capacity, the department shall consider the
2 complex needs of individuals waiting for discharge from the state
3 psychiatric hospitals.

5 year 2018, \$315,000 of the general fund—state appropriation for
6 fiscal year 2019, and \$630,000 of the general fund—federal
7 appropriation are provided solely for discharge case managers
8 stationed at the state psychiatric hospitals. Discharge case managers
9 will transition clients ready for hospital discharge into less
10 restrictive alternative community placements. The transition of

12 psychiatric hospitals.

13 (19) \$135,000 of the general fund—state appropriation for fiscal

34	TOTAL APPROPRIATION.	((\$182,277,000))
35		<u>\$181,247,000</u>

36 The appropriations in this section are subject to the following
37 conditions and limitations:

1 (1) \$39,000 of the general fund—state appropriation for fiscal
2 year 2018 and \$11,000 of the general fund—federal appropriation are
3 provided solely for the implementation of Engrossed Second Substitute
4 House Bill No. 1661 (child, youth, families department). If the bill
5 is not enacted by July 31, 2017, the amounts provided in this
6 subsection shall lapse.

7 (2) \$12,000 of the general fund—state appropriation for fiscal
8 year 2018, \$12,000 of the general fund—state appropriation for fiscal
9 year 2019, and \$24,000 of the general fund—federal appropriation are

11 (2SHB 1402) (incapacitated persons/rights).

12 (3) Within the amounts appropriated in this section, the
13 department must extend master property insurance to all buildings
14 owned by the department valued over \$250,000 and to all locations
15 leased by the department with contents valued over \$250,000.

16 (4) \$157,000 of the general fund—state appropriation for fiscal
17 year 2018, \$159,000 of the general fund—state appropriation for
18 fiscal year 2019, and \$134,000 of the general fund—federal
19 appropriation are provided solely for legal support, including formal
20 proceedings and informal client advice, associated with adult
21 protective service investigations.

22 **Sec. 213.** 2017 3rd sp.s. c 1 s 213 (uncodified) is amended to
23 read as follows:

24 **FOR THE STATE HEALTH CARE AUTHORITY**

25 During the 2017-2019 fiscal biennium, the health care authority
26 shall provide support and data as required by the office of the state
27 actuary in providing the legislature with health care actuarial
28 analysis, including providing any information in the possession of
29 the health care authority or available to the health care authority
30 through contracts with providers, plans, insurers, consultants, or
31 any other entities contracting with the health care authority.

32 Information technology projects or investments and proposed
33 projects or investments impacting time capture, payroll and payment
34 processes and systems, eligibility, case management, and
35 authorization systems within the health care authority are subject to
36 technical oversight by the office of the chief information officer.

37 The health care authority shall not initiate any services that
38 require expenditure of state general fund moneys unless expressly

1 authorized in this act or other law. The health care authority may
2 seek, receive, and spend, under RCW 43.79.260 through 43.79.282,
3 federal moneys not anticipated in this act as long as the federal
4 funding does not require expenditure of state moneys for the program
5 in excess of amounts anticipated in this act. If the health care
6 authority receives unanticipated unrestricted federal moneys, those
7 moneys shall be spent for services authorized in this act or in any
8 other legislation providing appropriation authority, and an equal
9 amount of appropriated state general fund moneys shall lapse. Upon
10 the lapsing of any moneys under this subsection, the office of
11 financial management shall notify the legislative fiscal committees.
12 As used in this subsection, "unrestricted federal moneys" includes
13 block grants and other funds that federal law does not require to be
14 spent on specifically defined projects or matched on a formula basis
15 by state funds.

16 The appropriations to the health care authority in this act shall
17 be expended for the programs and in the amounts specified in this
18 act. To the extent that appropriations in this section are
19 insufficient to fund actual expenditures in excess of caseload
20 forecasts and utilization assumptions, the authority, after May 1,
21 2018, may transfer general fund—state appropriations for fiscal year
22 2018 that are provided solely for a specified purpose. The authority
23 may not transfer funds, and the director of the office of financial
24 management shall not approve the transfer, unless the transfer is
25 consistent with the objective of conserving, to the maximum extent
26 possible, the expenditure of state funds. The director of the office
27 of financial management shall notify the appropriate fiscal
28 committees of the senate and house of representatives in writing
29 seven days prior to approving any allotment modifications or
30 transfers under this subsection. The written notification must
31 include a narrative explanation and justification of changes, along
32 with expenditures and allotments by budget unit and appropriation,
33 both before and after any allotment modifications and transfers.

23 The appropriations in this section are subject to the following
24 conditions and limitations:

25 (a) \$256,645,000 of the general fund—state appropriation for
26 fiscal year 2018 and \$264,704,000 of the general fund—state
27 appropriation for fiscal year 2019 are provided solely for the
28 authority to implement a single, standard medicaid preferred drug
29 list to be used by all contracted medicaid managed health care
30 systems, on or before January 1, 2018. The preferred drug list shall
31 be developed in consultation with all contracted managed health care
32 systems and the state pharmacy and therapeutics committee or drug
33 utilization review board and shall further the goals and objectives
34 of the medicaid program. The list shall be designed to maximize
35 federal rebates and supplemental rebates and ensure access to
36 clinically effective and appropriate drug therapies under each class.
37 Entities eligible for 340B drug pricing shall continue to operate
38 under their current pricing agreement, unless otherwise required by
39 federal laws or regulations. The authority may utilize external

1 consultants with expertise in evidence-based drug class reviews,
2 pharmacy benefit management, and purchasing to assist with the
3 completion of this development and implementation. The authority
4 shall require each managed care organization that has contracted with
5 the authority to provide care to medicaid beneficiaries to use the
6 established preferred drug list; and shall prohibit each managed care
7 organization and any of its agents from negotiating or collecting
8 rebates for any medications listed in the state's medicaid single
9 preferred drug list whether preferred or nonpreferred. To assist in
10 the implementation of the single preferred drug list, contracted
11 medicaid managed health care systems shall provide the authority
12 drug-specific financial information in a format and frequency
13 determined by the authority to include the actual amounts paid to
14 pharmacies for prescription drugs dispensed to covered individuals
15 compared to the cost invoiced to the health plan and individual
16 rebates collected for prescription drugs dispensed to medicaid
17 members. During the 2017-2019 fiscal biennium, the administration of
18 the prescription drug benefit for medicaid managed health care
19 systems shall be carried out by a single pharmacy benefits manager
20 under the prescription drug purchasing consortium with full
21 transparency of all rebates, supplemental rebates, and associated
22 administrative costs. It is the intent of the legislature to continue
23 this policy in subsequent biennia. Information disclosed to the
24 authority by the manufacturer pursuant to this provision shall only
25 be used for the purposes of developing and implementing a single,
26 standard state preferred drug list in accordance with this provision.
27 The authority, medicaid managed care organizations, and all other
28 parties shall maintain the confidentiality of drug-specific financial
29 and other proprietary information and such information shall not be
30 subject to the Washington public records act. The authority shall
31 provide a report to the governor and appropriate committees of the
32 legislature by November 15, 2018, and by November 15, 2019, including
33 a comparison of the amount spent in the previous two fiscal years to
34 expenditures under the new system by, at a minimum, fund source,
35 total expenditure, drug class, and top twenty-five drugs. The data
36 provided to the authority shall be aggregated in any report by the
37 authority, the legislature, or the office of financial management so
38 as not to disclose the proprietary or confidential drug-specific
39 information, or the proprietary or confidential information that
40 directly or indirectly identifies financial information linked to a

1 single manufacturer. It is the intent of the legislature to revisit
2 this policy in subsequent biennia to determine whether it is in the
3 best interest of the state.

4 (b) (~~(\$118,813,000)~~) \$113,356,000 of the general fund—state
5 appropriation for fiscal year 2018 and (~~(\$120,265,000)~~) \$140,578,000
6 of the general fund—state appropriation for fiscal year 2019 are
7 provided solely for holding managed care capitation rates flat at
8 calendar year 2017 levels in state fiscal years and calendar years
9 2018 and 2019.

10 (c) \$122,244,000 of the general fund—state appropriation for
11 fiscal year 2018 and \$116,038,000 of the general fund—state
12 appropriation for fiscal year 2019 are provided solely for the
13 authority through the competitive procurement process, to contract
14 with licensed dental health plans or managed health care plans on a
15 prepaid or fixed-sum risk basis to provide carved-out managed dental
16 care services on a statewide basis that will result in greater
17 efficiency and will facilitate better access and oral health outcomes
18 for medicaid enrollees. Except in areas where only a single plan is
19 available, the authority must contract with at least two plans. The
20 authority shall include in the contracts: (i) Quarterly reporting
21 requirements to include medicaid utilization and encounter data by
22 current dental technology (CDT) code; (ii) a direction to increase
23 the dental provider network; (iii) a commitment to retain innovative
24 programs that improve access and care such as the access to baby and
25 child dentistry program; (iv) a program to reduce emergency room use
26 for dental purposes; (v) a requirement to ensure that dental care is
27 being coordinated with the primary care provider of the patient to
28 ensure integrated care; (vi) a provision that no less than eighty-
29 five percent of the contracting fee be used to directly offset the
30 cost of providing direct patient care as opposed to administrative
31 costs; and (vii) a provision to ensure the contracting fee shall be
32 sufficient to compensate county health departments and federally
33 qualified health centers for dental patient care. The plan(s) awarded
34 this contract must absorb all start-up costs associated with moving
35 the program from fee-for-service to managed care and shall commit to
36 achieving an overall savings to the program based on 2016 fee-for-
37 service experience. In order to comply with state insurance
38 underwriting standards, the authority shall ensure that savings
39 offered by dental plans are actuarially sound. Starting January 31,

1 2019, and every year thereafter through December 2024, the authority
2 shall submit an annual report to the governor and the appropriate
3 committees of the legislature detailing how the contracted entities
4 have met the requirements of the contract. The report shall include
5 specific information to include utilization, how the contracted
6 entities have increased their dental provider networks, how the
7 emergency room use for dental purposes has been reduced, and how
8 dental care has been integrated with patients' primary care
9 providers. If after the end of five years the data reported does not
10 demonstrate sufficient progress to address the stated contracted
11 goals, the legislature will reevaluate whether carved-out dental
12 managed care needs to be replaced with a different delivery model.
13 The authority is authorized to seek any necessary state plan
14 amendments or federal waivers to implement this subsection.
15 Additional dental program savings achieved by the plans beyond those
16 assumed in the 2017-2019 omnibus appropriations act will be used to
17 increase dental provider reimbursement rates. By October 30, 2018,
18 the authority shall report to the governor and the appropriate
19 committees of the legislature anticipated savings related to
20 reduction in dental emergency department visits and utilization once
21 managed care dental coverage begins.

22 (d) (~~(\$1,540,849,000))~~ \$1,481,719,000 of the general fund—state
23 appropriation for fiscal year 2018 and (~~(\$1,585,513,000))~~
24 \$1,540,891,000 of the general fund—state appropriation for fiscal
25 year 2019 are provided solely for medicaid services and the medicaid
26 program. However, the authority shall not accept or expend any
27 federal funds received under a medicaid transformation waiver under
28 healthier Washington except as described in (e) and (f) of this
29 subsection until specifically approved and appropriated by the
30 legislature. To ensure compliance with legislative directive budget
31 requirements and terms and conditions of the waiver, the authority
32 shall implement the waiver and reporting requirements with oversight
33 from the office of financial management. The legislature finds that
34 appropriate management of the innovation waiver requires better
35 analytic capability, transparency, consistency, timeliness, accuracy,
36 and lack of redundancy with other established measures and that the
37 patient must be considered first and foremost in the implementation
38 and execution of the demonstration waiver. In order to effectuate
39 these goals, the authority shall: (i) Require the Dr. Robert Bree
40 collaborative and the health technology assessment program to reduce

1 the administrative burden upon providers by only requiring
2 performance measures that are nonduplicative of other nationally
3 established measures. The joint select committee on health care
4 oversight will evaluate the measures chosen by the collaborative and
5 the health technology assessment program for effectiveness and
6 appropriateness; (ii) develop a patient satisfaction survey with the
7 goal to gather information about whether it was beneficial for the
8 patient to use the center of excellence location in exchange for
9 additional out-of-pocket savings; (iii) ensure patients and health
10 care providers have significant input into the implementation of the
11 demonstration waiver, in order to ensure improved patient health
12 outcomes; and (iv) in cooperation with the department of social and
13 health services, consult with and provide notification of work on
14 applications for federal waivers, including details on waiver
15 duration, financial implications, and potential future impacts on the
16 state budget, to the joint select committee on health care oversight
17 prior to submitting waivers for federal approval. By federal
18 standard, the medicaid transformation demonstration waiver shall not
19 exceed the duration originally granted by the centers for medicare
20 and medicaid services and any programs created or funded by this
21 waiver do not create an entitlement.

22 (e) No more than (~~(\$479,600,000)~~) \$486,683,000 of the general
23 fund—federal appropriation and no more than (~~(\$154,289,000)~~)
24 \$129,103,000 of the general fund—local appropriation may be expended
25 for transformation through accountable communities of health
26 described in initiative 1 of the medicaid transformation
27 demonstration wavier under healthier Washington, including preventing
28 youth drug use, opioid prevention and treatment, and physical and
29 behavioral health integration. Under this initiative, the authority
30 shall take into account local input regarding community needs. In
31 order to ensure transparency to the appropriate fiscal committees of
32 the legislature, the authority shall provide fiscal staff of the
33 legislature query ability into any database of the fiscal
34 intermediary that authority staff would be authorized to access. The
35 authority shall not increase general fund—state expenditures under
36 this initiative. The director shall report to the joint select
37 committee on health care oversight no less than quarterly, and
38 include details for each accountable community of health, on the
39 financial status and measurable health outcomes. The director shall

1 also report to the fiscal committees of the legislature all of the
2 expenditures under this subsection and shall provide such fiscal data
3 in the time, manner, and form requested by the legislative fiscal
4 committees. By December 15, 2019, the authority in collaboration with
5 each accountable community of health shall demonstrate how it will be
6 self-sustaining by the end of the demonstration waiver period,
7 including sources of outside funding, and provide this reporting to
8 the joint select committee on health care oversight. If by the third
9 year of the demonstration waiver there are not measurable, improved
10 patient outcomes and financial returns, the Washington state
11 institute for public policy will conduct an audit of the accountable
12 communities of health, in addition to the process set in place
13 through the independent evaluation required by the agreement with
14 centers for medicare and medicaid services. Prior to the 2018
15 legislative session, the human services, health care, and judiciary
16 committees of the legislature will convene a joint work session to
17 review models in the delivery system and the impacts on medical
18 liability. The work sessions should include integrated delivery
19 models with multiple health care providers and medical malpractice
20 insurance carriers.

21 (f) No more than (~~(\$42,584,000)~~) \$38,425,000 of the general fund—
22 federal appropriation may be expended for supported housing and
23 employment services described in initiative 3a and 3b of the medicaid
24 transformation demonstration waiver under healthier Washington. Under
25 this initiative, the authority and the department of social and
26 health services shall ensure that allowable and necessary services
27 are provided to eligible clients as identified by the department or
28 its third party administrator. The authority and the department in
29 consultation with the medicaid forecast work group, shall ensure that
30 reasonable reimbursements are established for services deemed
31 necessary within an identified limit per individual. The authority
32 shall not increase general fund—state expenditures under this
33 initiative. The director shall report to the joint select committee
34 on health care oversight no less than quarterly on financial and
35 health outcomes. The director shall also report to the fiscal
36 committees of the legislature all of the expenditures of this
37 subsection and shall provide such fiscal data in the time, manner,
38 and form requested by the legislative fiscal committees.

39 (g) No later than November 1, 2018, and each year thereafter, the
40 authority shall report to the governor and appropriate committees of

1 the legislature: (i) Savings attributed to behavioral and physical
2 integration in areas that are scheduled to integrate in the following
3 calendar year, and (ii) savings attributed to behavioral and physical
4 health integration and the level of savings achieved in areas that
5 have integrated behavioral and physical health.

6 ~~((g))~~ (h) Sufficient amounts are appropriated in this
7 subsection to implement the medicaid expansion as defined in the
8 social security act, section 1902(a)(10)(A)(i)(VIII).

9 ~~((h))~~ (i) The legislature finds that medicaid payment rates, as
10 calculated by the health care authority pursuant to the
11 appropriations in this act, bear a reasonable relationship to the
12 costs incurred by efficiently and economically operated facilities
13 for providing quality services and will be sufficient to enlist
14 enough providers so that care and services are available to the
15 extent that such care and services are available to the general
16 population in the geographic area. The legislature finds that the
17 cost reports, payment data from the federal government, historical
18 utilization, economic data, and clinical input constitute reliable
19 data upon which to determine the payment rates.

20 ~~((i))~~ (j) Based on quarterly expenditure reports and caseload
21 forecasts, if the health care authority estimates that expenditures
22 for the medical assistance program will exceed the appropriations,
23 the health care authority shall take steps including but not limited
24 to reduction of rates or elimination of optional services to reduce
25 expenditures so that total program costs do not exceed the annual
26 appropriation authority.

27 ~~((j))~~ (k) In determining financial eligibility for medicaid-
28 funded services, the health care authority is authorized to disregard
29 recoveries by Holocaust survivors of insurance proceeds or other
30 assets, as defined in RCW 48.104.030.

31 ~~((k))~~ (l) The legislature affirms that it is in the state's
32 interest for Harborview medical center to remain an economically
33 viable component of the state's health care system.

34 ~~((l))~~ (m) When a person is ineligible for medicaid solely by
35 reason of residence in an institution for mental diseases, the health
36 care authority shall provide the person with the same benefits as he
37 or she would receive if eligible for medicaid, using state-only funds
38 to the extent necessary.

39 ~~((m))~~ (n) \$4,261,000 of the general fund—state appropriation
40 for fiscal year 2018, \$4,261,000 of the general fund—state

1 appropriation for fiscal year 2019, and \$8,522,000 of the general
2 fund—federal appropriation are provided solely for low-income
3 disproportionate share hospital payments.

4 ~~((n))~~ (o) Within the amounts appropriated in this section, the
5 health care authority shall provide disproportionate share hospital
6 payments to hospitals that provide services to children in the
7 children's health program who are not eligible for services under
8 Title XIX or XXI of the federal social security act due to their
9 citizenship status.

10 ~~((e))~~ (p) \$6,000,000 of the general fund—federal appropriation
11 is provided solely for supplemental payments to nursing homes
12 operated by public hospital districts. The public hospital district
13 shall be responsible for providing the required nonfederal match for
14 the supplemental payment, and the payments shall not exceed the
15 maximum allowable under federal rules. It is the legislature's intent
16 that the payments shall be supplemental to and shall not in any way
17 offset or reduce the payments calculated and provided in accordance
18 with part E of chapter 74.46 RCW. It is the legislature's further
19 intent that costs otherwise allowable for rate-setting and settlement
20 against payments under chapter 74.46 RCW shall not be disallowed
21 solely because such costs have been paid by revenues retained by the
22 nursing home from these supplemental payments. The supplemental
23 payments are subject to retrospective interim and final cost
24 settlements based on the nursing homes' as-filed and final medicare
25 cost reports. The timing of the interim and final cost settlements
26 shall be at the health care authority's discretion. During either the
27 interim cost settlement or the final cost settlement, the health care
28 authority shall recoup from the public hospital districts the
29 supplemental payments that exceed the medicaid cost limit and/or the
30 medicare upper payment limit. The health care authority shall apply
31 federal rules for identifying the eligible incurred medicaid costs
32 and the medicare upper payment limit.

33 ~~((p))~~ (q) The health care authority shall continue the
34 inpatient hospital certified public expenditures program for the
35 2017-2019 fiscal biennium. The program shall apply to all public
36 hospitals, including those owned or operated by the state, except
37 those classified as critical access hospitals or state psychiatric
38 institutions. The health care authority shall submit reports to the
39 governor and legislature by November 1, 2017, and by November 1,
40 2018, that evaluate whether savings continue to exceed costs for this

1 program. If the certified public expenditures (CPE) program in its
2 current form is no longer cost-effective to maintain, the health care
3 authority shall submit a report to the governor and legislature
4 detailing cost-effective alternative uses of local, state, and
5 federal resources as a replacement for this program. During fiscal
6 year 2018 and fiscal year 2019, hospitals in the program shall be
7 paid and shall retain one hundred percent of the federal portion of
8 the allowable hospital cost for each medicaid inpatient fee-for-
9 service claim payable by medical assistance and one hundred percent
10 of the federal portion of the maximum disproportionate share hospital
11 payment allowable under federal regulations. Inpatient medicaid
12 payments shall be established using an allowable methodology that
13 approximates the cost of claims submitted by the hospitals. Payments
14 made to each hospital in the program in each fiscal year of the
15 biennium shall be compared to a baseline amount. The baseline amount
16 will be determined by the total of (i) the inpatient claim payment
17 amounts that would have been paid during the fiscal year had the
18 hospital not been in the CPE program based on the reimbursement rates
19 developed, implemented, and consistent with policies approved in the
20 2017-2019 biennial operating appropriations act and in effect on July
21 1, 2015, (ii) one-half of the indigent assistance disproportionate
22 share hospital payment amounts paid to and retained by each hospital
23 during fiscal year 2005, and (iii) all of the other disproportionate
24 share hospital payment amounts paid to and retained by each hospital
25 during fiscal year 2005 to the extent the same disproportionate share
26 hospital programs exist in the 2017-2019 fiscal biennium. If payments
27 during the fiscal year exceed the hospital's baseline amount, no
28 additional payments will be made to the hospital except the federal
29 portion of allowable disproportionate share hospital payments for
30 which the hospital can certify allowable match. If payments during
31 the fiscal year are less than the baseline amount, the hospital will
32 be paid a state grant equal to the difference between payments during
33 the fiscal year and the applicable baseline amount. Payment of the
34 state grant shall be made in the applicable fiscal year and
35 distributed in monthly payments. The grants will be recalculated and
36 redistributed as the baseline is updated during the fiscal year. The
37 grant payments are subject to an interim settlement within eleven
38 months after the end of the fiscal year. A final settlement shall be
39 performed. To the extent that either settlement determines that a
40 hospital has received funds in excess of what it would have received

1 as described in this subsection, the hospital must repay the excess
2 amounts to the state when requested. (~~(\$10,575,000)~~) \$359,000 of the
3 general fund—state appropriation for fiscal year 2018 and
4 (~~(\$13,185,000)~~) \$361,000 of the general fund—state appropriation for
5 fiscal year 2019 are provided solely for state grants for the
6 participating hospitals.

7 (~~(q)~~) (r) The health care authority shall seek public-private
8 partnerships and federal funds that are or may become available to
9 provide on-going support for outreach and education efforts under the
10 federal children's health insurance program reauthorization act of
11 2009.

12 (~~(r)~~) (s) The health care authority shall target funding for
13 maternity support services towards pregnant women with factors that
14 lead to higher rates of poor birth outcomes, including hypertension,
15 a preterm or low birth weight birth in the most recent previous
16 birth, a cognitive deficit or developmental disability, substance
17 abuse, severe mental illness, unhealthy weight or failure to gain
18 weight, tobacco use, or African American or Native American race. The

22 The appropriations in this subsection are subject to the
23 following conditions and limitations:

24 (a) \$6,590,000 of the general fund—state appropriation for fiscal
25 year 2019 and \$3,810,000 of the general fund—federal appropriation
26 are provided solely for the authority and behavioral health
27 organizations to continue to contract for implementation of high-
28 intensity programs for assertive community treatment (PACT) teams. In
29 determining the proportion of medicaid and nonmedicaid funding
30 provided to behavioral health organizations with PACT teams, the
31 authority shall consider the differences between behavioral health
32 organizations in the percentages of services and other costs
33 associated with the teams that are not reimbursable under medicaid.
34 The authority may allow behavioral health organizations which have
35 nonmedicaid reimbursable costs that are higher than the nonmedicaid
36 allocation they receive under this section to supplement these funds
37 with local dollars or funds received under (e) of this subsection.
38 The authority and behavioral health organizations shall maintain

1 consistency with all essential elements of the PACT evidence-based
2 practice model in programs funded under this section.

3 (b) From the general fund—state appropriations in this
4 subsection, the authority shall assure that behavioral health
5 organizations reimburse the department of social and health services
6 aging and long term support administration for the general fund—state
7 cost of medicaid personal care services that enrolled behavioral
8 health organization consumers use because of their psychiatric
9 disability.

10 (c) \$1,760,000 of the general fund—federal appropriation is
11 provided solely for the authority to maintain a pilot project to put
12 peer bridging staff into each behavioral health organization as part
13 of the state psychiatric liaison teams to promote continuity of
14 service as individuals return to their communities.

15 (d) \$6,858,000 of the general fund—state appropriation for fiscal
16 year 2019 and \$4,023,000 of the general fund—federal appropriation
17 are provided solely for new crisis triage or stabilization centers.
18 The authority must seek proposals from behavioral health
19 organizations for the use of these funds based on regional
20 priorities. Services in these facilities may include crisis
21 stabilization and intervention, individual counseling, peer support,
22 medication management, education, and referral assistance. The
23 authority shall monitor each center's effectiveness at lowering the
24 rate of state psychiatric hospital admissions.

25 (e) \$81,930,000 of the general fund—state appropriation for
26 fiscal year 2019 is provided solely for persons and services not
27 covered by the medicaid program. To the extent possible, levels of
28 behavioral health organization spending must be maintained in the
29 following priority order: Crisis and commitment services; community
30 inpatient services; and residential care services, including personal
31 care and emergency housing assistance. These amounts must be
32 distributed to behavioral health organizations proportionate to the
33 fiscal year 2017 allocation of flexible nonmedicaid funds. The
34 authority must include the following language in medicaid contracts
35 with behavioral health organizations unless they are provided formal
36 notification from the center for medicaid and medicare services that
37 the language will result in the loss of federal medicaid
38 participation: "The contractor may voluntarily provide services that
39 are in addition to those covered under the state plan, although the

1 cost of these services cannot be included when determining payment
2 rates unless including these costs are specifically allowed under
3 federal law or an approved waiver."

4 (f) The authority is authorized to continue to contract directly,
5 rather than through contracts with behavioral health organizations
6 for children's long-term inpatient facility services.

7 (g) \$1,125,000 of the general fund—state appropriation for fiscal
8 year 2019 is provided solely for the Spokane county behavioral health
9 organization to implement services to reduce utilization and the
10 census at eastern state hospital. Such services shall include:

11 (i) High intensity treatment team for persons who are high
12 utilizers of psychiatric inpatient services, including those with co-
13 occurring disorders and other special needs;

15 community individuals in crisis who are at risk of requiring
16 inpatient care or jail services;

17 (iii) Mental health services provided in nursing facilities to
18 individuals with dementia, and consultation to facility staff
19 treating those individuals; and

20 (iv) Services at the sixteen-bed evaluation and treatment
21 facility.

22 At least annually, the Spokane county behavioral health
23 organization shall assess the effectiveness of these services in
24 reducing utilization at eastern state hospital, identify services
25 that are not optimally effective, and modify those services to
26 improve their effectiveness.

27 (h) \$1,204,000 of the general fund—state appropriation for fiscal
28 year 2019 is provided solely to reimburse Pierce and Spokane counties
29 for the cost of conducting one hundred eighty-day commitment hearings
30 at the state psychiatric hospitals.

31 (i) Behavioral health organizations may use local funds to earn
32 additional federal medicaid match, provided the locally matched rate
33 does not exceed the upper-bound of their federally allowable rate
34 range, and provided that the enhanced funding is used only to provide
35 medicaid state plan or waiver services to medicaid clients.
36 Additionally, behavioral health organizations may use a portion of
37 the state funds allocated in accordance with (e) of this subsection
38 to earn additional medicaid match, but only to the extent that the
39 application of such funds to medicaid services does not diminish the
40 level of crisis and commitment, community inpatient, residential

1 care, and outpatient services presently available to persons not
2 eligible for medicaid.

3 (j) \$2,291,000 of the general fund—state appropriation for fiscal
4 year 2019 is provided solely for mental health services for mentally
5 ill offenders while confined in a county or city jail and for
6 facilitating access to programs that offer mental health services
7 upon release from confinement. The authority must collect information
8 from the behavioral health organizations on their plan for using
9 these funds, the numbers of individuals served, and the types of
10 services provided and submit a report to the office of financial
11 management and the appropriate fiscal committees of the legislature
12 by December 1st of each year of the biennium.

13 (k) Within the amounts appropriated in this section, funding is
14 provided for the authority to develop and phase in intensive mental
15 health services for high needs youth consistent with the settlement
16 agreement in *T.R. v. Dreyfus and Porter*.

17 (l) The authority must establish minimum and maximum funding
18 levels for all reserves allowed under behavioral health organization
19 contracts and insert contract language that clearly states the
20 requirements and limitations. The authority must monitor and ensure
21 that behavioral health organization reserves do not exceed maximum
22 levels. The authority must monitor behavioral health organization
23 revenue and expenditure reports and must require a behavioral health
24 organization to submit a corrective action plan on how it will spend
25 its excess reserves within a reasonable period of time, when its
26 reported reserves exceed maximum levels established under the
27 contract. The authority must review and approve such plans and
28 monitor to ensure compliance. If the authority determines that a
29 behavioral health organization has failed to provide an adequate
30 excess reserve corrective action plan or is not complying with an
31 approved plan, the authority must reduce payments to the behavioral
32 health organization in accordance with remedial actions provisions
33 included in the contract. These reductions in payments must continue
34 until the authority determines that the behavioral health
35 organization has come into substantial compliance with an approved
36 excess reserve corrective action plan.

37 (m) \$3,079,000 of the general fund—state appropriation for fiscal
38 year 2019 and \$2,892,000 of the general fund—federal appropriation
39 are provided solely for the authority to increase rates for community

1 hospitals that provide a minimum of two hundred medicaid psychiatric
2 inpatient days. The authority must increase both medicaid and
3 nonmedicaid psychiatric per-diem reimbursement rates for these
4 providers within these amounts. The amounts in this subsection
5 include funding for additional hold harmless payments resulting from
6 the rate increase. The authority shall prioritize increases for
7 hospitals not currently paid based on provider specific costs using a
8 similar methodology used to set rates for existing inpatient
9 facilities and the latest available cost report information. Rate
10 increases for providers must be set so as not to exceed the amounts
11 provided within this subsection. The rate increase related to
12 nonmedicaid clients must be done to maintain the provider at the same
13 percentage as currently required under WAC 182-550-4800.

14 (n) \$100,000 of the general fund—state appropriation for fiscal
15 year 2019 is provided solely for the authority to collaborate with
16 tribal governments and develop a plan for establishing an evaluation

18 specifically to the American Indian and Alaska Native population. The
19 plan must include options for maximizing federal participation and
20 ensuring that utilization will be based on medical necessity.

21 (o) \$7,103,000 of the general fund—state appropriation for fiscal
22 year 2019 and \$8,052,000 of the general fund—federal appropriation
23 are provided solely for the authority to contract with community
24 hospitals or freestanding evaluation and treatment centers to provide
25 up to forty-eight long-term inpatient care beds as defined in RCW
26 71.24.025. The authority must seek proposals and contract directly
27 for these services rather than contracting through behavioral health
28 organizations. The authority must not use any of the amounts provided
29 under this subsection for contracts with facilities that are subject
30 to federal funding restrictions that apply to institutions of mental
31 diseases, unless they have received a waiver that allows for full
32 federal participation in these facilities.

33 (p) \$1,133,000 of the general fund—state appropriation for fiscal
34 year 2019 and \$1,297,000 of the general fund—federal appropriation
35 are provided solely to increase the number of psychiatric residential
36 treatment beds for individuals transitioning from psychiatric
37 inpatient settings. The authority must seek proposals from behavioral
38 health organizations for the use of these amounts and coordinate with
39 the department of social and health services in awarding these funds.

1 The authority must not allow for any of the amounts provided under
2 this subsection to be used for services in facilities that are
3 subject to federal funding restrictions that apply to institutions of

14 include and make available all applicable documents and analysis to
15 legislative staff from the fiscal committees throughout the process.
16 The authority must require the actuaries to develop and submit rate

20 organizations at eastern state hospital shall be one hundred ninety

23 five hundred fifty-seven per day. In fiscal year 2019, the authority
24 must reduce the number of beds allocated for use by behavioral health
25 organizations at western state hospital by thirty beds to allow for
26 the repurposing of a civil ward at western state hospital to provide
27 forensic services. The contracted beds provided under (o) of this
28 subsection shall be allocated to the behavioral health organizations
29 in lieu of beds at the state hospitals and be incorporated in their
30 allocation of state hospital patient days of care for the purposes of
31 calculating reimbursements pursuant to RCW 71.24.310. It is the
32 intent of the legislature to continue the policy of expanding
33 community based alternatives for long term civil commitment services

6 services under the involuntary treatment act to be located in the
7 geographic areas of the King behavioral health organization, the
8 Spokane behavioral health organization outside of Spokane county, and
9 the Thurston Mason behavioral health organization; (ii) one new full

14 three new recovery support services programs in the Great Rivers
15 behavioral health organization, the greater Columbia behavioral
16 health organization, and the north sound behavioral health
17 organization. In contracting for community evaluation and treatment
18 services, the authority may not use these resources in facilities
19 that meet the criteria to be classified under federal law as
20 institutions for mental diseases. If the authority is unable to come
21 to a contract agreement with a designated behavioral health
22 organization for any of the services identified above, it may
23 consider contracting for that service in another region that has the

17 (a) Allocations for school building-level certificated
 18 administrative staff salaries for the 2017-18 and 2018-19 school
 19 years for general education students are determined using the formula
 20 generated staff units calculated pursuant to this subsection. The
 21 superintendent shall make allocations to school districts based on
 22 the district's annual average full-time equivalent enrollment in each
 23 grade. The following prototypical school values shall determine the
 24 allocation for principals, assistance principals, and other
 25 certificated building level administrators:

26 Prototypical School Building:

27	Elementary School	1.253
28	Middle School	1.353
29	High School	1.880

30 (b) Students in approved career and technical education and skill
 31 center programs generate certificated school building-level
 32 administrator staff units at per student rates that are a multiple of
 33 the general education rate in (a) of this subsection by the following
 34 factors: Career and Technical Education students. 1.025
 35 Skill Center students. 1.198

36 (4) CLASSIFIED STAFF ALLOCATIONS

1 Allocations for classified staff units providing school building-
2 level and district-wide support services for the 2017-18 and 2018-19
3 school years are determined using the formula-generated staff units
4 provided in RCW 28A.150.260 and pursuant to this subsection, and
5 adjusted based on each district's annual average full-time equivalent
6 student enrollment in each grade.

7 (5) CENTRAL OFFICE ALLOCATIONS

8 In addition to classified and administrative staff units
9 allocated in subsections (3) and (4) of this section, classified and
10 administrative staff units are provided for the 2017-18 and 2018-19
11 school years for the central office administrative costs of operating
12 a school district, at the following rates:

13 (a) The total central office staff units provided in this
14 subsection (5) are calculated by first multiplying the total number
15 of eligible certificated instructional, certificated administrative,
16 and classified staff units providing school-based or district-wide
17 support services, as identified in RCW 28A.150.260(6)(b) and the
18 increased allocations provided pursuant to subsections (2) and (4) of
19 this section, by 5.3 percent.

20 (b) Of the central office staff units calculated in (a) of this
21 subsection, 74.53 percent are allocated as classified staff units, as
22 generated in subsection (4) of this section, and 25.47 percent shall
23 be allocated as administrative staff units, as generated in
24 subsection (3) of this section.

25 (c) Staff units generated as enhancements outside the program of
26 basic education to the minimum requirements of RCW 28A.150.260, and
27 staff units generated by skill center and career-technical students,
28 are excluded from the total central office staff units calculation in
29 (a) of this subsection.

30 (d) For students in approved career-technical and skill center
31 programs, central office classified units are allocated at the same
32 staff unit per student rate as those generated for general education
33 students of the same grade in this subsection (5), and central office
34 administrative staff units are allocated at staff unit per student
35 rates that exceed the general education rate established for students
36 in the same grade in this subsection (5) by 12.29 percent in the
37 2017-18 school year and 12.29 percent in the 2018-19 school year for
38 career and technical education students, and 17.61 percent in the

1 2017-18 school year and 17.61 percent in the 2018-19 school year for
2 skill center students.

3 (6) FRINGE BENEFIT ALLOCATIONS

4 Fringe benefit allocations shall be calculated at a rate of 23.49

7 subsections (2), (3), and (5) of this section, and a rate of 24.60
8 percent in the 2017-18 school year and 24.60 percent in the 2018-19
9 school year for classified salary allocations provided under
10 subsections (4) and (5) of this section.

11 (7) INSURANCE BENEFIT ALLOCATIONS

13 maintenance rate specified in section 504 of this act, based on the
14 number of benefit units determined as follows:

15 (a) The number of certificated staff units determined in
16 subsections (2), (3), and (5) of this section; and

17 (b) The number of classified staff units determined in
18 subsections (4) and (5) of this section multiplied by 1.152. This
19 factor is intended to adjust allocations so that, for the purpose of
20 distributing insurance benefits, full-time equivalent classified
21 employees may be calculated on the basis of 1,440 hours of work per
22 year, with no individual employee counted as more than one full-time
23 equivalent.

24 (8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

25 Funding is allocated per annual average full-time equivalent
26 student for the materials, supplies, and operating costs (MSOC)
27 incurred by school districts, consistent with the requirements of RCW
28 28A.150.260.

15 (15) The superintendent may distribute funding for the following
16 programs outside the basic education formula during fiscal years 2018

16 of public instruction, in consultation with the state board for
17 community and technical colleges, the student achievement council,

32 consolidation, the difference between the basic education formula
33 staff units received by the districts for the school year prior to
34 consolidation and the basic education formula staff units after

3 are considered separate programs for funding and financial reporting
4 purposes under this section.

5 (b) Career and technical education program full-time equivalent
6 enrollment shall be reported on the same monthly basis as the
7 enrollment for students eligible for basic support, and payments
8 shall be adjusted for reported career and technical education program
9 enrollments on the same monthly basis as those adjustments for
10 enrollment for students eligible for basic support.

11 (21) Funding in this section is sufficient to provide full
12 general apportionment payments to school districts eligible for
13 federal forest revenues as provided in RCW 28A.520.020. For the
14 2017-2019 biennium only, general apportionment payments are not
15 reduced for school districts receiving federal forest revenues.

13 (A) Thirty percent must be distributed to counties, cities, and
14 towns where licensed marijuana retailers are physically located. Each

36 (iv) The total share of marijuana excise tax revenues distributed
37 to counties and cities in (g)(i) of this subsection (2) may not
38 exceed six million dollars in fiscal years 2018 and 2019 and twenty

2 ~~2017 revenue forecast by over eighteen million dollars after~~
3 ~~adjusting for changes directly related to legislation adopted in the~~
4 ~~2017 legislative session, the total share of marijuana excise tax~~
5 ~~revenue distributed to counties and cities in (g)(i) of this~~
6 ~~subsection (2) may not exceed fifteen million dollars in fiscal years~~
7 ~~2018 and 2019.)~~ It is the intent of the legislature that the policy
8 for the maximum distributions in the subsequent fiscal biennia will
9 be no more than ((~~\$6~~)) six million dollars per fiscal year.

10 For the purposes of this section, "marijuana products" means
11 "useable marijuana," "marijuana concentrates," and "marijuana-infused
12 products" as those terms are defined in RCW 69.50.101.

13 **Sec. 913.** RCW 39.12.080 and 2006 c 230 s 2 are each amended to

21 adequate wage surveys, and for the investigation and enforcement of
22 all alleged violations of this chapter as provided for in this
23 chapter and chapters 49.48 and 49.52 RCW. During the 2017-2019 fiscal
24 biennium the legislature may direct the state treasurer to make
25 transfers of moneys in the public works administration account to the
