**Majority Report:** Do pass. Signed by 9 members: Representatives Hudgins, Chair; Dolan, Vice Chair; McDonald, Ranking Minority Member; Kraft, Assistant Ranking Minority Member; Appleton, Gregerson, Irwin, Johnson and Pellicciotti.

**Staff:** Desiree Omli (786-7105).

**Background:**

six batches, depending on the ballot counting procedures in place in the county. The check must be completed no later than 48 hours after election day. The county canvassing board of each county must establish procedures for the random checks.

**Summary of Bill:**

The Secretary of State (Secretary) must, by November 1, 2018, survey all random check procedures adopted by each county canvassing board. The Secretary must evaluate the procedures to identify best practices and discrepancies. By December 1, 2018, the Secretary is required to submit a report to the Legislature that includes recommendations for adopting best practices and uniform procedures used by county canvassing boards for random checks.

**Appropriation:** None.

**Fiscal Note:** Requested on January 25, 2018.

**Effective Date:** The bill takes effect 90 days after adjournment of the session in which the bill is passed.

**Staff Summary of Public Testimony:**

(In support) This will provide greater transparency in elections and will lead to best practices in auditing. It is hard to obtain each county's procedures because they are not posted. Some procedures are not best practices. For example, one county selects a person to pick a contest to audit, which is not random. In addition, in King County, a general election initiative was audited, but no candidate races were. Candidates should have better options when they have questions about the audit or procedures adopted. The bill will result in greater uniformity in statewide procedures and movement towards best practices.

(Opposed) None.

**Persons Testifying:** Kirstin Mueller, League of Women Voters of Washington; and Denice Carnahan.

**Persons Signed In To Testify But Not Testifying:** None.
