(As Amended by House)**

- Makes supplemental changes to the operating budget for the 2017-19 biennium.

Staff: Charlie Gavigan (786-7340).

Background:

The state government operates on a fiscal biennium that begins on July 1 of each odd-numbered year. A two-year biennial operating budget is adopted every odd-numbered year. Supplemental budgets frequently are enacted in each of the following two years after adoption of the biennial budget. Appropriations are made in the biennial and supplemental budgets for the operation of state government and its various agencies and institutions, including higher education, as well as allocations for the funding of K-12 public schools.

The 2017-19 Biennial Operating Budget appropriates \$43.7 billion from the State Near General Fund (State General Fund and the Education Legacy Trust Account) plus the Opportunity Pathways Account. The total budgeted amount, which includes state, federal, and other funds, is \$88.3 billion.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

Summary of Bill:

State Near General Fund plus Opportunity Pathways appropriations for the 2017-19 biennium are increased by \$380.4 million; the total budget is increased by \$213.7 million.

Other changes to the original 2017-19 biennial budget are also made.
