Background: The Workforce Investment Act of 1998 (WIA) was a federal law that provided workforce investment activities, through statewide and local workforce investment systems, that sought to increase the employment, retention and earnings of participants and increase occupational skill attainment by participants.

The Workforce Innovation and Opportunity Act (WIOA) was enacted in July of 2014. WIOA is designed to help job seekers access employment, education, training, and support services to succeed in the labor market. WIOA replaces WIA and retains and amends the Adult Education and Family Literacy Act, the Wagner-Peyser Act and the Rehabilitation Act of 1973.
