PART II  
HUMAN SERVICES

NEW SECTION.    **Sec. 201.    FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the  
2 payment rates.

3 (4) The department shall to the maximum extent practicable use  
4 the same system for delivery of spoken-language interpreter services  
5 for social services appointments as the one established for medical  
6 appointments in the health care authority. When contracting directly  
7 with an individual to deliver spoken language interpreter services,  
8 the department shall only contract with language access providers who  
9 are working at a location in the state and who are state-certified or  
10 state-authorized, except that when such a provider is not available,  
11 the department may use a language access provider who meets other  
12 certifications or standards deemed to meet state standards, including  
13 interpreters in other states.

14 (5) Information technology projects or investments and proposed  
15 projects or investments impacting time capture, payroll and payment  
16 processes and systems, eligibility, case management, and  
17 authorization systems within the department of social and health  
18 services are subject to technical oversight by the office of the  
19 chief information officer.

20 (6)(a) The department shall facilitate enrollment under the  
21 medicaid expansion for clients applying for or receiving state funded  
22 services from the department and its contractors. Prior to open  
23 enrollment, the department shall coordinate with the health care  
24 authority to provide referrals to the Washington health benefit  
25 exchange for clients that will be ineligible for medicaid.

26 (b) To facilitate a single point of entry across public and  
27 medical assistance programs, and to maximize the use of federal  
28 funding, the health care authority, the department of social and  
29 health services, and the health benefit exchange will coordinate  
30 efforts to expand HealthPlanfinder access to public assistance and  
31 medical eligibility staff. The department shall complete medicaid  
32 applications in the HealthPlanfinder for households receiving or  
33 applying for public assistance benefits.

12 (4) \$1,537,000 of the general fund—state appropriation for fiscal

31 rehabilitation administration shall follow the following formula and  
32 will prioritize evidence-based programs and disposition alternatives  
33 and take into account juvenile courts program-eligible youth in  
34 conjunction with the number of youth served in each approved  
35 evidence-based program or disposition alternative: (i) Thirty-seven  
36 and one-half percent for the at-risk population of youth ten to  
37 seventeen years old; (ii) fifteen percent for moderate and high-risk  
38 youth; (iii) twenty-five percent for evidence-based program

12 (b) The juvenile rehabilitation administration and the juvenile  
13 courts shall establish a block grant funding formula oversight  
14 committee with equal representation from the juvenile rehabilitation  
15 administration and the juvenile courts. The purpose of this committee  
16 is to assess the ongoing implementation of the block grant funding  
17 formula, utilizing data-driven decision making and the most current  
18 available information. The committee will be cochaired by the  
19 juvenile rehabilitation administration and the juvenile courts, who  
20 will also have the ability to change members of the committee as  
21 needed to achieve its purpose. Initial members will include one  
22 juvenile court representative from the finance committee, the  
23 community juvenile accountability act committee, the risk assessment  
24 quality assurance committee, the executive board of the Washington  
25 association of juvenile court administrators, the Washington state  
26 center for court research, and a representative of the superior court

28 rehabilitation administration headquarters program oversight staff,  
29 two representatives of the juvenile rehabilitation administration  
30 regional office staff, one representative of the juvenile  
31 rehabilitation administration fiscal staff and a juvenile  
32 rehabilitation administration division director. The committee may  
33 make changes to the formula categories other than the evidence-based  
34 program and disposition alternative categories if it is determined  
35 the changes will increase statewide service delivery or effectiveness  
36 of evidence-based program or disposition alternative resulting in  
37 increased cost benefit savings to the state. Long-term cost benefit  
38 must be considered. Percentage changes may occur in the evidence-  
39 based program or disposition alternative categories of the formula  
40 should it be determined the changes will increase evidence-based

1 program or disposition alternative delivery and increase the cost  
2 benefit to the state. These outcomes will also be considered in  
3 determining when evidence-based expansion or special sex offender  
4 disposition alternative funds should be included in the block grant  
5 or left separate.

6 (c) The juvenile courts and administrative office of the courts  
7 shall be responsible for collecting and distributing information and  
8 providing access to the data systems to the juvenile rehabilitation  
9 administration and the Washington state institute for public policy  
10 related to program and outcome data. The juvenile rehabilitation  
11 administration and the juvenile courts will work collaboratively to  
12 develop program outcomes that reinforce the greatest cost benefit to  
13 the state in the implementation of evidence-based practices and  
14 disposition alternatives.

15 (6) The juvenile courts and administrative office of the courts  
16 shall collect and distribute information related to program outcome  
17 and provide access to these data systems to the juvenile  
18 rehabilitation administration and Washington state institute for  
19 public policy. The agreements between administrative office of the  
20 courts, the juvenile courts, and the juvenile rehabilitation  
21 administration shall be executed to ensure that the juvenile  
22 rehabilitation administration receives the data that the juvenile  
23 rehabilitation administration identifies as needed to comply with  
24 this subsection. This includes, but is not limited to, information by  
25 program at the statewide aggregate level, individual court level, and  
26 individual client level for the purpose of the juvenile  
27 rehabilitation administration providing quality assurance and  
28 oversight for the locally committed youth block grant and associated  
29 funds and at times as specified by the juvenile rehabilitation  
30 administration as necessary to carry out these functions. The data  
31 shall be provided in a manner that reflects the collaborative work  
32 the juvenile rehabilitation administration and juvenile courts have  
33 developed regarding program outcomes that reinforce the greatest cost  
34 benefit to the state in the implementation of evidence-based  
35 practices and disposition alternatives.

36 (7) \$445,000 of the general fund—state appropriation for fiscal  
37 year 2018 and \$445,000 of the general fund—state appropriation for  
38 fiscal year 2019 are provided solely for funding of the teamchild  
39 project.

1 (8) \$178,000 of the general fund—state appropriation for fiscal  
2 year 2018 and \$178,000 of the general fund—state appropriation for  
3 fiscal year 2019 are provided solely for the juvenile detention  
4 alternatives initiative.

5 (9) \$500,000 of the general fund—state appropriation for fiscal  
6 year 2018 and \$500,000 of the general fund—state appropriation for  
7 fiscal year 2019 are provided solely for a grant program focused on  
8 criminal street gang prevention and intervention. The juvenile  
9 rehabilitation administration may award grants under this subsection.  
10 The juvenile rehabilitation administration shall give priority to  
11 applicants who have demonstrated the greatest problems with criminal  
12 street gangs. Applicants composed of, at a minimum, one or more local  
13 governmental entities and one or more nonprofit, nongovernmental  
14 organizations that have a documented history of creating and  
15 administering effective criminal street gang prevention and  
16 intervention programs may apply for funding under this subsection.  
17 Each entity receiving funds must report to the juvenile  
18 rehabilitation administration on the number and types of youth  
19 served, the services provided, and the impact of those services on  
20 the youth and the community.

21 (10) The juvenile rehabilitation institutions may use funds  
22 appropriated in this subsection to purchase goods and supplies  
23 through hospital group purchasing organizations when it is cost-  
24 effective to do so.

26 **SERVICES—MENTAL HEALTH PROGRAM**

27 (1) INSTITUTIONAL SERVICES

28	General Fund—State Appropriation (FY 2018)	. . . . .	\$308,802,000
29	General Fund—State Appropriation (FY 2019)	. . . . .	\$326,619,000
30	General Fund—Federal Appropriation	. . . . .	\$147,435,000
31	General Fund—Private/Local Appropriation	. . . . .	\$51,988,000
32	TOTAL APPROPRIATION.	. . . . .	\$834,844,000

33 The appropriations in this subsection are subject to the  
34 following conditions and limitations:

35 (a) The state psychiatric hospitals may use funds appropriated in  
36 this subsection to purchase goods and supplies through hospital group  
37 purchasing organizations when it is cost-effective to do so.

1 (b) \$356,000 of the general fund—state appropriation for fiscal  
2 year 2018 and \$355,000 of the general fund—state appropriation for  
3 fiscal year 2019 are provided solely for a community partnership  
4 between western state hospital and the city of Lakewood to support  
5 community policing efforts in the Lakewood community surrounding  
6 western state hospital. The amounts provided in this subsection  
7 (2)(b) are for the salaries, benefits, supplies, and equipment for  
8 one full-time investigator, one full-time police officer, one full-  
9 time community service officer, and police services provided by the  
10 city at western state hospital and adjacent areas.

11 (c) \$2,676,000 of the general fund—state appropriation for fiscal  
12 year 2019, and \$1,078,000 of the general fund—federal appropriation  
13 are provided solely to establish nine new state-owned and operated  
14 16-bed community behavioral health hospitals that provide acute  
15 psychiatric inpatient care in regional settings for civil  
16 commitments. These new facilities will enable more regional,  
17 specialized care for patients while keeping them closer to their home  
18 communities during inpatient treatment. Since each new hospital will  
19 not be classified as Institutions for Mental Disease, additional  
20 federal medicaid funding will be available.

21 (d) \$4,556,000 of the general fund—state appropriation for fiscal  
22 year 2019 is provided solely to create 60 new less restrictive  
23 community step down beds that employ 24-hour staffing and include  
24 both nursing and rehabilitative therapy. Community step down beds are  
25 essential for individuals who are ready for discharge from the state  
26 psychiatric hospitals but still need assistance transitioning to life  
27 outside a state psychiatric hospital. New community step down beds  
28 will free up capacity at the state psychiatric hospitals.

29 (e) \$1,740,000 of the general fund—state appropriation for fiscal  
30 year 2018 and \$1,740,000 of the general fund—state appropriation for  
31 fiscal year 2019 are provided solely to integrate substance use  
32 disorder and mental health treatment at the state psychiatric  
33 hospitals. National data indicates that approximately 24 percent of  
34 individuals diagnosed with serious mental illness experience co-  
35 occurring substance use disorders, and that percentage may be higher  
36 for those admitted to a state psychiatric hospital. Integrated  
37 substance use disorder treatment, augmented with peer support  
38 specialties, will improve psychiatric symptoms and functioning,

1 decrease hospitalization, increase housing stability, and improve the  
2 quality of life for those clients served.

38 (3) \$2,366,000 of the general fund—state appropriation for fiscal  
39 year 2018 is provided solely for employment services for refugees and

1 immigrants, of which \$1,774,000 is provided solely for the department  
2 to pass through to statewide refugee and immigrant assistance  
3 organizations for limited English proficiency pathway services; and  
4 \$2,366,000 of the general fund—state appropriation for fiscal year  
5 2019 is provided solely for employment services for refugees and  
6 immigrants, of which \$1,774,000 is provided solely for the department  
7 to pass through to statewide refugee and immigrant assistance  
8 organizations for limited English proficiency pathway services.

9 (4) On December 1, 2015, and annually thereafter, the department  
10 must report to the governor and the legislature on all sources of  
11 funding available for both refugee and immigrant services and  
12 naturalization services during the current fiscal year and the  
13 amounts expended to date by service type and funding source. The  
14 report must also include the number of clients served and outcome  
15 data for the clients.

16 (5) To ensure expenditures remain within available funds  
17 appropriated in this section, the legislature establishes the benefit  
18 under the state food assistance program, pursuant to RCW 74.08A.120,  
19 to be one hundred percent of the federal supplemental nutrition  
20 assistance program benefit amount.

21 (6) The department shall review clients receiving services  
22 through the aged, blind, or disabled assistance program, to determine  
23 whether they would benefit from assistance in becoming naturalized  
24 citizens, and thus be eligible to receive federal supplemental  
25 security income benefits. Those cases shall be given high priority  
26 for naturalization funding through the department.

27 (7) \$433,000 of the general fund—state appropriation for fiscal  
28 year 2018, \$451,000 of the general fund—state appropriation for  
29 fiscal year 2019, and \$6,451,000 of the general fund—federal

35 referral of veterans who may be eligible for veterans' services. This  
36 agreement must include out-stationing department of veterans' affairs  
37 staff in selected community service office locations in King and  
38 Pierce counties to facilitate applications for veterans' services.

1 time, leave, and attendance system and are subject to the conditions,  
2 limitations, and review provided in section 949 of this act.

9 NEW SECTION. **Sec. 212. FOR THE STATE HEALTH CARE AUTHORITY**

10 During the 2017-2019 fiscal biennium, the health care authority  
11 shall provide support and data as required by the office of the state  
12 actuary in providing the legislature with health care actuarial  
13 analysis, including providing any information in the possession of  
14 the health care authority or available to the health care authority  
15 through contracts with providers, plans, insurers, consultants, or  
16 any other entities contracting with the health care authority.

17 Information technology projects or investments and proposed  
18 projects or investments impacting time capture, payroll and payment  
19 processes and systems, eligibility, case management, and  
20 authorization systems within the health care authority are subject to  
21 technical oversight by the office of the chief information officer.

22 The health care authority shall not initiate any services that  
23 require expenditure of state general fund moneys unless expressly  
24 authorized in this act or other law. The health care authority may  
25 seek, receive, and spend, under RCW 43.79.260 through 43.79.282,  
26 federal moneys not anticipated in this act as long as the federal  
27 funding does not require expenditure of state moneys for the program  
28 in excess of amounts anticipated in this act. If the health care  
29 authority receives unanticipated unrestricted federal moneys, those  
30 moneys shall be spent for services authorized in this act or in any  
31 other legislation providing appropriation authority, and an equal  
32 amount of appropriated state general fund moneys shall lapse. Upon  
33 the lapsing of any moneys under this subsection, the office of  
34 financial management shall notify the legislative fiscal committees.  
35 As used in this subsection, "unrestricted federal moneys" includes  
36 block grants and other funds that federal law does not require to be

1 spent on specifically defined projects or matched on a formula basis  
2 by state funds.

20	TOTAL APPROPRIATION	\$20,430,490,000

21 The appropriations in this section are subject to the following  
22 conditions and limitations:

23 (a) Sufficient amounts are appropriated in this subsection to  
24 implement the medicaid expansion as defined in the social security  
25 act, section 1902(a)(10)(A)(i)(VIII).

26 (b) Medicaid payment rates, as calculated by the health care  
27 authority pursuant to the appropriations in this act, bear a  
28 reasonable relationship to the costs incurred by efficiently and  
29 economically operated facilities for providing quality services and  
30 will be sufficient to enlist enough providers so that care and  
31 services are available to the extent that such care and services are  
32 available to the general population in the geographic area. The  
33 legislature finds that the cost reports, payment data from the  
34 federal government, historical utilization, economic data, and  
35 clinical input constitute reliable data upon which to determine the  
36 payment rates.

37 (c) Based on quarterly expenditure reports and caseload  
38 forecasts, if the health care authority estimates that expenditures  
39 for the medical assistance program will exceed the appropriations,

1 the health care authority shall take steps including but not limited  
2 to reduction of rates or elimination of optional services to reduce  
3 expenditures so that total program costs do not exceed the annual  
4 appropriation authority.

5 (d) In determining financial eligibility for medicaid-funded  
6 services, the health care authority is authorized to disregard  
7 recoveries by Holocaust survivors of insurance proceeds or other  
8 assets, as defined in RCW 48.104.030.

9 (e) It is in the state's interest for Harborview medical center  
10 to remain an economically viable component of the state's health care  
11 system.

12 (f) When a person is ineligible for medicaid solely by reason of  
13 residence in an institution for mental diseases, the health care  
14 authority shall provide the person with the same benefits as he or  
15 she would receive if eligible for medicaid, using state-only funds to  
16 the extent necessary.

17 (g) \$4,261,000 of the general fund—state appropriation for fiscal  
18 year 2018, \$4,261,000 of the general fund—state appropriation for  
19 fiscal year 2019, and \$8,522,000 of the general fund—federal  
20 appropriation are provided solely for low-income disproportionate  
21 share hospital payments.

22 (h) Within the amounts appropriated in this section, the health  
23 care authority shall provide disproportionate share hospital payments  
24 to hospitals that provide services to children in the children's  
25 health program who are not eligible for services under Title XIX or  
26 XXI of the federal social security act due to their citizenship  
27 status.

28 (i) \$6,000,000 of the general fund—federal appropriation is  
29 provided solely for supplemental payments to nursing homes operated  
30 by public hospital districts. The public hospital district shall be  
31 responsible for providing the required nonfederal match for the  
32 supplemental payment, and the payments shall not exceed the maximum  
33 allowable under federal rules. It is the legislature's intent that  
34 the payments shall be supplemental to and shall not in any way offset  
35 or reduce the payments calculated and provided in accordance with  
36 part E of chapter 74.46 RCW. It is the legislature's further intent  
37 that costs otherwise allowable for rate-setting and settlement  
38 against payments under chapter 74.46 RCW shall not be disallowed  
39 solely because such costs have been paid by revenues retained by the

1 nursing home from these supplemental payments. The supplemental  
2 payments are subject to retrospective interim and final cost  
3 settlements based on the nursing homes' as-filed and final medicare  
4 cost reports. The timing of the interim and final cost settlements  
5 shall be at the health care authority's discretion. During either the  
6 interim cost settlement or the final cost settlement, the health care  
7 authority shall recoup from the public hospital districts the  
8 supplemental payments that exceed the medicaid cost limit and/or the  
9 medicare upper payment limit. The health care authority shall apply  
10 federal rules for identifying the eligible incurred medicaid costs  
11 and the medicare upper payment limit.

12 (j) The health care authority shall continue the inpatient  
13 hospital certified public expenditures program for the 2017-2019  
14 fiscal biennium. The program shall apply to all public hospitals,  
15 including those owned or operated by the state, except those  
16 classified as critical access hospitals or state psychiatric  
17 institutions. The health care authority shall submit reports to the  
18 governor and legislature by November 1, 2017, and by November 1,  
19 2018, that evaluate whether savings continue to exceed costs for this  
20 program. If the certified public expenditures (CPE) program in its  
21 current form is no longer cost-effective to maintain, the health care  
22 authority shall submit a report to the governor and legislature  
23 detailing cost-effective alternative uses of local, state, and  
24 federal resources as a replacement for this program. During fiscal  
25 year 2018 and fiscal year 2019, hospitals in the program shall be  
26 paid and shall retain one hundred percent of the federal portion of  
27 the allowable hospital cost for each medicaid inpatient fee-for-  
28 service claim payable by medical assistance and one hundred percent  
29 of the federal portion of the maximum disproportionate share hospital  
30 payment allowable under federal regulations. Inpatient medicaid  
31 payments shall be established using an allowable methodology that  
32 approximates the cost of claims submitted by the hospitals. Payments  
33 made to each hospital in the program in each fiscal year of the  
34 biennium shall be compared to a baseline amount. The baseline amount  
35 will be determined by the total of: (i) The inpatient claim payment  
36 amounts that would have been paid during the fiscal year had the  
37 hospital not been in the CPE program based on the reimbursement rates  
38 developed, implemented, and consistent with policies approved in the  
39 2017-2019 biennial operating appropriations act and in effect on July  
40 1, 2017; (ii) one-half of the indigent assistance disproportionate

1 share hospital payment amounts paid to and retained by each hospital  
2 during fiscal year 2005; and (iii) all of the other disproportionate  
3 share hospital payment amounts paid to and retained by each hospital  
4 during fiscal year 2005 to the extent the same disproportionate share  
5 hospital programs exist in the 2017-2019 fiscal biennium. If payments  
6 during the fiscal year exceed the hospital's baseline amount, no  
7 additional payments will be made to the hospital except the federal  
8 portion of allowable disproportionate share hospital payments for  
9 which the hospital can certify allowable match. If payments during  
10 the fiscal year are less than the baseline amount, the hospital will  
11 be paid a state grant equal to the difference between payments during  
12 the fiscal year and the applicable baseline amount. Payment of the  
13 state grant shall be made in the applicable fiscal year and  
14 distributed in monthly payments. The grants will be recalculated and  
15 redistributed as the baseline is updated during the fiscal year. The  
16 grant payments are subject to an interim settlement within eleven  
17 months after the end of the fiscal year. A final settlement shall be  
18 performed. To the extent that either settlement determines that a  
19 hospital has received funds in excess of what it would have received  
20 as described in this subsection, the hospital must repay the excess  
21 amounts to the state when requested. \$15,965,000 of the general fund—  
22 state appropriation for fiscal year 2018 and \$18,389,000 of the  
23 general fund—state appropriation for fiscal year 2019 are provided  
24 solely for state grants for the participating hospitals.

25 (k) The health care authority shall seek public-private  
26 partnerships and federal funds that are or may become available to  
27 provide on-going support for outreach and education efforts under the  
28 federal children's health insurance program reauthorization act of  
29 2009.

30 (l) The health care authority shall target funding for maternity  
31 support services towards pregnant women with factors that lead to  
32 higher rates of poor birth outcomes, including hypertension, a  
33 preterm or low birth weight birth in the most recent previous birth,  
34 a cognitive deficit or developmental disability, substance abuse,  
35 severe mental illness, unhealthy weight or failure to gain weight,  
36 tobacco use, or African American or Native American race. The health  
37 care authority shall prioritize evidence-based practices for delivery  
38 of maternity support services. To the extent practicable, the health  
39 care authority shall develop a mechanism to increase federal funding

1 for maternity support services by leveraging local public funding for  
2 those services.

3 (m) Managed care contracts must incorporate accountability  
4 measures that monitor patient health and improved health outcomes,  
5 and shall include an expectation that each patient receive a wellness  
6 examination that documents the baseline health status and allows for  
7 monitoring of health improvements and outcome measures.

8 (n) Sufficient amounts are appropriated in this section for the  
9 authority to provide an adult dental benefit.

10 (o) The health care authority shall coordinate with the  
11 department of social and health services to provide referrals to the  
12 Washington health benefit exchange for clients that will be  
13 ineligible for medicaid.

14 (p) To facilitate a single point of entry across public and  
15 medical assistance programs, and to maximize the use of federal  
16 funding, the health care authority, the department of social and  
17 health services, and the health benefit exchange will coordinate  
18 efforts to expand HealthPlanfinder access to public assistance and  
19 medical eligibility staff. The health care authority shall complete  
20 medicaid applications in the HealthPlanfinder for households  
21 receiving or applying for medical assistance benefits.

22 (q) \$90,000 of the general fund—state appropriation for fiscal  
23 year 2018, \$90,000 of the general fund—state appropriation for fiscal  
24 year 2019, and \$180,000 of the general fund—federal appropriation are  
25 provided solely to continue operation by a nonprofit organization of  
26 a toll-free hotline that assists families to learn about and enroll  
27 in the apple health for kids program.

28 (r) The appropriations in this section reflect savings and  
29 efficiencies by transferring children receiving medical care provided  
30 through fee-for-service to medical care provided through managed  
31 care.

32 (s) Within the amounts appropriated in this section, the  
33 authority shall reimburse for primary care services provided by  
34 naturopathic physicians.

35 (t) Within the amounts appropriated in this section, the  
36 authority shall continue to provide coverage for pregnant teens that  
37 qualify under existing pregnancy medical programs, but whose  
38 eligibility for pregnancy related services would otherwise end due to

1 the application of the new modified adjusted gross income eligibility  
2 standard.

3 (u) Sufficient amounts are appropriated in this section to remove  
4 the mental health visit limit and to provide the shingles vaccine and  
5 screening, brief intervention, and referral to treatment benefits  
6 that are available in the medicaid alternative benefit plan in the  
7 classic medicaid benefit plan.

8 (v) The authority shall use revenue appropriated from the  
9 dedicated marijuana fund for contracts with community health centers  
10 under RCW 69.50.540 in lieu of general fund—state payments to  
11 community health centers for services provided to medical assistance  
12 clients, and it is the intent of the legislature that this policy  
13 will be continued in subsequent fiscal biennia.

14 (w) The authority shall submit reports to the governor and the  
15 legislature by September 15, 2018, and by September 15, 2019, that  
16 delineate the number of individuals in medicaid managed care, by  
17 carrier, age, gender, and eligibility category, receiving  
18 preventative services and vaccinations. The reports should include  
19 baseline and benchmark information from the previous two fiscal years  
20 and should be inclusive of, but not limited to, services recommended  
21 under the United States preventative services task force, advisory  
22 committee on immunization practices, early and periodic screening,  
23 diagnostic, and treatment (EPSDT) guidelines, and other relevant  
24 preventative and vaccination medicaid guidelines and requirements.

25 (x) \$140,000 of the general fund—state appropriation for fiscal  
26 year 2018 and \$140,000 of the general fund—federal appropriation are  
27 provided solely for the health care authority to develop a state  
28 inpatient psychiatric managed care capitation risk model. The model  
29 shall be submitted to the governor and appropriate committees of the  
30 legislature by October 1, 2017. The model must integrate inpatient  
31 psychiatric hospitals services into the managed care capitation rate,  
32 including commitments for medicaid and nonmedicaid covered  
33 individuals. The model should phase-in the financial risk such that  
34 managed care organizations bear full financial risk for civil  
35 inpatient psychiatric hospital commitments beginning January 2020.

36 (y) The health care authority shall evaluate adding a tele-  
37 psychiatry consultation benefit for medicaid covered individuals. The  
38 authority shall submit a report with the cost associated with adding

1 such a benefit to the governor and appropriate committees of the  
2 legislature by October 1, 2017.

3 (z) Beginning July 1, 2017, new psychiatric hospitals and units  
4 with more than 200 medicaid psychiatric days will be eligible for  
5 provider-specific per diem rates. In collaboration with the state  
6 hospital association, the authority shall develop and implement a  
7 process to review hospital cost report information for new, in-state  
8 hospital psychiatric inpatient services that have not had provider  
9 specific costs and determine the hospital-specific per diem rate as  
10 currently defined for existing providers of psychiatric inpatient  
11 services. The authority shall also develop and implement a process to  
12 update the per diem rates for existing providers of psychiatric  
13 inpatient services using more recent cost data. All updated per diem  
14 rates for new and existing providers will be adjusted in order to  
15 achieve target aggregate expenditures.

16 (aa) \$13,761,000 of the general fund—state appropriation for  
17 fiscal year 2018, \$13,761,000 of the general fund—state appropriation  
18 for fiscal year 2019, and \$14,818,000 of the general fund—federal  
19 appropriation are provided for behavioral health organizations  
20 receiving funds for community hospitals or evaluation and treatment  
21 center beds under (k) of this subsection.

22 (bb) \$81,180,000 of the general fund—state appropriation for  
23 fiscal year 2018 and \$81,180,000 of the general fund—state  
24 appropriation for fiscal year 2019 are provided solely for persons  
25 and services not covered by the medicaid program. To the extent  
26 possible, levels of behavioral health organization spending shall be  
27 maintained in the following priority order: Crisis and commitment  
28 services; community inpatient services; and residential care  
29 services, including personal care and emergency housing assistance.

30 (cc) The authority is authorized to continue to contract  
31 directly, rather than through contracts with behavioral health  
32 organizations for children's long-term inpatient facility services.

33 (dd) \$750,000 of the general fund—state appropriation for fiscal  
34 year 2018 and \$750,000 of the general fund—state appropriation for  
35 fiscal year 2019 are provided solely to continue performance-based  
36 incentive contracts to provide appropriate community support services  
37 for individuals with severe mental illness who were discharged from  
38 the state hospitals as part of the expanding community services  
39 initiative. These funds will be used to enhance community residential

1 and support services provided by behavioral health organizations  
2 through other state and federal funding.

3 (ee) \$1,125,000 of the general fund—state appropriation for  
4 fiscal year 2018 and \$1,125,000 of the general fund—state  
5 appropriation for fiscal year 2019 are provided solely for the  
6 Spokane county regional behavioral health organization to implement  
7 services to reduce utilization and the census at eastern state  
8 hospital. Such services shall include:

9 (i) High intensity treatment team for persons who are high  
10 utilizers of psychiatric inpatient services, including those with co-  
11 occurring disorders and other special needs;

12 (ii) Crisis outreach and diversion services to stabilize in the  
13 community individuals in crisis who are at risk of requiring  
14 inpatient care or jail services;

15 (iii) Mental health services provided in nursing facilities to  
16 individuals with dementia, and consultation to facility staff  
17 treating those individuals; and

18 (iv) Services at the sixteen-bed evaluation and treatment  
19 facility.

20 At least annually, the Spokane county regional behavioral health  
21 organization shall assess the effectiveness of these services in  
22 reducing utilization at eastern state hospital, identify services  
23 that are not optimally effective, and modify those services to  
24 improve their effectiveness.

25 (ff) \$1,204,000 of the general fund—state appropriation for  
26 fiscal year 2018 and \$1,204,000 of the general fund—state  
27 appropriation for fiscal year 2019 are provided solely to reimburse  
28 Pierce and Spokane counties for the cost of conducting 180-day  
29 commitment hearings at the state psychiatric hospitals.

30 (gg) Behavioral health organizations may use local funds to earn  
31 additional federal medicaid match, provided the locally matched rate  
32 does not exceed the upper-bound of their federally allowable rate  
33 range, and provided that the enhanced funding is used only to provide  
34 medicaid state plan or waiver services to medicaid clients.  
35 Additionally, behavioral health organizations may use a portion of  
36 the state funds allocated in accordance with (e) of this subsection  
37 to earn additional medicaid match, but only to the extent that the  
38 application of such funds to medicaid services does not diminish the  
39 level of crisis and commitment, community inpatient, residential

1 care, and outpatient services presently available to persons not  
2 eligible for medicaid.

3 (hh) \$2,291,000 of the general fund—state appropriation for  
4 fiscal year 2018 and \$2,291,000 of the general fund—state  
5 appropriation for fiscal year 2019 are provided solely for mental  
6 health services for mentally ill offenders while confined in a county  
7 or city jail and for facilitating access to programs that offer  
8 mental health services upon release from confinement.

9 (ii) Within the amounts appropriated in this section, funding is  
10 provided for the authority to develop and phase in intensive mental  
11 health services for high needs youth consistent with the settlement  
12 agreement in *T.R. v. Dreyfus and Porter*.

13 (jj) \$11,405,000 of the general fund—state appropriation for  
14 fiscal year 2018, \$11,405,000 of the general fund—state appropriation  
15 for fiscal year 2019, and \$17,680,000 of the general fund—federal  
16 appropriation are provided solely for enhancement of community mental  
17 health services. The authority must contract these funds for the  
18 operation of community programs in which the authority determines  
19 there is a need for capacity that allows individuals to be diverted  
20 or transitioned from the state hospitals including but not limited  
21 to: (i) Community hospital or free standing evaluation and treatment  
22 services providing short-term detention and commitment services under  
23 the involuntary treatment act to be located in the geographic areas  
24 of the King county behavioral health organization, the Spokane county  
25 regional behavioral health organization, and the Thurston Mason  
26 behavioral health organization; (ii) one new full program of an  
27 assertive community treatment team in the King county behavioral  
28 health organization and two new half programs of assertive community  
29 treatment teams in the Spokane county regional behavioral health  
30 organization and the Pierce behavioral health organization; and (iii)  
31 three new recovery support services programs in the Great Rivers  
32 behavioral health organization, the greater Columbia behavioral  
33 health organization, and the north sound behavioral health  
34 organization. In contracting for community evaluation and treatment  
35 services, the authority may not use these resources in facilities  
36 that meet the criteria to be classified under federal law as  
37 institutions for mental diseases. If the authority is unable to come  
38 to a contract agreement with a designated behavioral health  
39 organization for any of the services identified above, it may

1 consider contracting for that service in another behavioral health  
2 organization that has the need for such service.

3 (kk) The authority must establish minimum and maximum funding  
4 levels for all reserves allowed under behavioral health organization  
5 contracts and insert contract language that clearly states the  
6 requirements and limitations. The authority must monitor and ensure  
7 that behavioral health organization reserves do not exceed maximum  
8 levels. The authority must monitor behavioral health organization  
9 revenue and expenditure reports and must require a behavioral health  
10 organization to submit a corrective action plan on how it will spend  
11 its excess reserves within a reasonable period of time, when its

16 shall be the rate set for funds held pursuant to statute.

17 During the 2013-2015 and 2015-2017 fiscal biennia, the  
18 legislature may transfer from the state treasurer's service fund to

20 properties as provided for under (e)(iv) of this subsection. The  
21 department must prioritize funding of remedial actions at:

23 high hazard ranking for which there is an approved remedial action  
24 work plan or an equivalent document under federal cleanup law;

25 (B) Brownfield properties within a redevelopment opportunity zone

1 if the legislature determines that priorities for spending exceed  
2 available funds in those accounts.

3 (b) Funds for plans and programs must be allocated consistent  
4 with the priorities and matching requirements established in chapters  
5 70.105, 70.95C, 70.95I, and 70.95 RCW.

6 (c) During the 2013-2015 fiscal biennium, the local toxics  
7 control account may also be used for local government storm water  
8 planning and implementation activities.

9 (d) During the 2013-2015 fiscal biennium, the legislature may  
10 transfer from the local toxics control account to the state general  
11 fund, such amounts as reflect the excess fund balance in the account.

12 (e) To expedite cleanups throughout the state, the department may  
13 use the following strategies when providing grants to local  
14 governments under this subsection:

15 (i) Enter into an extended grant agreement with a local  
16 government conducting remedial actions at a facility where those  
17 actions extend over multiple biennia and the total eligible cost of  
18 those actions exceeds twenty million dollars. The agreement is  
19 subject to the following limitations:

20 (A) The initial duration of such an agreement may not exceed ten  
21 years. The department may extend the duration of such an agreement  
22 upon finding substantial progress has been made on remedial actions  
23 at the facility;

24 (B) Extended grant agreements may not exceed fifty percent of the  
25 total eligible remedial action costs at the facility; and

26 (C) The department may not allocate future funding to an extended  
27 grant agreement unless the local government has demonstrated to the  
28 department that funds awarded under the agreement during the previous  
29 biennium have been substantially expended or contracts have been  
30 entered into to substantially expend the funds;

31 (ii) Enter into a grant agreement with a local government  
32 conducting a remedial action that provides for periodic reimbursement  
33 of remedial action costs as they are incurred as established in the  
34 agreement;

35 (iii) Enter into a grant agreement with a local government prior  
36 to it acquiring a property or obtaining necessary access to conduct  
37 remedial actions, provided the agreement is conditioned upon the  
38 local government acquiring the property or obtaining the access in  
39 accordance with a schedule specified in the agreement;

1 (iv) Provide integrated planning grants to local governments to  
2 fund studies necessary to facilitate remedial actions at brownfield  
3 properties and adaptive reuse of properties following remediation.  
4 Eligible activities include, but are not limited to: Environmental  
5 site assessments; remedial investigations; health assessments;  
6 feasibility studies; site planning; community involvement; land use  
7 and regulatory analyses; building and infrastructure assessments;  
8 economic and fiscal analyses; and any environmental analyses under  
9 chapter 43.21C RCW;

10 (v) Provide grants to local governments for remedial actions  
11 related to area-wide groundwater contamination. To receive the  
12 funding, the local government does not need to be a potentially  
13 liable person or be required to seek reimbursement of grant funds  
14 from a potentially liable person;

15 (vi) The director may alter grant matching requirements to create  
16 incentives for local governments to expedite cleanups when one of the  
17 following conditions exists:

18 (A) Funding would prevent or mitigate unfair economic hardship  
19 imposed by the clean-up liability;

20 (B) Funding would create new substantial economic development,  
21 public recreational opportunities, or habitat restoration  
22 opportunities that would not otherwise occur; or

23 (C) Funding would create an opportunity for acquisition and  
24 redevelopment of brownfield property under RCW 70.105D.040(5) that  
25 would not otherwise occur;

26 (vii) When pending grant applications under (e)(iv) and (v) of  
27 this subsection (4) exceed the amount of funds available, designated  
28 redevelopment opportunity zones must receive priority for  
29 distribution of available funds.

30 (f) To expedite multiparty clean-up efforts, the department may  
31 purchase remedial action cost-cap insurance. For the 2013-2015 fiscal  
32 biennium, moneys in the local toxics control account may be spent on  
33 projects in sections 3024, 3035, 3036, and 3059, chapter 19, Laws of  
34 2013 2nd sp. sess.

35 (5) Except for unanticipated receipts under RCW 43.79.260 through  
36 43.79.282, moneys in the state and local toxics control accounts may  
37 be spent only after appropriation by statute.

38 (6) No moneys deposited into either the state or local toxics  
39 control account may be used for: Natural disasters where there is no  
40 hazardous substance contamination; high performance buildings; solid

1 waste incinerator facility feasibility studies, construction,  
2 maintenance, or operation; or after January 1, 2010, for projects  
3 designed to address the restoration of Puget Sound, funded in a  
4 competitive grant process, that are in conflict with the action  
5 agenda developed by the Puget Sound partnership under RCW 90.71.310.  
6 However, this subsection does not prevent an appropriation from the  
7 state toxics control account to the department of revenue to enforce  
8 compliance with the hazardous substance tax imposed in chapter 82.21  
9 RCW.

10 (7) Except during the 2011-2013 and the 2015-2017 fiscal biennia,  
11 one percent of the moneys collected under RCW 82.21.030 shall be  
12 allocated only for public participation grants to persons who may be  
13 adversely affected by a release or threatened release of a hazardous  
14 substance and to not-for-profit public interest organizations. The  
15 primary purpose of these grants is to facilitate the participation by  
16 persons and organizations in the investigation and remedying of  
17 releases or threatened releases of hazardous substances and to  
18 implement the state's solid and hazardous waste management  
19 priorities. No grant may exceed sixty thousand dollars. Grants may be  
20 renewed annually. Moneys appropriated for public participation that  
21 are not expended at the close of any biennium revert to the state  
22 toxics control account.

23 (8) The department shall adopt rules for grant or loan issuance  
24 and performance. To accelerate both remedial action and economic  
25 recovery, the department may expedite the adoption of rules necessary  
26 to implement chapter 1, Laws of 2013 2nd sp. sess. using the  
27 expedited procedures in RCW 34.05.353. The department shall initiate  
28 the award of financial assistance by August 1, 2013. To ensure the  
29 adoption of rules will not delay financial assistance, the department  
30 may administer the award of financial assistance through interpretive  
31 guidance pending the adoption of rules through July 1, 2014.

32 (9) Except as provided under subsection (3)(k) and (q) of this  
33 section, nothing in chapter 1, Laws of 2013 2nd sp. sess. affects the  
34 ability of a potentially liable person to receive public funding.

35 (10) During the 2015-2017 fiscal biennium the local toxics  
36 control account may also be used for the centennial clean water  
37 program and for the storm water financial assistance program  
38 administered by the department of ecology.

1       **Sec. 961.** RCW 70.119A.120 and 1991 c 304 s 6 are each amended to

4 the state treasury. All receipts from the operating permit fees  
5 required to be paid under RCW 70.119A.110 shall be deposited into the  
6 account. Moneys in the account may be spent only after appropriation.  
7 Expenditures from the account may be used by the department of health  
8 to carry out the purposes of chapter 304, Laws of 1991 and to carry  
9 out contracts with local governments in accordance with this chapter.

16 state treasury. Moneys in the account may be expended solely for: (a)  
17 Substance use disorder treatment and treatment support services for

19 result in addiction, against whom charges are filed by a prosecuting  
20 attorney in Washington state; (b) the provision of substance use  
21 disorder treatment services and treatment support services for  
22 nonviolent offenders within a drug court program; and (c) the  
23 administrative and overhead costs associated with the operation of a  
24 drug court. During the 2015-2017 fiscal biennium, the legislature may  
25 transfer from the criminal justice treatment account to the state  
26 general fund amounts as reflect the state savings associated with the  
27 implementation of the medicaid expansion of the federal affordable  
28 care act and the excess fund balance of the account. During the  
29 2017-2019 fiscal biennium, the legislature may direct the state

35 be approved by the panel established in (b) of this subsection.

36 (b) Thirty percent of the amounts appropriated to the department  
37 from the account shall be distributed as grants for purposes of

2 the superior court judges' association, the Washington state  
3 association of counties, the Washington defender's association or the

25 subsections (4) and (5) of this section by a county or group of  
26 counties participating in a regional agreement shall be spent on the  
27 administrative and overhead costs associated with the operation of a  
28 drug court.

29 (b) No more than ten percent of the total moneys received under  
30 subsections (4) and (5) of this section by a county or group of  
31 counties participating in a regional agreement shall be spent for  
32 treatment support services.

33 (7) Counties are encouraged to consider regional agreements and
