- 2 and mergers within a reasonable geographic proximity; and amending
- 3 RCW 52.04.011, 52.06.090, 52.26.030, 52.04.031, 52.26.020, 52.26.060,
- 4 and 52.26.300.
- 5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:
- 6 **Sec. 1.** RCW 52.04.011 and 2015 c 53 s 73 are each amended to 7 read as follows:
- (1) A territory ((adjacent)) located within reasonable proximity 8 to a fire protection district and not within the boundaries of a 9 city, town, or other fire protection district may be annexed to the 10 fire protection district by petition of fifteen percent of the 11 12 qualified registered electors residing within the territory proposed to be annexed. Such territory may be located in a county or counties 13 14 other than the county or counties within which the fire protection district is located. The petition shall be filed with the fire 15 commissioners of the fire protection district and if 16 17 commissioners concur in the petition they shall file the petition with the county auditor of the county within which the territory is 18 located. If this territory is located in more than one county, the 19 original petition shall be filed with the auditor of the county 20 21 within which the largest portion of the territory is located, who

p. 1 SHB 2576

shall be designated as the lead auditor, and a copy shall be filed with the auditor of each other county within which such territory is located. Within thirty days after the date of the filing of the petition the auditor shall examine the signatures on the petition and certify to the sufficiency or insufficiency of the signatures. If this territory is located in more than one county, the auditor of each other county who receives a copy of the petition shall examine the signatures and certify to the lead auditor the number of valid signatures and the number of registered voters residing in that portion of the territory that is located within the county. The lead auditor shall certify the sufficiency or insufficiency of the signatures.

After the county auditor has certified the sufficiency of the petition, the county legislative authority or authorities, or the boundary review board or boards, of the county or counties in which such territory is located shall consider the proposal under the same basis that a proposed incorporation of a fire protection district is considered, with the same authority to act on the proposal as in a proposed incorporation, as provided under chapter 52.02 RCW. If the proposed annexation is approved by the county legislative authority or boundary review board, the board of fire commissioners shall adopt a resolution requesting the county auditor to call a special election, as specified under RCW 29A.04.330, at which the ballot proposition is to be submitted. No annexation shall occur when the territory proposed to be annexed is located in more than one county unless the county legislative authority or boundary review board of each county approves the proposed annexation.

(2) The county legislative authority or authorities of the county or counties within which such territory is located have the authority and duty to determine on an equitable basis, the amount of any obligation which the territory to be annexed to the district shall assume to place the property owners of the existing district on a fair and equitable relationship with the property owners of the territory to be annexed as a result of the benefits of annexing to a district previously supported by the property owners of the existing district. If a boundary review board has had its jurisdiction invoked on the proposal and approves the proposal, the county legislative authority of the county within which such territory is located may exercise the authority granted in this subsection and require such an assumption of indebtedness. This obligation may be paid to the

p. 2 SHB 2576

district in yearly benefit charge installments to be fixed by the county legislative authority. This benefit charge shall be collected with the annual tax levies against the property in the annexed territory until fully paid. The amount of the obligation and the plan of payment established by the county legislative authority shall be б described in general terms in the notice of election for annexation and shall be described in the ballot proposition on the proposed annexation that is presented to the voters for their approval or rejection. Such benefit charge shall be limited to an amount not to exceed a total of fifty cents per thousand dollars of assessed valuation: PROVIDED, HOWEVER, That the special election on the proposed annexation shall be held only within the boundaries of the territory proposed to be annexed to the fire protection district. 

(3) On the entry of the order of the county legislative authority incorporating the territory into the existing fire protection district, the territory shall become subject to the indebtedness, bonded or otherwise, of the existing district. If the petition is signed by sixty percent of the qualified registered electors residing within the territory proposed to be annexed, and if the board of fire commissioners concur, an election in the territory and a hearing on the petition shall be dispensed with and the county legislative authority shall enter its order incorporating the territory into the existing fire protection district.

## Sec. 2. RCW 52.06.090 and 2014 c 25 s 1 are each amended to read as follows:

A part of one district may be transferred and merged with ((an adjacent district)) a district located within reasonable proximity if the area can be better served by the merged district. To effect such a merger, a petition, signed by a majority of the commissioners of the merging district or signed by not less than fifteen percent of the qualified electors residing in the area to be merged, shall be filed with the commissioners of the merging district, if signed by electors, or with the commissioners of the merger district if signed by commissioners of the merging district approve the petition, the petition shall be presented to the commissioners of the merger district. If the commissioners of the merger district approve the petition, an election shall be called in the area to be merged.

p. 3 SHB 2576

In the event that either board of fire district commissioners does not approve the petition, the partial merger must not proceed.

A majority of the votes cast is necessary to approve the transfer.
