

HB 1528 - DIGEST

Requires the transportation commission to: (1) Develop the ferry user data survey only after providing an opportunity for ferry advisory committees to offer input on survey topical areas and questions; and

(2) Finalize the survey only after providing an opportunity for the ferry advisory committee executive council to offer input on proposed survey topics and questions.

Permits a county legislative authority to establish and appoint a ferry advisory committee, which may consist of multiple members, for each state ferry terminal within its boundaries, except Vashon Island and the San Juan Islands which are allowed only one committee.
