

HB 2341 - DIGEST

Requires the department of commerce to establish a competitive process to solicit proposals for and prioritize projects whose primary objective is to increase the compatibility of surrounding land uses with current or future missions at military bases within the state.

Requires each county and city planning under the growth management act that has a federal military installation, other than a reserve center or a recruiting center, that is operated by the United States armed services within or adjacent to its border, to notify the commander of the military installation of proposals by the county or city to amend a comprehensive plan or development regulations if the proposal applies to lands where development may interfere with the installation's ability to carry out its current or future mission requirements.

Authorizes the regional transportation planning organization to designate a military installation as a regional growth center when the civilian and military workforce of the military installation is comparable in size to the workforce of the other regional growth centers.
