

**HB 2420-S.E - DIGEST**

(AS OF HOUSE 2ND READING 2/12/18)

Addresses the adoption of rules by the state board of health regarding inspections and failures of on-site sewage systems.

Declares an intent to ensure that only requirements that are reasonable, appropriately tailored, and necessary are imposed on the installation, operation, maintenance, or repair of on-site sewage systems.

Prohibits a local health officer from denying or conditioning a permit application related to an on-site sewage system located on a single property and serving a single dwelling unit upon the granting of an easement allowing for the inspection or maintenance of the on-site sewage system.
