

**HB 2490 - DIGEST**

Requires certain information to be included in the state-tribal education compact if a tribal school chooses to participate in the teachers' retirement system and/or the school employees' retirement system.

Requires the department of retirement systems to make reasonable efforts to seek guidance from the federal internal revenue service, if available, to ensure that this act does not jeopardize qualification of the state retirement plans under section 401(a) of the internal revenue code.
