

HB 2548-S - DIGEST

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Requires a railroad company, at least ten days before taking a planned action that may have a significant impact on a community, to notify, in writing, the utilities and transportation commission of the planned action.

Requires the commission, within one business day of receiving the notice, to notify: (1) The governing authority of the community on which the planned action will have a significant impact; and

(2) Other entities the commission finds it will be of substantial benefit to the community impacted to notify.
