

HB 2732 - DIGEST

Increases payments for recipients eligible for medical assistance programs for services provided by a hospital, regardless of the beneficiary's managed care enrollment status, to one hundred fifty percent of the hospital's fee-for-service rates, when services are provided by a hospital that: (1) Has less than fifty available acute care beds;

(2) Is not currently designated as a critical access hospital, and does not meet current federal eligibility requirements for designation as a critical access hospital; and

(3) Has combined medicare and medicaid inpatient days greater than fifty percent.
