

HB 2743 - DIGEST

(SEE ALSO PROPOSED 1ST SUB)

Requires a permit applicant or permittee to enter into a written agreement with the group A public water system before he or she may distribute, supply, use, or otherwise make available reclaimed water for use or distribution at one or more locations within the retail or wholesale service area of a group A public water system.

Requires the permit applicant or permittee and the affected group A public water system to enter into a written agreement that contains terms and conditions to protect groundwater quality before he or she may convey, distribute, store, supply, or use reclaimed water at one or more locations within, or in hydrologic connection to, an aquifer or groundwater source covered by a critical aquifer recharge area, a wellhead protection area, or a sole source aquifer area.
