

**HB 2782-S - DIGEST**

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Modifies electric-assisted bicycle provisions with regard to: Permanently affixed labels from the manufacturer or distributor; driver's license not required for operation; and prohibitions on where they may be driven.

Requires an electric-assisted bicycle's electric motor to have a power output of no more than seven hundred fifty watts and meet the requirements of either a class 1 electric-assisted bicycle, class 2 electric-assisted bicycle, or class 3 electric-assisted bicycle.
