

HB 2801 - DIGEST

Requires each community and technical college, as part of a student success program, to implement a tracking and early alert system that is designed to: (1) Track students' progress;

(2) Notify staff when a student may need additional academic support, advising, or other interventions; and

(3) Connect the student to support services.

Requires the state board for community and technical colleges to work with the community and technical colleges to implement this act and, if appropriate, use a purchasing consortium for the purchase of software or other technical assistance.
