

HB 1638 - H AMD 111

By Representative Shea

WITHDRAWN 03/05/2019

1 On page 2, line 7, after "disease." insert "Prior to the
2 administration of any vaccine required under this section, the
3 provider administering the vaccine shall notify the child's parent or
4 legal guardian, or any adult in loco parentis to the child, of the
5 option to consent to an antibody titer test to determine whether or
6 not the individual has developed positive antibody titer."

7

EFFECT: Requires, prior to the administration of any vaccine required for school or day care attendance, the provider administering the vaccine to notify the child's parent or guardian, or adult in loco parentis, of the option to consent to an antibody titer test to determine whether or not the individual has developed positive antibody titer.
