

ESSB 5741 - H COMM AMD
By Committee on Appropriations

ADOPTED 04/16/2019

1 Strike everything after the enacting clause and insert the
2 following:

3 **"Sec. 1.** RCW 43.371.005 and 2014 c 223 s 9 are each amended to
4 read as follows:

5 The legislature finds that:

6 (1) The activities authorized by this chapter will require
7 collaboration among state agencies and local governments that
8 (~~purchase~~) are involved in health care, private health carriers,
9 third-party purchasers, health care providers, and hospitals. These
10 activities will identify strategies to increase the quality and
11 effectiveness of health care delivered in Washington state and are
12 therefore in the best interest of the public.

13 (2) The benefits of collaboration, together with active state
14 supervision, outweigh potential adverse impacts. Therefore, the
15 legislature intends to exempt from state antitrust laws, and provide
16 immunity through the state action doctrine from federal antitrust
17 laws, activities that are undertaken, reviewed, and approved by the
18 (~~office~~) authority pursuant to this chapter that might otherwise be
19 constrained by such laws. The legislature does not intend and does
20 not authorize any person or entity to engage in activities not
21 provided for by this chapter, and the legislature neither exempts nor
22 provides immunity for such activities including, but not limited to,
23 agreements among competing providers or carriers to set prices or
24 specific levels of reimbursement for health care services.

25 **Sec. 2.** RCW 43.371.010 and 2015 c 246 s 1 are each reenacted and
26 amended to read as follows:

27 The definitions in this section apply throughout this chapter
28 unless the context clearly requires otherwise.

29 (1) "Authority" means the health care authority.

30 (2) "Carrier" and "health carrier" have the same meaning as in
31 RCW 48.43.005.

1 (3) "Claims data" means the data required by RCW 43.371.030 to be
2 submitted to the database, including billed, allowed and paid
3 amounts, and such additional information as defined by the director
4 in rule.

5 (4) "Data supplier" means: (a) A carrier, third-party
6 administrator, or a public program identified in RCW 43.371.030 that
7 provides claims data; and (b) a carrier or any other entity that
8 provides claims data to the database at the request of an employer-
9 sponsored self-funded health plan or Taft-Hartley trust health plan
10 pursuant to RCW 43.371.030(1).

11 (5) "Data vendor" means an entity contracted to perform data
12 collection, processing, aggregation, extracts, analytics, and
13 reporting.

14 (6) "Database" means the statewide all-payer health care claims
15 database established in RCW 43.371.020.

16 (7) "Direct patient identifier" means a data variable that
17 directly identifies an individual, including: Names; telephone
18 numbers; fax numbers; social security number; medical record numbers;
19 health plan beneficiary numbers; account numbers; certificate or
20 license numbers; vehicle identifiers and serial numbers, including
21 license plate numbers; device identifiers and serial numbers; web
22 universal resource locators; internet protocol address numbers;
23 biometric identifiers, including finger and voice prints; and full
24 face photographic images and any comparable images.

25 (8) "Director" means the director of (~~financial management~~) the
26 authority.

27 (9) "Indirect patient identifier" means a data variable that may
28 identify an individual when combined with other information.

29 (10) "Lead organization" means the organization selected under
30 RCW 43.371.020.

31 (11) "Office" means the office of financial management.

32 (12) "Proprietary financial information" means claims data or
33 reports that disclose or would allow the determination of specific
34 terms of contracts, discounts, or fixed reimbursement arrangements or
35 other specific reimbursement arrangements between an individual
36 health care facility or health care provider, as those terms are
37 defined in RCW 48.43.005, and a specific payer, or internal fee
38 schedule or other internal pricing mechanism of integrated delivery
39 systems owned by a carrier.

1 (13) "Unique identifier" means an obfuscated identifier assigned
2 to an individual represented in the database to establish a basis for
3 following the individual longitudinally throughout different payers
4 and encounters in the data without revealing the individual's
5 identity.

6 **Sec. 3.** RCW 43.371.020 and 2015 c 246 s 2 are each amended to
7 read as follows:

8 (1) The office shall establish a statewide all-payer health care
9 claims database ~~((to))~~. On January 1, 2020, the office must transfer
10 authority and oversight for the database to the authority. The office
11 and authority must develop a transition plan that sustains operations
12 by July 1, 2019. The database shall support transparent public
13 reporting of health care information. The database must improve
14 transparency to: Assist patients, providers, and hospitals to make
15 informed choices about care; enable providers, hospitals, and
16 communities to improve by benchmarking their performance against that
17 of others by focusing on best practices; enable purchasers to
18 identify value, build expectations into their purchasing strategy,
19 and reward improvements over time; and promote competition based on
20 quality and cost. The database must systematically collect all
21 medical claims and pharmacy claims from private and public payers,
22 with data from all settings of care that permit the systematic
23 analysis of health care delivery. Any mandated claims data collected
24 in the all-payer health care claims database is owned by the state.
25 Copies of the information may be retained by the lead organization.

26 (2) The ~~((office))~~ authority shall use a competitive procurement
27 process, in accordance with chapter 39.26 RCW, to select a lead
28 organization from among the best potential bidders to coordinate and
29 manage the database.

30 (a) (i) In conducting the competitive procurement, the authority
31 must ensure that no state officer or state employee participating in
32 the procurement process:

33 (A) Has a current relationship or had a relationship within the
34 last three years with any organization that bids on the procurement
35 that would constitute a conflict with the proper discharge of
36 official duties under chapter 42.52 RCW; or

37 (B) Is a compensated or uncompensated member of a bidding
38 organization's board of directors, advisory committee, or has held
39 such a position in the past three years.

1 (ii) If any relationship or interest described in (a)(i) of this
2 subsection is discovered during the procurement process, the officer
3 or employee with the prohibited relationship must withdraw from
4 involvement in the procurement process.

5 (b) Due to the complexities of the all payer claims database and
6 the unique privacy, quality, and financial objectives, the ((office))
7 authority must ((award extra points in the scoring evaluation for))
8 give strong consideration to the following elements in determining
9 the appropriate lead organization contractor: (i) The ((bidder's))
10 organization's degree of experience in health care data collection,
11 analysis, analytics, and security; (ii) whether the ((bidder))
12 organization has a long-term self-sustainable financial model; (iii)
13 the ((bidder's)) organization's experience in convening and
14 effectively engaging stakeholders to develop reports, especially
15 among groups of health providers, carriers, and self-insured
16 purchasers; (iv) the ((bidder's)) organization's experience in
17 meeting budget and timelines for report generations; and (v) the
18 ((bidder's)) organization's ability to combine cost and quality data
19 to assess total cost of care.

20 ((b) By December 31, 2017,)) (c) The successful lead
21 organization must apply to be certified as a qualified entity
22 pursuant to 42 C.F.R. Sec. 401.703(a) by the centers for medicare and
23 medicaid services.

24 (d) The authority may not select a lead organization that:

25 (i) Is a health plan as defined by and consistent with the
26 definitions in RCW 48.43.005;

27 (ii) Is a hospital as defined in RCW 70.41.020;

28 (iii) Is a provider regulated under Title 18 RCW;

29 (iv) Is a third-party administrator as defined in RCW 70.290.010;

30 or

31 (v) Is an entity with a controlling interest in any entity
32 covered in (d)(i) through (iv) of this subsection.

33 (3) As part of the competitive procurement process referenced in
34 subsection (2) of this section, the lead organization shall enter
35 into a contract with a data vendor or multiple data vendors to
36 perform data collection, processing, aggregation, extracts, and
37 analytics. ((The)) A data vendor must:

38 (a) Establish a secure data submission process with data
39 suppliers;

1 (b) Review data submitters' files according to standards
2 established by the ((office)) authority;

3 (c) Assess each record's alignment with established format,
4 frequency, and consistency criteria;

5 (d) Maintain responsibility for quality assurance, including, but
6 not limited to: (i) The accuracy and validity of data suppliers'
7 data; (ii) accuracy of dates of service spans; (iii) maintaining
8 consistency of record layout and counts; and (iv) identifying
9 duplicate records;

10 (e) Assign unique identifiers, as defined in RCW 43.371.010, to
11 individuals represented in the database;

12 (f) Ensure that direct patient identifiers, indirect patient
13 identifiers, and proprietary financial information are released only
14 in compliance with the terms of this chapter;

15 (g) Demonstrate internal controls and affiliations with separate
16 organizations as appropriate to ensure safe data collection, security
17 of the data with state of the art encryption methods, actuarial
18 support, and data review for accuracy and quality assurance;

19 (h) Store data on secure servers that are compliant with the
20 federal health insurance portability and accountability act and
21 regulations, with access to the data strictly controlled and limited
22 to staff with appropriate training, clearance, and background checks;
23 and

24 (i) Maintain state of the art security standards for transferring
25 data to approved data requestors.

26 (4) The lead organization and data vendor must submit detailed
27 descriptions to the office of the chief information officer to ensure
28 robust security methods are in place. The office of the chief
29 information officer must report its findings to the ((office))
30 authority and the appropriate committees of the legislature.

31 (5) The lead organization is responsible for internal governance,
32 management, funding, and operations of the database. At the direction
33 of the ((office)) authority, the lead organization shall work with
34 the data vendor to:

35 (a) Collect claims data from data suppliers as provided in RCW
36 43.371.030;

37 (b) Design data collection mechanisms with consideration for the
38 time and cost incurred by data suppliers and others in submission and
39 collection and the benefits that measurement would achieve, ensuring

1 the data submitted meet quality standards and are reviewed for
2 quality assurance;

3 (c) Ensure protection of collected data and store and use any
4 data in a manner that protects patient privacy and complies with this
5 section. All patient-specific information must be deidentified with
6 an up-to-date industry standard encryption algorithm;

7 (d) Consistent with the requirements of this chapter, make
8 information from the database available as a resource for public and
9 private entities, including carriers, employers, providers,
10 hospitals, and purchasers of health care;

11 (e) Report performance on cost and quality pursuant to RCW
12 43.371.060 using, but not limited to, the performance measures
13 developed under RCW 41.05.690;

14 (f) Develop protocols and policies, including prerelease peer
15 review by data suppliers, to ensure the quality of data releases and
16 reports;

17 (g) Develop a plan for the financial sustainability of the
18 database as ~~((self-sustaining))~~ may be reasonable and customary as
19 compared to other states' databases and charge fees for reports and
20 data files as needed to fund the database. Any fees must be approved
21 by the ~~((office))~~ authority and should be comparable, accounting for
22 relevant differences across data requests and uses. The lead
23 organization may not charge providers or data suppliers fees other
24 than fees directly related to requested reports and data files; and

25 (h) Convene advisory committees with the approval and
26 participation of the ~~((office))~~ authority, including: (i) A committee
27 on data policy development; and (ii) a committee to establish a data
28 release process consistent with the requirements of this chapter and
29 to provide advice regarding formal data release requests. The
30 advisory committees must include in-state representation from key
31 provider, hospital, public health, health maintenance organization,
32 large and small private purchasers, consumer organizations, and the
33 two largest carriers supplying claims data to the database.

34 (6) The lead organization governance structure and advisory
35 committees for this database must include representation of the
36 third-party administrator of the uniform medical plan. A payer,
37 health maintenance organization, or third-party administrator must be
38 a data supplier to the all-payer health care claims database to be
39 represented on the lead organization governance structure or advisory
40 committees.

1 **Sec. 4.** RCW 43.371.030 and 2015 c 246 s 3 are each amended to
2 read as follows:

3 (1) The state medicaid program, public employees' benefits board
4 programs, school employees' benefits board programs beginning July 1,
5 2020, all health carriers operating in this state, all third-party
6 administrators paying claims on behalf of health plans in this state,
7 and the state labor and industries program must submit claims data to
8 the database within the time frames established by the director in
9 rule and in accordance with procedures established by the lead
10 organization. The director may expand this requirement by rule to
11 include any health plans or health benefit plans defined in RCW
12 48.43.005(26) (a) through (i) to accomplish the goals of this chapter
13 set forth in RCW 43.371.020(1). Employer-sponsored self-funded health
14 plans and Taft-Hartley trust health plans may voluntarily provide
15 claims data to the database within the time frames and in accordance
16 with procedures established by the lead organization.

17 (2) Any data supplier used by an entity that voluntarily
18 participates in the database must provide claims data to the data
19 vendor upon request of the entity.

20 (3) The lead organization shall submit an annual status report to
21 the ((office)) authority regarding compliance with this section.

22 (4) The state retains the ownership over all mandated claims data
23 submitted to the database under this section. No contract with the
24 lead organization may transfer ownership of data from the state to
25 the lead organization or the data vendor. Copies of the information
26 may be retained by the lead organization.

27 **Sec. 5.** RCW 43.371.050 and 2015 c 246 s 5 are each amended to
28 read as follows:

29 (1) Except as otherwise required by law, claims or other data
30 from the database shall only be available for retrieval in processed
31 form to public and private requesters pursuant to this section and
32 shall be made available within a reasonable time after the request.
33 Each request for claims data must include, at a minimum, the
34 following information:

35 (a) The identity of any entities that will analyze the data in
36 connection with the request;

37 (b) The stated purpose of the request and an explanation of how
38 the request supports the goals of this chapter set forth in RCW
39 43.371.020(1);

1 (c) A description of the proposed methodology;

2 (d) The specific variables requested and an explanation of how
3 the data is necessary to achieve the stated purpose described
4 pursuant to (b) of this subsection;

5 (e) How the requester will ensure all requested data is handled
6 in accordance with the privacy and confidentiality protections
7 required under this chapter and any other applicable law;

8 (f) The method by which the data will be (~~(stored,)~~) destroyed(~~(7~~
9 ~~or returned to the lead organization))~~) at the conclusion of the data
10 use agreement;

11 (g) The protections that will be utilized to keep the data from
12 being used for any purposes not authorized by the requester's
13 approved application; and

14 (h) Consent to the penalties associated with the inappropriate
15 disclosures or uses of direct patient identifiers, indirect patient
16 identifiers, or proprietary financial information adopted under RCW
17 43.371.070(1).

18 (2) The lead organization may decline a request that does not
19 include the information set forth in subsection (1) of this section
20 that does not meet the criteria established by the lead
21 organization's data release advisory committee, or for reasons
22 established by rule.

23 (3) Except as otherwise required by law, the (~~(office))~~ authority
24 shall direct the lead organization and the data vendor to maintain
25 the confidentiality of claims or other data it collects for the
26 database that include proprietary financial information, direct
27 patient identifiers, indirect patient identifiers, or any combination
28 thereof. Any entity that receives claims or other data must also
29 maintain confidentiality and may only release such claims data or any
30 part of the claims data if:

31 (a) The claims data does not contain proprietary financial
32 information, direct patient identifiers, indirect patient
33 identifiers, or any combination thereof; and

34 (b) The release is described and approved as part of the request
35 in subsection (1) of this section.

36 (4) The lead organization shall, in conjunction with the
37 (~~(office))~~ authority and the data vendor, create and implement a
38 process to govern levels of access to and use of data from the
39 database consistent with the following:

1 (a) Claims or other data that include proprietary financial
2 information, direct patient identifiers, indirect patient
3 identifiers, unique identifiers, or any combination thereof may be
4 released only to the extent such information is necessary to achieve
5 the goals of this chapter set forth in RCW 43.371.020(1) to
6 researchers with approval of an institutional review board upon
7 receipt of a signed data use and confidentiality agreement with the
8 lead organization. A researcher or research organization that obtains
9 claims data pursuant to this subsection must agree in writing not to
10 disclose such data or parts of the data set to any other party,
11 including affiliated entities, and must consent to the penalties
12 associated with the inappropriate disclosures or uses of direct
13 patient identifiers, indirect patient identifiers, or proprietary
14 financial information adopted under RCW 43.371.070(1).

15 (b) Claims or other data that do not contain direct patient
16 identifiers, but that may contain proprietary financial information,
17 indirect patient identifiers, unique identifiers, or any combination
18 thereof may be released to:

19 (i) Federal, state, tribal, and local government agencies upon
20 receipt of a signed data use agreement with the ~~((office))~~ authority
21 and the lead organization. Federal, state, tribal, and local
22 government agencies that obtain claims data pursuant to this
23 subsection are prohibited from using such data in the purchase or
24 procurement of health benefits for their employees; ~~((and))~~

25 (ii) Any entity when functioning as the lead organization under
26 the terms of this chapter; and

27 (iii) The Washington health benefit exchange established under
28 chapter 43.71 RCW, upon receipt of a signed data use agreement with
29 the authority and the lead organization as directed by rules adopted
30 under this chapter.

31 (c) Claims or other data that do not contain proprietary
32 financial information, direct patient identifiers, or any combination
33 thereof, but that may contain indirect patient identifiers, unique
34 identifiers, or a combination thereof may be released to agencies,
35 researchers, and other entities as approved by the lead organization
36 upon receipt of a signed data use agreement with the lead
37 organization.

38 (d) Claims or other data that do not contain direct patient
39 identifiers, indirect patient identifiers, proprietary financial
40 information, or any combination thereof may be released upon request.

1 (5) Reports utilizing data obtained under this section may not
2 contain proprietary financial information, direct patient
3 identifiers, indirect patient identifiers, or any combination
4 thereof. Nothing in this subsection (5) may be construed to prohibit
5 the use of geographic areas with a sufficient population size or
6 aggregate gender, age, medical condition, or other characteristics in
7 the generation of reports, so long as they cannot lead to the
8 identification of an individual.

9 (6) Reports issued by the lead organization at the request of
10 providers, facilities, employers, health plans, and other entities as
11 approved by the lead organization may utilize proprietary financial
12 information to calculate aggregate cost data for display in such
13 reports. The ~~((office))~~ authority shall approve by rule a format for
14 the calculation and display of aggregate cost data consistent with
15 this chapter that will prevent the disclosure or determination of
16 proprietary financial information. In developing the rule, the
17 ~~((office))~~ authority shall solicit feedback from the stakeholders,
18 including those listed in RCW 43.371.020(5)(h), and must consider, at
19 a minimum, data presented as proportions, ranges, averages, and
20 medians, as well as the differences in types of data gathered and
21 submitted by data suppliers.

22 (7) Recipients of claims or other data under subsection (4) of
23 this section must agree in a data use agreement or a confidentiality
24 agreement to, at a minimum:

25 (a) Take steps to protect data containing direct patient
26 identifiers, indirect patient identifiers, proprietary financial
27 information, or any combination thereof as described in the
28 agreement;

29 (b) Not redisclose the claims data except pursuant to subsection
30 (3) of this section;

31 (c) Not attempt to determine the identity of any person whose
32 information is included in the data set or use the claims or other
33 data in any manner that identifies any individual or their family or
34 attempt to locate information associated with a specific individual;

35 (d) Destroy ~~((or return))~~ claims data ~~((to the lead
36 organization))~~ at the conclusion of the data use agreement; and

37 (e) Consent to the penalties associated with the inappropriate
38 disclosures or uses of direct patient identifiers, indirect patient
39 identifiers, or proprietary financial information adopted under RCW
40 43.371.070(1).

1 **Sec. 6.** RCW 43.371.060 and 2015 c 246 s 6 are each amended to
2 read as follows:

3 (1)(a) Under the supervision of and through contract with the
4 (~~office~~) authority, the lead organization shall prepare health care
5 data reports using the database and the statewide health performance
6 and quality measure set. Prior to the lead organization releasing any
7 health care data reports that use claims data, the lead organization
8 must submit the reports to the (~~office~~) authority for review.

9 (b) By October 31st of each year, the lead organization shall
10 submit to the director a list of reports it anticipates producing
11 during the following calendar year. The director may establish a
12 public comment period not to exceed thirty days, and shall submit the
13 list and any comment to the appropriate committees of the legislature
14 for review.

15 (2)(a) Health care data reports that use claims data prepared by
16 the lead organization for the legislature and the public should
17 promote awareness and transparency in the health care market by
18 reporting on:

19 (i) Whether providers and health systems deliver efficient, high
20 quality care; and

21 (ii) Geographic and other variations in medical care and costs as
22 demonstrated by data available to the lead organization.

23 (b) Measures in the health care data reports should be stratified
24 by demography, income, language, health status, and geography when
25 feasible with available data to identify disparities in care and
26 successful efforts to reduce disparities.

27 (c) Comparisons of costs among providers and health care systems
28 must account for differences in the case mix and severity of illness
29 of patients and populations, as appropriate and feasible, and must
30 take into consideration the cost impact of subsidization for
31 uninsured and government-sponsored patients, as well as teaching
32 expenses, when feasible with available data.

33 (3) The lead organization may not publish any data or health care
34 data reports that:

35 (a) Directly or indirectly identify individual patients;

36 (b) Disclose a carrier's proprietary financial information;
37 (~~or~~)

38 (c) Compare performance in a report generated for the general
39 public that includes any provider in a practice with fewer than four
40 providers; or

1 (d) Contain medicaid data that is in direct conflict with the
2 biannual medicaid forecast.

3 (4) The lead organization may not release a report that compares
4 and identifies providers, hospitals, or data suppliers unless:

5 (a) It allows the data supplier, the hospital, or the provider to
6 verify the accuracy of the information submitted to the data vendor,
7 comment on the reasonableness of conclusions reached, and submit to
8 the lead organization and data vendor any corrections of errors with
9 supporting evidence and comments within thirty days of receipt of the
10 report;

11 (b) It corrects data found to be in error within a reasonable
12 amount of time; and

13 (c) The report otherwise complies with this chapter.

14 (5) The ~~((office))~~ authority and the lead organization may use
15 claims data to identify and make available information on payers,
16 providers, and facilities, but may not use claims data to recommend
17 or incentivize direct contracting between providers and employers.

18 (6) (a) The lead organization shall distinguish in advance to the
19 ~~((office))~~ authority when it is operating in its capacity as the lead
20 organization and when it is operating in its capacity as a private
21 entity. Where the lead organization acts in its capacity as a private
22 entity, it may only access data pursuant to RCW 43.371.050(4) (b),
23 (c), or (d).

24 (b) Except as provided in RCW 43.371.050(4), claims or other data
25 that contain direct patient identifiers or proprietary financial
26 information must remain exclusively in the custody of the data vendor
27 and may not be accessed by the lead organization.

28 **Sec. 7.** RCW 43.371.070 and 2015 c 246 s 7 are each amended to
29 read as follows:

30 (1) The director shall adopt any rules necessary to implement
31 this chapter, including:

32 (a) Definitions of claim and data files that data suppliers must
33 submit to the database, including: Files for covered medical
34 services, pharmacy claims, and dental claims; member eligibility and
35 enrollment data; and provider data with necessary identifiers;

36 (b) Deadlines for submission of claim files;

37 (c) Penalties for failure to submit claim files as required;

1 (d) Procedures for ensuring that all data received from data
2 suppliers are securely collected and stored in compliance with state
3 and federal law;

4 (e) Procedures for ensuring compliance with state and federal
5 privacy laws;

6 (f) Procedures for establishing appropriate fees;

7 (g) Procedures for data release; ~~((and))~~

8 (h) Penalties associated with the inappropriate disclosures or
9 uses of direct patient identifiers, indirect patient identifiers, and
10 proprietary financial information; and

11 (i) A minimum reporting threshold below which a data supplier is
12 not required to submit data.

13 (2) The director may not adopt rules, policies, or procedures
14 beyond the authority granted in this chapter.

15 **Sec. 8.** RCW 43.371.080 and 2015 c 246 s 8 are each amended to
16 read as follows:

17 ~~(1) ((By December 1st of 2016 and 2017, the office shall report~~
18 ~~to the appropriate committees of the legislature regarding the~~
19 ~~development and implementation of the database, including but not~~
20 ~~limited to budget and cost detail, technical progress, and work plan~~
21 ~~metrics.~~

22 ~~(2) Every two years commencing two years following the year in~~
23 ~~which the first report is issued or the first release of data is~~
24 ~~provided from the database, the office)) The authority shall report~~
25 every two years to the appropriate committees of the legislature
26 regarding the cost, performance, and effectiveness of the database
27 and the performance of the lead organization under its contract with
28 the ~~((office))~~ authority. Using independent economic expertise,
29 subject to appropriation, the report must evaluate whether the
30 database has advanced the goals set forth in RCW 43.371.020(1), as
31 well as the performance of the lead organization. The report must
32 also make recommendations regarding but not limited to how the
33 database can be improved, whether the contract for the lead
34 organization should be modified, renewed, or terminated, and the
35 impact the database has had on competition between and among
36 providers, purchasers, and payers.

37 ~~((3) Beginning July 1, 2015, and every six months thereafter,~~
38 ~~the office)) (2) The authority shall annually report to the~~

1 appropriate committees of the legislature regarding any additional
2 grants received or extended.

3 NEW SECTION. **Sec. 9.** A new section is added to chapter 43.371
4 RCW to read as follows:

5 (1) To ensure the database is meeting the needs of state agencies
6 and other data users, the authority shall convene a state agency
7 coordinating structure, consisting of state agencies with related
8 data needs and the Washington health benefit exchange to ensure
9 effectiveness of the database and the agencies' programs. The
10 coordinating structure must collaborate in a private/public manner
11 with the lead organization and other partners key to the broader
12 success of the database. The coordinating structure shall advise the
13 authority and lead organization on the development of any database
14 policies and rules relevant to agency data needs.

15 (2) The office must participate as a key part of the coordinating
16 structure and evaluate progress towards meeting the goals of the
17 database, and, as necessary, recommend strategies for maintaining and
18 promoting the progress of the database in meeting the intent of this
19 section, and report its findings biennially to the governor and the
20 legislature. The authority shall facilitate the office obtaining the
21 information needed to complete the report in a manner that is
22 efficient and not overly burdensome for the parties. The authority
23 must provide the office with access to database processes,
24 procedures, nonproprietary methodologies, and outcomes to conduct the
25 review and issue the biennial report. The biennial review shall
26 assess, at a minimum the following:

27 (a) The list of approved agency use case projects and related
28 data requirements under RCW 43.371.050(4);

29 (b) Successful and unsuccessful data requests and outcomes
30 related to agency and nonagency health researchers pursuant to RCW
31 43.371.050(4);

32 (c) On-line data portal access and effectiveness related to
33 research requests and data provider review and reconsideration;

34 (d) Adequacy of data security and policy consistent with the
35 policy of the office of the chief information officer; and

36 (e) Timeliness, adequacy, and responsiveness of the database with
37 regard to requests made under RCW 43.371.050(4) and for potential
38 improvements in data sharing, data processing, and communication.

1 (3) To promote the goal of improving health outcomes through
2 better cost and quality information, the authority, in consultation
3 with the agency coordinating structure, the office, lead
4 organization, and data vendor shall make recommendations to the
5 Washington state performance measurement coordinating committee as
6 necessary to improve the effectiveness of the state common measure
7 set as adopted under RCW 70.320.030.

8 NEW SECTION. **Sec. 10.** The lead organization and the authority
9 shall provide any persons or entities that have a signed data use
10 agreement with the lead organization in effect on June 1, 2019, with
11 the option to extend the data use agreement through June 30, 2020.
12 Any person or entity that chooses to extend its data use agreement
13 through June 30, 2020, may not be charged any fees in excess of the
14 fees in the data use agreement in effect on June 1, 2019.

15 NEW SECTION. **Sec. 11.** (1) The powers, duties, and functions of
16 the office of financial management provided in chapter 43.371 RCW,
17 except as otherwise specified in this act, are transferred to the
18 health care authority.

19 (2)(a) All reports, documents, surveys, books, records, files,
20 papers, or written material necessary for the health care authority
21 to carry out the powers, duties, and functions in chapter 43.371 RCW
22 being transferred from the office of financial management to the
23 health care authority and that are in the possession of the office of
24 financial management must be delivered to the custody of the health
25 care authority. All funds or credits of the office of financial
26 management that are solely for the purposes of fulfilling the powers,
27 duties, and functions in chapter 43.371 RCW shall be assigned to the
28 health care authority.

29 (b) Any specific appropriations made to the office of financial
30 management for the sole purpose of fulfilling the duties, powers, and
31 functions in chapter 43.371 RCW must, on the effective date of this
32 section, be transferred and credited to the health care authority.

33 (c) If any question arises as to the transfer of any funds,
34 books, documents, records, papers, files, equipment, or other
35 tangible property used or held in the exercise of the powers and the
36 performance of the duties and functions transferred, the director of
37 financial management must make a determination as to the proper
38 allocation and certify the same to the state agencies concerned.

1 (3) All rules and pending business before the office of financial
2 management specifically related to its powers, duties, and functions
3 in chapter 43.371 RCW that are being transferred to the health care
4 authority shall be continued and acted upon by the health care
5 authority. All existing contracts and obligations remain in full
6 force and must be performed by the health care authority.

7 (4) The transfer of the powers, duties, and functions of the
8 office of financial management does not affect the validity of any
9 act performed before the effective date of this section.

10 (5) If apportionments of budgeted funds are required because of
11 the transfers directed by this section, the director of financial
12 management shall certify the apportionments to the agencies affected,
13 the state auditor, and the state treasurer. Each of these must make
14 the appropriate transfer and adjustments in funds and appropriation
15 accounts and equipment records in accordance with the certification.

16 NEW SECTION. **Sec. 12.** If specific funding for the purposes of
17 this act, referencing this act by bill or chapter number, is not
18 provided by June 30, 2019, in the omnibus appropriations act, this
19 act is null and void.

20 NEW SECTION. **Sec. 13.** This act is necessary for the immediate
21 preservation of the public peace, health, or safety, or support of
22 the state government and its existing public institutions, and takes
23 effect immediately."

24 Correct the title.

EFFECT: (1) Restores the requirement that the lead organization
must be selected from among the best potential bidders.

(2) Requires the HCA to ensure no state officer or state employee
participating in the procurement process: (a) Has a conflict with the
proper discharge of their duties; or (b) is a member of a bidding
organization's board of directors, or advisory committee. Any officer
or employee with a prohibited relationship must withdraw from the
procurement process.

(3) Removes the in-state preference for lead organization bidders
that have experience engaging stakeholders with health providers,
carriers, and self-insured purchasers.

(4) Removes the preference for lead organization bidders with
experience combining cost and quality with health providers,
carriers, and self-insured purchasers in state. Instead, preference
is given to bidders with the ability to combine cost and quality data
to assess the total cost of care.

(5) Clarifies that any mandated claims data collected in the
database is owned by the state, and claims data ownership may not be

transferred to the lead organization or the data vendor. The lead organization may retain copies of the information.

(6) Delays the effective date for the School Employees Benefits Board program to provide data to the database until July 1, 2020.

(7) Prohibits the lead organization from publishing any Medicaid data that is in conflict with the biannual Medicaid forecast.

(8) Requires the lead organization and the HCA to provide any person or entity with a signed data use agreement in effect on June 1, 2019, an option to extend the agreement at the same fee schedule through June 30, 2020.

(9) Specifies that Accountable Communities of Health must be included as a collaborating partner with the state agency coordinating structure.

(10) Modifies the purpose of the state agency coordinating structure such that the structure is responsible for ensuring the database is meeting the needs of state agencies and other data users, rather than being responsible for assessing and improving database performance by state agencies.

(11) Modifies the role of the state agency coordinating structure such that the structure is responsible for advising the HCA and lead organization on the development of agency-relevant database policies and rules, rather than requiring the structure to consult with the HCA to develop database policies and rules.

(12) Requires the Office of Financial Management (OFM) database progress evaluation report to be submitted biennially, rather than annually, and the report must be submitted to the Governor, in addition to the Legislature.

(13) Requires the HCA to provide the OFM with the necessary information needed to complete the database progress evaluation report in an efficient and not overly burdensome manner.

(14) Provides that the HCA will make State Common Measure Set effectiveness improvement recommendations to the Washington State Performance Measurement Coordinating Committee in consultation with the OFM, rather than the HCA and OFM jointly developing an effectiveness review process for the State Common Measure Set.

(15) Adds a null and void clause.

--- END ---
