Background:

College Bound Scholarship Program.

The College Bound Scholarship (CBS) program was established in 2007 to provide guaranteed four-year tuition to students from low-income families. The first CBS awards were granted to the graduating high school class of 2012. Eligible students for the CBS include those who:

- qualify for free or reduced-price lunches in the seventh grade; or
- are dependent from parents or guardians, or are receiving extended foster care services; and
 - are in grades 7 through 12; or
 - are between the ages of 18 and 21 years and have not graduated from high school.

In the seventh grade, students become eligible for the CBS and are notified of their eligibility and the requirements for award of the scholarship. To be eligible to receive the CBS, a student must sign a pledge during the seventh or eighth grade that includes a commitment to graduate from high school with at least a C-average and no felony convictions.

To receive the CBS, the student must graduate high school having fulfilled the CBS pledge requirements. Upon graduation, the student's family income will be assessed, and if it does not exceed 65 percent of the state median family income (MFI), the student will receive a scholarship.

The CBS recipients that attend public two-year or four-year institutions of higher education receive an award to cover the cost of tuition and fees, minus any state-funded grant,

scholarship, or waiver assistance, plus \$500 for books and materials. The CBS recipients that attend private institutions receive an award based on the average award students at the corresponding public institution would receive. The student must maintain satisfactory academic progress and may not receive the scholarship for more than four full-time years.

State Need Grant.

The State Need Grant (SNG) is the state's largest financial aid program and grants are awarded to students based on financial need. A student may receive a grant if their family income does not exceed 70 percent of state MFI. In the state budget, students eligible for the CBS who have family incomes in the 0–65 percent MFI range must be prioritized for the SNG and awarded the maximum SNG for which they are eligible.

Summary of Engrossed Second Substitute Bill:

Beginning in the 2019-20 academic year, a student may qualify for the CBS program if he or she is eligible for free or reduced-price lunches in the ninth grade, but was previously ineligible during the seventh or eighth grade while a Washington student.

Under the SNG program, a CBS eligible student who has a family income that exceeds 65 percent of the state MFI must be prioritized for the maximum SNG for which the student is eligible.

Appropriation: None.

Fiscal Note: Available.

Effective Date: The bill takes effect 90 days after adjournment of the session in which the bill is passed. However, the bill is null and void unless funded in the budget.

Staff Summary of Public Testimony (College & Workforce Development):

(In support) There is a belief that an early promise of financial aid can change the way a student views their future. There are many CBS students who meet all of the requirements for a scholarship, but then find out at graduation they are no longer eligible for a scholarship because their family makes too much money. The state makes a promise to a student, the student does everything right, but then the student gets edged out of the income range. This bill is beneficial for the long-term success of our students, and this would essentially align the CBS with the SNG. In 2018 there were around 3,000 students who would have qualified under the bill.

This redirects state funds to traditional students versus nontraditional students. It is a policy question that the Legislature needs to wrangle with.

(Opposed) None.

Staff Summary of Public Testimony (Appropriations):

(In support) This bill gives students a second chance to sign up for the CBS program. If a student's parent loses a job in sixth through seventh grade, the student would be able to utilize this loss and sign up for the CBS program. If that same student's parent lost a job in ninth or tenth grade, the student would not be able to sign up. This opens the door to these students. It is a small number of students, but this bill can make a real difference.

(Opposed) None.
