**Minority Report:** Do not pass. Signed by 8 members: Representatives Stokesbary, Ranking Minority Member; Chandler, Dye, Hoff, Kraft, Mosbrucker, Sutherland and Ybarra.

**Staff:** David Pringle (786-7310).

**Background:**

Retirees of the Teachers' Retirement System (TRS), the Washington State Patrol Retirement System (WSPRS), and the Law Enforcement Officers' and Fire Fighters' Retirement System (LEOFF) have the option to purchase an annuity with funds from a government plan such as deferred compensation. This has been available to members of the TRS for more than 50 years and was expanded to members of the WSPRS and the LEOFF in 2014.

In this case the annuity is a contract between a retiree and the retirement system exchanging a lump-sum payment for lifetime benefit payments. Typically, annuities are discussed in the context of the private retirement marketplace as a way to achieve predictable income in retirement. If a retiree with a defined contribution retirement plan purchases an annuity, they are eliminating market risk and receiving consistent income in retirement. However, retirees are also giving up potential for account growth and spending flexibility when they annuitize their savings.

---

**Summary of Bill:**

An annuity purchase option is added to the Public Employees' Retirement System, the Public Safety Employees' Retirement System, and the School Employees' Retirement System similar to that available to members of the TRS, the WSPRS, and the LEOFF. At time of retirement, members may purchase an actuarially equivalent life annuity benefit. A minimum purchase of \$5,000 is required. A member purchasing an annuity must pay all costs related to rollover or transfer funds.
