
Transportation Committee

HB 1473

Brief Description: Providing a right of first repurchase for surplus transportation property.

Sponsors: Representatives Young, Walsh, Shea, Orcutt, Irwin, Barkis and Eslick.

Brief Summary of Bill

- Provides a right of repurchase, subject to certain restrictions, to property owners whose properties were originally acquired through condemnation by the Washington State Department of Transportation and are later declared surplus properties.

Hearing Date: 2/21/19

Staff: Jennifer Harris (786-7143).

Background:

When the Washington State Department of Transportation (WSDOT) determines that land it owns is no longer required for transportation purposes, and if it would be in the public interest to do so, the WSDOT may sell or exchange the property in full or part consideration for land or building improvements or for construction of highway improvements at fair market value to any person through the solicitation of written bids through public advertising as prescribed by state law. This sale must be made through a public auction (with appropriate notice given) or through the solicitation of written bids.

The WSDOT may also sell the property for fair market value to:

1. another state agency;
2. the city or county in which the property is located;
3. any other municipal corporation;
4. regional transit authorities;
5. the former owner from whom the state acquired the property;
6. the tenant of residential property;

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

7. an abutting private land owner, if no other abutting private land owner requests the right to repurchase;
8. any other owner of real property acquired for transportation purposes;
9. certain nonprofit organizations dedicated to providing affordable housing; or
10. a federally recognized Indian tribe within whose reservation boundary the property is located.

Sales to purchasers may, at the WSDOT's option, be for cash, by real estate contract, or exchange of land or highway improvement. Proceeds received from a sale of the WSDOT-owned property that is no longer needed for highway or transportation purposes are deposited into the Motor Vehicle Fund. The WSDOT may not enter into equal value exchanges or property acquisitions for building improvements without first consulting with the Office of Financial Management and the Joint Transportation Committee.

Summary of Bill:

A former property owner whose property or interest in a property was originally acquired through condemnation within the previous 10 years by the WSDOT has a right of repurchase if the WSDOT determines that the property is no longer necessary for a transportation purpose. A former property owner is defined as the person or entity from whom the WSDOT acquired title.

The WSDOT is required to mail notice at least 90 days prior to the planned sale of property to the former owner's last known address or forwarding address, which must be the correct address in order for the right of repurchase to be retained. If the former owner notifies the WSDOT within 30 days of the date of the notice of the former owner's intent to repurchase the property, the WSDOT must sell the property to the former owner at fair market value without listing the property for sale. If the former owner does not provide timely notice of intent to repurchase or if the sale to the former owner is not completed within six months of the notice provided by the former owner, the right of repurchase is extinguished.

Appropriation: None.

Fiscal Note: Not requested.

Effective Date: The bill takes effect 90 days after adjournment of the session in which the bill is passed.
