**Hearing Date:** 1/13/20

**Staff:** Ethan Moreno (786-7386).

**Background:**

Alternative learning experience (ALE) programs provide a way for students to be enrolled in public education without being required to meet the in-class seat-time requirements for regular instruction. The ALE courses may be delivered via online courses, remote courses, or site-based courses. Courses offered through ALE programs may be provided to students residing outside of the district offering the course, and may be provided to full-or part-time students. Districts providing ALE programs may claim state basic education funding for students enrolled in ALE courses, and are obligated to satisfy annual reporting requirements.

**Summary of Bill:**

Statutory references to the ALEs and associated provisions are changed to personalized learning experiences. The terminology change is made through modifications to numerous statutes, including revisions to provisions governing:

- the establishment, operation, and financing ALE programs;
- student trancies; and
- staffing ratios for basic education certificated instructional staff.
